

SOLDIERS' FUNERAL

Programme for the Exercises at the Armory.

LIST OF THE PALLBEARERS

The Escort Will Take Boat at the Foot of Jefferson Street for the Cemetery.

Promptly at 10 A. M. today, the funeral services over the bodies of Oregon's soldier dead will begin at the Armory. The Portland Symphony Orchestra, in full force, will open the programme with Beethoven's grand funeral march. The orchestra management yesterday expressed to the committee a willingness to play this very appropriate selection. As the weather is threatening, it is decided that it would be better to charter a steamer for transporting the military escort and the volunteers to the cemetery. The R. R. Thompson was yesterday secured for this purpose, and it is now the plan to embark the troops, the Emergency Corps and Red Cross Society and the volunteers at the foot of Jefferson street. STARVATION IN PUERTO RICO

Fifty Thousand Laborers on the Island Are Without Work.

GENERAL O. SUMMERS

The above engraving is from a life-sized oil portrait of General Summers painted by E. W. Moore, the photographer. The painting is now on exhibition in Bernstein's show window. It was painted from life, and is an excellent portrait of the General himself as he appeared in uniform while he was engaged in the Philippine campaign. The portrait will be the property of Oregon, who share with him in the honor and prestige of the brigade he led against Aguinaldo and his followers.

per hour, an advance of 2 cents per hour, and the more recent strike of 600 men working on the same road under a New York contracting firm, their demand being for a uniform rate of 50 cents per day instead of 40 and 45 cents, have served to accentuate the fact that there are, at the very lowest estimate, 50,000 laborers on the island without employment. Though their demands were refused, the strikers remained quiet and orderly, and made no attempt at a demonstration. On account of lack of funds to keep up the estates, many plantations are idle and are being fast overgrown with wild vegetation. Thousands of workmen are out of employment on the island.

ANOTHER CAUCUS CALLED.

Proposed Amendments to the Puerto Rican Tariff Bill.

WASHINGTON, March 24.—Another Republican caucus on the Puerto Rican bill will be held Monday. The latest proposals are for separate measures, and an amendment of the tariff portion so as to allow free trade on all products going into Puerto Rico from the United States and retained by the United States from products coming to the United States from Puerto Rico. If there can be found any substantial unanimity among Republicans within the caucus, or if a sufficient number can be secured to pass the bill in the amended form, it will be pressed to a vote.

Good Alaska Mail Service.

WASHINGTON, March 24.—Information received at the Postoffice Department indicates that the efforts to get mail to the gold fields through the Alaskan mountains are meeting with great success. Mail was recently transmitted from Sitka to Circle City in 15 days, which broke all records, and the dispatch of a letter from Circle City to Washington in 30 days, as was recently done, would have been impossible last year.

case without argument. Secretary of State Powers was the only one of the defendants brought into court this morning.

Golden's Testimony.

Golden was the first witness. He testified that he had known Secretary Powers for many years, and knew Mr. Culton. He was also acquainted with Governor Taylor and Captain John Powers. He said he was a friend to all of the defendants, and that he had known them since they were boys. He was in Harlan County the 13th and 14th of January and February, and saw Secretary Powers nearly every day. He was in Frankfort January 14, and went to Harlan County the 13th and 14th of January, and returned to Frankfort on the 15th of January. He was in Harlan County for three or four days, from there returning to Frankfort.

"No, sir; they understood what they were kept here for, and they were here to go into that legislative hall, and if necessary, clean out enough Democrats to make a majority on our side." Lord Roberts' Advice.

LONDON, March 24.—At a late hour the War Office posted the following dispatch from Lord Roberts: "Bloemfontein, March 24.—Yesterday, Lieutenant-Colonel Crabbe, Captain Trotter and Lieutenant the Hon. Elyon, of the Gendarmes, and Lieutenant-Colonel Cordington, of the Coldstream Guards, rode eight or nine miles beyond their camps on the Modder River, without escort, except one trooper. They were fired upon by a party of Boers and Lieutenant Elyon was killed and Lieutenant Crabbe, Lieutenant-Colonel Cordington and Captain Trotter were seriously wounded. The Boers also were wounded. One of the wounded officers held up a white handkerchief and the Boers came to their assistance and did all they possibly could to attend to their wounds. The Boers then conveyed the wounded to the nearest farmhouse, where they were taken care of."

NO LATE WORD ABOUT MAKEKING

Boer Column Trekking North From the Orange River May Be Intercepted by French.

LONDON, March 24.—Spencer Wilkinson, reviewing the situation at the seat of war for the Associated Press, at midnight, says: "The two points of acute interest are just now Makekang and the Boer column trekking north from Smithfield and Roversville, along the Basuto border. About Makekang we are in the dark. Colonel Plumer has but a handful of men, and is not strong enough to attack Commandant Snyman and raise the siege. Commandant Snyman, therefore, has attacked him, and Colonel Plumer has prudently retired, expecting no doubt to return after a few days' march, whenever the latter goes back."

to be cut off with their heavy guns, which are needed in the forts at Pretoria. The majority of the Transvaalers are ignorant of the gravity of the situation, and though tired of remaining so long on their farms, will fight hard, believing that their liberty and property are at stake and confident of ultimate success.

Commissions for Canadians.

OTTAWA, Ont., March 24.—A dispatch was received here today from the Colonial Office offering 43 imperial commissions to Canadians in the Imperial Army. The list will be selected from graduates of the Royal Military College, and from officers of the Canadian militia.

Austria-Hungary Also Declines.

VIENNA, March 24.—It is semi-officially announced that the Government of Austria-Hungary has replied to the South African appeal for mediation in the war that it was only possible to take such a step when both belligerents desired it, and that, therefore, it was impossible, under the present conditions, to accede to the request made.

CAPE TOWN, March 24.—The transport Milwaukes, with Canadian troops aboard, has arrived here.

Canadian Finances.

Relief Bills Favorably Reported.

The Senate committee on claims has reported favorably on bills for the relief of the heirs of Chauncey M. Lockwood, of Salem, and W. A. Starkweather, of Clackamas.

CHICAGO GOES IN DEBT.

Appropriates Three Million Dollars More Than Estimated Receipts. CHICAGO, March 24.—The City Council tonight passed the appropriation bill for the current year, after a sensational session of 10 consecutive hours as a committee of the whole. The bill authorizes expenditures aggregating \$112,349,100 in excess of the estimated largest possible receipts the city can secure during the year from taxes, miscellaneous receipts and the water fund. The deficit in the anticipated income from taxes and receipts reaches a total of \$64,094, while the amount ordered expended from the water fund exceeds the income from this source by \$2,150,500.

THE SUBSIDY GRAFT

Senator Simon Opposed to the Hanna-Payne Bill.

IT WILL NOT BENEFIT PRODUCERS

The Object Is to Distribute the People's Money Among a Few Wealthy Shipowners.

WASHINGTON, March 24.—Senator Hanna is emphatically opposed to the Hanna-Payne subsidy bill. His position is well known to the advocates of that bill in the Senate, and those who have undertaken to argue with him have found that he has not come to his conclusions without giving the matter due consideration, and that he is not to be convinced that it is a wise policy. Senator Simon says that it, of the wealthy shippers, rather than the producers or consumers. I can see no necessity for any such legislation at this time, and I will not support the bill."

The Puerto Rican Tariff.

The Puerto Rican tariff advocates have taken a new lease of life today, and are boasting confidently that a 10 per cent duty will become a law. The free trade men in the Senate are not so sure as they were. Senator Scott, of West Virginia, returned to Washington today with stories of how anxious the laboring men are for a Puerto Rican tariff. He says that those he found in his state are representing all classes, and both parties declare emphatically for the tariff. This has given the protectionists considerable consolation, and they seem to think that in a little while the working men will be able to change the situation of affairs and some of the people of the country.

Opposition to Assay Office.

Representative Tongue was today given a hearing before the coinage, weights and measures committee on the proposed assay office bill. Mr. Tongue contended that Portland is the natural center to which the mining interests of the state concentrate. He said Portland is more accessible to the Oregon and Alaskan gold fields than any other point in the state, and is likewise situated to receive much of the gold from Alaska. He regarded the establishment of an assay office at Baker City as impracticable.

General Wheeler's Case Not Yet Finally Disposed Of. WASHINGTON, March 24.—After several conferences today between General Wheeler and officers of the Administration, it was announced that the War Department had temporarily disposed of his case by placing him on waiting orders. The men were engaged at excavating when the timber gave way. All were taken out alive, but Bono died a few minutes later.
