

LEGAL FIGHT BEGUN IN SPOKANE RECALL

Court Issues Mandate Ordering Council to Call Election by July 21.

REFUSAL IS ANTICIPATED

Labor Forces, Warring Against Mayor or Hindley and Commissioner Fairley, Prepared to Wage Contest to Supreme Court.

SPOKANE, Wash., July 10.—(Special).—On petition of C. B. Lynch and J. R. Morford, setting for the Central Labor Council, Superior Judge William A. Hunsaker today signed an alternative writ of mandate directed against the City Council, commanding the Council to call a recall election against Mayor Hindley and Commissioner Fairley before July 21, 10 o'clock, or show cause at that time why such an election should not be called.

The alternative writ today is the first in the legal battle which is expected to be waged up to and through the Supreme Court, as a result of the refusal of the City Council to hold a recall election in connection with the general election next Fall on the 15 per cent recall petitions filed against the two city officials.

The Council refused on the ground that the per cent for any sort of a recall is now 25 per cent, and that all the names must be registered voters. These are the provisions of the state constitutional amendments, adopted by the people last Fall, and of the act of the State Legislature passed subsequently making the constitutional amendments operative and providing a procedure.

Attorneys Burcham and Blair, acting for the labor unions, who obtained the alternative writ today, are contending that the constitutional amendments and Legislature's act do not apply, and that the city charter recall, with which the petitions of recall comply, still prevails, or did prevail prior to the date the Legislature's act became effective in June, and before which date the petitions were filed.

In rejecting the petitions the Council acted on the advice of Corporation Counsel H. M. Stephens, who will represent the city in the court procedure started today.

ASHLAND, Or., July 10.—(Special).—Chautauqua audiences are increasing. Today the Stevens Musical Company and Colonel George W. Bain were the attractions.

Mr. Dursh, state president of the Women's Christian Temperance Union, presides at the headquarters of that organization. Rev. W. A. Schwintz, an Ashland, is the round-table work under his supervision.

July 11 is Medford day and a special literary and musical program has been prepared by the Greater Medford Club.

PRACTICAL METHOD URGED

Salem Educator Addresses Students at Monmouth Normal.

MONMOUTH, Or., July 10.—(Special).—L. P. Harrington, field agent for the department of education at Salem for encouraging interest in children's industrial fairs, addressed the 279 students attending the Summer session today. He advised the teachers to show the pupils of the rural schools how to make and use work aprons and dresses, towels, trap-necks, birdhouses, cow record sheets, garden ex-ample accounts and other practical home things. He said that such work, rightly directed, would break up the present ratio of four girls to one boy in the upper rural grades and arouse real zeal for spelling, arithmetic, language and geography.

Mr. Harrington also inspected the vegetable gardens of the Normal School and gave some advice as to the selection and display of products at the State Fair.

LIQUOR DEALERS PROTEST

Plea of Saloon Men Doesn't Shake Anti-Transfer Plans.

Representatives of the saloon and liquor interests yesterday presented to Mayor Albert H. Stephens their objections to the ordinance proposed by the Mayor

prohibiting the transfer of saloon licenses during the present administration. A number of saloon men were in conference with the Mayor nearly all afternoon.

Liquor dealers claim the plan to stop transfers of licenses will interfere with legitimate sales of saloons. It is claimed the proposed anti-transfer ordinance would result in severe loss to the saloonmen who wished to dispose of his business and retire.

The Mayor said that he had no desire to inflict any hardships on any owner of a saloon, but merely intended to enforce the model liquor law, which, he says, provides against the granting of saloon transfers. After the meeting, Mr. Stephens, who is not changing his ideas or intentions. The conference, he declared, was merely for the purpose of getting the saloon side of the street.

"I do not intend to do anything unreasonable," said the Mayor, "and I

SCHOOL FAIRS ARE MANY

NUMEROUS DISTRICT EXHIBITS, TOO, WILL BE SEEN.

Following Conference With County Superintendents, Chief Church-ill Issues Statement.

SALEM, Or., July 10.—(Special).—Superintendent of Public Instruction Churchill, after a conference with the county school superintendents, who have been in session here, announced today that there would be at least 12 county school fairs and twice that many district exhibits this year, which, in connection with the individual exhibits, will make the largest and best display of school children's industrial work ever given in any state. The statement continues:

It was decided at this meeting to waive the rule requiring library tables, maps, and exhibited by the children at the State Fair, to be of certain dimensions (28x40 in), and permit the showing of different sizes. We find some of the children do not understand the meaning of "Best Account" in "poetry specials." A financial account is what is wanted—a statement of receipts and expenditures, showing as nearly as possible the profit or loss, as the case may be, that the child has made with poultry business since January 1, 1913.

The object is to have the children learn simple bookkeeping and get the habit of keeping accounts of all their business transactions. In doing this, they will be able to ascertain the cost of production and what they can get the most profit on.

In connection with this financial account a nicely written statement regarding methods employed and experiences with different details of the business will add to its value.

We hope to have a large number of children competing for the nice prizes offered for "Best Account," as it will be good experience for them.

BRIDGE ELECTION IS SET CLARK COUNTY COMMISSIONERS APPROVE DATE. Vote on Proposed Issue Bonds for Interstate Span Will Be Taken August 12. VANCOUVER, Wash., July 10.—(Special).—Tuesday, August 13, will be the day, as previously announced, when the special election will be held to decide the proposition to bond Clark County for \$500,000 to pay the State of Washington's share of building the proposed Pacific Highway. The County Commissioners have passed a motion authorizing the election to be held on that date. In the resolution adopted, the Commissioners say that it appears that the natural welfare and prosperity of Clark County require more rapid, efficient and adequate means of transportation than now exists between this county and the State of Oregon. This, it is declared, may be best secured by joining with Multnomah County, or the State of Oregon, in the construction of an interstate toll bridge, spanning the Columbia River from some point in Vancouver to the

PAROLE PLAN IS STUDIED HONOR SYSTEM NOT LIKELY AT OLYMPIA. Prison Board Would Turn Convicts Over to State to Work During Probationary Period. OLYMPIA, Wash., July 10.—(Special).—The Washington prison board is engaged in working out a plan for the disposition of convicts eligible for parole, which in many ways is the direct opposite of the West honor system. The plan here aims to take only those which the prison board felt could not be trusted under ordinary parole conditions. Convicts of the "hobo" class, eligible for parole but not to be trusted to report regularly, are to be paroled to the state for a probationary period of six months, furnished employment on the roads or in rock quarrying and paid a wage of 40 or 75 cents a day and board. The understanding is that this wage is to be retained until the probationary period has been completed. Convicts who have no resident of the state to stand as their "first friend" under the parole system, would also be helped by the proposed arrangement, members of the prison board believe.
