Grand Duke's Armies in Caucasus Reach Dominating Heights and Fall of Turkish Stronghold Is Early Expected.

LONDON, July 25.—The battle on the Somme front, which began Saturday at midnight and has continued since with brief lulls, is still being engaged in by British and Germans with the utmost stubbornness.

Advices from the eastern front today are meager, but the Russian Grand Duke's troops gradually are closing in on Erzincan, the most important base and military position of the Turks in Asia Minor.

PETROGRAD, via London, July 25.—The Russian operations against the Turks, which lately have been overshadowed by the more sensational offensive on the Western front, now are claiming general attention.

Advances Made From Three Points. The Russians, after having steadily withstood most energetic counter-offensives without weakening, now are pressing forward in three directions.

The new points mentioned as having been occupied by the Russians possess every natural advantage for defense, and the Turks made the most persistent efforts to hold them.

Combination of Cluster and Single Unit Types to Be Used.

BAKER, Or., July 25.—(Special.)—Compromising on the question of whether single unit or cluster lights should be used for the ornamental illumination of the principal business section of the city, the merchants' committee of the Baker Commercial Club decided today on a lighting system combining the best features of the two types.

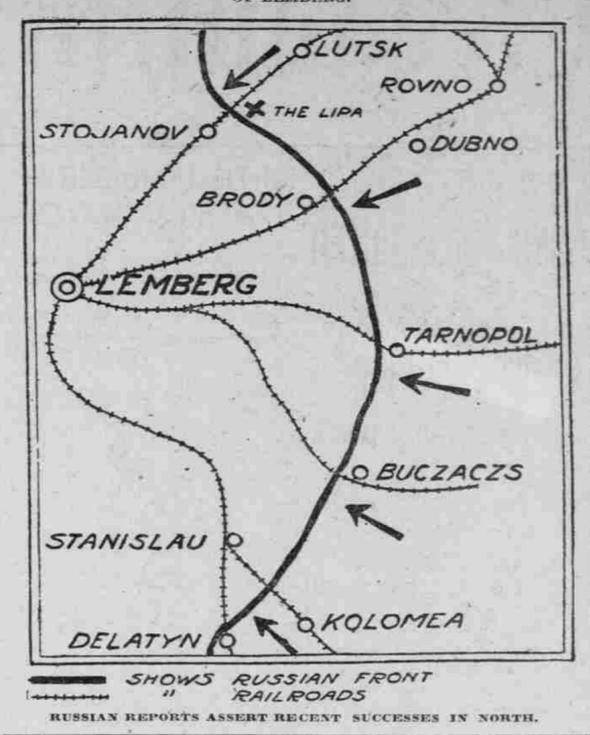

PETITION DELUGE COMES

Powder River Land Owners Protest Water Board's Ruling.

BAKER, Or., July 25.—(Special.)—With only a few days remaining in which may be filed objections and exceptions to the decision of the State Water Board concerning the water rights of the owners of thousands of acres in Powder River Valley, the County Clerk's office is being literally swamped with petitions of the kind.

The greatest number since the adjudication was made public this Spring was filed today, 25 landowners in the Lower Powder region objecting on the grounds that less than half the water necessary for irrigation purposes is allowed them, that they are the owners of previously vested rights, and that divesting of these rights would be unconstitutional.
