

MULHALL CHARGES INTENSIFY FEELING

Lobby Investigation to Reopen at Once Instead of Waiting Until July 8.

FINANCIAL MEN CALLED

Senate Committee Seeks to Get Possession of Papers Held by Mulhall — House Demands Separate Inquiry.

WASHINGTON, June 30.—Investigation of lobbyists and lobbies by the Senate will reopen Wednesday with a number of prominent Wall street men as witnesses. Chairman Overman, of the special committee, decided late today, after a talk with President Wilson and informal conferences with his committee assistants, to renew activity at once, instead of waiting until July 8, as he had planned.

The claims of Martin W. Mulhall, of Baltimore, that as lobbyist for the National Association of Manufacturers he had for years maintained close relations with certain members of Congress and financed their campaign for re-election, have so intensified the feeling in Congressional circles that the lobby committee has determined to proceed at once to interrogate all persons connected with any of the recent lobby disclosures, as rapidly as they can be heard.

The witnesses for Wednesday include Paul Cravath and Lewis Cass LeMay, prominent New York lawyers, and David Lamar, a Wall street financial man. The investigation will center about the charges made recently by Robert S. Lovett, of the Union Pacific Railroad, that many New York financiers and lawyers had been approached over the telephone by lobbyists and persons representing themselves to be members of Congress.

Until this branch of the inquiry is disposed of the committee probably will not take up the more recent disclosures of Mulhall who is under subpoena to appear July 8.

JAPAN ADDS TO REJOINDER

Supplement to Be Filed in California Alien Law Matter.

WASHINGTON, June 30.—Viscount Chinda, the Japanese Ambassador, informed Secretary Bryan late today that the Japanese foreign office had dispatched to him a document to the United States, a note additional to the last Japanese rejoinder in the matter of the California alien land law negotiations.

The communication is expected to arrive in the course of a day or so by cable and the Ambassador himself does not know its nature beyond the fact that it is supplementary to the exhaustive argument contained in the rejoinder submitted to the State Department almost a month ago.

FIERCE HEAT KILLS 112

(Continued from Page One.)

ment of the Government record in 1872. The Government thermometer above the Weather Bureau registered 89 degrees and on the street level 122 degrees. Even the lake shore, which usually gives relief for a few hundred yards, offered no decrease in temperature. Up to the last 24 hours there were more than 45 known dead.

More than 100 cases of heat prostration were reported to the police today. Hospital ambulances handled as many more and tonight all the principal hospitals in the city are filled. Several of the hospitals gave notice that they were taking care of as many sufferers from the heat as they could handle.

Extra police crews were detailed to ambulance duty and patrol wagons, as well as the regular ambulances were called into use. Most of the victims are aged people.

Slight relief arrived tonight when the effect of a thunder shower along the upper lake region was felt here. At 8 o'clock the temperature fell from 95 degrees to 85 in a little more than an hour. A special forecast issued tonight declared that the end of the heat wave was not in sight.

A new month record for heat was made during the present June. There were eight days on which the thermometer registered 90 degrees or above.

Thirteen Dead in Wisconsin.

Thirteen persons in Wisconsin were reported as dead today from the extreme heat, while the prostrations will reach several scores. In Milwaukee three persons died while 23 were seriously injured, thus making a total heat mortality for the last four days of 18.

to the list of dead at Peoria, Ill., making a total of ten since yesterday.

A brisk breeze and light rain brought relief today from the heat wave which has held St. Paul in its grip for the last week and which has caused a number of deaths and many prostrations.

There have been seven deaths in Grand Rapids in the last 24 hours due to heat and 27 serious prostrations.

Light rains in parts of Kansas, Oklahoma and Nebraska today brought relief after several days of extreme heat.

Ice Famiae Is Felt.

Two deaths from heat and 13 prostrations are reported today at Cincinnati. The government thermometer went to 93 degrees in the afternoon. The street level thermometer registered 104 degrees. On account of the prolonged ice strike there was but little of the commodity to be distributed and suffering on this account was acute.

Eleven deaths from heat and nearly a score of prostrations were reported in Detroit today. Of the dead, three were adults and eight infants. Officially the maximum temperature was 95 degrees, but the thermometer in the street kiosks registered 103.

At Grand Rapids 13 deaths and nearly 50 prostrations due to heat have occurred since Sunday morning.

Five deaths, one driven insane and seven prostrations is the result of the intense heat in the last 24 hours at South Bend, Ind. At 4 o'clock this afternoon the temperature reached 109 degrees.

Storm Brings Relief.

EVANSVILLE, Ind., June 30.—A rain, accompanied by high wind, did \$25,000 worth of damage here late today, but brought relief from the intense heat. The temperature dropped from 107 on the street level to 83 in an hour's time.

Two Deaths at St. Louis.

ST. LOUIS, June 30.—Two deaths and seven prostrations were caused by the heat here today. The maximum temperature was 97 degrees at 4 P. M.

AKED PRAISES M'NAB

MINISTER CRITICISES ATTORNEY-GENERAL M'REYNOLDS.

Sorrow Expressed That "Wilson Has Not Proved Himself a Bigger Man."

SAN FRANCISCO, June 30.—(Special.)—Every seat in the First Congregational Church was filled last night when the Rev. C. F. Aked began his announced sermon on the topic, "Do We Respect Ourselves?" Dealing with the retirement of John L. McNab as United States District Attorney and Clayton Herrington as agent of the Department of Justice, the minister criticized United States Attorney-General McReynolds, while lauding McNab and Herrington.

"We have had a glorious exhibition of self-respect—two sublime instances of the same manliness shown so long ago by Nehemiah," said Dr. Aked. "I glory in the action of these two men. The Caminetti-Diggs case is a singularly gross one and not a youthful escapade, as so often is forth."

"The excuse given by the Attorney-General is the flimsiest ever given by man.—But the father was needed in Washington for the time being to attend to his duties as Commissioner-General of Immigration."

"Immediately, however, that publicity is given McNab's action, and the papers of the city and Nation take up the cry, the trials, which were before deemed necessary to go over, are ordered pushed at once with all possible speed. If the trials can go on now, they could have gone on a week ago, or before."

Dr. Aked referred to his own former expressions of pleasure at the election of Wilson as President, and then went on: "It is infinitely sad, however, that President Wilson has not proved himself a bigger man. His whitewash of McReynolds, his painful McReynolds is told that he has been doing just exactly the right thing, but is advised to do differently."

The congregation gave many expressions of approval in the course of the address.

CITIZEN SOLDIERS VIEWED

Crowds Watch Review of Portland Companies.

With 500 spectators applauding from the gallery, the quarterly inspection of the Portland companies of the Third Infantry, Oregon National Guard, was held at the Armory last night.

The regiment formed at 8:35, with Major A. Bowman commanding. The six companies represented were composed of two battalions. The First Battalion, composed of Companies B, C and E, was commanded by Captain W. F. Deussen. The Second Battalion, composed of Companies F, H and K, was commanded by Major C. T. Smith. Company B was commanded by First-Lieutenant E. M. West. Company C by Captain D. E. Bowman. Company E by Captain D. H. Schumacher. Company F by Captain L. E. Leary. Company H by First-Lieutenant J. J. Pironi. Company K by Captain F. S. Sever. The ambulance company section was commanded by Captain A. N. Creadick. The Third Regiment band of 25 pieces was in charge of Band Leader W. A. McDougal.

The regiment went through the ceremonial review of inspection and muster, following which the dancehall was opened, and with an orchestra from the band a social dance was held, in which the guardsmen and their friends participated.

Company H held an election, choosing First-Lieutenant Leo J. Pironi as captain.

MOTORCYCLE HITS CAR

Two Men Injured in Accident at Second and Grant Streets.

While riding tandem on a motorcycle at 7:30 last night, Albert Braunstein, 1604 Emeretta street, and Peter Machy collided with a South Portland streetcar at Second and Grant streets, and being dragged half a block were seriously injured.

The motorcycle was coming down Second street and the streetcar was going east on Grant. The fender of the streetcar probably saved the lives of both riders and also prevented the motorcycle from being demolished. Both were said to be going at a fair rate of speed.

Braunstein, who owned the motorcycle, gained consciousness on arriving at the Good Samaritan Hospital, where both injured men were removed in an ambulance, and couldn't remember anything about the accident. He did not know where he was or that he had been hurt. He was cut about the head.

Machy, whose name was gained from two letters in his pocket, one addressed to 232 Main street and the other to 434 Spokane avenue, sustained a fractured skull and remained unconscious several hours.

The streetcar was No. 412 and was in charge of Conductor No. 354 and Motorman No. 202.

BRIDGE COLLAPSES; 11 BOYS DROWNED

Crowd of 40 Hurlled in Merrimac River Just Above Falls.

MORE MAY BE IN WATER

Young Persons Massed on Narrow Wooden Walk Leading to Lawrence, Mass., Municipal Baths. Jumping Breaks Posts.

LAWRENCE, Mass., June 30.—A narrow wooden walk over 15 feet of water to the municipal bathhouse in the Merrimac River gave way today under the stamping feet of a crowd of impatient boys and at least 11 of the little fellows were drowned. There may be more bodies in the stream.

The boys, ranging in age from 9 to 15 years, were waiting for William B. Blythe, the bathhouse keeper, to open the door. No one knew then how many there were in the party, but it is thought that 40 is a conservative estimate.

The boys were jumping up and down as they shouted to Blythe to open up, when the supports sank and the walk extension dropped like a trap door, rolling the lads into the river.

There was a swift current at this point drawn by the falls a quarter of a mile below. The youngsters were caught in this. Many of them could not swim. Witnesses on the river bank say that all disappeared in a flash, but a moment later there was a struggling mass on the surface.

The stronger ones who could swim struck out bravely for the bathhouse and a score saved themselves. Their cries brought aid and several others were pulled ashore. Five unconscious forms were brought from the water and two of these were finally resuscitated. Efforts to restore the others were futile.

It was thought at first that only three were drowned, and it was not until two hours later that the probable total was realized.

Boats and grappling irons were then brought, and the riverbed was dragged. When the work ceased late tonight 11 bodies had been recovered.

Most of the youths were from the mill district, and when word of the accident reached these homes thousands crowded the river bank. In the confusion parents lost track of their children, and fearing they had been in the swimming party, besieged the police with inquiries.

All the bodies recovered tonight were identified.

Frank McDonald, a deep-sea diver, summoned from Boston, reached the bathhouse with his submarine equipment late in the evening and began a search of the river bottom. After two hours' fruitless labor he suspended operations for the night.

FOUR GIRLS, SISTERS, DROWN

Youngest Falls Into Water and Attempt of 3 Others to Save Fails.

ELKHART, Ind., June 30.—Four girls, sisters, were drowned here today when the three elder girls sprang into St. Joseph's river in a vain attempt to save a younger sister.

Grace Schwyn, 7 years old, fell into the river while picking cherries from a limb which overhung the water. The other girls, Alice, 16; Clara, 13, and Ida, 11, attempted to save her and themselves were drowned. The bodies were recovered.

GOVERNOR WEST UPHOLD

CONVICTS UNDER EXECUTIVE RULES ATTORNEY-GENERAL.

Every Man Confined in Penitentiary May Be Put Out on Roads and Pardoned or Paroled.

SALEM, Or., June 30.—(Special.)—According to an opinion rendered today by Attorney-General Crawford, Governor West has the right to put in operation his "honor system" to any extent he sees fit, outside the penitentiary state institutions, in and near the Capital City. The Attorney-General holds that the executive control of convicts was restricted by the law creating the Board of Control only to the convicts in the prison and those assigned to work in and near the city.

If he sees fit, according to Mr. Crawford, the Governor may assign every man confined in the penitentiary to road work, and that particular work finished, if the men are not pardoned or paroled meanwhile, they may be returned to the penitentiary and receive credit.

The opinion was asked by State Treasurer Kay, a member of the Board of Control, who does not approve of Governor's "honor system." The Attorney-General says that the assignment of convicts to county road work is a mitigation of sentence, and comes within the pardoning power. He declares the Legislature cannot deprive the Governor of any course he might wish to adopt under that power.

The Governor, in a statement a few days ago, said he intended extending his "honor system" under the act providing for the working of convicts on the county roads.

Music for South Parkway.

A concert will be given by the Portland park band (W. E. McKinroy, director) at 8 o'clock tonight at the South Parkway, Jefferson and Park streets.

"Chamberlain's Colic, Cholera and Diarrhoea Remedy is the best medicine in the world." Thousands have said this, and you will agree with them if you have need of it and give it a trial. Every family should keep it at hand. It only costs a quarter.

My little girl had dysentery very bad. I thought she would die. Chamberlain's Colic, Cholera and Diarrhoea Remedy cured her, and I can truthfully say that I think it is the best medicine in the world. writes Mrs. William Orvis, Clare, Mich.

"Merchandise of Merit Only"

This Store Favors Closing Saturday at 5:30

TODAY THE OPPORTUNE SALE

Any Tailored Suit in the Store Clearance \$23.50

Suits Selling Regularly to \$85.00

—Yesterday 315 women visited the store and purchased suits in this remarkable sale. Of course, they expected to find suits out of the ordinary. To show how we verified this expectation we need only add that over one-third of the purchasers selected two suits or more; in many instances we sold as many as three, and in a few cases five suits to one customer.

—Today we expect to excel yesterday's record, for the suits sold yesterday are all the advertising and publicity that this sale requires.

—JUST ONE THING MORE—We don't hesitate to state that, no matter what price you pay for a suit, whether made to order by the best custom tailor, whether of the finest imported materials, or if you pay \$50.00, \$60.00 or even as high as \$85.00, the suits in this sale today will match them in tailoring, style, quality, fit and finish.

There Are No Better Tailored Suits at Any Price.

It's Amazing in This Clearance of Hats

What \$2.50 Will Purchase

In a Word It Offers You the Choice of 200 Trimmed Hats That Sold From \$5 to \$9.50

—This sale was planned with the utmost care and deliberation. The hats selected represent styles appropriate for women and misses, and is so varied that individual tastes can readily be satisfied. Some of the hats are small, close-fitting turbans; others medium and large shapes. The trimmings employed cover every field of millinery materials, from ribbon and dainty flowers to velvets and wings and in colors that we can hardly begin to enumerate, for they embrace every fashionable shade, as well as black and white.

—Some of the hats bear the trademark of some of the most famous hat concerns in America, while among the lot are a few imported hats.

—Second Floor.

\$1.95 Hemp Shapes in Colors, Clearance 50c
\$3.95 Shapes in Black, Clearance \$1.25

Kayser's Glove Silk Underwear

That Sells Reg. from \$2.65 to \$4 Garment Clearance \$2.23 Each

—This sale of silk underwear cannot be judged by any similar event that has gone before—a sale that involves the finest Italian and Venetian silks—a clearance sale event that will be certain to impress anyone who reads this announcement with its extraordinary bargain character.

—The vests are plain, with French band finish or handsomely embroidered in various designs. There are also the fashionable bloomers or tights in black or pink.

—The fine qualities and the exquisite patterns in these garments can rarely be found at this special price.

THE SCARCEST SILKS IN THE WORLD TODAY

Crepe de Chines

And to Be Found Only at This Store in an Assortment of Fashionable Colors

\$1.50 Crepe de Chine, Clearance \$1.33 Yd.
\$1.75 Crepe de Chine, Clearance \$1.59 Yd.

—Not in a decade has there been such a world-wide craze for a particular silk weave as this season's demand for crepe de chine. For underwear, for nightgowns, for boudoir robes, for evening and afternoon dresses, and for waists, crepe de chine has reigned supreme; in fact, the better-dressed Parisian women have worn it for two or three seasons exclusively for underwear, as they fully appreciate its soft clinginess. And next season promises to see it more in use than ever before.

—This sale fully demonstrates the supremacy of our silk department over all other retail silk departments in the city, as we are fully supplied with crepe de chine in every shade, as well as black and white, to meet the mid-Summer demands, and from this seemingly endless stock we offer you the opportunity of purchasing your crepe de chine needs at mid-season clearance prices.

75c FIGURED KIMONO SILKS—CLEARANCE, 59c
—A beautifully figured soft silk in rich and lovely color combinations especially suitable for kimonos; 32 inches wide. If you are contemplating a trip this silk would make an ideal robe for the train.
