L. M. LEPPER AND OTHERS PLAN TO ATTACK LOCATION.

Action Likely to Be Begun in Circuit Court for Injunction Against Using Market Block Site.

It is probable that a friendly suit will be filed in a few days by L. M. Lepper and other residents of the East Side to determine whether or not it is legal for the city to build an auditorium on the Market Block site.

If we can agree with City Attorney LaRochelle to the fact that apply in this case, said Mr. Lepper yesterday, "we will file suit in the Circuit Court within the next few days restraining the city from using the Market Block for auditorium purposes on the ground that the location was dedicated with the specific understanding that it would be used for market purposes."

It is understood here that Fred Zimmerman, general freight agent of the Indiana Harbor Belt Line and the Chicago, Indiana & Southern Railway, will succeed Mr. Newman. Mr. Zimmerman is well known to all railroad men in Portland, who are rejoicing at his prospective advancement.

City Commission Takes Up Matter of Rental of Right of Way by Street Railway Company.

Either a short-time franchise or a revocable permit to operate streetcars over the bridges of the city at the flat rate of 3 cents for each car is to be granted the Portland Railway, Light & Power Company. This was decided yesterday at a meeting of the City Commission at which Commissioner Daly asked that the matter of bridge rental, which has been hanging fire for many years, be taken up and settled.

RAILROAD BELLS BRING PROTEST.

Complaints against unnecessary ringing of the rotary bells on the new interurban electric trains of the Portland, Eugene & Eastern line on Fourth street caused Mayor Albee to write to officials of the company yesterday asking them to instruct the men in charge of the trains to ring the bells less frequently. It is said the bells are rung when it is not necessary and people are disturbed unnecessarily thereby.
