Broomhail to cable yesterday, but the serv-ice may not be continued. His cable said: "Cash wheat at Liverpool steady. Corn "Cash wheat at Liverpool steady. Corn firmer on Argentine news. Oats strong, with light arrivals. Flour market steady; supplies moderate. The home markets on wheat and corn are now under control of market commissioners, who keep prices steady and do not silow foreign fluctuation or market reports to influence.

"India—Wheat acreage planted amounts, officially, to 10,256,000 acres, against 9,500,000 acres last year.

"Australia—Estimated exportable surplus of 72,000,000 bushels. Broomhall agent thinks this too high.

"Argentina—Weather continues dry and hot, favorable for movement of wheat and oats, unfavorable for corn. Corn crop last season 160,000,000 bushels."

Commenting on the market outlook, a New York broker writes:

"Wheat is showing great strength, and with further price gain since our last report. Cash is practically at the top of the season, although futures still lack 9 cents of it. Export demand is on a large scale.

port. Cash is practically at the top of the season, although futures still lack 9 cents of it. Export demand is on a large scale, and were tonnage obtainable large clearances would occur, with heavy decrease in the visible supply. The supply and demand situation is such that higher levels are indicated and the only possible deterring factors are peace or ruthless submarine warfare. Peace would sentimentally cause some recession, but in the end would lead more certainly to high prices than even a continuation of war. New cropouticok is not entirely satisfactory. Snow covering is lacking, and with any unfavorable news July and September would promptly respond."

The wheat market was off about two cents all around yesterday. The continued sag in grain markets in the East has resulted in a subsidence of Eastern demand, and but for a little inquiry from California for milling wheat, the outside markets displayed but little interest in grain from this section. Business was quiet in all the country wheat markets.

The British government again permitted Broomhail to cable yesterday, but the service may not be continued. His cable said:

Pressure Due to Increasing Uncertainties Arising From Foreign Situation-Steel's Favorable Statement Without Effect.

NEW YORK Jan. 10 .- Steady pressure of the same general character which has been exerted with more or less effect since last December was the outstanding feature of today's market. Active shares yielded 2 to 0 points, with declines of greater proportions in issues of the less representative class.

The selling, so far as it had any direct ause, appeared to have its origin in the incessing uncertainties and apprehensions arising from the foreign situation. This conlition was accentuated by the delay in the eply of the estente ailles to the Washington lovernment.

reply of the entente allies to the Washington Government.
Lowest prices were quoted in the last hour, the only period in which the list manifested any activity.

United States Steel held its ground for a time, but was among the first of the speculative favorites to recede, closing at 110. Steel's December tonnage statement, disclosing the largest amount of unfilled orders ever reported, proved insffective.

Bonds were again featured by heavy offerings of international or war issues, raliway lesues being more steady. Total sales, par value, \$6,840,000. United States bonds were unchanged on call.

Government Sends Men and Dogs to

Save Deer Herds.

LA GRANDE, Or., Jan. 10.—(Special.)—To stop, if possible, distressing destruction of deer herds in deep snow in the Blue Mountains near the source of La Grande's water supply, the Government has sent a man and hounds to the region to kill cougars. Government Predatory Hunter Robserts, of Cove, accompanied by Walt Mier, left tonight with a fine pack of dogs to hunt the cougar band, some of which come to mountaineers' cabins in their hunt for food and are of enormous size.

WEATHER CONDITIONS.

The Western high-pressure area is still central over the Basin states and the pressure has increased toward the eastward nearly to the Atlantic Ocean. A moderate low pressure area is moving southeastward over Western Canadia, causing warmer weather in interior British Columbia. Precipitation, generally light, has occurred on the North Pacific Coast, in Fforda and from the Red River Valley eastward to the North Atlantic Coast. The weather is warmer on the Northern California Coast, in the San Joaquin Valley, Southern Nevada, Southern Western Utah, on the Guif and South Atlantic coasts and in Southeastern New York; in general it is coaler in the remaining portions of this country, being much colder in the Plains states, Mississippi Valley and Lake region. WEATHER CONDITIONS. the Fights states, and the conditions are favorable for generally fair weather in this district Thursday except on the Washington Const, where occasional rain is expected. It will probably be slightly copier in Southern Idaho, Winds will be mostly southweaterly.

HOOD RIVER COMMERCIAL BODY HOLDS ANNUAL MEETING.

Dr. J. D. Guttery, Prominent Orehardist, Chosen President-Organiza-

tion Now Has 210 Members.

HOOD RIVER, Or., Jan. 10 .- (Special.)-With probably a keener interest than has been evidenced by members of the organization in the past five years characterizing discussions, the years characterizing discussions, the Hood River Commercial Club held the initial regular meeting of the year Monday night, when officers for the ensuing term were announced as follows: Dr. J. D. Guttery. East Side Orchardist, president; William Stewart, hardware merchant, vice-president: J. M. Culbertson, real estate man, treasurer, and R. E. Scott, re-elected, secretary. Other members of the board are Crawford C, Lemmon, C. J. Calkins, W. L. Clark and Harry Connaway.

A novel step was taken by the Com-

L. Clark and Harry Connaway.

A novel step was taken by the Commercial Club to obtain funds for the coming year for the payment of possible deficits. A constitutional amendment providing for a 10 per cent assessment of dues was adopted. The assessment, however, cannot be made unless the unappropriated funds of the club's treasury are less than \$50 at club's treasury are less than \$50 at the beginning of any quarter. The mem-bership of the organization now reaches a total of 216.

The proposed movement before Con-

gress to establish a 1-cent letter rate for co-tain zone deliveries was dis-cussed. The local commercial organization is prone to disapprove of the pro-posed bill and has called on the One-Cent Letter Postage Association for data that will give all plans of the proposed movement.

THE DALLES, Or., Jan. 10.—(Special.)—The School Board of District No. 12 was compelled to negotiate a loan today of \$2500 to pay teachers and employes and to discharge existing bills of the district for the first quarter month after New Year's. This new loan raises the district indeptedness to raises the district's indebtedness to \$17,500.
