RUSH TO PAY TAXES

Collections in Sheriff's Office Amount to \$1,000,000.

THE TAXPAYERS SAVE \$30,000

On Last Day of Three Per Cent Reduction, \$200,000 Was Paid In—Large Property-Owners Take Advantage of the New Law.

Taxes have been collected on the year 1901 to the extent of \$1,000,000. Yesterday, which was the last day to save the 3 per cent reduction, over \$200,000 was taken in. Three per cent of the amount, or \$60,000, amounts to \$20,000, which the taxpayers save. The new law is a great success, as the books were opened by the Sheriff on February 27, and the bulk of the taxes are already in. The large taxpayers have all paid, including the Ladd estate, D. P. Thompson estate, H. W. Corbett, M. S. Durrell estate, O. R. & N. Co., Southern Pacific Company, N. P. Terminal Company, Allen & Lewis, Meier & Frank, German Savings & Loan Association, Oregonian Publishing Company, Russell & Rlyth, A. N. King estate, R. G. Reed estate. The Gussars, the Josephs, the Chamber of Commerce, Henry Falling heirs, Henry Weinhard, Balfour, Guthrie & Co., the different banks, and many others.

The total of the tax roll was \$1,250,000, and consequently over \$300,000 is yet to be collected. Beginning Monday, no reduction will be allowed on taxes, and unless one-half of all taxes are paid before April 7 a considerable penalty will be charged against each delinquent. Notwithstanding the rush, the work has been so well done by N. C. Oviatt, Chief of the Tax Department, and the men in his charge, that the records are all up to date, and business will open up smoothly on Monday.

Thousands of bank checks were received in the payment of taxes, and altogether about 18,000 receipts have been made out. It is stated here that at Salem, Oregon, City and other interior points the clerks have been unable to keep up with the rush of taxpayers, and people have been compelled to wait in line, sometimes for two hours. This was avoided here by keeping a force of clerks on all night, making out statements for taxpayers. After the statements were ready they were given to people when they were called to liquidate, and it did not long to accept money and checks from people and sign the statements.

SKYSCRAPERS IN DANGER.

Steel Framework, Says a Chicago Man, is Fast Corroding.

CHICAGO, March 15.—The steel framework in many of the big buildings in the business district of Chicago is corroding, making them very dangerous. It is only a question of a few years when those buildings will fall to the ground. This statement was made by General William S. Smith at the 33rd annual dinner of the Chicago Real Estate Board. He added that the steel framework of some of the skyscrapers is in the condition stated is nothing short of a public outrage.

The speaker explained that his statements were based on personal observations and investigations. "The steel framework imbedded in concrete will last 200 years," he said, "but the steel framework in many of the big buildings is left free to the action of the air and gases which circulate through the tile and a space about the steel. The owners of these structures have the steel painted with oil, which will retard and the corroding process about three years. Then begins the corroding of the steel and within a few years your skyscraper will fall."

Barred From the English Clubs, They Will Have One of Their Own.

LONDON, March 15.—The report that Americans will shortly have a London club, equal in exclusiveness and prominence to any of the leading clubs in the United States, is confirmed. I found him better acquainted with French literature than many Frenchmen, and I count him among the friends of France."

Excursions are now being organized to view this relic of Celtic handicraft, which will shortly be taken to the Dublin Museum.

KILLED BY OWN SON

Astoria Man Fired at Point Blank on His Porch.

THE ACT WAS PREMEDITATED

Son Arose From Bed on Hearing Father's Voice, and Took Pistol With Him—Immediately Gave Himself Up—His No Sorrow.

ASTORIA, March 15.—Mat Jarvi shot and killed his father, Gabriel Jarvi, at an early hour this morning, on the front porch of the family residence in this city. The father, who is reported to have been intoxicated at the time, came to the house and began kicking on the front door for admission. The son, Mat, who was sleeping in a room on the second floor, was awakened by the noise and outcries of his father, whose voice he recognized. He got out of bed and, after partially dressing himself, opened a trunk and took from it a .32-caliber revolver, which was loaded. He then went down stairs, and opening the front door, at which his father was kicking, he fired the revolver at his father, who was standing on the porch. Following the shot, his father fell, and Mat returned upstairs, finished dressing, and then went up to his room and turned himself to the police, telling what he had done. The young man, who is about 30 years of age and a native of Finland, does not appear to realize the enormity of the crime he committed, although he gives evidence of being reasonably intelligent, and explains his act by saying that he was afraid his father would kill him if he did not shoot him. He says he had threatened to do so on a number of occasions. As far as can be ascertained, the father and son had no words or altercation of any kind immediately preceding the shooting, although upon several occasions previously they had quarreled. Mat Jarvi shows a scar on his left arm which he says was the result of a knife wound inflicted by his father four years ago, during an attempt to kill him. The bullet fired by the son entered the left eye of the father, and pierced the brain. He lived for a few hours, but never regained consciousness. Young Jarvi is now locked up in the county jail, awaiting the action of the coroner's jury, which has been appointed to investigate the matter. The young man, whose occupation was that of a fisherman, was also his father's doctor, but appear to take the matter seriously, but his friends have employed an attorney to defend him. Will Bore for Oil. J. H. Smith and George Kaboth, of this city, who own valuable coal lands near Scappoose, are making preparations to bore for oil on the property. They have secured the necessary machinery from California, and will begin operations at once. They left this evening for Scappoose, to take charge of the work. Circuit Court Adjourns. Judge McBride this evening adjourned the term of the Circuit Court until April 14, when he will set a number of cases to be tried at the regular term to be held in June. He also announced that he would require the defendant in the case of Delmar, on a writ of habeas corpus, to file a bond for the amount of \$500,000. Cable Chess Match. Americans Won From the British Last Night—5 1/2 to 4 1/2.

CABLE CHES MATCH.

AMERICANS WON FROM THE BRITISH LAST NIGHT—5 1/2 TO 4 1/2.

NEW YORK, March 15.—After two days of hard fighting, the American chess team vanquished the British team tonight, this being the seventh of the international series of matches for rank and money. America won 5 1/2 games and Great Britain 4 1/2. The distinction of achieving the first victory fell to the Englishmen by virtue of Tenchard's brilliant feat of Delmar on board seven. Almost simultaneously the news came that the amateur, Atkins, had lowered the colors of Marshall. This was a hard blow, as the Brooklyn Chess Club had relied upon Marshall and Pillsbury winning their respective games. At that time the outlook was that the match would be lost. Hymes was then in difficulty and Voight appeared to be beaten. The former, however, soon extricated himself and proposed a draw, which Mills accepted. Voight also redeemed himself, the game being eventually drawn, but the score remained at 2 to 1, in favor of England, the solitary win for the American side having been achieved for the last time by Pillsbury, who was unable to make any headway against Lawrence and had to be finally satisfied with a draw. Barry made a great effort to win, but could not do so and finally accepted the offered draw. After the agreement of the contending parties, the remaining games ended as stated above and the victory belonged to the Americans.

Lumbermen's Protests Win.

HOUSTON, Tex., March 15.—Owing to the protest of the lumber shippers, the order recently made raising the minimum weights on lumber shipments from 30,000 to 40,000 pounds per car has been rescinded by the Southwestern roads. The order specifically affected Texas, Louisiana and Arkansas, but incidentally affected the whole of the West and Mexico, which buys lumber in the three states. It amounted to an increase in rates of about 13 per cent.

Kansas Mills Blew Up.

COLUMBUS, Kan., March 15.—Two miles of the La Crosse and Grand Tower works, four miles north of this city, exploded at noon today. Walter Reid, a workman, was killed, and several others injured. Many thousands dollars' worth of property was destroyed. The explosion was plainly felt 30 miles away.
