

AMERICANS CALLED OUT FROM MEXICO

Official Preparation for Exodus Made.

WILSON'S MESSAGE PACIFIC

Authorities, However, to Be Held to Strict Account.

NEUTRALITY IS ORDERED

President, Appearing Before Congress in Person, Is Cheered as He Urges Patience in Dealing With Neighbor.

WASHINGTON, Aug. 27.—President Wilson tonight warned all Americans to leave Mexico at once. At the same time the American Embassy and all consular representatives throughout the Southern republic were instructed to notify all officials, civil and military in Mexico that they would be held strictly responsible for harm or injury done to Americans or their property.

Secretary Bryan dispatched long telegrams to the Embassy and all consular representatives quoting extracts from the President's address to Congress today in which he reviewed the futile peace negotiations with the Huerta government and the policy the United States would pursue hereafter toward Mexico.

Aid Will Be Provided. In these messages the Consuls were instructed to give every aid possible to departing Americans, furnishing transportation and any other pecuniary assistance to the needy. They were informed that a sufficient number of ships would be provided to carry away those in the seacoast towns.

Foreign governments will be notified of the action of the United States, so that they may give similar advice, but the American Consuls will help all foreigners in any emergency. Within a day or two an announcement is expected of the mobilization of a large number of American troops along the southern frontier to enforce the address to Congress today, in which he outlined the policy of the United States toward Mexico as one of absolute non-interference and strictest neutrality. The President held out hope for a resumption of negotiations and ultimate success of a policy of persuasion backed by the moral force of the government of the world.

Gambon Sends New Note. First results of the President's optimism were apparent tonight when Secretary Bryan announced the receipt of a message from John Lind, now at Vera Cruz, saying that Senator Gambon, Minister of Foreign Affairs, had sent a new note. Secretary Bryan described the situation as "encouraging," and commented on the fact that he had for several days used the word "unchanged."

The Secretary said that while the Lind message contained only a summary of the Gambon note, sufficient had been received to warrant taking an encouraging view. Mr. Bryan added that the Gambon note was in reply to the supplementary suggestions made by Mr. Lind before leaving Mexico City for Vera Cruz.

The President was informed of the late developments, but offered no comment. He was particularly pleased tonight with his reception in Congress. Not only from the applause that greeted him as he began his address and at its conclusion, but through personal congratulations, President Wilson felt assured that he had behind him the undivided support of Congress irrespective of political party.

Root to Support Policy. The President had an informal talk with Senator Root, Republican, in the Speaker's room just before he was escorted to the House rostrum, and learned that the New York Senator soon would make a speech in support of the Administration's policy. Mr. Root's utterances are calculated to attract attention in Latin America because of his famous tour there a few years ago as Secretary of State.

President Wilson went to Congress today and revealed how the Huerta provisional government in Mexico had rejected the friendship of the United States and its effort to aid in the establishment of peace and a government which could be recognized by this Nation, and which would be obeyed and respected by Mexico's own people.

SENATE ACTS ON COLUMBIA WORK

LUMP APPROPRIATION WANTED FOR NORTH JETTY.

Senator Lane Takes Action With View of Providing 40-Foot Channel for Oregon's Waterway.

OREGONIAN NEWS BUREAU, Washington, Aug. 27.—Senator Lane introduced in the Senate and secured immediate adoption of a joint resolution calling on the Secretary of War to submit a new estimate as to the cost of construction of the north jetty at the mouth of the Columbia River, and also calling for the opinion of Army engineers as to the advisability of hastening construction, in order to secure a 40-foot channel at the earliest practicable date.

The resolution also asks for the opinion of Army engineers as to the advisability of making a lump appropriation to defray the cost of the north jetty, based on revised estimates, with the intention of showing that if the total amount is available at one time, work can be pressed without such interruptions as occurred frequently on the south jetty.

The resolution also asks for the opinion of Army engineers as to the advisability of making a lump appropriation to defray the cost of the north jetty, based on revised estimates, with the intention of showing that if the total amount is available at one time, work can be pressed without such interruptions as occurred frequently on the south jetty.

F. L. HARDMAN IS DROWNED

Portland Man Braves Strong Tide on Garibaldi Beach, Despite Warning.

RAY CITY, Or., Aug. 27.—(Special.)—F. L. Hardman, of Portland, lost his life while swimming in the surf on Garibaldi Beach today. With a strong out tide running, Hardman went into the breakers despite the warnings of members of the lifesaving crew.

When about 300 feet from the shore Hardman began to cry for help. G. C. Hawthorne, of the Garibaldi Lifesaving crew, and Mr. Phelps, a Portland attorney, went at once to his assistance, but Hardman sank before they were able to reach him.

The body was soon recovered and for two hours members of the lifesaving crew endeavored to resuscitate Hardman, but to no avail. It is believed he died of a heart disease rather than drowning.

Mrs. Hardman and little child were camped here with Mr. Hardman.

TROOPS RUSH TO BORDER

American Soldiers Sent to Laredo and Brownsville in Hurry.

SAN ANTONIO, Tex., Aug. 27.—One troop of the Third Cavalry and a battery of the Third Field Artillery were rushed from Fort Sam Houston to the border tonight on orders from the War Department at Washington. Two special trains were made up on two hours' notice.

The artillerymen were sent to Laredo, Tex., and the cavalrymen to Brownsville. Attention was called to the fact that opposite Laredo there is a Mexican federal garrison and across the border from Brownsville the constitutionalists hold forth.

In addition about 1000 men are in readiness to leave Fort Sam Houston.

GAMBLER'S TERM 10 YEARS

Man Who Took \$2000 From Alleged Cheater Is Sentenced.

SAN FRANCISCO, Aug. 27.—Millard Duxbury, gambler well known up and down the Pacific coast, was sentenced today to serve 10 years in San Quentin Penitentiary. He was convicted of robbing Matt Sparkman, a member of the Waldorf Club, recently closed by the police, of \$2900. Duxbury accused Sparkman of cheating. While they were talking about the play, Duxbury pushed Sparkman into a doorway, drew a revolver, and took away his cash.

"This'll do you a lot of good," said Sparkman, handing over the roll of bills.

ROOT GETS RARE DEGREE

Doctor Honoris Causa Conferred by Leyden for Peace Work.

LEYDEN, Aug. 27.—(Special.)—Leyden University has conferred the degree of doctor honoris causae on Senator Root of New York. Professor Renault and the late Tobias Asser, winner of the Nobel prize for work in behalf of peace in 1911.

Among others honored by the university are Lloyd Bruce, American Minister to The Hague, and other envoys and members of the permanent peace tribunal at The Hague. It is on rare occasions the degree of doctor honoris causae is conferred by the university.

KANSAS MERCURY CLIMBS

Maximum Temperature of 111 Reported in Manhattan.

TOPEKA, Aug. 27.—Kansas today experienced the return of the heat wave, and the mercury moved to higher marks than it had reached in the last week, some places in the state reporting temperatures as high as 111. No rain was reported anywhere.

Manhattan was the hottest town in the state, with 111. In Topeka the Government Weather Office recorded a maximum of 103.

GAYNOR CANDIDATE FOR ANOTHER TERM

Five Now in Field in New York.

DEMOCRATS FURNISH THREE

Roosevelt Takes Hand in Behalf of Fusionists.

CABLE SENT TO GERMANY

Colonel Would Block Plan of Mayor's Advisers to Select Two of Mitchell's Running Mates to Aid His Cause.

NEW YORK, Aug. 27.—A muddled political situation, which the city already faced, was further complicated today by the authorized declaration from Mayor Gaynor, at his Long Island farm, that he would run for re-election on an independent ticket. New York thus finds itself with three Democrats as candidates for Mayor. Tammany Hall last week designated Edward E. McCall, chairman of the public service commission, after refusing Mr. Gaynor a renomination, while the fusionists selected John Purroy Mitchell, collector of the port.

Running Mates Claim Interest.

Interest tonight centered on the question of whom Mayor Gaynor's advisers will choose as his running mates. Should they, as many appear to expect, ask two of Mr. Mitchell's fusionist colleagues—William A. Prendergast (Prog.), for City Controller, and George McAneny, for President of the Board of Aldermen—to allow their names to be placed on the Gaynor ticket, it is said to be certain that the fusion leaders will demand that the two decline to accept.

Roosevelt Takes Hand.

In possible anticipation of such a move by those in charge of the Mayor's campaign, Theodore Roosevelt today cabled to Mr. Prendergast in Germany, urging him to assure the fusionists that he would "not run on any ticket on which Mitchell or any other fusion candidate for city offices are left off."

Mr. Roosevelt cited the example of Mitchell in refusing the proffered Independence League designation on the ground that the league had not endorsed Mr. Prendergast and Mr. McAneny.

The Colonel said the fusion candidates should show that "this is a straight fight against Tammany for principle, and not a scramble for offices."

THAW WINS THRICE IN CANADIAN COURT

Women Lead Emotional Demonstration.

JUDICIAL DIGNITY SHOCKED

Threat of Jail Sentences Accompanies Rebuke.

JEROME STILL CONFIDENT

Right of New York State to Appear as Party in Habeas Corpus Proceedings Summarily Denied by Sherbrooke Judge.

SHERBOOKE, Que., Aug. 27.—Harry K. Thaw won three victories over the New York state authorities today and was locked tonight in the Sherbrooke jail, immune for the time being from the Dominion immigration authorities, after having received an ovation from the townspeople of Sherbrooke that would have done honor to a Prince of royal blood.

No demonstrative was the scene in the Superior Court when, at the morning session, Judge Arthur Globensky refused to allow counsel representing New York state to be party to the proceedings, that the court subsequently warned spectators that a repetition of the cheering, chair climbing, handkerchief waving and general hysteria would mean jail sentences for the demonstrators.

QUEEN HONORS CARNEGIE

Wilhelmina Bestows Grand Cross of Order of Orange-Nassau.

THE HAGUE, Aug. 27.—The grand cross of the Order of Orange-Nassau was conferred on Andrew Carnegie today by Queen Wilhelmina of The Netherlands in commemoration of the inauguration of the Palace of Peace, which takes place tomorrow.

Colonel Clough Elected.

NEW YORK, Aug. 27.—Directors of the Northern Pacific Railroad elected today Colonel W. P. Clough chairman for principle, and not a scramble for offices.

Mr. Carnegie arrived here today and is staying at the residence of the United States Minister.

JESSIE WILSON IS THROWN BY HORSE

FIANCE RIDES ON IN IGNORANCE OF ACCIDENT.

Later, Doctor Driving to Visit Patient Finds President's Daughter Unconscious by Roadside.

WHITE RIVER JUNCTION, Vt., Aug. 27.—As Dr. Charles W. Worthen, of White River Junction, was on his way to visit a patient at Plainfield, N. H., late yesterday afternoon, he came upon a young woman lying unconscious by the road. It proved to be Miss Jessie Wilson, daughter of President Wilson, who, while out riding with her fiancé, Francis B. Sayre, had been thrown from her horse.

Mr. Sayre had been riding a little ahead and knew nothing of the accident until the riderless horse dashed past him. Dr. Worthen applied remedies and after about half an hour Miss Wilson regained consciousness.

Later she was taken to the home of Fred Smith, nearby, and word was telephoned to the Cornish residence of President Wilson.

SHOPLIFTING IS CHARGED

Three Well-Gowned Women Accused of Series of Thefts.

Charged with having conducted one of the most elaborate and systematic shoplifting games in the history of Portland, Mrs. W. H. Menzell, of 415 Main street; Miss Irene Axell, of the same address, and Miss Anna Krebser, of 2654 1/2 Fifth street, were arrested yesterday in the lace department of the Meler & Frank Company's store by Detectives Hyde and Vaughn after being apprised by the store's detectives of the women's alleged operations.

Handsome dressed and bearing every appearance of being prosperous, the three women were taken to the police station, where Mrs. Menzell and Miss Krebser furnished \$100 bail each. Miss Axell remains in jail.

Miss Krebser had bank books on her person when arrested showing she has \$1200 on deposit in one local bank and \$900 in another. On Mrs. Menzell were found shipping certificates showing she had sent a small fortune in lace, silk hosiery and other articles of feminine apparel out of the city.

GLYNN GETS RECOGNITION

Assembly Receives Message From New York's Acting Governor.

ALBANY, N. Y., Aug. 27.—Lieutenant-Governor Glynn was formally recognized as Acting Governor by the Assembly early this morning, after a bitter debate. The vote in favor of such recognition stood 48 for to 28 against.

This recognition came in the form of the official acceptance of messages sent Mr. Glynn as Acting Governor to the Legislature. The messages also were received by the Senate, but with the express understanding that objection could be made later to their official reception as though they had not been received.

NEW GEM BECOMES FAD

Kaiser's Admiration for the Heliodore Starts Craze in Germany.

BERLIN, Aug. 27.—(Special.)—The heliodore, a new gem which was recently discovered in the German African colonies, will be the vogue among fashionable people because the Kaiser has just expressed his admiration. The new gem resembles Alexandrite and has a peculiarity of changing its color from golden yellow in daylight to green in artificial light.

DRESS ISSUE IN CONGRESS

Representative Heflin Levels Guns at "Lustful Fashions."

WASHINGTON, Aug. 27.—(Special.)—Breathing accusations against the diaphanous gown and its companion, the slashed skirt, Representative Heflin, the Adonis of the anti-suffrage adherents, today turned his attention to dress reform. He said in part: "Instead of the scriptural 'by their fruits ye shall know them,' it would say 'by their dress or lack of dress we shall know them.' The evil genius of lustful fashion through immodest dress is playing havoc with the women of this country who follow these indecent fashions and make our public houseways a scandal and a byword."

BANDON VOTES FOR PORT

Harbor Proposition Carries by Large Majority in Coos County.

BANDON, Or., Aug. 27.—(Special.)—The election for the Port of Bandon today carried by a large majority. The result in Bandon is 548 for to 114 against, and at Coquille 35 for and 191 against, making a majority of 418 in the two towns for the port.

Outlying precincts yet to be heard from are small, and their vote cannot change the result.

MULTNOMAH WILL HIRE ROAD EXPERT

Samuel C. Lancaster to Be Employed.

COMMISSIONERS TO APPOINT

Friend of Sam Hill to Direct Columbia River Highway.

LIGHTNER ALONE LEAVES

Plans for Appointment of Engineer of Wide Experience Made During Trip of Business Men and Officials to Rooster Rock.

On recommendation of the county highway advisory board, consisting of W. W. Cotton, Samuel Hill, C. S. Jackson, W. B. Fehelmer and A. S. Benson, the County Commissioners today will make an order appointing Samuel C. Lancaster, expert road engineer, consulting engineer on Multnomah County road construction work. His compensation, it is said, will be approximately \$200 a month.

This arrangement is the direct result of an automobile trip taken to Rooster Rock, which will be the inception point of the scenic Portland-Hood River road, officially named Columbia River highway, yesterday by the three County Commissioners, members of the advisory committee as well as County Surveyor Holbrook, Road Superintendent Small and several others. The party included H. L. Pittcock, John S. Beall, C. A. Morden, Edgar R. Piper, Julius L. Meler, J. B. Middleton and J. C. Potter; Samuel C. Lancaster and George R. Hooley, road engineers; H. G. Stray, county road viewer.

Hill is Host at Luncheon. Mr. Hill, who conceived the trip, was host to the party at luncheon at Chanticleer Inn, near Rooster Rock, and it was then that Commissioner Holman brought up the question of employing an expert road builder on the Columbia River highway. An informal meeting was called at which Mr. Cotton, chairman of the advisory board, president, Mr. Hill, Mr. Piper, Mr. Beall, Mr. Morden and Mr. Meler heartily indorsed the idea of employing a competent road engineer to superintend construction of the highway and County Surveyor Holbrook expressed himself as satisfied to have assistance.

Commissioner Lightner was the only member of the party to oppose the plan. He declared that the road would not be a difficult one to build. He referred to Mr. Holbrook as "an A. No. 1 and competent engineer" and declared that once the grade stakes are set the county has several road supervisors capable of building the highway. Mr. Lightner thought the expense of an expert unwarranted.

Need for Expert Cited.

Mr. Meler replied to Mr. Lightner, saying that it was not the intention to cast any reflection on Mr. Holbrook's ability to handle the project successfully. The highway is one of great importance, said Mr. Meler, and the employment of a scientific road builder would increase the chance of getting the best of permanent construction, the best grades and the maximum of value for the money to be expended.

The remarks of the other speakers were along the same line. All expressed a wish to get a dollar's worth of value for a dollar. They commented on the benefit which this wonderful scenic highway will be to Portland and the fact that it will cost considerable. For these reasons, it was contended, the highway should be built under the direction of an expert.

Members of the Advisory Board held a consultation after luncheon and decided to recommend the employment of Mr. Lancaster, who has been much associated with Mr. Hill in road construction. Their recommendation will be in the hands of the County Commissioners in written form this morning and action will be taken on it at today's session.

Employment Not Permanent.

Both Commissioners Hart and Holman said the employment of Mr. Lancaster will not be for any definite time but as long as it is felt his services are needed. He will have general supervision of road building in the county, particularly of the Columbia River Highway, and is expected to systematize the work and get permanent results on an economical basis. Road Superintendent Small will be subject to his orders.

Mr. Lancaster started his engineering career with the Illinois Central railway, being in charge of construction work for that railroad in 1884-87. Later he superintended construction of portions of the Gulf, Colorado & Santa Fe system and was connected with the rebuilding of the western end of the Texas Pacific. From 1889 to 1906 he was city engineer of Jackson, Madison County, Tenn., and was also in charge of construction of roads for that county.

Work Attracts Attention.

The system of roads which he built up for Madison County at a cost of \$205,000—an additional \$200,000 has since been expended on them—attracted such widespread attention that he was selected as a consulting engineer in the office of public roads, United States Department of Agriculture, con-
