

FEDERALS DESTROY 25 REBEL VILLAGES

Drastic War Measures Taken in Oaxaca, but Subjugation Seems Doubtful.

ZAPATA MAKES DEMANDS

Owners of Haciendas Ordered to Contribute 3000 Pesos a Week to Cause—Federalists Draft Prisoners for Fighting.

MEXICO CITY, Nov. 24.—No fewer than 25 villages have been destroyed in the State of Oaxaca in the last ten days by government troops. The administration believes the revolutionists in that vicinity have been cowed by the terrible warfare that has been waged, and sanctioned orders for the retirement of the greater part of the federalists from the zone.

Summary Executions Unavailing. In spite of the fact that the Federalists in all the districts containing Zapata have been urged to hurry the guarantees to the suspension of the guarantees to execute summarily, there is little, if any, improvement in the general situation. In no fewer than 40 engagements reported last week the federalists claim victories, but these for the most part have been insignificant, since the rebels ordinarily retire as soon as the federalists have been able to effect their retreat.

Two circulars have been issued, signed by Zapata. One demands that the owners of the haciendas unite to contribute 3000 pesos a week to the rebels cause in certain fixed areas, the other urges planters to hurry the work of the people on their plantations as much as possible, because Zapata soon will require all able-bodied men. Destruction of their properties is the alternative offered.

Rebels Forced Into Banks. Plans for withdrawing a large number of federalists from the north to join the campaign against rebels in the south are maturing. Many volunteers who enlisted to fight Oaxaca are being mustered out, having served the stipulated six months. Efforts are being made to maintain the strength of the army, however, and as a result many prisoners are being drafted, and rebels taken in battle are being forced into the government ranks.

Fifty soldiers of the Twenty-eighth Infantry yesterday joined the rebellion in the State of Mexico. They killed two Captains and seized 7000 pesos which the officers were bearing to the brigade paymaster.

The government is not inclined to regard seriously the movements in Northwestern Mexico. It insists that the situation throughout the republic is much improved.

BATTLE IS EXPECTED TODAY

Volunteers Seeking to Prevent Salazar's Union With Allies. EL PASO, Tex., Nov. 24.—An encounter tomorrow is expected between the 500 rebels led by General Inez Salazar, who yesterday evacuated the city of Palomas, and 400 volunteers under General Jose Blanco. The opposing forces are expected to meet near Guzman, on the Mexican Northwestern Railway, southwest of Juarez.

It is the problem of the Federalists to prevent a juncture between Salazar's forces and other groups of rebels in the State of Chihuahua, and repeated appeals for aid have met with no response from General Tellez, commander of the zone at the City of Chihuahua. General Tellez declines that only two small groups of bandits menace the state, while Governor Gonzalez has asked President Madero for 16,000 additional troops to avert the crisis.

ANTI-TRUST PLANK GONE

(Continued From First Page.) Colonel Roosevelt, in his confession of faith, had advocated strengthening the Sherman law specifically.

Professor McCarthy said the paragraph cut out of the "business" plank was the very one which made it a "thoroughly strong anti-trust provision."

"It is apparent," the professor was asked, "that the large corporation objected to the eliminated paragraph?" "I have no evidence on that point. As to how the paragraph was cut out of the platform as sent out by the press associations, I have a letter on the point from a delegate to the Progressive National convention."

In this letter the writer said he saw at the Chicago office of the Associated Press the copy of a platform as given to the press. This copy contained the business paragraph in question, he said. The letter then continues: "Attached to the copy was a message calling attention to the Sherman law plank and explaining that this plank was a 'mistake'."

Request Made by O. K. Davis. "The story connected with this message is that O. K. Davis, secretary of the convention, appeared in the Associated Press headquarters and requested that this plank be left out of the platform. I have a letter on the point from a delegate to the convention. Mr. Schuler, Mr. Hatton and a number of the Associated Press staff were present when Davis was on the job of changing the platform."

"The notice sent out at the request of Davis is vital insofar that it admits that the plank was adopted by the convention."

"It is rumored in Chicago political circles," the professor was told, "that among the prominent Progressives present at the convention, George W. Perkins probably directed the elimination of the paragraph at the last moment."

"I have no evidence on that point. There is no doubt that Mr. Perkins was greatly interested in the plank and talked with many persons in the convention about it. I certainly cannot accuse Mr. Perkins of cutting out the paragraph. I tried to find out from the New York headquarters why the plank was cut out, but never received any answer."

"You do not know whether your letter fell into the hands of Mr. Davis or some one else?" "I do not know."

CHILD WELFARE AT STAKE

Votes for Women, She Says, Will Mean Better Homes—Miss Jane Addams Says Men Not Content to Settle Vice Issues.

(Continued From First Page.) Those who are the wives of working men, know what they need," she said. "The ignorant vote is the complacent, indifferent, blind vote of men, and of the feminine 'influence' which moves them, which disregards the real problems of setting safe and wholesome standards of life and labor and education and spends its strength in looking backward, insisting upon precedents, without seeing that, good and enduring as they may be in principle, all principles must be daily retranslated into the setting of today in order to be useful."

Large Holdings Decried. Large landholdings, especially by corporations, are harmful to the community, Miss Addams said, because the managers are always thinking of increasing dividends and not of the welfare and comfort of the tenants.

WALL FALLS ON FIREMEN Steel Beam Forms Protective Arch, but Five Are Badly Hurt. OMAHA, Nov. 24.—Ten firemen working on an early morning fire at the Cudahy Packing Company's hog-killing house at South Omaha had a narrow escape when they were caught by a falling wall. Five of them received serious injuries and one may die. The financial loss exceeds \$100,000.

BONDS MAY BE INCREASED

(Continued From First Page.) told J. J. McNamara that Hockin was betraying the locations of hidden explosives. In the interval between the time the dynamiters hid the nitroglycerin at Rochester, Pa., and the time McNamara said it was gone, Jewel testified, Hockin took him to an old cooper shop and showed him 52 quarts of the explosive hidden under the floor.

Malheur Grows Good Corn. VALE, Or., Nov. 24.—(Special.)—That corn as well as other kinds of products can be raised to advantage in Malheur County is shown by the report from the Lenoir farm near Brogan. More than 100 bushels was raised to the acre. This is considered an exceptional yield in a corn-raising country.

French Government has offered a price of \$20,000 for a device that will make 655 miles. RAILROAD MAN IN TROUBLE. GRANTS PASS, Or., Nov. 24.—(Special.)—Ed Garrett, Southern Pacific flagman in the yards at this place, was bound over to appear before the grand jury in the sum of \$300. Garrett's troubles arose over an altercation with young Allen and his two companions, who, Garrett claims, annoyed him in passing through the yards. Allen's injuries are considered serious, particularly a slash across the muscular part of the arm, which may take many months to heal. The case against the boys for assault and battery upon Garrett was postponed pending the legal outcome of the present proceedings.

WOMAN DIES IN TERROR

In Last Hours Victim Pleads That Body Be Not Allowed to Rest Near That of Murderer.

RENO, Nov. 24.—(Special.)—Estelle W. Baggot, who was shot at Mona Springs Friday by H. S. Weems, who went under the name of Owens while in San Francisco, died last night. Mrs. Baggot was conscious up to an hour before she died, but the terror of the tragedy drove her into hysteria, and her last hours were fraught with terrible visions. She begged piteously that her body be sent to some other undertaking where the murderer's body lay. Mrs. Baggot told of the tragedy just before she died. She said Weems went into her dressing-room, his right arm hidden behind him. As he approached she said, "Now, your time has come," and she grasped his arm, receiving one bullet in the wrist. The second shot entered her abdomen.

CHEMAWA HERD IMPROVED

Modern Equipment to Be Provided and Instruction Broadened.

CHEMAWA, Or., Nov. 24.—(Special.)—The dairy herd at the Salem Indian School has been improved by the addition of ten fine Holstein cattle recently purchased by Superintendent Harry B. Wadsworth. The school herd for many years has not furnished sufficient milk for the students owing to the inferior grade of cows. Superintendent Wadsworth intends to have a dairy herd of exceptional quality ample to furnish the students with the proper amount of milk.

GENERAL MAUS RETURNS

On Leave of Absence, Commander Will Pass Holidays in East.

VANCOUVER BARRACKS, Wash., Nov. 24.—(Special.)—Brigadier-General Marion P. Maus, commanding the Department of the Columbia, has returned after a ten days' trip to Puget Sound posts on a trip of inspection. He will probably take a 30 days' leave of absence and visit Christmas with Mrs. Maus, who is passing her mother, Mrs. C. H. Poore, in Washington, D. C.

Deaf Clergyman Wanted. Afflicted People of West Desire Religious Services.

VANCOUVER, Wash., Nov. 24.—(Special.)—A missionary to the deaf of the Pacific Northwest is desired by those so afflicted and they are making a persistent and united effort to have one appointed by the Protestant Episcopal Church. The pupils of the State School for the Deaf, of this city, are co-operating in the movement.

CUPID UNDER BOND. Many Marriages Threaten Theatrical Production. LONDON, Nov. 24.—(Special.)—George Edwardes, manager of the Gaiety, the Adelphi and Daly's theaters, announced tonight that in future all principal members of his musical companies and all members of the chorus would be bonded against matrimony. An anti-marriage clause will be a conspicuous feature of every Gaiety or Adelphi contract hereafter, and will carry with it the necessity of furnishing a bond to be forfeited if the actress marries before the term of the contract expires. The amount of bond will be determined by the value of the candidate's services. A leading woman, such as Lily Elsie, or some of the other stars of the Gaiety, would be required to furnish a bond as high as \$50,000, or even higher. Edwardes has just begun to recover from the shock of 18 marriages that put in jeopardy the life of the "Quaker Girl" company last season, when he discovered a ripening romance in the ranks of the company now in rehearsal at the Adelphi. Horrified at the possibility of having to endure again this season what he had previously suffered, Mr. Edwardes went into secret conference with his associates and evolved the anti-marriage clause that has caused nothing short of consternation in the theatrical dove-cotes.

WHY DRUGGISTS BELIEVE IN "NURITO"

The New and Effective Remedy for Rheumatism, Sciatica and Neuritis. We want all the sufferers in this city to know why we believe in "Nurito," because their belief is bound to be founded on ours. This new, progressive remedy is the work of a doctor whose standing we know. There is no mystery about it—no patent medicine deception. Like men who are to-day working the great advance in medicine the world over, this physician has simply utilized and combined ingredients which separately were recognized by doctors as having a tendency to drive the uric acid poison out of the system. It is their unique combination which is new. Instead of a mere tendency to relieve, "Nurito" gives absolute relief which is as permanent as the relief from any disease can be.

There is neither narcotic nor opiate in this prescription which is a harmless powder which is a complete antidote for uric acid poison. Patients who have been almost distracted by the knife-thrust, darting, rheumatic pains have been greatly relieved in a very few hours and entirely relieved in a remarkably short time. Doctors throughout the country believe in "Nurito"—they have seen its work. We, as druggists, give it our fullest endorsement. We know that there is certain relief here for every sufferer and that often a single \$1 box will be the most convincing evidence of it. Compounded by Magistral Chemical Co., Flatiron Bldg., N. Y.
