

GOVERNMENT OFFICIALS  
FAVOR EFFICIENCY

Taxpayers Are Told Offices  
Will Be Conducted as  
Survey Suggests.

PURCHASING PLAN LIKED

Systematic Road Work and  
Consolidation of Double Tax  
Collection Method.

All the county officers who met with  
the members of the Taxpayers' League  
in the County Commissioners' office  
yesterday indicated their willingness  
and intention to conduct their offices,  
as far as possible, along the lines sug-  
gested in the survey of conditions in  
Multnomah County.

Criticism of each department of the  
county government, from work up in  
detail, and general improvements of  
conditions promised.

Those who took part in the discus-  
sions were Commissioners Holman,  
Lightner and Hart, County Clerk Coffey,  
Assessor Reed, Auditor Martin,  
Sheriff Word, Dr. E. P. Gentry, Deputy  
District Attorney Hammersley, Treasurer  
Lewis, County Superintendent  
Armstrong, Surveyor Holbrook and  
Joseph N. Teal, George B. Guthrie, L. J.  
Goldsmith, R. L. Gleason, Dr. A. J. Giesy,  
Fred Munkley, C. F. Adams and Leo  
Fried, members of the Taxpayers' League.

Survey Constructive One.

An explanation in his preliminary  
remarks by Mr. Teal, the survey recently  
made public was intended as a  
critical analysis of county administra-  
tive affairs, but a constructive one, in  
which the errors were pointed out by  
Mr. Teal, and a spirit of understanding and  
co-operation between the league and  
the county officials.

The purchasing department recently  
installed by the County Commissioners  
was approved, the needs of more  
systematic road building commented  
on, a better system of record-keeping  
at the county institutions urged, aban-  
doning of county warrants in payment  
of officers' services condemned, the  
union of the Sheriff and Constable's  
offices recommended, the new double  
tax collection methods criticized and  
many minor changes in office detail  
suggested.

The views of the Taxpayers' League  
were presented by George B. Guthrie,  
who acted as chairman of the conference.

Centralization of purchasing was  
strongly recommended, and large sav-  
ings shown to be possible.

More efficient work could be  
accomplished, Mr. Guthrie insisted, if  
progress sheets, showing the work ac-  
complished on each piece of road im-  
provement under way, could be sub-  
mitted each week. Standardization of  
the various styles of road building was  
urged and more detailed estimates of  
what improvements would cost.

Bridge Inspectors to Be Better.

Commissioner Holman said that  
negotiations already had been begun  
between the Commissioners and the  
city authorities looking to a better in-  
spection of the five bridges in Port-  
land.

Better records of production, con-  
sumption and general expenses of  
Multnomah farm were promised.

Superintendent Jackson, of the Mul-  
tnomah Farms, said that he would take  
steps to improve the protection of in-  
mates in case of a fire.

The conference was agreed on the  
advisability of some action which  
would remove the necessity of the  
county employes visiting brokers to  
cash their pay warrants. It was sug-  
gested that the county motorcycle  
policemen be used as paymasters, car-  
rying the warrants to the employes  
camps and money sufficient to  
cash them.

Auditor Martin said that he would  
make changes in his office to comply  
with the suggestions of the Sands ad-  
ministrative code wherever he thought  
his system could be improved on.

Sheriff Word said that he was ready  
and willing to work with the league  
in raising the efficiency of his office  
both as to the records and tax gather-  
ing.

The Commissioners said that the elec-  
trical machinery in the Courthouse  
would be given a high test and if  
possible used in making power for  
Courthouse purposes. A better founda-  
tion must be provided, Superintendent  
Hatchell said, before the machinery  
could be used.

The proceedings were enlivened  
during the morning session when Com-  
missioner Holman said he had not been  
able to secure the information he de-  
sired regarding certain features of  
the county administrative code, and  
that he had supplicated Mr. Holman  
with all the information he had asked  
except a list of franchisees which was  
kept in the clerk's office. Mr. Holman  
retorted that he had requested this list  
of Mr. Martin three times and was glad  
to be advised finally, as to where it  
could be obtained.

PERSONAL MENTION.

E. Knudson is registered at the Car-  
lton at Corvallis.

Miss Lottie Collier, of London, is at  
the Multnomah.

Mrs. Charles Sweeney, of Spokane, is  
at the Portland.

W. L. Flannery is registered at the  
Oregon from Denver.

Mrs. J. L. Kingsbury, of Carrollton,  
Wash., is at the Carlton.

Mr. and Mrs. H. S. Mitchell, of War-  
ner, Or., are at the Portland.

Mr. and Mrs. E. W. Cruikshank, of  
Redlands, are at the Carlton.

John M. Braley is registered at the  
Cornelius from Rockaway, Or.

J. W. Blodgett and J. E. Danaher, of  
Minneapolis, are at the Oregon.

C. W. Hickman, of Tacoma, regis-  
tered at the Portland yesterday.

Mr. and Mrs. Roy A. Tycor, of  
Brownsville, are at the Oregon.

Mr. and Mrs. E. N. Huser are regis-  
tered at the Multnomah from Salem.

H. A. Mackay, a New York cigar  
manufacturer, is registered at the Im-  
perial.

Mr. and Mrs. B. C. Mashburn, of  
Echo, Wash., are registered at the Cor-  
nellius.

where he is a prominent business man  
and rancher, is at the Imperial.

Vivian Gordon and Virginia Rankin,  
appearing at the Orpheum this week,  
are registered at the Multnomah.

Emilio de Gogorza, the famous  
singer, and Henri Gilles, his accom-  
panist, are registered at the Portland  
from Paris.

A. P. Donohue and family have re-  
turned from a trip by automobile  
through California and Arizona, and  
are taken apartments at the Carlton.

Mr. and Mrs. E. N. Strone, of the  
Dallies, are at the Washington. They  
recently made an automobile tour of  
Eastern Oregon. Mr. Strone is an in-  
surance agent.

Among the Oregon people registered  
at the Multnomah are Mr. and Mrs.  
Charles W. Shank, of Wheeler; Mr. and  
Mrs. S. Washburn, of Lebanon; Les  
Lamberth, of Marshfield; Allen F. Clark  
and Guy F. Walker, of Independence;  
E. J. Stewart, of Tillamook.

George M. Brown, prosecuting At-  
torney of Douglas County; Dr. C. J. Laffin,  
of Warm Springs Indian Reservation;  
C. A. Edmunds, a hardware dealer at  
Astoria; W. O'Brien, an Astoria  
Jumberman, and E. A. Dudley, a wheat  
raiser of Athena, are among the Oregon  
people registered at the Imperial.

ELECTRICITY KILLS BOY

WALDON JOHNSON FOUND  
DEAD IN STABLE FROM SHOCK.

Deputy Coroner Sent for Body  
Handles Same Light Without  
Feeling Any Ill Effect.

Frankish electricity early yesterday  
killed one young man and spared an-  
other, though both under similar con-  
ditions touched an electric light con-  
nection on which the insulation had  
been deranged.

Waldon Johnson, 16 years old, a  
driver for Nat. Consensus, contractor,  
working at the head of Sixth street,  
tempted to turn on an electric light in  
the stable of the construction camp  
late Sunday night, and though his  
hands were burned but slightly, was  
almost instantly killed.

Deputy Coroner Setzer, when sent for  
the body, turned on the light to il-  
luminating the stable and escaped with a  
slight shock.

Insofar as the Coroner had been able  
to determine, the Johnson boy, who is  
the stepson of Ben Simkins, of 627 Fifth  
street, went into the stable late Sun-  
day night to feed his horses. His fall-  
ow to be returned to a search and  
yesterday Mr. Simkins found the boy  
lying in the stable under his horses,  
with the pitcher lying across his  
body. An electric light globe, which  
he had evidently been trying to screw  
into the socket, lay beside him broken.

Thinking at first that the boy had  
been electrocuted, Setzer picked up a  
globe and put it in the socket. He  
felt a slight shock, which brought the  
death light might. The death might  
to the boy by the same medium. In-  
vestigation showed electrically burned  
spots on the boy's hand.

The body is at the undertaking es-  
tablishment of Dunning & McEntee. An  
inquest will be held.

NEW PAY SCALE APPROVED

Fire Chief Dowell Says Proposed  
System Better for Employes.

Although there is some complaint in  
the Fire Department regarding the new  
zones and efficiency record system,  
which is to be put in force December 1,  
Fire Chief Dowell says the new system  
will be much better for the firemen  
than the present. Complaint, the Chief  
says, is due to a lack of understanding  
of the plan.

In point of salary the system gives  
the men a better chance for advance-  
ment than at present. A man upon  
joining the service is paid \$120 a month.  
In six months, if he serves efficiently,  
he is raised to \$85 a month. Six months  
later he can advance to \$90 and six  
months later to \$95. A year at \$95 and  
the fireman can advance to \$100 a  
month. This makes it possible for the  
man to secure the maximum salary of  
\$160 a month in two years and a half.  
At present to reach the maximum re-  
quires three years. In the new sys-  
tem a premium is placed upon effi-  
ciency.

Chief Dowell says the system will  
place a premium on hard work and  
courtesy, but that no man who really  
wants to advance can find objection to  
these provisions.

Portland Woman Dies on Visit.

GRANTS PASS, Or., Nov. 3.—(Special.)  
—Mrs. Laura Langell, wife of  
W. Langell, of Portland, died suddenly  
of heart failure while visiting at her  
daughter's, Mrs. W. C. Hale, of this  
city. She was here in Franklin County,  
Missouri, in 1839, and had been visit-  
ing with her daughter but a short  
time. She was apparently enjoying  
the best of health up to the time of her  
sudden death. Five children survive  
her. They are: Mrs. Charles S. Moore,  
of Klamath Falls, and Mrs. Harry E.  
Roster, of Medford; Arthur Langell, of  
Klamath Falls; Harry N. Langell, of  
Portland. Interment will be at Jack-  
sonville.

GOGORZA IS ADVOCATE  
OF EARLY RETIREMENT

Spanish Baritone Says Singers Should Leave Public Life While Voices  
Are Perfect, as Plancon and Jean DeReszke Have Done.

BY JOSEPH M. QUENTIN.

"THE difference between shouting  
and singing artistically in  
modern concert work," said  
Emilio de Gogorza, the Spanish barito-  
ne, in the course of an interview yester-  
day at the Hotel Portland, "is—"  
"Rap-rap-rap, was sounded on the  
door.

"Come in," said Gogorza.  
"Excuse me," said a hotel porter,  
"will you have your trunks brought  
right here to your room at once, we  
suppose they are your trunks. Open  
them, and see? Yes, sir."

"I'm almost sure they're mine," said  
Gogorza, as the baggage expert went  
to work with the keys.

"I once worked in a hotel back East,"  
said the baggage expert, "and the man  
who worked with me by mistake gave  
a 'guy' a trunk belonging to a lady. The  
'guy' thought it was his baggage, and  
I heard Jean de Reszke sing privately  
in my house in Paris, last Summer, and  
these two superb voices were just as  
good as ever. But Jean de Reszke won't  
sing in public any more, because his  
life is over. It is not true that he is  
to re-enter grand opera."

"You want to know about my wife,  
Madame Emma Bames? She is with  
friends in San Francisco, enjoying life.  
She is resting. She will not sing in  
public any more, because she does not  
need to do so. I so advised her. Some  
people with said New England con-  
sciences worry too much about the  
worries in concert life, the strain of  
changes of climate in traveling from  
city to city, etc., and to be saved from  
this worry, when their voices are still  
at their best, is welcome rest! It is enjoy-  
ing life to the full."

Noted Examples Cited.  
"Of Plancon and Jean de Reszke retired  
from singing professionally in public  
before they were too old. I heard  
Plancon sing not so very long ago, and  
I heard Jean de Reszke sing privately  
in my house in Paris, last Summer, and  
these two superb voices were just as  
good as ever. But Jean de Reszke won't  
sing in public any more, because his  
life is over. It is not true that he is  
to re-enter grand opera."

Simple Ballad Declared Best.  
"The best of concert work today  
is the mere shouting," said Gogorza,  
going back to the subject matter of our  
conversation. "The shouter thinks that  
he, or she, without much training, can  
win out as a concert artist, by a trick  
of personality. Everything depends on  
the shouter's delivery of one big note,  
invariably at the end of a song, and  
that often wins the applause. The real  
test of a vocalist comes when he sings  
a simple ballad, when every note sung

BIG MAJORITY HOPE

Bridge Committee Urges Every  
Voter Out Today.

VICTORY IS NOT DOUBTED

Headquarters Will Be Kept Open  
Until Result of Vote on Bond  
Issue Known—If Passed Cel-  
ebration Will Follow.

APPEAL MADE TO VOTERS.

The campaign committee for the  
interstate bridge across the Multnomah  
river in Multnomah County who are  
friendly to the bridge movement  
make it a point to go to the polls to-  
day and cast their vote in favor of  
the bond issue for the Multnomah  
County's share of the bridge fund.  
Clark County has already voted  
bonds for its share, and it is de-  
sired to bring out as great a popu-  
lar vote as possible in behalf of the  
measure on this side of the river.

Feeling that good work has been well  
and thoroughly done, the interstate  
bridge committee closed last night its  
campaign in behalf of the bond issue  
for Multnomah County's half of the  
funds for the proposed bridge, leaving  
the matter in the hands of the voters  
which has had an opportunity in the  
past six weeks to become familiar with  
the measure and with perhaps no other  
measure on the ballot.

Every part of the county was covered  
by the members of the committee and  
the sub-committees which volun-  
teered their services in behalf of the  
bridge. To the activities of the Mult-  
nomah County men and women were  
added the efforts of the Vancouver  
committee, which successfully carried  
through the campaign for Clark County.  
More than 150 such sub-committees  
speakers from Vancouver appeared  
at scores of meetings in Multnomah  
County. All of the material and sta-  
tistics which have been used in the  
campaign in Clark County were placed  
at the disposal of the Multnomah County  
campaign committee.

Labor, fraternal, commercial  
and agricultural organizations were  
enlisted in the movement. Practically  
without exception they gave their in-  
dorsement to the measure and ap-  
pointed committees to assist the inter-  
state bridge committee in the cam-  
paign. More than 150 such sub-com-  
mittees were appointed, making a total  
membership of between 600 and 700 in  
the general campaign organization.

As a result of the campaign there is no  
doubt in the mind of the measure car-  
ried by a big majority at the elec-  
tion. The body is at the undertaking es-  
tablishment of Dunning & McEntee. An  
inquest will be held.

HARRISBURG, Or., Nov. 3.—(Special.)—The referendum measure to be  
voted on tomorrow has received little  
notice in this vicinity. They have been  
overshadowed by the local liquor war.

For the past year Harrisburg has  
issued a campaign favoring the  
establishment of the open saloon. Two  
saloons have been doing business since  
January 1st.

The prohibition forces have been ac-  
tive all year, and in the past two  
months meetings have been held al-  
most daily. Among these was one Sun-  
day night conducted by a number of  
the leading business men of Albany.

The outcome will depend on the way  
the women vote. That the "wots" fear  
the result of the enlarged electorate  
is shown by the vote last Fall on

woman suffrage. The majority here  
against votes for women was about  
the same as that in favor of the saloon.

SURVEYORS BREAK CAMP.  
INDEPENDENCE, Or., Nov. 3.—(Special.)—The party of 11 surveyors which  
was camped on the Ireland walnut  
ranch south of the city for the last  
month returned to Vancouver Barracks  
Saturday. It was a Government party,  
obtaining information for the use of  
the War Department and was under  
the command of Lieutenant Parker. The  
engineers made a topographical map of  
the valley.

Triplet now has a population of 57,000,  
which has been begun in 1814.

ROSEBURG MAN CUT BY FLYWHEEL.

ROSEBURG, Or., Nov. 3.—(Special.)  
—J. G. Hollace, well known here, sus-

DRINKER GETS LONG TERM

Man Intoxicated on Train Given  
Twenty-five Days.

Twenty-five days on the rockpile,  
the longest sentence ever given in Municipal  
Court to a man charged with in-  
toxication, was imposed yesterday on  
John Daniels, who was charged with  
Agent Keller of the Spokane, Portland  
& Seattle Railway, arrested on a Port-  
land-Astoria train Saturday night.

Whenever a case of this kind, in  
which drunkenness on a train disturbs  
the passengers and annoys the women,  
comes before me, I am going to give  
the maximum penalty under the law,"  
said Judge Stevenson in delivering sen-  
tence.

This is one case where the intoxi-  
cated person hurts others than himself.  
The simple fact of a man's intoxication  
on a train, where it is practically im-  
possible for fellow-passengers to avoid  
him, is sufficient in itself to require  
drastic punishment.

Warrants for the two men who es-  
caped from Keller's grasp in Franklin County,  
four drunken men into the Portland  
police station Saturday, will be sworn  
out at Houton today by a special agent  
of the road, which has begun a cam-  
paign to rid its road of intoxicated pas-  
sengers.

WOMEN MAY SHUT SALOONS

Liquor Question Overshadows Refer-  
endum in Linn County.

HARRISBURG, Or., Nov. 3.—(Special.)—The referendum measure to be  
voted on tomorrow has received little  
notice in this vicinity. They have been  
overshadowed by the local liquor war.

For the past year Harrisburg has

A Six-Months' Crusade Against  
Pains, Aches and Soreness

Against Sore Throat, Bronchitis, Tonsilitis,  
Croup, Stiff Neck, Asthma, Neuralgia, Head-  
ache, Congestion, Pleurisy, Rheumatism, Lum-  
bago, Bruises, Chills, Frosted Feet, Colds  
of the Chest.

We have maintained the MUSTEROLE  
crusade for the past few years throughout most  
of the United States with wonderful results.  
As fast as we could we have gone into new  
sections, lifting the burden of pain from thou-  
sands.

We come to your section now to tell you  
all about MUSTEROLE—the magic oint-  
ment—the clean, pure, white ointment that  
does all the work of the old-fashioned mustard  
plaster without the discomfort and without the  
blister.

MUSTEROLE means mustard oil com-  
bined with other simples used in home  
medicines. Millions of jars are sold annually.  
It is used in hospitals and in thousands of  
homes and is frankly recommended by nurses  
and doctors. Ask your physician about it!

MUSTEROLE has a delicious, comfort-  
ing, soothing effect. You simply rub MUS-  
TEROLE on briskly and the pain is gone.

MUSTEROLE is so penetrating that it  
enters the pores at once—stops the sharp  
twinges—brings ease and complete relief—  
and breaks up the congestion. Many use it to  
prevent pneumonia.

Mustard has been a family remedy for cen-  
turies. MUSTEROLE is what Twentieth  
Century science has made of the remedy that  
your mother and grandmother depended on.

Thousands who have used MUSTEROLE  
will gladly tell you what wonderful relief it  
brings.

We are going to tell you twice a week in  
this paper, for months to come, all about MUS-  
TEROLE.

At your druggists in 25c and 50c jars, and  
a special large hospital size for \$2.50.  
Accept no substitute. If your druggist can-  
not supply you, send 25c or 50c to us and we  
will mail you a jar postage prepaid.  
We constantly receive hundreds of testimo-  
nials from doctors and nurses.

THE MUSTEROLE COMPANY, Cleveland, Ohio

"Am recommending your Musterole to my  
patients every day."—DR. J. P. PREY, CHI-  
CAGO.  
"I think Musterole is fine to rub on anywhere.  
Where there are occasions to use mustard in any  
form, Musterole is much better. In every respect  
it is a more reliable remedy. I shall now keep it  
on hand for ready use at any time."—J. G.  
EMERY, M. D., South Waterborough, Maine.

"A skin you  
love to touch"  
Why it is so rarely found

A skin you love to touch is rare be-  
cause so few people really understand  
the skin and its  
needs. Begin to-  
day to take your  
skin seriously.  
Learn what you  
can and can-  
not do for it.  
Woodbury's  
Facial Soap is  
the work-  
ing out an  
authority on the  
skin and its needs.
