

### LICENSE RUSH ON FOR DEER SEASON

Sportsmen to Get Chance Beginning Tomorrow.

GAME HELD PLENTIFUL

Many Washington Residents Pay \$10 Fee—Opening Date East of Cascades September 10.

That the opening of the 1921 deer-hunting season tomorrow will be unprecedented, both in the number of hunters and the amount of game, were indicated yesterday at the office of the state game warden by the number of applications for licenses and the reports of sportsmen and deputy wardens throughout the state.

The season opens on August 20 this year instead of on September 1, in order to give a great number of business and professional men an opportunity to indulge in their favorite sport, who could not hunt if the opening were delayed until September. Reports from all regions west of the Cascades are to the effect that a great many sportsmen will avail themselves of the opportunity.

**Season Later East of Cascades.**  
The season for the territory east of the Cascades will not open until September 10.

Hunters and deputy game wardens who have been over the country west of the mountains have reported that game is more plentiful than they have ever seen it before. This has been attributed to the 1914 buck law. The deputy wardens are now out in the woods making preparations for the opening of the season and to prevent violations of the game laws as much as possible.

Some of the warnings which have been issued pertain to hunting without license, hunting with dogs, hunting at night or in game refuges, killing deer, killing deer at salt licks, killing meat, shooting from public highways, waiting meat, and hunting on land without the permission of the owner.

**Violators to Be Prosecuted.**  
The chief warning is against killing more than the law allows, two bucks with horns, and the state office has signified its intention of prosecuting vigorously any violators who are caught killing deer. The law designates buck deer with horns as game and the warden thinks this sufficiently specific to prevent killing deer by mistake.

A number of Washington hunters appeared at the local office yesterday and applied for non-resident licenses, paying the \$10 fee obligingly. One party was headed by Sheriff Thompson of Vancouver, who, with two other men, started for Linn county.

**Washington Hunters Eager.**  
Washington hunters were said to be eager to avail themselves of the opportunity to hunt in Oregon for the reason that they can kill their full quota of deer here and then get back into Washington before the season starts there and kill two more.

Most of the parties starting out yesterday or preparing to start signified their intention of hunting in the central and southern parts of the state. There were said to be many deer where the timber has been logged off or burned off, and the brush has been allowed to grow.

Bird hunters are patiently awaiting the opening of that season, for, like deer, there is reported an abundance of feathered game. Deputy wardens have said that the conditions of the state seem like game preserves, and Chinese pheasants, grouse and quail were reported more plentiful than ever before.

**PAVING NEAR COMPLETION**  
Municipal Plant Will Finish Kellogg Street Job Today.

Unless delayed by some mishap the paving of Kellogg street, from St. Johns to municipal terminal No. 4, by noon today. The paving crew caught up with the graders yesterday and were forced to lay off at noon.

The job was interrupted by a temporary undertaking by the dock commission when it induced the paving plant to take it over. The paving crew resumed the work will be finished in four working days and within five days from the time the first paving was laid. The city is paying for the improvement on condition that the city maintain the street. The dock commission arranged to have the project rushed through to facilitate transportation of freight to and from the terminal by truck.

The completion of Kellogg street will bring the season record of the municipal plant up to 107,000 square yards.

**YOUTH TAKEN IN CHASE**  
Marshall Mann, 20, Alleged to Have Snatched Woman's Purse.

Marshall Mann, 20 years old, was arrested by the police after a thrilling chase through downtown streets after, it was alleged, he had snatched the purse of Mrs. C. A. Gunning, 7802 Fifty-sixth avenue Southeast, near the corner of Sixth and Morrison streets.

After he was alleged to have grabbed the purse, Mann ran through the arcade of the Lyric theater and turned south of Morrison street where he boarded a Sunnyside street-car. Police and pedestrians gave chase and took him into custody.

At the police station Mann said he had recently come north from San Francisco. He said he was without funds and was hungry. He admitted the attempt at purse-snatching in an effort to get money to return home, he said. The purse and its contents, said to have been valuable, were recovered and returned to Mrs. Gunning.
