Dr. W. Norton Davis

We have no patent prescription or cure-all preparations to paim off upon unsuspecting patients; but if you are suffering from any of the following diseases, you can come to us with a full assurance of obtaining a speedy and permanent cure: So-called weakness, varicocele, hydrocele, contracted disorders, piles, stricture or specific blood poison. For twenty-one years we have been perfecting our methods for the treatment of the above ailmentsmethods that are original with us, and that are practiced by no physicinn other than ourselves. Our methods are not only original, but are effective, and our cures are lasting.

# Stricture

Our treatment is absolutely pain-less and perfect results may be de-pended upon in every instance. We do no cutting or dilating whatever.

# Specific Blood Poison

No dangerous minerals to drive the virus to the interlor, but harm-less, blood-cleansing remedies that remove the last taint of infection. Scrotnia, eczema, and all forms of skin diseases quickly and perman-mently cured, with no had after-ef-fect; the blood is thoroughly and completely purified.

# Varicocele

Absolutely painless treatment, that cures completely without an operation. Investigate our method; it is the only scientific treatment for the disease being employed.

That condition commonly known as "weakness" is merely a symptom of chronic inflammation in the pros-tate giand. It is not a weakness at all though in time it brings general debility through its depressing influ-ence upon the mind of the sufferer. We treat for the inflammation only and use mainly local remedies, and in years we have not failed to ob-tain complete and permanent re-sults. The cause of "weakness" was discovered by ourselves, and no other physickan can duplicate our cures. cure

# **Contracted Disorders**

Every case of contracted disease we treat is thoroughly cured: our patients have no relapses. When we pronounce a case cured, there is not a particle of infection or inflamma-tion remaining, and there is not the slightest danger that the disease will return in its original form or work its way into the general sys-tem. No contracted disorder is so trivial as to warrant uncertain methods of treatment, and we espe-cially solicit those cases that other doctors have been unable to cure.
