

THE DALLES HAS 2 POLICE FORCES

Ousting of Old Officers Not Tried by Mayor's Unconfirmed Appointees.

STATE AID NOT REQUESTED

Councilmen Declare Contenders for Official Recognition Will Not Receive Pay for Services and Deadlock Is Continued.

THE DALLES, Or., July 8.—(Special.)—After a long and unfruitful session last night to arrest any member of the local police force who refused to give up his star and equipment belonging to the city, Mayor J. E. Anderson modified his command today and instructed his men not to arrest Chief Gibbons and his men and decided not to call for state aid to enforce his attempted ousting of Chief Gibbons' force.

At 6 o'clock this morning the Dalles has been patrolled by two sets of policemen and the row between the Mayor, who refused to give up his star and equipment, and the councilmen, who were appointed by the Mayor, has been continued. The Council contends that R. R. McDonald, who was appointed Chief, and G. L. Coleman, George W. Winkler, George Friel and John E. Dyball, who were selected by the Mayor for policemen, have absolutely no right to serve, because they were not confirmed, and the seven opposing Aldermen have announced that they will not pay the one cent, no matter how long they serve under Anderson.

Charter Empowers Council. The Council, according to the city charter, has the only power to order the salaries of the city's employees, and it appears as though Anderson's appointees have little chance of drawing any money from the city for patrolling services.

L. H. Aronson, who was appointed last night by Mayor Anderson as City Recorder and who received only one confirmative vote in the Council, made a formal demand this morning on Recorder Ross to turn over the keys and keys connected with his office. Ross, acting on instructions of the seven opposing Councilmen, refused to comply with the demand.

The new Mayor declared the positions of police officers and that of City Recorder vacant today and ordered his men to take possession. While his police appointees have been acting as patrolmen, the old officials have been the new ones at bay when it comes to taking an active part in running the affairs of the city.

Jailer Carter, of Chief Gibbons' force, is the only person in the city who has keys to the jail and he went to sleep tonight with the keys under his pillow, having orders to allow no one but the old officials to get into the jail.

Recorder Ross is the only man in the Dalles who knows the combinations of the vault and safe in the City Hall and he is in supreme charge as Recorder.

Police Judge McDonald and the rest of Mayor Anderson's men did not perform a single official duty today. Whether they could not get any one to place in custody or were afraid they would get turned down if they attempted to do so, is a matter of considerable amusing conjecture here.

The friction between the Mayor and the Council may never be taken to court, as was at first predicted. It is rumored that the Council will "stand aside" until Anderson's appointees are starved out and become tired of serving without pay.

The Council bases its position on the following section of city charter: "A vacancy in any office, except that of Councilman and Mayor, caused in any manner, must be filled by appointment by a majority of the Council, to continue until the first Monday in July next following, and until his successor is elected and qualified; provided such term of office may be sooner terminated by a majority vote of the Council."

GOVERNOR OFFERS MAYOR AID West Would Make The Dalles Appointees Special Agents.

SALEM, Or., July 8.—(Special.)—Declaring that the old police have failed, the Governor tonight made the policemen appointed by Mayor Anderson, of the Dalles, special agents, and telegraphed the official that he will render him every assistance in his power. The Governor further said that the failure of the Council to confirm the appointments was another move to aid the dealers in intoxicating liquors and persons advocating an "open town."

LAPWAI BUILDINGS BURNED Citizens of Idaho Town Fight Desperately to Save Homes.

LEWISTON, Idaho, July 8.—(Special.)—A fire, which destroyed a good portion of the town of Lapwai, 12 miles east of Lewiston, damaged business and residence property to the extent of \$12,000, upon which there was little insurance. The fire had its origin in the upper rooms of a bakery and was caused by the explosion of a gas-line stove.

Not until several buildings were aflame was the fire discovered. Without fire protection or water pressure the people fought desperately to save residences and store buildings by the use of a gasoline pump. The heaviest loser is John Rice, of Moscow, who lost a concrete building valued at \$6,000.

DIAMOND'S TALE SCOFFED District Attorney Thinks Bank Robbery Was Premeditated.

ROSEBURG, Or., July 8.—(Special.)—Following a private interview here today, District Attorney Brown said there was no doubt that Ray Diamond, the youthful Glendale bank robber, premeditated the crime for which he must answer at the July term of Court. District Attorney Brown said Diamond not only prepared a pack of provisions to nourish him while on the trail, but also selected his route of escape.

The District Attorney says Diamond also used peroxide in the color of his hair. Diamond's statements to the effect that he committed the crime on the impulse of the moment are given little credence by the District Attorney. The District Attorney says that Diamond surrendered when he became satisfied that he would be captured. Diamond had planned to go

to Eureka, but followed another trail, which terminated in Curry County.

It is the District Attorney's belief that Diamond drank the whiskey for the purpose of serving himself for the robbery and not because he was suffering from lung trouble, as he alleged.

ceived here today Governor Lister suggests that 60 men who are willing to serve three years be enlisted at once, this being the necessary step at the present time.

Dell Walker, purser on the Vancouver ferry-boat, is one of the prime movers in asking for the militia, and he is enlisting those who desire to join. J. W. Shaw, secretary of Vancouver Commercial Club, is also taking the names of those who desire to enlist. Mr. Walker is a veteran of the Spanish-American War.

NON-CITIZEN CASTS VOTE John Kopra Learns in Courtroom He Must Be Naturalized.

VANCOUVER, Wash., July 8.—(Special.)—In an attempt to assist Filipinians to become a citizen of the United States, John Kopra, 26 years old, who has been exercising his rights as an American citizen since he became 18, learned that he is not a legal voter of the United States. Kopra went from the courtroom to the office of the County Clerk, where he took out his first citizenship papers.

Kopra was naturalized in this county and an examination of the records showed he obtained his last papers just 14 days after the son became of legal age. This makes it necessary for the son to go through the process of being naturalized.

FEW MOOSE SHOWN

Per Cent of Progressives Registered Small.

51 APPEAR IN 14 COUNTIES Registrations So Far This Year Indicate Return to Republican Ranks, With Democrats Signing Under Other Parties.

SALEM, Or., July 8.—(Special.)—Assertions of special writers of prominence for Eastern magazines that the Progressive party is well organized and stronger than when Colonel Roosevelt was its candidate for President are not proved, so far as Oregon is concerned, by the registration figures so far this year. The figures received to date by Secretary of State Olcott from 14 counties show that the full Moose party has about 4 per cent of the total registration.

As a matter of fact unless the Progressive party adherents are emulating the Democrats in registering one way and voting another, the new party will have a small following at the next election, if the present ratio keeps up. The figures show a return of Progressive party men to the Republican ranks, with many Democrats pursuing their old tactics of registering as Republicans.

The following is the registration as reported to the Secretary of State: Benton County, June 3 to June 21—Republicans 3, Democrats 1, Progressives 0, Socialists 9, Prohibitionists 1, Multnomah County, June 3 to June 24—Republicans 231, Democrats 28, Progressives 1, Independent 2. CATHOLICS CONSIDER HELPING WOMEN AT DEPOTS.

Co-operation With Y. W. C. A. Workers Suggested by Federation of Washington Morals Committee.

SEATTLE, Wash., July 8.—(Special.)—The committee on morals of the Catholic Federation of the State of Washington urged today before adjournment that women representatives be placed at railroad and steamship stations to care for the influx of young women into the state. It was suggested that Catholic women and Y. W. C. A. representatives should co-operate, as has been done in other sections, and direct young women of all denominations to Catholic, Protestant or denominational homes or refuges as the newcomers desire.

With the selection of Spokane for the 1914 convention and the election of officers, the federation adjourned today. President J. J. Donevan, of Bellingham, was unanimously re-elected. Officers re-elected were: Secretary, G. E. Hayes, of Seattle; treasurer, H. J. Hinchman, of Seattle; and vice-president, August Van Boecklin, of Tacoma. The two additional vice-presidents named were Frank A. Garrecht, of Walla Walla, and John J. Guthrie, of Spokane. EDUCATOR PLEADS GUILTY

Seattle Man Sentenced for Violation of Mann Act.

SEATTLE, Wash., July 8.—(Special.)—J. Archie Hess, ex-principal in the Sunnydale School, near here, today changed his plea to guilty and was sentenced in Federal Court to one year and a day at McNeil Island for violating the Mann Act in transporting Agnes Hamren from Los Angeles to this city last March.

Hess, after failing to obtain employment in Seattle schools, became agent for an automobile concern. While living at the Carlton Hotel he was reported to Protection Officer Mary B. Martin and Truant Officer Truman Ketchum by certain school teachers for keeping a number of girls from attending school.

Investigation of these complaints by William K. Bryon, agent of the Department of Justice, resulted in the arrest of Hess under the Mann act.
