Skilled Men Wanted.

Official reports showing 1100 men more are working in the Portland and Vancouver yards now as compared with the total employed December 26, has given rise to the assumption that all establishments are increasing their forces, which is true only to the extent that certain skilled men are taken on, not simply those skilled in other work who think they can become proficient in the marine plants.
One feature of the human side of

shippard work is that the executive of each yard believes he has the best force and that "team work" abounds cers who are in position to know whether the plants have esprit de carps, hesitate to name the one, which

City Commissioner Kellaher is in charge of the outfitting of the Pulitzer and she will be sent to the hallbut banks off

BOAT SERVICE IS DISCONTINUED

Snags in Channel of Cowlitz Make Navigation Impossible.

CASTLE ROCK, Wash, Jan 18.—
(Special.)—Boat service from Portland to Toledo, 40 miles up the Cowlitz River, has been discontinued for the present. The Oregons, which started from Portland, made the trip to within two miles of Toledo, and there encountered snags which had been left in the channel and was unable to proceed. Freight had accumulated in the warehouses at Toledo to their full capacity and the disappointment was great.

Freight for the Sound was unloaded at Castle Rock to be shipped by rail.

substantial equipment has been provided and he will carry on the undertaking, thereby averting any danger to his contract.

The matter was discussed at a special gathering of the Commission yesterday. The attitude of the Commission is that no desire is harbored of furcing the contractor as to the time of completion, owing to unforcesen delays having been experienced through the freeshet, and, as there has been a third recurrence of that condition, it is viewed as just that adequate extension of time be recognized. When the excavation is finished the foundation will be protected by banks of earth to guard against future freshet difficulties.

No Damage to "General Pershing," Owned in Portland, Results-Attempt to Rescue to Be Made.

OLYMPIA, Wash., Jan. 15,-(Spe cial.)—"General Pershing" is stuck fast stern foremost in Olympia tideflat mud and may have to be dredged out. An ocean-going tug will attempthe rescue at high tide in the morning So far as can be ascertained by sur-face inspection no damage yet has re-sulted to the big five-masted power

The General Pershing was launched controlling a capacity cargo of lumber, the schooner Alumna towed out of the river yesterday morning behind the tug Oneonta, and stood away on the first leg of her journey to the Antipodes. Like all others bound that way these days, she is booked to return. Due for annual inspection today is the steamer Seon, and the tug Walluia, of the Port of Portiand coterie is to be given her yearly visit Friday. She is laid up at the St. Johns drydock, but is to be inspected as usual so she can be used in any emergency.

The General Pershing was launched early today and plowed a mile across the bay despite a steamer posted to fasten a line and stop the new vessel. She grounded easily, but resisted all further attempts to move her. The vessel measures 290 feet in length, with 68-foot beam and has a net tonnage of 4000, or carrying capacity for 2,000,000 feet of lumber. She is under charter to Hind & Rolph, of San Francisco, it is understood, for lumber to Sydney and will be fitted for sea in three is understood, for lumber to Sydney and will be fitted for sea in three registry under present Portland owners.
