WOMEN TO MEET TODAY

DAUGHTERS OF REVOLUTION WILL HAVE BUSY SESSION.

Patriotic Programme of Music and Addresses and Reception Tonight
 Features of Conference.

Beginning at 10 o'clock today and closing with a reception tonight, the first annual session of the Oregon Conference, Daughters of the American Revolution, will be a busy series of sessions today. The business and social features of the meeting will be held at the Multnomah Hotel.

Following the singing of "The Star-Spangled Banner" at the opening of the session, and other patriotic and business numbers, a luncheon will be served at 12:30 o'clock today.

Mrs. John F. Beaumont, state registrar, will preside at the opening of the session, and other officers of the state conference are: Mrs. James M. Davis, vice-president; Mrs. William D. Scott, recording secretary; Mrs. R. S. Spearman, corresponding secretary; Miss Eleanor E. Gile, treasurer; Mrs. W. C. Witzel, historian; Mrs. E. G. Titus, auditor; Mrs. W. E. Newsome, consulting registrar.

ROAD BIDS ARE INVITED

COUNTY COMMISSIONERS ASK COST OF VARIOUS MATERIALS.
 Contractors Urged to Set Forth Nature of Hardsurfacing They Advocate for Base Line Highway and Price.

Bids by as many contractors as care to be heard, setting forth the nature of the hard-surface road they advocate and the cost of construction, were called for yesterday by the County Commissioners. The order of the board, as passed, called for bids for hard-surfacing the Base Line road from the city limits to the top of the hill west of the Sandy River, but the bids submitted will be considered in selecting material for unit hard-surfacing to be done by the county.

The Commissioners hope to have specifications submitted on every material used in hard-surfacing roads, including compositions of any nature, brick, wooden blocks and any other material. Along with the bids and specifications, each contractor must advise the Commissioners for what period he will guarantee the road, in addition to the regular maintenance bond he would be required to give if he were awarded a contract.

Maps of the assessment district for the Base Line road from the city limits to Ninety-second street to the Sandy River, the first unit of the Portland-Chanticleer road, have been completed by draughtsmen in Roadmaster Yeon's office, and it is probable that an order declaring the intention of the Commissioners to hard-surface the road will be passed at an early date.

Roadmaster Yeon left yesterday for Bridal Veil to complete arrangements for the installation of Camp No. 4, on the Columbia River highway, which will be established at that point. Each of the four camps will employ about 100 men.

Use of Cruiser to Be Asked.
 A request is to be made to Secretary of the Navy Josephus Daniels by the Oregon Naval militia for the use of one of the United States cruisers for the annual cruise of the naval militia during the coming Summer. Adjutant-General Finzer sent a telegram to Governor West in Washington, D. C., yesterday asking him to confer with Secretary Daniels on the subject.

PREMIUM LIST DUE SOON
 Multnomah Fair Directors Arrange for Next Exhibition.

At the meeting of the directors of the Multnomah County Fair Association Monday afternoon at Gresham it was decided to print the premium list in about two weeks. Special premiums of \$250 are to be offered at the schools of Portland and the county for vegetables, flowers and fruits.

A special committee was appointed to elect G. M. Plummer a director of the fair association, if he will accept the place.

A special committee, of which H. A. Lewis, president of the fair association, was made a member, was authorized to confer with the County Commissioners in regard to the proposed exhibit at the State Fair.

New superintendents named are: Horticulture, E. J. Jenner; milk test, R. P. Raamuseen; refreshments, F. H. Crane; agriculture, J. W. Townsend; floral, R. W. Gill; livestock, H. G. Mullenhoff; juvenile, Theodore Bruger; art department, Mrs. E. L. Thorpe; O. M. Evans, of the Portland gardens, offered to make an exhibit of school products, which would be placed on for improving the fairgrounds were considered.

AUDITORIUM SOON TO RISE
 Commission to Start Real Work on Market Block Site.

In the absence of a suit to determine the right of the city to use the Market block as an auditorium site, the City Commission is planning to proceed with the construction. Commissioner Brewer said yesterday that arrangements are being made for J. H. Freidlander, architect, to revise the plans for the building to cover one block instead of 2 blocks and a hall, as planned originally. Preparations are being made for awarding contracts.

10 OF 94 SCALES UNTRUE
 Sealer of Weights and Measures Reports Results of Tests.

Of 134 scales, weights and measures inspected and tested by County Sealer of Weights and Measures Tomasi, 129 were accurate, according to a report submitted to the County Commissioners yesterday. The tests made have been confined to Linnton, St. Johns, Burlington and Hoxo.
