Report for 1912 Shows That Public Drydock Made Profit of \$2736.32.

DREDGE MAY BE INSURED

Columbia Is Engaged in Digging to North of Sand Island-Statistics as to Conl Used Here

in Year Gathered.

In the reorganization of the Port of Portland Commission yesterday, a pro-

ceeding that was largely perfunctory except for seating Captain E. W. Spencer, the only new member, the incumbents of different offices were recumbents of different offices were re-elected and the same committee ap-pointments made.

Erskine Wood, of coursel for the Port, administered the oath in com-pliance with certificates received from Salem after the last Legislative As-sembly had confirmed the present per-sonnel.

S. M. Mears remains as president, R. D. Inman vice-president, Joseph Good-man secretary, and D. C. O'Rellly treas-

A communication was received from E. H. Dodge, the outgoing member, in which he expressed pleasure in having been associated with the Commission and said that he retained the same in-terest in its affairs and would be ready always to assist in furthering its ob-

M. Talbot, general manager, presented a report of operations for 1912 and a comparison with 1911. The statement sets forth that in 1912 the operating expenses of the public drydock were \$14,671.91 and the earnings \$17,407.33, while in 1911 the expenses were \$12,124.42 and the earnings \$15,075.69. The installation of additional machinery and facilities last year increased the extended overboard; the calbins were flooded and the cargo damaged by water.

Informa

in the dreaging department earnings for 1912 were \$43,111.14 and in 1911 they were \$23,173.05 and material handled on a wardage basis in 1912 was 3,417,379 yards, against 3,360,508 in 1911. Expenses for operating the launch Marie were lowered from \$2159.38 in 1911 to \$1675.40 last year. The increase in operating expenses of the drydock was \$2546.59 and in the towage and pilotage department \$3923.492, but the decrease in the dredging department was \$34,159.29 and on the launch Marie \$432.892, so the total decrease reached \$23,026.76.

Opposition Withdraws Tug.
Opposition in towage and pilotage at the mouth of the river ended February 22 with the withdrawal of the last tug of the Puget Sound Tugboat Company's fleet, so the ensuing year promises to be less expensive to a small extent, thought an efficient service will be less expensive to a small extent, thought an efficient service will be amaintained. The dredges Columbia and Willamette are under contract to the Government for several months and the Commission only has the Portland, which will be placed in service soon after a general overhauling.

A report was presented that efforts are being made to obtain marine insurance on the dredge Columbia in the surance on the dredge Columbia in the surance on the dredge Columbia in the surance on the dredge is now covered by about a third of the amount. Statistics are being compiled as to the probable amount of coal that will be used here in a year by liners and the chiral to have been and the commission only stement of the month. Statistics are being compiled as to the probable amount of coal that will be used here in a year by liners and the chiral to be supposed to the probable amount of coal that will be used here in a year by liners and the chiral to the probable amount of coal that will be used here in a year by liners and the latter part of the probable amount of coal that will be used here in a year by liners and the probable amount of coal that will be used here in a year by liner and the probable amount of co

tramp steamers, and when it is ascer-tained definitely how much fuel can be obtained in British Columbia, also

be used here in a year by liners and tramp steamers, and when it is ascertained definitely how much fuel can be obtained in British Columbia, also the price, a detailed report will be made.

Towboat to Be Supplied.

At the instance of the Reyal Mail Steamship Company, which will start the new Ociental service from Portland in April with the British steamer Harpagus, the Commission amended a resolution passed last year granting the company free pilotage over the Columbia River bar, and will furnish a towboat for ehifting the liners in the harbor. The same concessions were made to the Hamburg-American fleet, which will have its first steamer here in May, the Sithonia.

YUCATAN TO CARRY FREIGHT

Geo. W. Elder Will Be Laid Off for Overhauling.

As soon as oll burners are installed and other changes made the steamer yucatan, which C. P. Doe, head of the North Pacific Steamship Company, acquired after she was wrecked in north-grid after she was wrecked in no

of carpenters abourd while in transit and the cabins will be rebuilt and staterooms rearranged.

CAMINO BRINGS BIG CARGO

Half of Steamer's Load Made Up of

Steel From East. On the arrival of the Arrow line steamer Camino she will have 700 tons of steel from New York to discharge ere, the shipments being about even

Rosarians Suggest Visit to Rose Festival as Equal to European Tour.

CO-OPERATION IS

Workers See Way to Bring Traveler. to Portland by Offering Best of Entertainment-Contributors

Are Enthusiastic.

"Why should American tourists seekers and globetrotters pleasure spend \$500,000,000 a year in steamship when they can see greater scenic and other forms of attractions at home than

they can in the old world?

they can in the old world?"

This is the question that is being put to the business men, the property owners and members of the professions by the Royal Rosarians in their campaign to secure a \$100,000 fund for the next Rose Festival, which will be held the week of June 2 to 14.

Data has been provided by the Rosarians to show that the average American has been in the habit of pouring his extra money into trips abroad and until the last year or so no effort has been made by the railroads or other agencies to try to divert this enormous business from the roads or other agencies to try to divert this enormous business from the time-honored paths across the seas. Every one of the generals and captains who are now out in the field hustling to secure subscriptions for the Rose Festival has been supplied with a detailed outline of the situation and has been advised by the finance committee to impress upon the minds of the prospective contributors the urgent necessity of starting a "back fire," to convince the public that, with the proper co-operation and supwith the proper co-operation and sup-port, that much of the money that is now being poured into European cof-fers can be held here at home and that the spenders will derive as much pleas-ure and benefit.

Purpose to Attract Americans The purpose of the Rosarians is to show the American people that there is no greater and more attractive event to be found anywhere than can be enjoyed right here in Portland during Rose Festival week.

One business man who has never the process of th

given a cent to the Rose Festival in the past and who conducts a modest little shop called at headquarters yesterday and notified the committee that he wanted to hand over \$25 and he thought he would be able to induce friends of his to add another \$50 to the fund. Under the official apportionment this man had been set down for a contribution of \$10 and that was all that the committee expected. He not only handed over his \$25 in cash, but said he was willing to put in two or three given a cent to the Rose Festival in the handed over his \$25 in cash, but said
he was willing to put in two or three
whole days to help the campaign along.
"Don't bother about having your
Rosarlan man come around; just put
me down for \$100 and let it go at that.
I gave \$50 last year because I wanted
to be a good citizen, and if it comes
down to real grubbing, I'll get out and
do what I can to help the campaign."
That was the context of one of the
many letters received at headquarters
yesterday.

"I know where I can get you at least
\$50 where you never got a cent before,"
telephoned another man who has been
a consistent contributor.

Employes May Contribute.

the "bit" to show they have the right. loyal spirit," wrote another man who has always given liberally himself and who asked for more information about the plan for securing small subscriptions of a dollar or two.

"We like the spirit the people are showing toward the Rose Festival" said Chairman Hy Ellers last night. "If our citizens would only realize the fact that the annual Rose Festival is the most wonderful celebration of its kind in America and would appreciate the fact that it is unsurpassed for its amusement, entertainment and educational value and a bigger attraction for tourists than anything the whole Pacific Coast has to offer, it would be a long step forward, but we simply have got to educate our business men, our heavy property owners and the thousands of people engaged in the trades and professions, so that they will understand that what we are doing is for the general good of everybody and for the glory and uplift of our Rose City."

RAILROADS TO REDUCE RATES Fare of One and One-Third for

Round Trip Is for Festival. Rates of one and one-third fare for the round trip from points in the Northwest to Portland will be made by all the railroads entering this city on account of the Rose Festival, June 9

to 14.

This action was taken at the meeting of the North Pacific Coast Passenger Association at Spokane on Tuesday.

The sale dates for the Festival on the Southern Pacific and Oregon Electric between Eugene and points north will be every day from June 8 to 13, inclusive. On the O-W. R. & N. main line and the North Bank west of The Dalles and Grand Dalles sales will be made on the same dates. In all other territory in Oregon, Washington, Idaho and British Columbia tickets will be sold on June 8, 2, 11 and 13. The final return limit on all these sales will be June 16.

These rates also will apply for the Montamara Festo at Tacoma, July 2 to 6, and for the Golden Potlatch at Seatile, July 14 to 19.

OF JUDGE E. L. WALKER

Prominent Texas Jurist Passes Favorably on Tests of Plant Juice,

The following statement is from Judge E. L. Walker, of 2115 Trinidad street. Dallas, Tex. Judge Walker has lived in Texas fifty-one years and was formerly County Judge at Brecken-ridge, Stevens County. He has found Plant Juice to be all that is claimed for it, as his statement shows:

"Nothing has ever given me such quick relief from rheumatism as Plant Juice. I have long suffered from rheumatism in my back. The pain was almost constant and at times most severe. One bottle of Plant Juice has relieved me as nothing else ever has. I am still taking it, and feel assured that it will eventually cure me. I am glad to recommend this most excellent preparation."

Hooray! Baby To Rule the House

No Longer Do Women Fear The Great-est of All Human Blessings.

It is a joy and comfort to know that those much-talked-of pains and other distresses that are said to precede child-bearing may easily be avoided. No woman need fear the slightest discomfort if she will fortify herself with the well-known and time-honored remedy, "Mother's Friend."

This is a most grateful, penetrating, external application that at once softens and makes pilant the abdominal muscles and

makes pliant the abdominal muscles and ligaments. They naturally expand without the slightest strain, and thus not only banish all tendency to nervous, twitching spells, but there is an entire freedom from nauses, discomfort, sleeplessness and dread that so often leave their impress upon the The occasion is therefore one of un bounded, joyful anticipation, and too much stress can not be laid upon the remarkable influence which a mother's happy, pre-natal disposition has upon the health and for-

disposition has upon the nearth and fortunes of the generation to come.

Mother's Friend is recommended only for
the relief and comfort of expectant mothers,
thousands of whom have used and recommend it. You will find it on sale at all drugstores at \$1.00 a bottle. Write to-day to the
