The Panama Development Company was represented as owning the tract, but the Government declares it did not.

He also asserted that Lyman had represented himself as the authorized agent of the Panama Government.

GOVERNOR MAKES DENIAL

Statement Made Secretary of Printing Board Not Indorsed.

SALEM, Or., Nov. 4.—(Special.)—Governor West today made the following statement regarding his attitude toward W. M. Plimpton, secretary of the State Printing Board:

"Referring to the protest of the Multnomah Typographical Union against the appointment of Mr. Plimpton as secretary of the State Printing Board, I wish to say that the impression which has been given out through the press that I had indorsed Mr. Plimpton is erroneous. I have never indorsed him, but in the interest of harmony in the Board I have simply been keeping my hands out of this affair."

"Mr. Plimpton did not owe his appointment to me, but since he received the appointment I have felt that the public interests demanded that he be not embarrassed in his work by any lack of co-operation on my part. In view of this I have assisted him every way possible and will continue to do so as long as he is in office."

"My reason for opposing him in the start was upon other grounds than those which he is now being attacked. Because I do not deem it in the public interest to join in the attack now being made upon him is no reason why I should be enlisted as one of his indorsers and supporters. He and his friends must fight their own battles. I have troubles of my own."

There are four applications in for the two routes, but none has been accepted so far.

This plan makes a pint of better cough syrup than you could buy ready made for \$2.00. A few doses usually conquer an ordinary cough—relieves even whooping cough quickly. Simple as it is, no better remedy can be had at any price.

Mix one pint of granulated sugar with 2 1/2 pint of warm water, and stir for 2 minutes. Put 2 1/2 ounces of Pinex (fifty cents' worth) in a pint bottle; then add the Sugar Syrup. It has a pleasant taste and lasts a family a long time. Take a teaspoonful every one, two or three hours.

You can feel this take hold of a cough in a way that means business. Has a good tonic effect, braces up the appetite, and is slightly laxative, too, which is helpful. A handy remedy for hoarseness, spasmodic croup, bronchitis, bronchial asthma and whooping cough.

The effect of pine on the membranes is well known. Pinex is a most valuable tonic compound of Norwegian white pine extract, and is rich in guaiacol and other natural healing pine elements. Other preparations with this work in this combination.

This Pinex and Sugar Syrup remedy has often been imitated, though never successfully. It is now used in more homes than any other cough remedy.

A guaranty of absolute satisfaction, or money promptly refunded, goes with this preparation. Your druggist has Pinex, or will get it for you. If not, send to the Pinex Co., Ft. Wayne, Ind.

NEW CHURCH IS DEDICATED

Dream of Christian Pastor at Baker Is Realized.

BAKER, Or., Nov. 4.—(Special.)—One man's dream was realized when the Christian Church was dedicated Sunday, Dr. G. E. Williams, an evangelist, came to Baker several months ago and found a little congregation

The church is now completed and the dedicatory service has been held. Dr. Williams conducted this service and by an appeal to three big audiences, he obtained pledges of more than \$5000. The church property is valued at \$3000 and is without incumbrance, leaving the \$5000 as an endowment fund.
