Venezuelan Minister Exchanges Notes With Allies-Text of Agreement With Great Britain-

The Next Step.

WASHINGTON, Feb. 14 .-- Official notice of the termination of the blockade of the Venezuelan ports reached the State De-partment today in a dispatch from the United States Embassy at London. In further explanation of the articles of the protocols signed last night by Mr. Bowen and the representatives of the allies here, the following addendum was prepared and duly signed by all of the negotiators this

'Our interpretation of the protocols way and is that the 20 per cent of the total income of the customs receipts of La Guayra and Eperto Cabello shall begin to be set apart on the first day of March. 1963, and continue to be set apart through the said month, and that the first payment will be due not the first of March, but the first of April, 1863. (Signed) "HERBERT W. BOWEN,

"MICHAEL H. HERBERT. "S. STERNBERG, "E. MAYOR DES PLANCHES."

At the conference at the British Em-bassy this afternoon, which took place at \$ o'clock, another important addendum was signed to clear up article 5 in the Italian protocol. By a curious error this article provided that the Venezuelan gov. "obligate themselves to assign to the Italian government, commencing the first day of March, 1903, for this pur pose, and to alienate to no other purpose 30 per cent of the customs revenues of La Guayra and Puerto Cabello." Had this provision stood unamended, the Italian vernment would have been entitled to the entire 30 per cent instead of sharing it with the other allies, as was intended Fortunately, the matter was discovered in time to be corrected before the protocols were dispatched to the Foreign Offices of the allies

Cablegrams have been pouring in to Mr. Bowen from Venezuela, congratulating him on the success of his mission. The first to arrive was from President Castro. It is not expected that the next set of protocols, providing for reference of the preferential questions to The Hague, will be taken up until the middle of next

## IT STANDS ALONE.

Doctor Pierce's Favorite Prescription stands alone, as the one and only remedy for leucorrhea, female weakness, pro-lapsus, or falling of the womb, so absolutely specific and sure in curing these common ailments of women, as to war-rant its makers in offering to pay, as they hereby do, the sum of \$500 reward for a case of the above maladies which they can not cure. This is a remarkable offer. No other medicine for the cure of woman's peculiar ailments is backed by such a remarkable guarantee.
