HAS A CANAL TREATY

Lord Pauncefote Bringing Over a New Document.

IT MAY PROVE SATISFACTORY

Provides for the Abrogation of the Clayton-Bulwer Convention—Concerns Trade Relations.

LONDON, Nov. 2.—The first official statement of any kind made for a month in relation to the Nicaragua Canal has been obtained by the Associated Press.

Through it is admitted that Great Britain has agreed to put the Clayton-Bulwer treaty to one side and to acquiesce in the construction of the canal by and under the auspices of the United States.

We never really objected to the construction of the canal, but we did not object to a cavalier abrogation of the Clayton-Bulwer treaty.

The West Side & Suburban Railway was given a knock-down blow yesterday in

PRESIDENT ROOSEVELT'S THANKSGIVING PROCLAMATION.

WASHINGTON, Nov. 2.—President Roosevelt today issued his proclamation fixing Thursday, November 23, as a day of National Thanksgiving. It reads:

"A Proclamation: The season is high when, according to the time-hallowed custom of our people, the President appoints a day as the especial occasion for praise and thanksgiving to God. This Thanksgiving finds the people still bowed with sorrow for the death of a great and good President. We mourn for President McKinley because we loved and honored him, and the manner of his death should awaken in the breasts of our people a keen anxiety and a resolute purpose not to be driven by any calamity from the path of strong, orderly, popular liberty, which, as a Nation, we have thus far safely trod."

EPWORTH LEAGUE CONVENTION

No Concessions Made.

WASHINGTON, Nov. 2.—In view of the expected return to the United States of Lord Pauncefote and the immediate resumption of negotiations, which in this case are put into the concrete form of a treaty to replace the Hay-Pauncefote treaty of last year, it may be proper to state, upon the highest official authority, that there is absolutely no other question than that of the isthmian canal involved in the negotiations. Further, it is stated that no demand has been made by the British Government for any compensation whatever for the relinquishment of its joint rights in the control of such a canal. The construction of the canal was considered by both nations a desirable thing for the world at large, and that thought was at the bottom of the negotiations.

TREATIES TERMINATED.

Nicaragua Ends Convention Empowering United States to Build Canal. WASHINGTON, Nov. 2.—The Government of Nicaragua has terminated the treaty under which the United States was empowered to construct an inter-oceanic canal across the territory of Nicaragua.

Fallbearers' Union.

CHICAGO, Nov. 2.—The latest labor organization in the Fallbearers' Union, formed by about 40 men, who gain a livelihood in the service of undertakers. The new union will establish a minimum scale of wages and prescribe other regulations which its members hope to enforce. The Undertakers' Association is said to look upon the new organization with favor.

Phi Delta Theta Convention.

NORTHAMPTON, Mass., Nov. 2.—At the business meeting of the Phi Delta Theta Convention, held here, it was decided that the next convention shall be held Thanksgiving week, 1902, with the chapter in Syracuse University, New York.

THE REFUSAL OF THE STREET COMMITTEE OF THE CITY COUNCIL TO RECOMMEND THE PASSAGE OF AN ORDINANCE GRANTING THE COMPANY A FRANCHISE TO LAY TRACK AND SET UP A TROLLEY SYSTEM ON NORTHUP STREET.

The refusal of the street committee of the City Council to recommend the passage of an ordinance granting the company a franchise to lay track and set up a trolley system on Northup street, the company, several weeks ago, changed its proposed line and asked for a franchise on Oak and Lovejoy streets, and yesterday the Northrup and Lovejoy street property-owners made themselves heard in their protestation against the amended franchise.

Treated Blocks for Fourth Street.

Fourth-street property-owners favoring treated wood blocks in the repair of that thoroughfare won a victory over the friends of untreated blocks and of asphalt paving when the city council decided to recommend the carbolinum dressing. Three petitions were presented, the one favoring plain blocks being backed by 125 feet frontage; treating asphalt had 137 feet, and the carbolinum 228 feet. The city and county were not represented, though they will have to stand the expense of 800 feet of the total 530 feet between Jefferson and Burnside streets.

Will Stand by the Report.

The straightening of Fifth street at Ankeny is likely to cause litigation between the city and Hon. H. W. Corbett, unless one or the other recedes from the present position. Last July viewers were appointed to assess the damages to Mr. Corbett's property resulting from a slice to be taken off his lot at the northwest

Residents Near the Southern Pacific Carshops Desire to Have Mail Street Opened and Held Out From East Eighth to East Ninth Street.

Residents near the Southern Pacific carshops desire to have Mail street opened and held out from East Eighth to East Ninth street. Referred to the City Engineer.

The Portland Wire and Iron Works Desires to Erect a Hitching Post at 17 Front Street.

The Portland Wire and Iron Works desires to erect a hitching post at 17 Front street. Referred to the City Engineer.

The Portland Investment Company Proposed Against an Obstruction in the Middle of a Street.

The Portland Investment Company proposed against an obstruction in the middle of a street at the intersection of Moore street and Williams avenue. An investigation was agreed on by the committee.

Protests Against the Construction of a Bicycle Path on North Fifteenth Street.

Protests against the construction of a bicycle path on North Fifteenth street were referred to County Judge Paul H. Moore for his consideration. An immense amount of work was done, and work on the grounds and buildings was delayed for a week.

The East Twenty-Eighth Street Franchise.

The East Twenty-eighth street franchise to the City & Suburban Railway is unaltered in its terms, and modifications are being made in it to suit the company, which rejected the ordinance as too binding.

Postmaster Crossman Gives Assurance.

Postmaster Crossman gives assurance that if any change should be made in the distribution of mail on the East Side, it would be for the purpose of improving the service. The doing away of the substations, as now conducted, would be a saving of about \$2000 per annum, but even this is simply under consideration.
