Americans and Russians in the Battle at Tien Tsin.

REPORTED BY ADMIRAL KEMPF

Troops Could Not Break Through the Line, But With Reinforcements Will Try Again.

WASHINGTON, June 23.—The following bulletin has been issued by the Navy Department: "Acting Secretary Hackett has this morning received a dispatch from Admiral Kempf, dated Chefoo, June 23, to the effect that our marines, under Major Walter, together with 600 Russians, have had an engagement with the Chinese Army, near Tien Tsin. They could not break through the line. A force numbering 500, the Admiral reports, is now ready to make another attempt."

They arrived here last Saturday, Joseph accompanied by Peo Peo Tolbet, or Little Joseph, and Philip Andrews, of his tribe, and Inspector McLaughlin by Edward Habin, the official interpreter at the Nez Perce agency.

THE VIEW IN SHANGHAI

Restoration of the Emperor the Only Solution.

SHANGHAI, June 23.—Foreigners and commercial men at all of the treaty ports are of the opinion that the Chinese Government has been wrecked beyond repair and that the only solution for the existing anarchy will be the establishment of a new government controlled by the civilized nations. Attempts to restore the Emperor on the basis of her foreordained promise of good behavior would make the position of the foreigners worse than ever.

CAUGHT IN AMBUSH

Americans Fared Badly in Mindanao.

NINE KILLED, ELEVEN WOUNDED

Scouting Party Encountered Strong Rebel Force Near Cagayan, With Pitfalls and Traps.

MANILA, June 23.—A detachment of 40 men of the Fortieth Regiment, Captain Thomas Miller commanding, left Cagayan de Misamis, Mindanao, Sunday, June 23. During the morning of June 24 they encountered a strongly ambushed and entrenched force of the enemy. The Americans' attempts to charge were frustrated by the Filipino pitfalls and traps. The advance line, consequently, was under a heavy fire in front and on its flanks, and fell back on Cagayan. The American loss was nine men killed and two officers and 10 men wounded.

REPORTED BY GENERAL MACARTHUR

WASHINGTON, June 23.—The War Department has received the following cablegram from General MacArthur, Manila, June 23: "Adjutant-General, Washington: A detachment of four officers and 100 men of the Fortieth Volunteer Infantry, Captain Miller commanding, left Cagayan June 23 on a reconnaissance up the Cagayan River. They were ambushed by insurgents in a strong position. Fifty men sent to reinforce them from Cagayan could not take the position and the troops withdrew to a coast port. "Our loss in killed: Company H—Robert H. Coles, John H. Hayward, Fred Holloway, John T. Pellham, Frank Saitbury, Company M—Corporal Jesse G. Moody, Michael J. McCullough, private. "Wounded: Company I—Captain Walter B. Elliott, slight; Company H—Captain H. Miller, in thigh, slight; Jeff Effig, moderate; James W. Jeffries, slight; Roy Wheaton, moderate; George Hollifer, slight; Murley H. Hillips, severe; John W. Smith, severe. Company K—Edwin E. Williams, severe. Company K—George W. Weiss, severe; Lex L. Kamiers, moderate. "Missing: Company H—Sergeant William Northcross. "Full detail report not received. "MACARTHUR."

THE PEACE NEGOTIATIONS

WASHINGTON, June 23.—Perhaps because he was not himself prepared to make any recommendation upon them, General MacArthur did not transmit to the War Department the results of his meeting of the Filipinos at Manila yesterday, at which they drew up the terms of the settlement of the differences between the leaders of the insurgents and the United States Government. The general impression is that General MacArthur will leave the Philippine Commission to deal with such matters. Some at least of the conditions desired, corrected or incorporated in the instructions given to the commission.

THE TRANSPORT SERVICE

SAN FRANCISCO, June 23.—Three transports will sail from this port for the Philippines before July 1. The Leelanaw and Conemaugh are being loaded as quickly as possible. As soon as all their cargo is aboard they will receive a deckload of mules. The Grant is being got ready and besides the cargo of supplies she will take, there will be about 300 recruits aboard.

REPORTED BY CAPTAIN WISE

MONOCNEY'S MEN SENT TO TIEN Tsin FROM CHEFOO.

SHANGHAI, June 23.—The American Consul here, John Goodnow, has received from the Consul at Chefoo under date of June 22 a bulletin from Captain Woe of the United States warship Monocney as follows: "June 20.—On the arrival of marines this morning I started fires in the locomotives and got cars and two field pieces. Just now, 1 P. M., trains with 60 Russians and one field piece and 120 marines are leaving. A French officer has just arrived, having left Tien Tsin yesterday at 7:30, when troops were attacking the fort, and the American Consulate has been destroyed. He does not know what has become of our men. "The Chinese have modern guns and are battering the foreigners in their strongholds. He says the line can be traveled from here to Chang Choo, half way to Tien Tsin. A few Russians are there. He says I may be attacked here tonight, but I have sent all the marines as I can look out for myself. This place will be deserted again tonight. It is very important to preserve the rolling stock of the railway. When a train has got as far ahead as it can, the troops will press ahead and the train will be sent back for reinforcements. "I set out here at daylight a dispatch boat. I could start more locomotives if I had competent firemen." Lieutenant Kempf, U. S. N., through the British consulate at Tien Tsin, sends by special courier: "Reinforcements are urgently needed. The casualties are heavy, the ammunition is insufficient and machine guns are required. The Russians at the railroad station are hard pressed. The Chinese troops kept up an incessant fire from large guns on the European concessions, nearly all of which have been burned."

WARSHIPS TO CARRY TELEGRAMS

LONDON, June 23.—The British Government has given permission to all British warships between Taku and Chefoo to carry telegrams.

INSPECTOR JOSEPH M'LAUGHLIN, CHIEF JOSEPH, EDWARD ROBINO, PEO PEO TOLBET AND PHILIP ANDREWS, WHO COMPOSED THE PARTY.

CHICAGOANS AT TIEN Tsin.

THIRTEEN MISSIONARIES WERE IN THE CITY.

CHICAGO, June 23.—If the news which comes from Tien Tsin is true, 13 Chicagoans have perished under the Boxer sword. If Tien Tsin is destroyed the mission workers of China have lost their central station, including the two largest and oldest hospitals in the north. Of the Chicagoans who have gone to North China as missionaries, the best known are Dr. Henry Porter and Rev. Arthur Smith. These men, with their families, are supposed to have gone to Tien Tsin to help in the relief work. Miss Nellie Russell, who while not a Chicago girl, studied here and went from this district, notified friends at Bessemer, Mich., recently that she had left her station, some miles south of Tien Tsin, to take quarters in the city. Last of the list of those whose fate is uncertain is Miss Frances B. Patterson, whose permanent station is in Tien Tsin.

ANXIETY IN ENGLAND

Lack of News From Peking Alarms Diplomats.

NEW YORK, June 23.—Every day counts, and the situation in China is worse for that reason, says the London correspondent of the Tribune. It is 19 days since there was authentic information from the legations in Peking, and that fact alone justifies serious apprehension. It is hardly probable that the legations, with all their resources, should not have been able to send a courier with dispatches to the sea-coast.

Fortifications at San Diego.

SAN DIEGO, Cal., June 23.—Captain J. J. Meyer has been directed by the War Department to have plans drawn for a battery of two three-inch guns, to be located on North Island, at the entrance to San Diego Harbor. The guns will not only command the entrance to the harbor, but will be able to destroy any small craft that might steal up under the big 24-inch guns of Fort Rosecrans, located directly across the channel.

Arizona Forest Fires Burned Out.

PHOENIX, Ariz., June 23.—The great forest fires in the Huachuca Mountains, in Cochise County, have burned themselves out. Many thousand acres are denuded and \$500,000 worth of fine lumber has been destroyed. A prospector named Noyes is believed to have lost his life.
