MISS DUFFIELD COMING

NEW PRIMA DONNA HAS TWO YEARS' STAGE CAREER.

First Singer in Gilbert and Sullivan Festival Company Is Pure American Product.

The coming engagement of the Gilbert & Sullivan Festival Company, which commences at the Heilig Theater Sunday evening next, promises the revelation of a new prima donna, Miss Blanche Duffield, who has been on the stage but two years.

Miss Duffield prides herself that all her musical education was acquired in this country. "I am entirely a home product," says the prima donna, "and, though I don't want to do any posing, I think I can point out that the foreign-made does not necessarily arrive at the goal quicker. I was born in America, my parents are Americans and I have never studied anywhere except in America. I have had three different kinds of teachers, of course, for placing the voice, for vocalizing and for coaching me in roles."

"I certainly believe in the best teachers and in the value of unstinted industry, but I am convinced that these same best teachers ought to be found right here in America; and as for the industry, it can be applied wherever you are if you just have sufficient ambition to stick to it. With all the drawbacks that theatrical work holds, I am obliged to confess that I was quite lucky in being able to find a place in the profession as quickly as I have."

Following are the operas to be presented: Sunday, Monday and Saturday nights, at 8 o'clock, "The Mikado"; Tuesday and Friday nights, "The Pirates of Penzance"; Wednesday night and special matinee Wednesday, "Pinafore"; Thursday night, "Patience."

MACVEAGH IS APPEALED TO. Customs Discrimination Being Investigated—Oriental Line Pushed. To discover the actual facts with reference to the charges of R. P. Schwerin as to custom-house rules that discriminate against the Oriental Line, G. M. Clark, of the special Oriental committee of the Chamber of Commerce, has written a letter to Secretary of the Treasury, Malcolm, of this port, has explained to Mr. Clark that the regulations in force here are only those required in the general rules of the department and if they are not strictly interpreted in other ports he is unaware of the reason or authority for so doing.

In regard to this subject Mr. Clark said: "If any such discrimination exists the matter will be taken up vigorously by the committee of which I am chairman. We are expecting to hear any day from President Joseph H. Young, of the Hill system in the Northwest, that his system will meet the \$75,000 subscription of the O. W. R. & N. Company for our fund of \$225,000 to establish an independent line to the Orient."

"The Hill lines are asking a number of favors from Portland in the nature of franchises and other things and its interests are so closely linked with those of the city that this subscription is practically assured."
