TASK WILL REQUIRE

Month in Railroad Valuation Undertaking.

PRACTICAL WORK NEEDED

Many of 20,000 Who Have Applied for Information Lack Essential Qualifications-Wide Range

of Salaries Paid.

WASHINGTON, July 4.—The stupendous character of the work involved in the physical valuation of railroads by the Interstate Commerce Commission is emphasized in a statement issued tonight by the Civil Service Commission. which is charged with recruiting the vast army of experts and other employes required for the undertaking. The first of the examinations in this new field of civil services employment will be held in all of the states and in Hawaii and Porto Rico on July 21 and 23. Already about 20,000 inquiries have been received at civil service headquar-

Not only will a large force be required to complete the initial work of appraising the valuation of all of the railroads of the country, but after the final figures are obtained it is prob-able that a considerable number will be required to keep the information up to date. Thus it will be seen that the work about to be undertaken will be permanent for a great number of em-ployes under the civil service.

Many Applicants Not Qualified. While the Civil Service Commission is desirous of receiving applications from as many qualified persons as pos-sible, because it believes that there will be no great surplus of such men, it has been found necessary to empha-size the requirement of experience in the different lines of work covered by the 17 examinations to be held. Many the applications for examination blanks thus far have come from teleg-raphers, station agents, conductors and others, whose qualifications are not of the kind required for the work about

The character of the work, the salaries and the manner of the examina-tions is explained by the Civil Service Commission as follows:

Commission as follows:

"Junior and minor positions of architect, mechanical engineer, railway signal engineer, electrical engineer and structural engineer will be paid from \$1080 to \$1500 a year; similar grades of civil engineer, inspector of car equipment and inspector of martine power. ment and inspector of motive power, from \$1200 to \$1500. Senior inspectors of car equipment and senior inspectors power will receive from \$1800 to \$3600 a year. There will be two grades each of senior structural engineers, senior civil engineers, senior electrical engineers, senior railway sig-nal engineers, senior mechanical engineers and senior architects. The first grade will pay salaries ranging from \$3000 to \$4800 a year, and the second grade from \$1800 to \$2700.

Experience Is Required. "There will also be held on July 28 an examination for examiner of accounts in the Interstate Commerce Commission. These accountants will be paid from \$2220 to \$3000 a year for the first grade, and from \$1850 to \$2100 for the second grade. Applicants must have had actual experience in connection with common-carrier accounting work in public accounting practice, with state commissions engaged in the regulation of affairs of common carriers, or with the Interstate Com-merce Commission. Seven years' such experience is required for the first grade, while five years' experience is sufficient for the second grade.

"The examinations for all these positions will be strictly practical in character. For the senior positions and for examiners of accounts the applicants will not be expected to come together in a room and sit at desks for the purapplication and examination form prepared for the purpose, giving a state ment of their general education and technical training, courses of study pursued, and where so pursued, also a detailed statement of their professional and teachnical experience along the lines of the duties of the position for which they apply, giving the names of their employers, with dates, pay and kinds of work they have done."

SURVEY CHIEF GOES NORTH Dr. Alfred H. Brooks Reaches Seattle

En Route to Alaska.

SEATTLE, Wash., July 4.—Dr. Alfred H. Brooks, chief of the Alaska division of the United States Geological Survey, arrived in Seattle tonight and will leave for Alaska on the next steamer, to direct the operations of various survey parties now setting out and whose operations have been deand whose operations have been de-layed two months because of the fall-ure of Congress to pass the sundry civil bill earlier.

Brooks will go first to Cook Inlet. Heads of the survey parties and their crews have already assembled here and are ready to sail. Dr. G. C. Martin are ready to sail. Dr. G. C. Martin and party will spend the Summer in the lower end of the Matawuska coal field. R. H. Sargent and party will make a topographical map of this region. Steven R. Gapps and C. E. Griffen will do general geological and topographical work in the Willow Creek region. Cook Inlet. A. G. Maddern will work in the Yagtas country. will work in the Yagtag country, south of Katalia. It contains coal and gold.

STATE BUYS JUST IN TIME Price of Sugar Soars Soon After Big

Order Is Placed. SALEM, Or., July 4.—(Special.)—By giving a contract for sugar three days ago R. B. Goodin, state purchasing agent, says he has saved the state some money. He accepted the bid of a Portland firm for furnishing state institu-tions with sugar for the next six months. The price was \$4.59 a hun-dred pounds. The price today is \$4.79. months. The price was \$4.59 a hundred pounds. The price today is \$4.79. The state contracted for 70,000 pounds at \$3220.25 for the whole amount and, as a result, has saved \$140. as a result, has saved \$140.

"And thus does the high cost of liv-ing continue to soar," said Mr. Goodin. "The state is lucky, but how about fam-illes that buy sugar in small quanti-ties?"

TASK WILL REQUIRE

ARMY OF EXPERTS

State Labor Commissioner, arrived at Goldendale today to investigate the difficulty that employes of the J. F. Hill Paving Company, of Chicago and Spokane, are having in getting their pay for the last month's work on the Goldendale job. The work was completed June 15 and the men have been expecting their pay every day since. Thirty-five men have claims approximating \$4500 for labor.

Mr. Olsen served notice on the local superintendent of the company that unless the men were paid in full by Saturday he would institute criminal proceedings against the Company as State Labor Commissioner, arrived at

proceedings against the Company as well as civil suits for each man having a claim. Under the law the men are entitled to recover \$25 each for damages in addition to attorney fees.

The men having claims were nearly all brought from Spokane by the company and, with the exception of 15 Syrians, laborers, are expert asphalt

PIONEER WOMAN, AGED 89 YEARS, LAID TO REST AT GRESHAM.

Mrs. A. D. Powell. Funeral services for Mrs. A. D. Powell, a well-known pioneer of this state, who died Friday, were conducted Sunday at the Gresham Methodist Episcopal Church in the presence of a large audience, Rev. Melville T. Wire officiated. He was assisted by Rev. E. A. Leonard. W. H. Bond, F. A. Halli-day, John Conley, D. L. McLean, Thomas Ginder and N. L. Smith were honorary palibearers, and Charles Cleveland, J. H. Metzger, D. M. Roberts, George W. Kenney, Charles Powell and George Sieret were the active pallbear-

ers.

Mrs. Powell was the widow of the late Dr. John P. Powell, and was born in Kentucky, September With her crossed the plains to Oregon in 1853, settling in Powell Valley on a donation land claim where Gresham stands and where she lived until her death at the age of 89 years. She is survived by four daughters and one son—Mrs. S. E. Wisherd and Mrs. Jennie Salls, of Portiand; Mrs. Mary Mc-Cormick, of Salem; Mrs. Minnie Clanahan, of Gresham, and Dr. J. N. Powell, of San Francisco.

men, foremen and timekeepers. The city is holding back \$25,000 on the contract to insure the payment of all claims for labor and material owned by the company, which aggregates \$16,000. The city is also protected by a surety bond. Failure to find a market for bonds obtained for work in Canada was the reason given out by the company for a shortest of the the company for a shortage of funds

COURTSCORESSCHEMER

PROMOTER ENJOINED FROM RECORDING DEEDS.

Land Taken Under Guise of Establishing Townsite Ordered Restored by Salem Judge.

SALEM, Or., July 4. - (Special.)in a room and sit at desks for the purpose of answering questions on how to appraise the value of railroad property. Bet-rich-quick operators, Circuit Judge but they will be required to fill out an Galloway Thursday rendered a decree in favor of the plaintiff in the suit of Frances Feller and wife against B. N. Garrett and H. H. Hoffman, managers of the United Surety Company, which operated in this county for several months.

alleged that the defendants prevailed upon the plaintiffs to exe-cute contracts conveying to them about 290 acres of land on condition that they 290 acres of land on condition that they establish a townsite on it. They also promised, it is said, to build factories. Falling to keep their agreement Felier and wife filed suit. Judge Galloway ordered the contracts canceled and enjoined the Recorder from filing the deeds. The townsite was to be known as Armstrong. as Armstrong.

as Armstrong.

"I find in investigating this matter," said the court, "another one of those cases wherein a gullible farmer has fallen prey to the get-rich-quick corporation, or body of men. Every day there is some person bilked and blinded by that class of sunbeam promoter, who goes through the country with elaborate schemes to gain wealth by following certain carefully doctored plans. The farmer, and city man also. plans. The farmer, and city man also, should keep clear of these people, as their schemes always turn out absolute failures."

The defendants are said to have operated in Portland before coming here.

ELECTION ORDER IS GIVEN Tualatin May Vote on Incorparation Although Petition Missing.

HILLSBORO, Or., July 4.—(Special.)

The Washington County Court has ordered an election on the proposed incorporation of Tualatin after three hours of argument for and against a petition. Attorney Elisha Baker, for the Anti-salon Lecture of the Anti-saloon League, contended that the petition was irregular, aithough having a majority, because the women voters who signed had not registered. The County Judge and one Commis-sioner, Nyberg, voted for the order, while Commissioner Hanley opposed it. Shortly after the order was made the original petition disappeared and a search for the document this afternoon

INDIANA MINISTER ATTENDS

District Embraces 26 Congregations and 75 Missions Ministered To by 44 Pastors and Eight Teachers - Others to Join.

CORNELIUS, Or., July 4 .- (Special.) The Oregon and Washington district of the German Evangelical Lutheran Church, Missouri Synod, is holding its tenth annual convention at St. Peter's Lutheran Church here.

The opening sermon was delivered by Rev. J. Miller, of Fort Wayne, Ind., cice-president of the general synod. The speaker urged adherence to the The speaker urged adherence to the scripture doctrine of justification by faith, without the deeds of the law. L. Stuebe, of St. Peter's, who is district president is presiding at all sessions. President Stuebe read a doctrinal paper on the first petition of the Lord's prayer. "Hallowed be Thy Name." He declared that in this petition we pray for pure doctrine and right living through faith in Jesus Christ.

The synod embraces 26 congress.

gregations have applied for member-

The question of whether a field secretary should be appointed to facilitate work in the home mission field was referred to a committee.

The board of directors of Concordia German Lutherans Are Meeting at Cornelius.

The board of directors of Concordia College, Portland, reported that institution in a flourishing condition in every respect. During the past year 18 students were enrolled under the tutorship of Professors P. W. J. Sylvester and L. Blankenbuehler. Nine of these men entered the college last of these men entered the college last September and four were graduated in June. The graduates will continue their studies in the East. The chief purpose of Concordia College is to prepare young men for a theological training, but the synod was urged to open the doors of its school to such young men, as seek a general education, and gather in as many as it can. The sessions will end July 8.

SANDY, Or., July 4.—(Special.)—The celebration held here today under the direction of Sandy band was the best this state assembled on that battlefield at least 10,000 people on the streets of Hoquiam today. The parade was nearly two miles long and the finest ever assembled here. The three days' Splash celebration has cost \$10,000 to stage and has met with the approval of all. Governor Lister, after paying his compliments to the 160 veterans of the battle of Gettysburg of this state assembled on that battlefield today and reviewing the growth of the erans of the battle of Gettysburg of this state assembled on that battlefield today and reviewing the growth of the popular."

Governor Lister left Hoquiam today for Tacoma, where he is to make an address tonight in the Stadium.

> Report of Death Wrong. SILVERTON, Or., July 4.—(Special.)
>
> The report which was current in this city a few days ago to the effect that Frank VanNuys, the Stayton ballplayer

place last Sunday, had died was erro-neous. Mr VanNuys is getting along nicely and will soon be strong again.

Stayton Celebration Postponed.

a big dance in the opera-house each night. The Browning Carnival Com-pany has been secured. Police Judge Appointed at Kelso.

STAYTON, Or., July 4.—(Special.)—
Stayton has postponed the celebration which was booked for the Fourth. It will be two days, and a street carnival will be held in connection. There will be all kinds of races and games with

The drunkard will have none of me.

The heavy drinker says, "no" when my name is mentioned.

The man who craves roug --- strong--whiskey passes me by.

All this is as it should be---as I myself would wish it. I am not for them.
