

EXPORT PRICES UP

Ten-Cent Advance Is Announced by Millers.

NO CHANGE IN PATENTS

Steady Advance in Wheat Follows Reduction in Steamer and Sailing Ship Freight—Farmers Are Not Selling Freely.

There was an advance yesterday of 10 cents a barrel in export flour prices, as a result of the higher wheat market.

Although wheat buying has slowed down the market continues firm. All the dealers are picking up a little, but selling is not free. There may be some loosening up by growers before the holidays, but at the present time sellers are demanding full prices.

There is not much in the latter count, but local conditions in the coast markets, domestic flour quotations are unchanged.

Local receipts in cars, were reported by the Merchants' Exchange as follows: Wheat—Barley Flour Oats Hay Monday 101 9 27 7 39 Tuesday 44 4 6 1 13 Wednesday 67 6 11 3 17 Year ago 69 13 18 10 1233 Season to date 1507 1311 879 863 1064

WOOL TRADING ACTIVE IN EAST

Manufacturers Interested, Although Freely November continues to make a fairly good showing in the movement of domestic wool at Boston, according to advices just received by mail. It is estimated that the sales for the week aggregate in excess of 4,000,000 pounds, which is a very good turnover, considering the average so far this season.

A slow strengthening of values is noticeable, domestic wool apparently being in a healthy condition. Manufacturers continue to show considerable interest, although the date of free wool, which means so much, is fast approaching.

In the movement of territory wool the past week, a good proportion of graded lots is noted. These include 40,000 pounds three-eighths blood Wyoming, 15,000 pounds a similar amount of the same kind at 18 cents; 100,000 pounds Nevada fine clothing, at 13 cents; 100,000 pounds Montana three-eighths blood, at 21 cents; 100,000 pounds Montana fine clothing, at 17 to 18 cents; 60,000 pounds Montana fine staple, at 19 cents; about 50,000 pounds Montana clothing, at 19 cents; approximately 60,000 pounds Montana fine clothing, at 17 cents; 100,000 pounds Wyoming fine clothing, at 14 cents; 100,000 pounds Montana fine staple, at 19 cents; 150,000 pounds Montana half-blood staple, at 20 1/2 cents.

Transactions in original bags are less conspicuous, but some substantial lots have been noted. Sales are noted of 50,000 pounds Utah, at 14 1/2 to 15 1/2 cents; 25,000 pounds New Mexico, at 15 1/2 cents; about 180,000 pounds Montana at 13 to 14 cents; and 150,000 pounds Montana, at an estimated scored coat of 47 cents.

CLEANUP OF TURKEYS IS IMPOSSIBLE

Front Street Carries Over Large Quantity, Owing to Excessive Supply.

The turkey market closed as it opened, over-supplied and weak. One or two lots on the street cleaned up their stock, but the others carried over supplies of various sizes. Not many choice turkeys were on hand when business closed, but the surplus of culls was heavy.

Priees of course, were slashed right and left to keep things going. Sales of choice turkeys were made at \$2.00, 100,000 pounds at 23 and 24 cents, but late in the afternoon this class of birds was offered as low as 20 and 21 cents. Records sold for what they would bring. Culls were offered at 15 cents to clean up.

Other dressed poultry was also very weak. Green geese sold at 12 to 15 cents and clean up. Ducks were quoted at 15 to 17 cents.

Live poultry receipts were large, but there was absolutely no demand, and no effort was made to move the stock.

Dressed meats and eggs were steady at current quotations. Butter and cheese were unchanged.

DUNDEE HOFS BLING OVER 23 CENTS

Steady Business Is Reported in the California Market.

Hops are being taken off the market in a steady way, although the Western market is called active. There is no pressure to sell, and the undertone of the market is good.

The Hill & Prince lot of 158 bales at Dunsmuir was sold yesterday. The exact price of the bales at 22 cents, over 23 cents. Oscar Waldner has bought the Western market lot of 175 bales at North Yamhill at 22 cents.

A California wire reported the purchase by Wolf & Nettler of the Howell & Brown lot of 140 bales at 22 cents. Dr. Howell sold 180 bales to the Thimmins at the same price. The Sacramento market offers 205 to 21 cents were made for the poorest grades. A one-year contract, calling for 2000 bales yearly, was made by the States Wire Rope Company.

BANANAS DIVERTED BY WRONG ROUTE

Shipment Due Yesterday Will Not Be in Until Today.

Five cars of bananas were due over the northern route yesterday, but by some one's mistake the cars were sent via Tacoma, instead of being diverted at Pasco. The market was therefore almost bare of bananas, which were badly needed. The shipment will arrive today.

A shipment of California Emperor grapes was received and put on sale at 2 1/2 a crate. Medium grades from Grants Pass were quoted at \$1.75 a crate. Choice and extra demand for oranges.

A car of fine Northern California celery was received and offered at \$4 a crate.

PRICE DROP SLIGHT

Dull and Narrow Market for Wall-Street Stocks.

CALL - MONEY RATE HIGHER

Another Large Shipment of Gold to Canada, Which Brings the Total of the Movement to Over Ten Millions.

NEW YORK, Nov. 26.—Prices dropped slightly today in a dull and narrow stock market. The upward spurt of yesterday appeared to have exhausted the buying power of the market, which fell back into a condition of stagnation.

Money market conditions tended to restrict speculation. The heavy outflow of money continued, with large shipments of gold to Canada, which fell back into a condition of stagnation.

Call money rate to 5 per cent in response to the outward movement of funds and preparation for interest and dividend payments on December 1. At the close of November last year, call money advanced to 2 1/2 per cent.

Reports from the steel trade again were pessimistic. Prices were irregular, with noticeable pressure on United States 5 1/2 per cent bonds, but values of United States bonds were unchanged on call.

WHEAT EASES OFF

European Markets Ignore Recent Chicago Advance.

LAST PRICES ARE STEADY

Selling Pressure Is Light, Owing to Holiday Today—Harvest Advices From Argentina Are Conflicting—Argentine Grains Weak.

CHICAGO, Nov. 26.—Wheat eased off a little today, European markets having virtually ignored the recent advance in futures on this side of the Atlantic. Latest prices were steady at a shade to 1/4 cent decline. Corn closed unchanged to 1/4 cent lower. Oats fell 1/4 to 1/2 and provisions varying from a setback of 50 to a rise of 3/16.

Because of the holiday tomorrow, there was not a great deal of selling pressure in wheat, and values did not recede far. Harvest advices from Argentina were conflicting, dispatches early in the day telling of favorable conditions, but later mentioning rain in the northern districts and referring to a drought of frost.

Weather hardened the corn market, but prices afterward sagged because pit demand was slack.

Discouraged speculative holders of oats liquidated.

Provisions tightened up after early weakness, but by noon trading was brisker. Higher prices for hogs were largely responsible for the rally.

CITY WARRANT STOLEN

Name of Battalion Fire Chief Young Forged on Check.

Theft and forgery of a city warrant for \$175 payable to Battalion Chief Young, of the fire department, has caused a stir at the City Hall. The city's best detectives have been assigned to ascertain how the warrant disappeared from the office of City Auditor Harbur and who forged the name of Chief Young and cashed the check at a store on the city side.

The theft and forgery were unearthed when Chief Young asked for his pay warrant and discovered that it had been taken and cashed by some person whose identity is unknown as yet. The warrant was made out as usual, by W. H. Warren, the Mayor's secretary, and was sent to the Auditor's office for presentation to Chief Young.

After the warrant was cashed it was taken to the City Treasurer for payment with the name of Chief Young forged on the back. About this time the theft and forgery were discovered. A good description of the man who cashed the check has been secured and it is expected an arrest will follow.

THREE MAY BE DISBARRED

Multnomah Bar Association Committee Makes Investigation.

Conduct of three attorneys of the local bar will be investigated by the grievance committee of the Multnomah Bar Association and if conditions are found to warrant it, disbarment proceedings will be begun.
