road forfeiture act of September 29, 1890. The gratifying feature of the increased business is not in the heavy receipts so much as in the number of new settlers acquired. Large purchases of timber lands do not mean as much to the state as actual settlers who come here from all parts of the country to make their homes. The principal business of The Dallas Land District comes from the latter class, and the fiscal year will show at least 1300 new homes in this locality. In the number of original homesteads for the past month, Wasco County takes the lead with 33. Other counties are credited as follows: Gilliam, 22; Crook, 15; Morrow, 16; Wheeler and Sherman 12 each. Total, 130. The number of acres appropriated amount to 21,008.66, divided as follows: Homesteads, 1,253.50 acres; desert land entries, 520 acres; state selections, 1,232.16 acres. This does not include cash purchases of 236.16 acres, and final homesteads of 228.24 acres. George T. Prather, W. H. Baker, Allen and Lily Water Ditch Company, Lostine, Wallawa County, \$500; E. O.
