

RUSSIA PLEADS FOR UNDIVIDED LOYALTY

Proclamation Points Out Losses Due to Treachery and Blind Fanaticism.

FIRM ACTION PROMISED

Autonomy for Cities; Direct, Equal, Universal Suffrage Throughout Country Are Chief Internal Policies.

PETROGRAD, July 22.—The provisional government has issued a proclamation to the nation setting forth the seriousness of the situation, declaring that its first duty is to apply its whole strength against the foreign foe and in defense of the administration against anarchical and counter-revolutionary attempts, and outlining important reforms throughout the country. The proclamation reads:

"Citizens: The fateful hour has struck. The German Emperor's armies have broken the front of the national revolutionary army. This terrible operation has been facilitated by the criminal levity and blind fanaticism of some and the treachery of others.

At this fateful moment when, taking advantage of the general confusion, the hidden forces of counter-revolution can raise their heads, the remodeled provisional government clearly realizes its heavy responsibility. It possesses, however, full and firm confidence in the strength of the great Russian people and in the rapid recuperation of the life of the nation, now that the contagion, which has shaken the National organism, has manifested itself and burned itself out in an acute crisis.

Energetic Action Promised.

"The Government firmly believes that the crisis will lead to recovery, not death. Strong in that belief, the government is ready to act with the energy and resolution the exceptional conditions demand. The government regards as its first capital task the application of its whole strength to the struggle against the foreign foe and to the defense of the new governmental regime against every anarchical and counter-revolutionary attempt, without hesitating to take the most rigorous measures in its power. At the same time the government reiterates that not a drop of blood of a Russian soldier shall be shed for any foreign end, and it ready proclaims to the whole world."

The proclamation proceeds to state that by the declaration of May 19 the government intends to summon the entire allies to a conference in August to decide upon a general orientation of the allied policy and to co-ordinate their actions with regard to the application of the principles proclaimed by the Russian revolution. At this conference Russia will be represented, in addition to diplomats, by representatives of the Russian democracy.

Assembly to Meet in September.

"The government," continues the proclamation, "considers it indispensable immediately to proceed with a series of measures putting the principles announced on May 19 into operation, and adheres to the steps already taken to convene a constituent assembly on September 30. The speediest introduction of autonomy for municipalities and zemstvos, based on direct, equal, secret, universal suffrage and the extension of this principle to the entire country is the government's chief problem in internal policy."

"Attributing at the same time particular importance to the creation of local executive bodies enjoying the confidence of the entire population, the government will forthwith proceed with the organization of such authorities and will also, at an early date, promulgate a decree abolishing classes and ranks of officials and decorations, except those for great military deeds."

MAYOR ENDS INSPECTION

MR. BAKER VISITS HEADWATERS OF BULL RUN RIVER.

Commissioners and Engineers Also on Trip to Determine Whether Dam Should Be Built at Lake.

Mayor Baker and a party arrived in town last night after a short inspection tour to Bull Run Lake, head of the city's water supply. In the party were Commissioners Bigelow and Mann, Water Superintendent Kaiser, Water Engineer Morrow, and others.

The purpose of the trip was to determine the feasibility of the proposed new dam at the lake, to control 4,000,000 gallons of water. Engineer Morrow reported favorably on the matter, and the Mayor and Commissioners were much impressed with the project.

The party reached Rhododendron Friday, and left for the Lake the next morning. They also visited Lost Creek and other points of interest in the picturesque Mount Hood country.

While on the trip, Mayor Baker took a drink from the very source of Bull Run River, where the tiny streamlet first makes its appearance.

WILSON GETS RESIGNATION

"courtroom" atmosphere which was forced into the discussion. Nevertheless, his last action on the board was in favor of Mr. Denman's policy of hair-splitting.

Mr. Donald is also disgraced, but it is purely because of the apparent intention to hamstring the Goethals programme. If the President should decide tomorrow that General Goethals should go ahead without being hampered, Mr. Donald probably would withdraw his resignation. Unless the row is speedily decided it is thought he will insist on his resignation being accepted.

VICTORIOUS RUSSIAN GENERAL WHO IS MADE COMMANDER-IN-CHIEF OF ARMY ON SOUTHWESTERN FRONT.

GENERAL KORNILOFF.

General Korniloff is one of the greatest Russian leaders, who is commanding the reorganized Russian armies in their big Galician drive. Additional villages have been captured and thousands more prisoners have been taken. Many trench mortars and a quantity of war materials also have been taken. Heavy rains the past two weeks have caused recent retreats, however.

This splendid picture of General Korniloff has just reached America and is the first of him to be published.

CAMP HAS REST DAY

American Chaplains Talk With Men in Training.

SERVICES FIRST IN FRANCE

No Sermons Delivered in Customary Sense of Word, Addresses Being Admonitions That War Is Man's Game.

AMERICAN TRAINING CAMP IN FRANCE, JULY 22.—A large group of American officers left today for French and British military schools to undergo a lengthy course of training in modern warfare.

When the course is completed, other officers will take their places, and later non-commissioned officers will have the same opportunity. The general in command of the camp refused to relax on Sunday from his strenuous daily programme, and made another inspection trip.

The chaplains with the American troops began their Sabbath duties early today, and by 7 o'clock most of them were in automobiles which carried them from one encampment to another. They spoke briefly to the men, delivering no sermons in the customary sense of the word, but talking to and with the soldiers. The substance of their talks was an admonition to the men to remember they were engaged in a man's game, not a child's, and to act accordingly.

More than one chaplain paid high compliments to the soldiers for their manly bearing and urged continuance of the attitude which has permitted the men to settle down in the community without the slightest friction and without any of the evils which sometimes occur in such circumstances.

The services today, which were the first since the arrival of the troops, were undemonstrative in the main. Soldiers of the Catholic faith not only attended the chaplains' talks but in many instances went to the small Catholic Churches that dot this section of France. It was a day of rest for the men, who were relieved of their drilling and long hikes. In the afternoon there was a basketball game. Thousands utilized the opportunity to write home, and the officers who act as censors had anything but relaxation.

The main body of newspaper correspondents is expected to arrive tomorrow and join the representatives of the press associations who are already installed here.

GUARDS MORE ACTIVE

BISBEE KEEPS OUT MEN RELEASED AT REFUGEE CAMP.

Government's Action Taken to Mean Deported Men Will Not Return in Body to Camp.

BISBEE, Ariz., July 22.—News that Government authorities at Columbus, N. M., had removed all restrictions from the men deported from here more than ten days ago and now encamped at Columbus, became public here this morning and was followed by redoubled activity at the various guard camps near here. At these camps all strangers seeking to enter Bisbee are questioned and those not desired are prevented from coming in.

The Government's action in removing restraint from the men at Columbus is interpreted here as meaning they will not be returned to this city in a body under Federal guard. It virtually has ended belief that the exiles might return. One man who entered

this county today after spending the time since the deportation at the camp in Columbus was turned back at Oxborn.

Denials of reports the Government contemplated removal of Federal troops from this district August 1 were received with pleasure by the mine operators, several of them declared.

Thomas Hughes, member of the legislature from this county and four others representing the Workman's Loyalty League and Citizens' Protective League of Bisbee, left tonight for Phoenix to confer with Governor Campbell concerning the local situation.

A rumor is current here that the governor may call a special legislative session to consider the labor unrest here and in other Arizona towns.

EL PASO, Texas, July 22.—Garcia, Mexican consul here, will go to Columbus tomorrow to arrange for returning to their native land all Mexicans recently deported from Bisbee, Ariz., provided the Federal Government will permit, he announced tonight.

sians continued yesterday, and, the statement says, the Germans everywhere defeated the Russians, taking a large number of prisoners.

A new battle developed toward the northern end of the line. The Russians attacked with strong forces between Krevo and Smorgon. The communication says their assaults broke down with heavy losses, but that fresh fighting began later.

VIENNA, via London, July 22.—The official statement reads:

"At Novica, south of Kalusz, we captured another height position. At Babin, enemy advance forces were driven across the lower Lomnica. Russian local advances due north of the Dnister failed.

"The counter attack delivered on both sides of the Lemberg-Tarnopol railway under the guidance of Prince Leopold, of Bavaria, advanced successfully. Northeast of Brezany, Austro-Hungarian regiments recaptured the first line which we lost on July 1. The German and Austro-Hungarian forces have advanced beyond Augustovka, Casjernt and Nesterova.

PETROGRAD, July 22.—On the
