FAMOUS MANSION REVERTS

Five Millions, Which Go to Cornelia Vanderbilt, Are Trust Fund Held Under Grandfather's Will Until She Is 25.

NEW YORK, March 12.—The will of George H. Vanderbilt, as filed for probate here today, leaves his entire estate, estimated at \$20,000,000, to his widow and only daughter, Cornelia.

Paintings and Books Included. Mr. Vanderbilt's valuable collection of paintings and books in his residences at Biltmore, Washington and Bar Harbor, go to his wife and daughter, who receive these estates.

The famous Vanderbilt mansion at the corner of Fifth avenue and Fifty-first street, New York, was the property of George Vanderbilt until his death in 1894. The house, which is valued at \$1,500,000, was built by William H. Vanderbilt and by the terms of his will reverts to Cornelia Vanderbilt, George's nephew. For the last nine years the house has been leased to Henry C. Frick. It contains paintings and art objects valued at more than \$1,000,000, which go with the house.

Biltmore Goes to Cornelia. Minor bequests providing annuities aggregating \$5000 a year are made in favor of certain relatives. There are no public bequests.

Biltmore, Mr. Vanderbilt's world-famous estate in North Carolina, is left to Cornelia, who is now 12 years old. Mrs. Vanderbilt's will was made at Bar Harbor, Me., the home in Washington, \$250,000 in cash, a life interest in a trust fund of \$1,000,000, which she may dispose of at her death as she sees fit, and part of the real estate in North Carolina, known as Pisgah Forest, containing about 80,000 acres, together with the contract for the sale of timber thereon, estimated to produce about \$50,000 a year. These bequests to Mrs. Vanderbilt are made in lieu of dower.

OFFER OF TAX REJECTED

Lane County Refuses Tender of Willamette-Pacific Company.

EGGENSE, Or., March 12.—(Special.)—William Colvig, tax and claim agent of the Southern Pacific Company, today tendered County Treasurer Taylor a check for \$66,667 in full payment of taxes on personal property owned by the Willamette-Pacific Railroad in Lane County. The check was refused as insufficient, as the taxes levied amount to more than \$10,000.

Agents of the company appeared before the Board of Equalization and asked that the reduction be made, basing the request on the fact that the State Board of Tax Commissioners has ruled that Lane County property is assessed at 65 per cent of its true cash value, and the company claimed that the value set by the Assessor was the true value, and therefore unduly large. The request was denied at that time.

ARMY CUTTING CLUBS FOR WEAPONS

Sheriffs Plan to Divide Men Into Bunches Ready for Deportation.

BRIDGES TO BE GUARDED

Manifesto From Camp Meanwhile Demands Release of Members From Jail—Authorities Regard Danger as Passed.

SACRAMENTO, March 12.—The deserter from the "army" of the unemployed, who slipped through the sentries guarding the Sacramento side of the river, brought word tonight that the men are fashioning clubs from the firewood given them and will meet force tomorrow with force. Pick handles were employed against them in the last battle which ended in their rout.

The "army" has been told it must disperse. It is said if they are willing to scatter peacefully in bands of not more than 50, the citizens' committee of Sacramento will permit them to go to any point within a radius of 50 miles. They will not be permitted to march in a mass anywhere to any point of the state if they are not willing to disband, the authorities will be forced "to take other measures."

Army Pleads for Time. Just what these "other measures" will be remains for the event to announce. The authorities believe so long the two factions of the army originally under General Kelley and Major Thorne, replied that they could come to no decision before tomorrow noon. Further, they were not authorized to assume authority by the mass meeting which had instructed them.

Speaking for the associated Sheriffs and District Attorneys of Sacramento, Yolo, Solano and Contra Costa counties, E. W. Armfield, attorney for the West Sacramento Company, on whose behalf the sheriffs are acting, declared that he would deliver the communication as it had been given him, but that he gravely doubted whether it would be accepted.

Roughly, the action decided on for tomorrow is to "cut out" bunches of 20, 30 and 50 men, as cowpunchers cut out bunches of cattle, herd them to the railroad tracks and bundle them into cars. Firemen, policemen and Deputy Sheriffs will guard the bridges across Sacramento, but the work of the work will fall on Deputy Sheriffs from Yolo and Sacramento counties, working in alliance.

A manifesto from the publicity committee of the army, delivered to the newspapers, took a tone at once more positive and in better accord with the answers of the men to individual questions.

"We, the army of the unemployed," runs the manifesto of the publicity committee, "camped in Yolo County, have united our forces and determined to stand firm in our demands that all our men are released from jails and penitentiaries and that we get transportation East. If those demands are refused, we absolutely refuse to move from our present position."

Militia Returns Home. Apparently danger has passed. At Governor Johnson's behest, so far Adjutant-General Forbes ordered the return tonight of four companies of National Guardsmen from Stockton, Woodland, Chico and Oroville. A guard of four men from each company was left at the state arsenal. News that the army at Woodland had been entered and 12 rifles and a quantity of ammunition stolen kept the police on the alert tonight.

That dynamite was sent here last night from San Francisco is believed by Federal, state and city officials. To whom or where it was diverted has not been discovered and it has been put to no use.

Governor Johnson, speaking before the Ad Club today, praised the Sacramento officers for their courage in routing the army and upheld them in their treatment of the unemployed. "We are considerably interested here in view of certain speeches of Professor Carl Parker, of the University of California, criticizing Sacramento by implication."

Man Fined at Lafayette. LAFAYETTE, Or., March 12.—(Special.)—W. C. Lish, baggage man on a Southern Pacific passenger train, was fined \$50 here Tuesday by Justice of the Peace Olds for kicking J. C. Comley, station agent, in the face and breaking his glasses. Lish was returned from Portland to be tried.

sin territory, a contrast to the Government bounties and guarantee of bonds which in the pioneer days of the West were used by the Federal Government to encourage railroad building.

"Special" Case Asserted. Today's law had a comparatively short history, though the subject has been agitated for many years. Early last year Secretary Lane gave his indorsement to the bill and obtained the support of the President to make it an Administration measure.

Administration leaders in Congress made it clear during the debate that followed that the bill was not to be construed as an indorsement of the principle of Government ownership of railroads, but was intended to fit a special case and bring to Alaska private capital and people who would develop its resources.

CAPTAINS MADE KNOWN

H. A. CIRCLE AND C. A. INSKEEP TO GET POLICE PLACES.

Board's Refusal to Credit Recommendations of Chief Clerk Virtually Eliminates L. V. Jenkins.

H. A. Circle and C. A. Inskeep are to be permanent captains of police to take the places of Harry Riley and A. E. Slover, who were discharged recently by Mayor Albee. This became certain yesterday, when the Municipal Civil Service Board refused to allow Chief of Police Clark to make recommendations for the men who took the recent examination.

In the examination 10 points were allowed for recommendation. Chief Clerk recommended only C. A. Inskeep and Leon V. Jenkins, giving the others no recommendation. Mr. Schmitka was the Civil Service Board decided that this was unfair and therefore threw out the points given Inskeep and Jenkins on recommendation. This placed Harry Circle and C. A. Inskeep on the list, Inskeep second and Jenkins third.

Mayor Albee has said he would appoint the first two men on the list, whatever they happened to be. There was some talk of Chief Clark being permitted to recommend all applicants for the position, but this was considered by the Board to be unfair, inasmuch as the standings of the men are known in the rest of the examination and with 10 points leeway the chief practically could control the appointments.

FARM SOCIETY IS FORMED

Verboort Residents Cheer Suggestion for Recall of County Court.

BANKS, Or., March 12.—(Special.)—The Verboort farmers have organized a local branch of the Farmers' Society of Equity. The organization is receiving opposition from the storekeepers in the nearby towns. The Verboort officers are: President, Anton Hermens; vice-president, F. E. Lahaie; secretary and treasurer, W. A. Vanderfeld.

The local was organized by John Schmitka, of Mountsindale, one of the state officers. He pointed out that, in addition to buying and selling direct with the manufacturer, the society could also be made a vehicle for the redress of grievances in the matter of burdensome taxation of which the farmers throughout the county were bitterly complaining. Mr. Schmitka was applauded when he said the County Court in Hillsboro ought to be recalled.
