

OREGON CITY MAN IS SHOT FOR DEER

George Bingham Slain Near Trail While Hunting in Southern Oregon.

SLAYER'S NAME NOT GIVEN

Victim Was Member of Hunting Party in Search of Big Game. Widow and Three Children Survive.

MEDFORD, Or., Oct. 30.—(Special.)—George Bingham, of Oregon City, was mistaken for a deer near Trail Thursday morning about 11 o'clock, and according to reports received, was killed. Bingham was a member of a hunting party, but it is not known by whom he was shot. After the shooting Bingham was taken to a ranch house, and the news telephoned to the Sheriff. An inquest will be held tomorrow. This is the second tragedy during the present deer hunting season in Jackson County, Elmer Conger, of Jacksonville, having been killed in the Dead Indian country ten days ago. This second victim was the uncle of Perl Bingham, a well-known business man of Medford.

HUNTER GONE SINCE OCTOBER 2

Man Mistaken for Deer Was Owner of Pacific Soda Works.

OREGON CITY, Or., Oct. 30.—(Special.)—The news of the death of George Bingham was a shock to the family here when informed of the accident by the Oregonian correspondent. Mr. Bingham, who is owner of the Pacific Soda Works, left here October 2, as is his wont, on his annual hunting trip, with a party generally made up from the starting point in or about Medford. So far as known he was the only Oregon City man in the party. He is survived by a widow, two daughters and one son. The daughters are Mrs. Guy Causey, Seattle, Wash., and Mrs. Richard Durrell, of this city. The son, Jack Bingham, is 15 years old. Mr. Bingham was well to do and the family is one of the most prominent in Oregon City.

HAY NEARLY ALL SOLD

WALLOWA FEEDERS EXHAUST AVAILABLE CROP.

Alfalfa Starts at \$5 and Mounts Rapidly to \$10, While Timothy Rises in Sympathy.

ENTERPRISE, Or., Oct. 30.—(Special.)—A hay shortage threatens Wallowa County before Spring. Diversified farming has led to the production of slightly less hay in the southern part of the county than in the old days, before the railroad came. Now stock feeding is developing on a considerable scale, and all the hay available will be needed for this purpose. McCully & Rumble, who will feed 10,000 or more sheep at Joseph, contracted a sufficient quantity of the season. Recently Jay H. Dobbin and Fred W. Falconer rented the large feeding sheds built last year by C. P. Bagdale on Lower Frazer creek, and began preparations to fatten 5000 sheep there. One of their first moves was to scurry over the farming lands adjoining and buy all the hay available. As the matter now stands there is hardly any hay for sale in all the lower part of the county. The price of alfalfa started at \$5 a ton. A number of farmers sold at that price. The figure has gone up steadily until now the few men who have any alfalfa talk about \$10. Timothy, of which this county produces a very choice grade, is also soaring, in sympathy with the general market at Portland. Several carloads of timothy will be shipped from this city this week.

DETAILS OF FRAUD GIVEN

Ex-Clerk in Naval Pay Office at Seattle Testifies.

SEATTLE, Wash., Oct. 30.—In the trial today of Edwin F. Meyer, Einar Goldberg, W. A. Corrier and E. Silverstone, charged with conspiracy to defraud the United States, J. A. Kettlewell, ex-chief clerk in the Navy pay office in Seattle, testified. He gave details of a scheme whereby he personally, after receiving calls for certain supplies from the Navy-Yard, submitted bids under the name of a fictitious firm, awarded the contract to himself and then filled the contracts. The Navy-Yard having made a requisition for Ferro-Manganese, Kettlewell advertised for bids, slit open the envelope containing one of the genuine bids, put in a fraudulent bid, awarded the contract to himself, and then sent to Colorado for the material which he used to fill the contract. The defendant, Meyer, was equally implicated with Kettlewell and was convicted on conspiracy to defraud some time ago, and has served a term in jail.

LANE TEACHERS BACK PLAN

Consolidated Union Schools Meet With Favor, Committee Named.

EUGENE, Or., Oct. 30.—(Special.)—The Lane County Teachers' Institute,

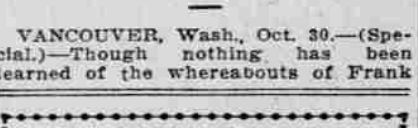

which closed yesterday, was remarkable in that every one of the 385 teachers of the county, exclusive of the Siuslaw District, which had its own institute, attended at least the required 16 hours of the sessions here. The institute heard the announcement of State Superintendent Churchill of a course in high schools for the study of the occupations, with a view to interesting students in some line of activity and giving them a goal toward which to work in framing their courses. The institute heard also the condemnation of the one-teacher school, by Dr. Joseph Schafer, of the University of Oregon, and his outline of a plan for consolidated union schools, which in time shall become junior high schools. This plan so impressed the teachers and the patrons of the schools that they went on record as favoring the presentation of the subject before the Legislature. To this end County Superintendent Moore was directed to name a committee of three educators and three patrons of the schools. He announced the committee as follows: Joseph Schafer, chairman; C. L. Thomas, Santa Clara; Miss Goldie Van Bibber, Mapleton; J. C. Stevenson, Eugene; J. George Johnson, Junction City, and C. H. Haight, Soginaw.

WILEY STILL SOUGHT

VANCOUVER MAN SUPPOSED TO HAVE FIRED HIS PROPERTY.

Money Raised by Sale of Stock After Restraining Order Is Issued by Court.

VANCOUVER, Wash., Oct. 30.—(Special.)—Though nothing has been learned of the whereabouts of Frank

Frank O. Wiley, Sought by Sheriff of Clarke County.

O. Wiley, who is supposed to have burned his home and outbuildings, near Manor, Tuesday night, it is believed that he is yet alive and a sharp lookout is being kept for him by the Sheriff and his deputies. A week ago a restraining order was served on Wiley to prevent him from selling the personal property on the farm, but it is said that he disposed of nearly \$1000 worth of cattle and farm produce before the order was served. Had he intended to end his existence, it is held, he would not have cared anything about getting so much money. The day the order was served Wiley sold some pigs to a resident of this city, with whom he discussed his family trouble. The organ and cupboard, which the neighbors took out of the burning building and carried 200 feet away from the fire, were burned later in the night. It is thought by those who were there that Wiley was in the vicinity when his home and barn were burning.

SEATTLE TO ADD UNIT

EXTENSION OF MUNICIPAL LINE WILL BE UP IN COUNCIL.

SEATTLE, Wash., Oct. 30.—(Special.)—An ordinance providing for the construction of a second division of the municipal street railway will be introduced at Monday's Council meeting by Councilman Erickson. The route will be Fourth avenue south and Jackson street to Dearborn street, thence to Rainier avenue and parallel to tracks of the Seattle, Renton & Southern Street Railway to Columbia City or possibly beyond that point. When the voters ratified a municipal street railway bond issue of \$300,000 in 1911 three propositions were approved. The first of these was to acquire the old Renton line by condemnation, the second to purchase the line at a fair valuation and the third to parallel the line by constructing a new one. Mr. Erickson said today that the question of condemnation has been threshed out and it is conceded that to acquire the road in this manner might involve several years' litigation. The purchase provision has been under consideration more than a year and practically no progress has been made. There remains in the municipal street railway bond issue about \$430,000. This sum Mr. Erickson believes will be ample to build a new line at least as far as Columbia City.

SALEM, Or., Oct. 30.—(Special.)—Governor Fox in a written statement today declares that not allowing the state's indemnity school selections in forest reserves would cloud title to hundreds of thousands of acres and much confusion be the result. The statement is in connection with dispatches from Washington, D. C., regarding conferences by Senator Chamberlain and Miss Farn Hobbs, the Governor's private secretary, with Assistant Secretary of the Interior Jones and Land Commissioner Tallman about 15,000 acres of such land being in Oregon, 1000 of which have been surveyed.

LIQUOR CAMPAIGN WARM

BOTH FACTIONS CREDITED VICTORY AT THE DALLES.

Women Almost Double Number of Voters, but Saloon Men Do Not Fear Result.

THE DALLES, Or., Oct. 30.—(Special.)—With practically everyone in this city debating the prohibition question, speeches by spellbinders on the streets every afternoon, more oratory in the evening at indoor mass meetings, and a flood of literature throughout the city, voters here are in the throes of a real campaign. Never before has such a hot and strenuous battle been waged here. The prohibitionists are confident that the local option election next week will terminate in a "dry" verdict and those who are opposed to prohibition are equally sure that the balloting will be as they would have it go.

HONEST MAN IS FOUND

RECEIVER OF VANCOUVER BANK PROTESTS AGAINST SALARY.

M. B. Kies Thinks \$175 Monthly Is Too Much, in View of Length of Time Settlement Needs.

VANCOUVER, Wash., Oct. 30.—(Special.)—While Vancouver has furnished the meekest man on record—one who paid his children 5 cents each to go to bed without supper and then robbed them during their sleep—it has also come to the front with an honest man, one who asked the Judge of the Superior Court to reduce his salary from \$175 a month to \$125 a month, alleging that this is all the position is worth. The matter is under consideration by Judge Back and probably he will grant the request by M. B. Kies, receiver of the defunct Commercial Bank of Vancouver. Mr. Kies, who was formerly County Auditor, was appointed receiver of the bank, a few months after it failed. At that time it was thought the business of the institution could be wound up in a short time, but the real estate market has been dull and the receiver has a lot of real estate and other property which no one seems inclined to purchase. The deposits of the bank had received 20 per cent of their money and there is no hope that they will receive the balance until after some of the bank's property can be sold.

NAMPA, Idaho, Oct. 30.—(Special.)—Wray over his probable inability to support and care for his future wife committed suicide on the wedding eve. The first of these was to acquire the old Renton line by condemnation, the second to purchase the line at a fair valuation and the third to parallel the line by constructing a new one. Mr. Erickson said today that the question of condemnation has been threshed out and it is conceded that to acquire the road in this manner might involve several years' litigation. Boise basin, has caused widespread speculation and the identity of the company making it has not been made known. The Barber Lumber Company offered \$100,000 for the timber. The mysterious bid of \$100,000 by Edward Snow, a local attorney, on behalf of his client was immediately after the Barber bid and the latter company would not meet it. Both were taken under consideration for 30 days, with the Barber bid, although the lowest, the favorite. The main inducement for the state to place in the timber on the market was because representations had been made to it by the Barber Company that if it secured the timber it would start activity at once at its big mill north of the city, which has been idle for seven years, employs 500 men and invest \$1,000,000 in a railroad from the mill to the Boise basin, where the timber is located, a distance of about 30 miles. The Land Board offered to accept the Barber bid if that company would agree to the deed to the timber being placed in escrow and not released until such a time as the state concluded the company through business activities was intended to proceed with the railroad and opening its mills. After a number of delays the company offered out up a \$5000 cash bond with the state to complete the railroad within three and one-half years, with the state to complete in two years. The Land Board refused to accept the offer. It is now believed generally that the state will not accept the Barber bid, but are further apart than they were before.

PRESCRIPTION AIDS CHRONIC SUFFERERS

Sickness Caused by Impure Blood is Easily Relieved.

Dr. Williams' Pink Pills, a doctor's prescription of many years, are a tonic that have been of the greatest benefit in obstinate diseases caused by impure blood. These pills build up the blood; the restored blood burns up the poisons and normal health follows. In no disease does the blood show more altering and thinning than in rheumatism. No permanent relief is possible until the blood is restored and the rheumatic poisons are cast out. Good digestion is impossible without a supply of rich red blood. When the blood is thin and poor, the food remains undigested in the stomach and ferments, causing gas on the stomach. Dr. Williams' Pink Pills make the blood rich and red and the stomach trouble disappears. Get a box from the nearest drug store. Start the treatment at once. Adv.
