\$20,000 IS SUM NEEDED

Importance of Association in Han dling Epidemie Situation Is Dwelt Upon by Speakers.

In 30 minutes yesterday noon 42 rep resentative Portland citizens subscribed \$15,400 to the support of the Visiting Nurse Association, marking the open-ing of a whirlwind campaign by the Portland Ad Club to raise a fund of not less than \$20,000 for the associa-

The subscriptions were made at a luncheon given by A. L. Mills in the Tryolean room of the Benson Hotel to a group of ousiness men. Julius L. Meler, chairman of the finance com-mittee of the Ad Club, delegated to conduct the campaign for funds desired for the nurses, suggested the making of subscriptions at the luncheons as the

means of starting the campaign.

An account of the splendid work of the association in caring for the needy sick in Portland, a work carried on by the organization, even though handicapped through the lack of funds, was given by A. L. Mills. During the epidemic of influenza which has been raging in Portland during the last three months, Mr. Milis said that not one call to the nurses had gone unanswered, nor had one case handled by the organization been neglected.

Women Risk Lives. These blue clad angels of mercy, who, without a murmur of complaint, are constantly, day after day, working among the people of our city who have not the means of securing proper attention, are worthy of our support," he declared. "We willingly rallied to the support of the brave nurses who worked on the battlefields of France just as willingly should we sup-these women who are risking flicted with contagious diseases in Portland."

fund of at least \$20,000 for the Visiting Nurse Association, to be placed in the hands of a trustee and used as needed, is the plan now being carried into action by the Ad Club committee, according to Mr. Mills.

Complete detail of one day's work of a nurse employed by the Visiting Nurse Association during the present employed.

Ausociation during the present emer-gency by Miss Marion Crowe, superin-tendent of the organization, revealed that aid and attention are given to a large number of families daily. In some instances the calls are to homes where the entire family is stricken with influenza and in these cases suitable persons are provided to give care

the remedy, he says, is to keep the patient from bathing.

Mr. Lindsay's physician is Dr. Chick, of lone and Heppner, who has handled and cured most of the people stricken with influence in those two places. Only two of his patients died and those two his patients died and those two, seconding to Mr. Lindsay, bathed, conpatients who was cured bathed. Dr. Chick's theory is that many of the deaths from influenza are caused by doctors' orders to take hot baths.

### BUTTER SEEKING MARKET Grocerymen Urged to Feature Ore-

gon's Dairy Product.

As a result of the state convention of Oregon dairymen, held last week in Hillsboro, grocerymen in Hillsboro. Forest Grove and Tillamook and other localities in which dairying is a lead-ing industry, are being "urgently re-quested" to feature butter and not the so-called substitutes. A committee from the Oregon Dairymen's Association has been delegated to call on all the deal-

ers in these localities.

M. S. Schrock, secretary of the Oregon Dairyman's League, is co-operating with the association members in encouraging the use of butter. The Oregon Dairy Council, the central bureau for all the dairy interests, is lending all the dairy interests, is lending aid by spreading information regarding the food value of milk and all

Several years ago—in fact, shortly after Judge Tazwell's accession to his present post—the judge saw the situation clearly and advocated the change of the Juvenile Court into a Court of Domestic Relations. Again, last Spring, Judge Tazwell spoke to the City Federation of Women's Cluss, and is quoted as saying at that time that the sointion of difficulties then arising was a court similar to that now proposed.

Miss Harriet Thayer, president of the Portland Grade Teachers' Association, which fostered the bill before the Legislature, explained yesterday why Judge Tazwell was now on the fence.

"After the bill was framed," she said, "Judge Tazwell admitted that he could not sponsor the bill or such a proposal until his term of office was up He feit that the success of the bill would make it appear to the general public that his political power was waning."

### CIVILIAN IN CASUALTIES Indiana Boy Reported Killed

Though Not in Army. FRANKFORT, Ind .- Egra T. Chaille, a Frankfort business man, had a feeling akin to that of Mark Twain, when the humorist once declared "I must confess that the report of my death is greatly exaggerated."

Mr. Chaille's mother received notice

from an insurance company, which said that the company was sorry to receive word that "Ezra Chalile had been killed in action in France," and that it was inclosing forms to be signed for the collection of the insurance policy. The company explained that Chaille's name had appeared in the casualty list. Mr. Chaille, who was in class 4A, was not drafted, but remained at home cared for his family and did his part in all of the home campaigns.

### "My Little Pets Love Cascarets"

TO MOTHERS! If you will learn to give this harmless candy cathartic to your children, instead of castor oil, calomel and pills, you will save money and avoid lots of worry and trouble. Truly!

When one of the kiddies has a white tongue, a tainted breath, sour stomach or a cold; when bilious, constipated, feverish, remember, a Cascaret to quickly "work" away the nasty bile, sour fermentations and poisons should always be the first treatment given.

Children really like to take candy Cascarets and they never gripe the tender bowels, never injure, and never disappoint the worried mother. Give Cascarets to children one year old and upwards.
