Senator, practically wound up the Demo cratic campaign in Reno-this evening He also addressed a large meeting. Both sides are ciniming the state. If one can judge from expressions, and

looks of the fusion candidates, they are very much worried, while the Republicans are confident. The fight for Governor between Cleveland, Republican, and Sparks, Democrat, promises to be very close. It is pretty generally conceded that Far-rington, Rep., will defeat Van Duser, Dem., for Congress by a majority variously estimated from 1000 to 5000. The Legislative ticket will be badly scratched in nearly every county in the state. New-lands papers claim the Legislature on joint ballot by three. Hawley also claims the Legislature. The state will be very close

#### Democrats Concede Advantage to Republicans on State Ticket.

TOPEKA, Nov. 1 .- Kansas today finished the quietest state campaign in its history. In some counties, the fund provided for carrying on the campaign has not been touched, so little interest has there been taken in the contest. Local fights, in some instances, have furnished practical-ly the only diversion in an otherwise uninteresting affair.

The Republican and Democratic state chairmen have issued their customary forecasts, each claiming the state by a good majority. The Democratic mana-gers privately concede, however, that the chances for the election of the Republican ticket are good, so far as the state is concerned. The Democrats insist, at the same time, that they have a good chance of carrying the Legislature on account of the factional differences that have been engendered among the Republicans as a result of the Senatorial fight. It is possible that they will make gains in some counties. The question of re-ciprocity has entered very little into the Republican campaign. Roosevelt's record and general prosperity have furnished the theme for the Ropublican orators. W. H. Craddock, the Democratic nominee, has based his campaign on a new tax theory, W. J. Bailey, the Republi-can nomines for Governor, has not been in the canvass for the past two months on account of the fatal illness of his

PHILADELPHIA, Nov. 1.-The cim paign was brought to a close with a Re-publican mass meeting in this city, assisted by Governor Penrose, ex-Judge Pennypacker, gubernatorial candidate; ex-Postmaster-General Charles Emory Smith and local candidates. Both sides are claiming a victory, the Republicans as-serting that Judge Pennypacker will defeat R. E. Pattison, the Democratic candidate for Governor, by at least 100,000 majority. The Democratic leaders, on the other hand, are equally confident of ss. Particular interest is evidence Legislature, as United States Sen ator Penrose comes up for re-election in March. #### Chances Favorable for Re-election of Governor Van Sant.

ST. PAUL, Nov. 1.—Both parties have en putting out strenuous efforts to win the most work being on the Governorship. Governor Van Sant is the Republican candidate for re-election, and the campaign has been largely on the question of an indorsement of his opposition to the so-called railway merger. The question her been one on which the two parties

have divided, and the indorsement given will be personal. The chances seem to be rather favorable to the Republicans. For Congress, the Republicans seem to be well assured of six out of the nine districts.

Both parties are and Cook County. Both parties are claiming the county by pluralities ranging from 20,000 to 30,000. The Republican managers, who assert that they have made a careful canvass of the city and county, say they are absolutely certain of victory, while the Democratic leaders assert that the strong union labor repre-sentation on the ticket, coupled with the fact that the Democratic platform pledges the party to public ownership of public utilities, will bring them a stronger labor vote than they have ever had before and assure them of victory. The most im-portant fight of the election is on the members of Congress. The state delegation in Congress consists of 11 Republicans and 11 Democrats. The Republicans claim that when the election is over they will have made a gain of at least eight. The Democrats do not claim that they will have a majority in the next state delegation, but say there is no pos-sible chance for the Republicans to gain more than two or three members of Congress. In the fight for the State Legisla-ture, which will elect a United States Senator at its next seesion, the Republi-cans claim that, including doubtful can-didates, they will have on joint ballot 121 members of the Legislature, while the Democrats assert that they will have 107.

# THE VALUE OF CHARCOAL.

Few People Know How Useful It Is in Preserving Health and Beauty. Nearly everybody knows that charcoal is the safest and most efficient disinfect-ant and purifier in nature, but few realize its value when taken into the human system for the same cleansing purpose. Charcoal is a remedy that the more you take of it the better; it is not a drug at all, but simply absorbs the gases and impurities always present in the stomach and intestines and carries them out of

smoking, drinking, or after eating onlong and other odorous vegetables. Charcoal effectually clears and proves the complexion, it whitens teeth and further acts as a natural and eminently safe cathartic,
