ARMSTRONG GOES MILE IN 49 FLAT

Denver Motorcycle Pilot on Excelsior Is Feature at Country Club.

Clyde Simmons and Ed Berreth Are Hurled Through Air When Former's Machine Skids-Racing Programme Is Sensational.

TODAY'S RACES CANCELLED.

With Clyde Simmons and Ed Berrath, two crack motorcycle riders, unable to compete in today's races on account of minor injuries received at yesterday's programme, their ma-chines smashed and others in poor condition, Promotor Harry last night announced the cancellation of the races scheduled for today. Further racing will be abandoned during Rose Festival week.

"With these two cracks injured, machines smashed and the Excelsion the only machine well represented, I have decided that to attempt to hold a meet today would injure the motorcycle game," explained Harry.

A mile in 49 seconds, within one second of the fastest time ever recorded on a dirt course in the Northwest, was the remarkable time achieved by Earl Armstrong, the Denver motorcyclist, in the final race of the opening day of the Rose Festival speed programme on the Country Club track yesterday after-

Armstrong, new champion of the orthwest and likewise holder of the Middle Western motorbike title, was the sensation of a good racing pro-gramme. This daring Excelsior pilot won three races, the only ones in which he entered, and won them so decisively that there is no question as to his superiority over any rider who has appeared in the Northwest this season

Riding Prowess Evident. The imported speeder opened the race meet with a victory in the contest for the big machines—seven horsepower ported. His best mile was in 53 seconds. He romped home seconds ahead ported. His best mile was in 53 seconds. He romped home seconds ahead in the five-mile race for the hig machines, with a mile in 51 seconds. Then came the final effort, with the first competition mile of the senson negotiated in less than 50 seconds.

Harry Brant, ex-Northwest speed king, was away a triffs ahead of the Denverite at the start of the last race, but was 12½ seconds behind him at the

Sensational racing of the Armstrong type was not the only feature of the meet, for Clyde Simmons and Ed Ber-reth, two of the most prominent racers at the meet, were climinated from the races in an accident which sent both of them to the hospital with minor injuries which will prevent one and possibly both of them from competing today.

Two Hurt in Accident. While rounding the east turn on the fourth lap of the five-mile race for seven-horsepower machines, Simmons, who was in second position, was thrown from his Excelsior when the machine skidded, probably touching Harry Brant's Thor, attempting to pass on the cutside. Berreth, not more than 20 feet behind, could not turn, and struck the fallen Excelsior, hurtling through the sir and turning a complete somer-sault before landing on the hard track. Simmons was cut about the face, while Berreth suffered the loss of several teeth and a badly lacerated mouth. Automobiles brought the two to the

city for medical attention. The summary of yesterday's results:
