Balfour, Guthrie & Co. Submit Low Tender on Lumber.

Criticism Made of Portland Mer chants Because Fuss Is Started About Right to Bid and Then Few Accept Advantage.

**GOVERNMENT TRADES HERE** 

Good fortune rather than commercial for when bids were opened for the order at the office of Colonel Yates yesterday, Baifour, Guthrie & Co. was the lone representative of the lumber industry here as far as the whole amount was concerned, though the Herbert Anderson Company offered to furnish small parcels. Three bidders on Puget small parcels. Sound were above the Portland price

The Herbert J. Anderson Company bid on 19,000 feet of red clear cedar and on a small lot of white pine.

Bids were opened here recently for hay and cats for Manila and one of two firms to bid was awarded a contract for delivering 1500 tons of oats, while on Puget Sound there were more numerous bids. The Portiand office of the Quariermaster Corps, as well as Wassington officials, were requested to arrange calls for tenders on supplies so that firms here would have an equal opportunity with those of other cities on the Pacific Coast, and the apparent indifference of some has brought forth caustic comment on the attitude displayed after such a fuss about equitable recognition.

It is known that purchases of supplies, other than grain and lumber, are haired marked to the content of the component of the activated in Portiand by the Gov.

plies, other than grain and lumber, are being made in Portland by the Gov-ernment to a large extent, because bet-ter prices are obtainable than on Puget Sound, and when lumber and forage business is to be had here as easily, it is argued that Portland plants should at least make an effort to draw the

BEAR RIDES OUT BIG GALE

Officers Spring the Latest in Fish Stories on Coast.

Rough weather that has swept the Const for a week was experienced by the steamer Bear on her trip from Call. fornia, which ended here at 3:30 o'clock yesterday afternoon, but other than in-creasing the seasick list the ship's offi-cers reported no ill effects. There were nearly 200 passengers and an average cargo, including a horse that stood the journey better than some of the cabin

travelers.
One incident reported as having transpired off Point Sur was a collision with a basking shark, the length of which the officers place at 35 feet. Some guessed his weight as 15 or 20 tons. Then again they declars the inpatriotism won first place for Portland in competition for the delivery of 4,148,-386 feet of lumber to the Government, for when bids were opened for the order ster.
