

FAMING AT ASCOT TRACK IS TRAMPLED

Gold Cup Race Marred by Man Who Is Probably Fatally Injured by Kick.

MISS DAIVSON IMITATED

King's Horse, Far in Lead, Harled to Ground by Impact—Interruptor Not Connected With Suffragettes, Police Say.

ASCOT, England, June 19.—The race for the Ascot gold cup, one of the most coveted prizes of the English turf, was marred today by an incident similar to that which brought down the King's horse in the Derby when Emily Wilding Davison sought and found death in the cause of the militant suffragettes.

According to the Ascot police Hewitt was not connected with the suffragettes, but was of unsound mind and of a type peculiarly liable to be carried away by the imitative impulse.

At a late hour tonight Hewitt was lying unconscious in hospital, undergoing an operation in the forearm hope that his life might be saved.

King and Queen See Mishap. King George and Queen Mary, ex-King Manuel of Portugal, the Crown Prince and Crown Princess of Sweden, the Duke of Connaught, Governor-General of Canada, and Princess Patricia and a number of other nobles were watching the race from the royal stand.

Coming down the straightaway, August Belmont's famous colt, Tracery, a son of Rock Island, shot into the lead. He was going like a well-oiled piece of machinery and soon had the nearest horse several lengths behind. Seemingly Tracery was assured of an easy victory.

Suddenly a man jumped from the rails, waving a red flag with one hand and with the other holding a revolver at Jockey Whalley, who had the mount on Tracery.

"Full up! Full up! or I'll shoot you!" the man shouted.

Whalley tried to turn horse. Whalley did his best to divert the horse's course, but failed. Tracery, striking the man full in the chest with his shoulder, sent him flying several yards and came down on his knees.

Meantime the other horses came thundering on, one of them giving the author of the trouble, who lay sprawling, a terrible kick on the head in passing.

Save for some bruises Whalley was uninjured and when the King asked him he walked stately to the royal box to receive congratulations on his escape.

Hewitt Well Educated. Hewitt is about 50 years old. According to the police he is a cultured man, having been educated at Harrow and Cambridge, and is possessed of independent means. He had shown evidence of religious mania. A Bible was found on him, the fly leaf of which was full of quotations.

Also he had a diary in which the last entry was made a few hours before his mad act. It reads:

"Oh, the weariness of these races. If I fall in my intention to stop the gold cup. I hope I shall not hurt any of those jockeys. Those races bring out all that is worst in humanity."

In another entry he refers to his intention "to give the books and protest against society convention."

The Ascot cup was won by the 5-year-old Prince owned by F. Pilkington. The race was at two and a half miles, with 3500 sovereigns added.

BURGLAR'S SLAYER SUICIDE

Japanese Shoots Himself When Police Ask Him to Explain.

LOS ANGELES, June 19.—Taro Awamura, a Japanese porter of a lodging-house, killed a burglar early today and committed suicide when police men asked him to explain. Papers in his possession led the police to believe he had been engaged in illegal traffic and that the fear of exposure on charges growing out of this, rather than of shooting the burglar, impelled him to take his life.

There were two robbers and they took \$25 from under the pillow of C. E. Roper while he was asleep. Awamura heard the burglar as they ran down the hallway. He fired twice and one of the men fell dead. The other escaped. Awamura then told the proprietor that a man had been killed in the house. When the officers called on Awamura he asked for time to pack some clothing and fired a bullet into his own brain.

BRITISH SCANDAL TO DROP

(Continued from First Page.) and the Secretary for Foreign Affairs gave the impression that the advocates were not enthusiastic over their clients. Mr. Balfour and Mr. Law had the appearance of performing a disagreeable duty. The vote on Sir William Adkins' amendment was strictly on party lines, the Laborites and Nationalists supporting the government, although a few Liberals and Laborites refrained from voting. Afterward the House adopted it as a substitute for the resolution introduced yesterday by George Curzon in behalf of the opposition, without division.

"Rule of Prudence" Violated.

Premier Asquith in the course of his speech today submitted that the two Cabinet Ministers had broken no rule of obligation, but had failed to observe a rule of prudence. He had never heard a fuller, franker or more manly explanation than theirs, he said.

"It is wise or just for the public to persist in this motion? The ministers have admitted their error, but their honor is unstained. They have abused no public trust, they retain the complete confidence of their political associates and I ask the House to say that it repudiates the infamous calumnies which have been disproved and to put on record that the absolute statements are accepted."

Henry Edward Duke, Unionist for Exeter, assailed the majority report.

Opposition Is Merciful. Andrew Bonar Law, the opposition leader, said that his party had no desire to drive the ministers out of public life. The opposition did not push the charges vindictively; the ministers alone were to blame for the situation which had arisen. When the country found out, after their speeches in October, that the ministers had been dealing in

Marconi shares, the country was astonished and angry. Sir Edward Grey concluded the debate. He said:

"If the violation of the opposition were passed, it would mean that the political career of the two ministers is ended forever. If there was corrupt or dishonorable conduct they ought to go; but there has been only careless neglect. This House ought not to pass any motion that should be regarded as a vote of censure. Everyone admits that an earlier complete statement should have been made of the transactions."

TIMBER SALES HEAVY

WEYERHAEUSER TRANSACTIONS EXCEED ANY FORMER YEAR.

Charge That Corporation Is Busy Tying Up All Standing Areas Refuted, Declares Manager.

TACOMA, Wash., June 19.—(Special.)—The annual meeting of officers and stockholders of the Weyerhaeuser Timber Company was held today. In attendance were Frederick Weyerhaeuser, of St. Paul, president; Fred S. Bell, of Winona, Minn., vice-president; E. M. Weyerhaeuser, of St. Paul, treasurer; George S. Long, of Tacoma, secretary; and manager, F. C. Dunkmann, Rock Island, Ill.; William Carson and H. S. Rand, Burlington, Ia.; C. W. Lockwood, Eau Claire, Wis.; H. H. Irvine, St. Paul; George Gardiner, Laredo, Miss.; P. M. Weyerhaeuser, of St. Paul, and J. W. Weyerhaeuser, of Tacoma, Ia.

The feature of the session was the general manager's report of operations for the last year. The transactions in timber lands have been unusually heavy, said Manager Long, exceeding the sales of any year in the history of the company. The timber sold amounted to close to 750,000,000 feet, distributed between 40 and 50 mills. This, he said, is more timber than the Government records show was sold from the United States forest reserves in Washington, Oregon and California in the corresponding time. These sales, he said, refute the imputation that the Weyerhaeuser Timber Company is busy tying up all the standing timber in the country.

The following directors were elected: F. Weyerhaeuser, P. M. Weyerhaeuser, F. C. Dunkmann, L. Lamb, William Carson, J. P. Weyerhaeuser, D. S. Long, F. S. Bell, F. H. Thatcher, H. H. Irvine and G. L. Irvine. W. L. McCormick, The only change is the election of John P. Weyerhaeuser in place of F. Weyerhaeuser on the board. The directors re-elected old officers without change.

SALEM, Or., June 19.—(Special.)—Ballot titles for the State University appropriation bills, the fertilization bill, the workmen's compensation act and the County Attorney bill, to be referred to the people at the special election in November were announced by Secretary of State Olett Tuesday.

A. C. Libbey, president of the league of the University of Oregon, has announced that he will file suit to enjoin the Secretary of State from calling the special election, on the ground that the day bill, providing for the election, is unconstitutional.

The Northwest, outside of a dozen cities and large towns, is almost wholly rural; and the problems of the rural neighborhood and community will be treated at length in several sections of the conference meeting. Dr. W. H. Stingerland, of the Russell Sage Foundation, will speak Monday of Conference week.

A whole section of the Conference will be devoted to the welfare of the children in the Pacific Coast states. W. Almond Gates, secretary of the State Board of Charities of California, will describe the work being done in California for the welfare of the children of that state. Judge Everett Smith, well known for his humanitarian views and his broadly social methods of handling judicial questions, will describe the voluntary and official methods used in Seattle in the caring for dependent children, and in bringing them into self-respecting and independent manhood and womanhood. The work that is being done along similar lines in Spokane will be described by Judge J. Stanley Webster. The nation-wide movement for the welfare of the children in rural communities and in the city alike will be described by Dr. Anna Louise Strong, whose work, as director of Child Welfare Exhibits, is giving her a national reputation.

Besides these lines of discussion, the first great meeting of Conference, Sunday evening in the auditorium of the largest high school building of the city, will be devoted to the general subject of vocational education.

The annual Conference sermon, Sunday afternoon of Conference week, is to be given by Rev. A. J. McKelway, D. D., of Atlanta, Ga., and Washington, D. C., who for years has been secretary of the Southern Atlantic States of the National Child Labor Committee.
