# MENACE OF RABIES AROUSES DOCTORS

City and State Boards of Health Declare an Emergency Exists.

## DOGS MUST BE CARED FOR

Mayor Declares Police and Poundmaster Will Aid in Enforcing Proclamation and Seize All Loose Canines.

With the aim of impressing upon the public the grave dangers that will result if the present outbreak of rables is not checked, and the serious nature of the disease, the members of the state and city boards of health met yesterday in the office of Dr. Calvin S. White.

issued a proclamation to the effect that an emergency exists, and that all dogs and cats must be kept in close confinement or properly mus-

In this way, although the ordinance passed by the City Council does not be-come effective for 39 days, the disease will be held in check.

Rabies Certainly Exists. proclamation states, first of all The proclamation states, first of all, that the existence of an outbreak of rables has been established beyond all doubt. It gives the details of animals affected, no less than 12 dogs and four cats having died from the disease. Further it states that their heads have been examined by the state bacteriologist, and found to contain negri bodies, a conclusive proof of the existence of the disease. At least three persons have been bitten by dogs and cats proved to be rabid, and the infected animals have come from all parts of the city.

The proclamation is signed by Drs. Andrew C. Smith, Alan Welch Smith, E. Andrew C. Smith, Alan Welch Smith, E. Smith, and the infected animals have come from all parts of the city.

the city.

The proclamation is signed by Drs. Andrew C. Smith, Alan Welch Smith, E. Pierce, R. J. Chipman, G. B. Story, C. H. Wheeler and Calvin S. White.

Yesterday two cats and one dog affilicted with rables were taken in charge by the Board of Health authorities. One cat was from Nineteenth and Weidler streets, the other from Twenty-first and Flanders, while the dog came from Twentieth and Jefferson.

Photographs characteristic of Portland and its industries and resources are to be used in a geographical textbook to be compiled by the Association of American Geographers.

A letter was received at the Portland Chamber of Commerce yesterday from A. P. Brisham, of Colgate University, secretary of the association, from Hamilton, N. Y., requesting the Chamber to forward such photographs or furnish information as to where they might be secured. Mr. Brisham said that photographs of the docks and shipping in Portland were especially desired, and requested, if possible, photographs of some of the large wheat shipments that go out from this city, lying upon the docks waiting to be loaded.

The chief officers of the Association

The chief officers of the Association of American Geographers are: R. D. Salisbury, of Chicago University, president: M. R. Campbell, of the United States Geological Survey; first vice-president, Isalah Bowman, of Yale University, second vice-president.

# TREND OF LUMBER TRADE IS UPWARD

Pacific Northwest Industry Improves Steadily, but Is Not Yet Normal.

### DEMAND GROWS STRONGER

Reports Show Domestic and Foreign Orders Expanding-Period of Activity for Sawmills and Camps Forecast.

There has been a steady expansion of the lumber trade of the Pacific Northwest since the beginning of the year. While the business is not yet up to its normal proportions, there is every reason to believe that a period of great activity for the sawmills and lumber camps is near. mps is near. The demand, both domestic and for-

eign, is expanding, and as stocks are low, prices are responding to the better trade conditions. In the semi-annual trade review, is sued by the Portland office of R. G. Dun & Co. the following facts regard-ing the lumber trade are set forth:

Trend Starts Unward. "For about five years the tendency of the lumber trade of the Northwest has been from bad to worse. Several causes have contributed to this condi-First, a constant over-production caused by capital, eager to gain a foothold in the trade, building mills regardless of the market. Again, the cost of logs has increased owing to the denudation of the banks of the natural logs in a treamy which renders exten-

ogging streams, which renders exten

logging streams, which renders extensive railroad building necessary.

"The Southern pine states, with more favorable transportation facilities, have also become vigorous competitors. The increased use of cement and steel construction has reduced the consumption of structural timber. But above all, there has been a cessation of building operations and the railroads have delayed replacing equipment, both states.

operations and the railroads have de-layed replacing equipment, both sta-tionary and movable, under the stress of systematic rate regulation.

"The closing months of 1911 seemed to reach the climax of a hopeless state of affairs. The opening months of 1912 witnessed a reversal of the downward trend. Orders began to flow in from the railroads, and cargo trade increased steadily. Shipments for the last three months are reported to be in excess of the output, and stocks show a cor-responding reduction. It is argued that

The second of the winner of th

forts have been made to curtail production in this line to keep within the bended of an arrowing Eastern market. Twenty per cent of the mills ceased perations almost entirely in 1911. Repeptle a fair market improving with a profitable level. The outlook is favorable to a larger increase in production, and, provided the market continues to absorb the output, prices may be maintained as a profitable level.

Northwestern districts are as follows:

Northwestern districts are as follows

The concert will begin at 8 o'clock, and following will be the programme:

March, "Salute Camp Harrison" (King): overture, "Light Cavalry" (Suppe); haritone sole, "Grand Fantasia di Concerto" (Boccalari), Eugene Cioffi; walla, "Espana" (Waldteufel); sextet from "Lucia" (Donizetti), Messra, Driscoll, Cochran, Powell, Cioffi, Tait and Tait; intermission: "American Suite" (Thurban); selection, "The Serenade" (Herbert), humoresque, "The Navajo Rag" (Lampe); serenade, "La Paloma" (Yradler); march, "The Iron Clad" (Brown).

This afternon the band will play for the children's day at Sellwood Park, Tomorrow night the band will play for the children's day at Sellwood Park, Tomorrow night the band will play at Holladay Park, and Friday night at Holladay Park, and Friday night at Holladay Park, Next Sunday afternoon the band will play at Mount Tabor Park.

FRUIT ARRIVES OVERRIPE

Last Shipment Here From Imperial Valley Sold to Peddlers.

A big shipment of overripe, unsound and unsaleable cantaloupes reached Portland yesterday morning. There were six carloads in the shipment. One oar was sold to peddlers at 35 cents a carate, early in the morning, and the other five were still on hand awaiting disposal or condemnation. Reputable fruit dealers refused to have anything to do with the shipment and were any pared with the same period last year, pared with the same period last year,

tivity on the part of the railroads tak-ing large orders has taxed the mills for some weeks past and has placed in operation some plants which have been idle for the past two or three years. In this market the output has increased

influx of orders has lowered stocks on hand. The general tone of prices is firm and advancing. LAND SHOW TO BE BIG FUNDS BEING RAISED FOR EXHIBITION IN PORTLAND.

Letters Are Sent Out to Merchants in

Land Products Show, which will be held here November 18-23, almost cerevidently did not relish the idea, he paid the fine of \$25 imposed on him. He was out with his family at the time "Spokane, a city with not half the population of Portland, and not half so advantageously situated, has made its annual apple show pay for itself of his arrest.

its annual apple show pay for itself right along.

"If Portland can get as big a crowd to attend the Land Products Show as annually attends the Spokane show, our receipts will hreak even with our expenditures.

"As a matter of fact, Portland's show ought to attract double or triple the attendance that Spokane secures. The show, in the first place, is more comprehensive in its range. Portland is situated more advantageously and special rates will be made by the rall-roads from all directions which will

attendance that Spokane secures. The show, in the first place, is more comprehensive in its range. Portland is situated more advantageously and special rates will be made by the railroads from all directions which will bring visitors to the show. The Pacific International Dairy Show will be in session the same week, and will be in session the same week, and will be an added attraction for the visitors. We are also negotiating with the Poultry Association to have its show held here at the same time.

"The funds our committees are now soliciting from the business men of the city are more in the nature of a guarantee fund than an outright donation. After the show is over and all accounts have been settled, it is pretty safe to say that we will have enough

Russell's System Rejected.

Patrolman Russell undertook all by himself to time automobile drivers by a system of his own that his ingenuity had devised in the solitude of pacing his night beat. He measured off a distance of 1320 feet, from arc light to arc light, and then, with stop-watch in hand, waited under one arc light to watch for the appearance of a machine under the other arc light, when a Affred Butt covered the distance in 43 seconds, according to the stopwatch. he was arrested. The system didn't work in court, however, where it was held to be too inaccurate, and Butt was discharged. The measured distance was on Twenty-third street, between Savier and Northup.

"The officer says you were going 21 miles on Grand avenue. How about it? Don't you know the difference between 10 miles and 21 miles," asked Judge.

In this market the output has increased fully 25 per cent over the corresponding period of last year, and in some individual cases has been doubled. The reasons assigned for this increase in business are the improved general conditions and the heavy railroad purchases. Prices are considerably better, averaging about 15 per cent increase. Collections show a decided improvement, but are still quoted as only fair. The output of the mills of this county. The output of the mills of this county. The output of the mills of this county in first half of 1912, will aggregate about \$3,000,000. "Grays Harbor—There has been a revival in both rail and cargo shipments since March last, and the increase in business for the first six months of this year over the same period of last year is variously reported at from 10 per cent to 25 per cent. Practically all mills are now in operation. A large increase in output is thought likely during the next few months, as the influx of orders has lowered stocks on hand. The general tone of prices is

Several enlivening incidents marked the trials of automobile speeders, nine of whom were convicted and fined, in of whom were convicted and fined, in A. A. France and Nelson Describer, the Municipal Court yesterday. Among those fined were J. W. Matthes, Vice-where the defendants falled to appear Consul for the Netherlands; O. J. Stevens Wagers Machine.

Stevens Wagers Machine.

Whether or not C. Stevens is able to stop his machine within a haif block after it has attained a speed of 17 miles an hour, on Everett street, between high explosives in the regular army, was assigned to become chief of the department. With his ideas, he covers the country regularly, meeting traffic and operating officials of the various raliroads and discussing with them the various phases of carrying explosive shipments.

The cost of maintaining the bureau is maintained by a revenue collected from the various raliroads, based on the per ton mileage of explosives handled.

Rosenthal's for shoe bargains.

Old Michigan's wonderful batter Eats TOASTIES, 'tis said, once a day, For he knows they are healthful and wholesome And furnish him strength for the fray.

His rivals have wondered and marveled To see him so much on the job, Not knowing his strength and endurance Is due to the corn in TY COBB.

Written by J. F. MAGEE, 2410 Washington St., Two Rivers, Wisc.

One of the 50 Jingles for which the Postum Co., Battle Creek, Mich., paid \$1000.00 in May.

# in which to stop after you signaled me, did it?" queried Stevens, who acted as his own attorney despite the presence of the two attorneys as his witnesses. Wardle and Griffith agreed that it

did not.

"Now, judge, there's a down hill grade on that street, and if I was going 17 miles an hour my machine would have to run at least two-thirds of the block before it could be brought to a stop," continued Stevens.

"Why, you can stop any car in 20 feet," remarked Hennessy.

"If you stop my car at 17 miles an hour under a half block on that street, I'll give it to you," retorted Stevens.

Hennessy immediately cinched the bargain, and will make the test today, "You'll have to pay for the rent of the car while you're doing it though, I ain't no millionaire," stipulated Stevens.

Vigars Fails to Appear. A bench warrant was issued for Al Vigars, who failed to appear in court. Vigars was said to have been driving a truck across the Morrison-street bridge when the vehicle struck a cart in the employ of the Street-Cleaning Department, and knocked off J. W. Barlow. Vigars, the officers say, was drunk. drunk.

Bench warrants also were issued for

Vice-Consul Matthes was indignant when he was assessed \$25 for traveling too fast on the Macadam road.
"I didn't go more than 17 miles an hour," said Matthes.
"He went from 25 to 30 miles an lour for at least six blocks, and I had to follow him an half hour before I got him," said Officer Evans. "Besides he said he thought we were arresting him because the county needed the money."
Although Mr. Matthes, from his attitude, evidently did not relish the idea.

Rann Coulter arrested the following:

W. F. Fleidner, vice-president of Morgan, Fleidner & Boyce, architects, said to be running 23 miles an hour on Macadam road; J. J. Stevenson, 26 miles on Macadam road; F. C. Hart, 18 miles on Park near Glisan street; H. J. Sitt, 21 miles near Twenty-first and Thurman streets.

Electric Cars Speed, Is Said.

## Easy to Get Relief From Indigestion

Your stomach should digest the food you eat, without the aid of any arti-ficial digestives. If it won't do that, then you are continually subject to dyspepsia, indigestion, heartburn, headaches and constipation.

Instead of taking digestive medicines, take steps to get your stomach and intestines again in a healthy, natural condition. Jayne's Tonic Vermifuge will do this for you if you will take it reg-ularly. It is not a digester of foods, but it will restore your stomach and intestines so that they will attend to their natural functions, digesing what you eat and giving strength to the body. For more than eighty years thousands of men and women who had suffered the pains caused by dyspepsia and indigestion have been praising this Tonic as the only remedy which brought them permanent relief. As the Tonic acts directly upon the stomach and intestines, it is a natural appetizer and

Many forms of supposed indigestion are the result of intestinal parasites, for which Jayne's Tonic Vermifuge is unsurpassed. Insist upon Jayne's; accept no other. Sold by druggists everywhere. Dr. D. Jayne & Son, Philadelwhere. phia, Pa.

The Wretchedness

of Constipation Can quickly be overcome by CARTER'S LITTLE LIVER PILLS.
