

## 15,000 VOICES JOIN AT CONFERENCE END

### Christian Citizenship Sessions Close.

### AUDIENCE SEEMS INSPIRED

Speakers Fairly Outdo Themselves in Farewell Talks.

### THOUSANDS TURNED AWAY

Criticism Is Made of "Ungodly Teaching" Being Given to New Chinese Republic by Nations of Europe—Appeals Are Many.

With uplifted faces, shining under the glory of the bright lights of Multnomah Stadium, with voices swelling up and up in an enormous sweep of harmony, more than 15,000 persons were singing "God Be With You Till We Meet Again" in the closing moments of the Second World's Christian Citizenship Conference last night.

Not only did the audience sing as though inspired but the speakers seemed to have caught fire of inspiration from the dense mass of humanity that filled the grandstand, boxes, bleachers, additional seats that had been installed for the occasion, and spread out in solid ranks of standing people almost completely encircling the speakers' rostrum.

The three speakers who have been the most popular in preceding sessions were picked to give the principal farewell messages of the Conference, and in each case the speaker fairly outdid himself.

It is impossible to estimate what the entire attendance of the evening was, although throughout the session there were fully 15,000 persons assembled within the stadium. For more than an hour after the opening of the meeting, however, there was a continual stream of people pouring into the stadium and out of the stadium, by way of the stairway at the North side of the grandstand. In this stream of transient visitors, were those who had become weary of standing and realized that there was no opportunity of securing seats, and those who were crowding into the stadium to occupy the standing room of those who were leaving.

Thousands turned away at the entrance of the stadium when they discovered that there was only standing room.

Including all who attended in the continually-changing belt of standing spectators about the rostrum, it is probable that a total of fully 25,000 heard at least a portion of the services of the closing session.

Prolonged cheers rose from the assembly when the president of the conference, Dr. H. C. Minton, of Pittsburgh, led forward on the platform the three charter members of the National Reform Association who were able to attend the conference—Dr. H. H. George, of Beaver Falls, Pa.; W. A. Campbell, of New Wilmington, Pa., and R. N. Redpath, of Olathe, Kan.

Three at Early Meeting.

In the whole assembly these three were the only ones who had been also present at the conference 30 years ago in Xenia, O., in which the National Reform League, which has initiated and is holding the World's Christian Citizenship Conferences, was organized. Mr. Campbell is 85 years old, Dr. George 81 and Mr. Redpath is 71.

Speaking for his companions, Dr. George recounted the debates of the meeting in Xenia, a century ago, and set out of which sprung the movement for the revival of Christian principles not only in the church, but in the family, the state, the Nation and the world, which has been the motive element in the conferences since held.

As he closed his address and resumed his seat, the entire assembly was called upon to rise and to join in singing "America."

**Patriotism of China Flamed.**

The patriotism of the new China flamed in the address given by Ng Poon Chew, of Canton, who was welcomed to the rostrum with prolonged cheering and hand-clapping.

"I want to talk to you against the ungodly teaching that is being given to the new Chinese Republic by the nations of Europe," he cried. "They are teaching China that might makes right, that the spoils belong to the strong.

"Our nation is being taught today by the powers of Europe that it must have a strong army, that it must spend 50 per cent of its revenue (even though this may reduce the nation to poverty in other lines) to prepare an army to resist the invasion of the Christian nations of Europe.

"England forced opium upon us in the reign of that most noble and Christian Queen, Victoria. England took our land and our treasure. We care not so much for the land or the treasure—but the wrecked homes and the lives embittered in China by this infernal drug that was imposed upon us by Christian England!

**United States Declared Kind.**

## CHECK TO BE PUT ON FOREIGN INFLUX

### SECRETARY WILSON SEES NEED OF CURBING IMMIGRATION.

Undesirables Said to Be Coming in to Detriment of Those Already in America.

WASHINGTON, July 6.—(Special).—William B. Wilson, Secretary of Labor, intends to ask for a thorough revision of the immigration laws to prevent the tremendous influx of undesirable foreigners to this country each year. He is at present making an exhaustive study of the problem and his recommendations will be submitted to President Wilson.

"I have decided," Mr. Wilson told a reporter tonight, "that the immigration laws are not sufficiently strong. Our first duty is to those who are in America, native or foreign. The question naturally follows whether the tremendous influx of aliens is not injurious to those who are already here. There is no question that there is great evil in our immigration system and it is up to us to correct this.

"Both Democrats and Republicans and Congress will join next year in putting through a strong immigration bill."

## BOY SEES FATHER DROWN

### Douglas County Rancher and Team Lost in Umpqua River.

ROSEBURG, Or., July 6.—(Special).—Swept over the rapids when he was fording the Umpqua River in his wagon today, Judd Early, a rancher living three miles from Myrtle Creek, was drowned. A valuable team which he was driving was also lost. Early passed the day with friends near Myrtle Creek and was returning home when the accident happened.

According to his nine-year-old son, who was standing on the shore and was the only eye-witness to the tragedy, the wagon had reached a point near the center of the stream when the team suddenly foundered and was swept over the rapids. The team was taken from the river late today but at 9 o'clock tonight the body of Early had not been recovered. Early is survived by his wife and son. He was 38 years old. He came to Douglas County a year ago from Eau Claire, Wash.

## HOT WAVE THOUGHT OVER

### North Pacific Coast to Have Local Showers Early in Week.

WASHINGTON, July 6.—Relief from the heat wave was promised today in the Weather Bureau weekly bulletin, which says:

"Unseasonably high temperatures need not be expected during the coming week. In the West it will be warmer Monday and Tuesday, though not decidedly so, and some moderation may be expected after the middle of the week.

Generally fair weather will prevail during the week over the greater portion of the country. A moderate disturbance is now off the extreme North Pacific Coast, but its eastward movement will probably not be attended by more than local showers over the Northwest during the early portion of the week."

## LA GRANDE WOMEN HURT

### Car Strikes Auto With Party of Tourists En Route to Seaside.

Mrs. C. A. McCrary, 33 years old, and Mrs. J. E. Fowler, 48, matrons of La Grande, who were members of a party of five, automobile touring from La Grande to Seaside, were severely bruised but not seriously hurt last night when a streetcar struck their machine at Millwaukie avenue and Bybee streets. The machine was badly smashed.

With their husbands and a young woman protegee, the two injured women were in their machine proceeding along Bybee when they collided with a Sellwood car at the intersection of the streets. Their machine was thrown against the curb. They were rushed in a Red Cross ambulance to Good Samaritan hospital, where Dr. A. E. Rocky attended them.

### Households of Hood River to Work on Co-operative Plan.

HOOD RIVER, Or., July 6.—(Special).—A number of families of the Upper Hood River Valley have adopted a unique plan for conducting their household work on a co-operative basis this Summer.

During the past two weeks the residents of the China Hill district of the valley have been taking their meals at the home of Homer A. Rogers, a Portland real estate man, who passes the Summers on his ranch here.

## STRIKERS IN FULL CONTROL IN RAND

### Newspapers Obey Command to Close.

Club Guarded by Troops

### Reign of Terror Unequaled Since Raid and War.

### TRAINS SUSPEND SERVICE

### Miners Count on Government's Fear of 200,000 Natives Now Locked in Compounds, Who Would Be Dangerous if Loose.

JOHANNESBURG, July 6.—The settlement of the strike among the gold miners in the Rand district, which the government arranged with a committee of strikers yesterday, has proved ineffective.

The mobs reassembled today. All trains and streetcars suspended service, the crowds refusing to work. No newspapers were able to publish today. Additional troops guarded the Rand Club, the scene of serious encounters Saturday. A great mob assembled there, hooting and jeering the troops.

### Gladstone's Recall Demanded.

A huge meeting was held this afternoon to celebrate the strikers' victory. The leaders invited the men to attend tomorrow the funeral of those killed, whom they described as "martyrs to a glorious cause."

The suggestion that Governor-General Gladstone's recall be demanded was greeted with cheers.

A ballot of the Amalgamated Society of Engineers of the wote reef gave a vast majority in favor of accepting the proposed settlement. The council of the society adopted a resolution providing for the calling of a strike a month hence should the grievances not be adequately redressed.

### Unions Flashed With Victory.

The Federated Unions are flushed with success and confident that they are complete masters of the situation. The trades unionists are ready to obey any order given them. The leaders have already commanded the newspapers to cease publication until further notice. They count on the government's fear of the natives, 200,000 of whom are locked in the compounds at the mines. They might start looting and killing if unleased.

Casualties resulting from the fighting Saturday are now estimated at 110. Two officers, three soldiers and several policemen were wounded.

## EUGENIC HUSBAND SOUGHT

### Ludie de Beaux, However, Wants to Get Spouse With Money.

BOSTON, Mass., July 6.—(Special).—Mrs. J. H. Goodhue, known on the stage as Mlle. Ludie de Beaux, is back in Boston seeking a eugenic husband with money.

"Not that I believe in marrying for money alone," said the young widow, "but I do say it is useful. I wouldn't give a snap of my fingers for a college-boy husband. He means all right, but he doesn't know. Marry, and the first thing you know papa has cut off his allowance, and then you are back where you started from. Your husband is too lazy to work. You must go to work, bringing home the money."

"As for eugenics, I should begin in high schools to teach improvement of offspring, science of improving human stock. Within four years no man or woman can get a license to marry in the United States without first producing a certificate of health."

The oil magnate questioned W. W. Alexander, his assistant, closely about the work in which Mr. Rockefeller formerly was the active leader. Referring to Mr. Rockefeller and other old members, Rev. W. W. Bustard, pastor, called them "Rose bushes in the Lord's garden."

## DOCK MAY BE GIVEN UP

### Pearl Harbor Project Suffers in Accident.

WASHINGTON, July 6.—(Special).—Important conferences are being held in the Navy Department in regard to the Pearl Harbor graving drydock, work on which has been suspended for several months following the collapse of the structure.

The preliminary reports received Saturday afternoon indicated the situation was grave and that possibly the project would have to be abandoned. Rear-Admiral Homer R. Stanwood, chief of the Bureau of Yards and Docks, and Civil Engineer F. R. Harris, of the New York Navy Yard, went to Hawaii to inspect the work. Admiral Stanford returned to Washington some weeks ago and Mr. Harris remained to continue the investigation.

An official report from the engineers on duty at Pearl Harbor has been received by the Navy Department and at the same time Mr. Harris arrived in Washington. While no information as to the findings and recommendation contained in the report has been given out, it is understood that the preliminary reports as to the gravity of the situation are of such a nature that it is deemed advisable to abandon the idea of constructing a graving dock at Pearl Harbor, in which the battleships were being drydocked, or, it is possible, the Navy Department will abandon the plan for a dock at Pearl Harbor. However, it is recommended that a great drydock be constructed on the Pacific Coast.

## CHILD AT PLAY IS SHOT

### Gun Meant to Kill Chicken Found by Youngster.

LOS ANGELES, July 6.—(Special).—Thoughtless disposition of a firearm caused the instant death of Dolly Tooker, six-year-old daughter of J. B. Tooker, an engineer on the Arizona division of the Santa Fe, at the Grand Canyon.

Tooker left his rifle in the back yard to shoot a chicken. Catrino Viescas said he saw the child with the rifle in the back yard with Dolly. They were taking turns at swinging beneath one of the big trees. With all the inquisitiveness of a seven-year-old child, Catrino spied the rifle and proceeded to try it. In fun she pointed it at Dolly and pulled the trigger. Being a repeater, the rifle was discharged and the bullet tore through the girl's head. Tooker and his wife, in addition to several persons nearby, heard the shout and screams of the children and rushed out to find the girl unconscious. She died in 20 minutes. The result of the inquest was a verdict of accidental death.

The grief-stricken parents, with the body of their child, arrived in Los Angeles today.

## BOTH SIDES SUFFER TERRIBLE LOSSES

### 200,000 Now Engaged in Balkan War.

BULGARIANS GAIN ADVANTAGE

### Servia Suffers More Than in Conflict with Turkey.

### GREEKS STILL ADVANCING

Number of Killed and Wounded in Week's Fighting Estimated at 30,000 to 40,000—Tales of Atrocities Reiterated.

LONDON, July 6.—After 10 days of fighting, more severe and deadly in character than anything in the last Balkan war, a little light begins to break on the hitherto obscure operations. In the first place, the Servians have lost more men than in the whole previous campaign, and semi-official statements issued at Belgrade have the appearance of an intention to prepare the public for news of a disaster.

Desperate fighting, with varying fortunes, has progressed along the Vardar and Bregalnitsa Rivers, and seems to be in favor of the Bulgarians.

**Bulgarian Invasion Progresses.**

Important news has been received of the Bulgarian invasion of Servia through Belogradchik, 45 miles north-east of Nish, Servia's most important fortified town. No indication is given of the strength of the Bulgarian column at this point, but the Bulgarians declare they have defeated the Servians and captured five guns and a quantity of other war material, and, by the occupation of the passes, to have opened the road to Nish.

There is heavy fighting also between the Servians and Bulgarians to the south of Ketchana. About 200,000 men are engaged and the losses on both sides appear to be terrible.

**Greek Victories Explained.**

Bulgaria's strategy appears to be to hold the Greeks in check, probably with comparatively small forces, while she deals with Servia. This assumption, if correct, would explain the victorious advance of the Greek army.

Unconfirmed reports credit the Bulgarians with victories near Korit, giving them the key to Uskup, and with an outflanking movement from south of Tabanos Lake, which would cut off the Greek retreat.

Saloniki dispatches continue to report Greek victories. The Greeks are said to have captured 16 guns at Dolran. Evidence of desperate fighting is found in the arrival of 6000 wounded at Saloniki, taxing the town's accommodations and resources to the uttermost.

**Casualties May Reach 40,000.**

A conservative estimate of the killed and wounded in last week's fighting fixes the number at from 20,000 to 40,000. Thousands of destitute refugees from the scene of the fighting are coming into Saloniki.

The Greeks continue to make wholesale charges against the Bulgarians of burning and pillaging all the villages they abandon and of committing murders, mutilation and other horrors.

More than 4000 refugees are concentrated at Nigrita and adjacent villages.

## CANYON AWES BRAZILIAN

### Dr. Muller Deeply Impressed by Visit to Scenic Spot.

GRAND CANYON, Ariz., July 6.—"It has been all day like a beautiful fantasy. It touches the loftiest emotions of the world's grandest day, and coming back for a long stay. I want to go out to the rim at Maricopa point all alone in the evening and watch the sun set on this most wonderful work of God."

This was the tribute to the Grand Canyon of the Colorado paid tonight by Dr. Lauro Muller, Brazilian Secretary of State and special ambassador of the South American republic.

In the afternoon Ambassador Muller insisted, despite threatening weather, on driving to Hopi, Maricopa and other points on the western rim. He was always the last of the party to leave the viewpoints and seemingly took much pleasure in collecting rocks illustrating the formation of the Grand Canyon.

## ACTOR KILLS HIS WIFE

### Jealousy Reason for Murder and Suicide.

KANSAS CITY, July 6.—Jealousy prompted Frank Bailey, a vaudeville actor of Atlanta, Ga., to shoot and kill his wife and team mate, Mazie Edwards, of Denver, and to commit suicide here today. The woman was asleep when Bailey fired the fatal shot. They are said to be well known on the vaudeville stage.

Denver, July 6.—Mrs. Frank Bailey was the daughter of Thomas Kennedy, of this city. She had been on the stage nine years, having assumed the name of Mazie Edwards. Her correct name was Mary E. Kennedy.
