PARIS, Oct. 28 .- The speech of Pres Balfour at Southampton last night has created a decidedly unfavorable impression in the highest Russian quarters here. and it is stated by those in the best position to judge that the views of St. Peters-burg will similarly disapprove the Premier's remarks.

the Admiral was looking out for torped boats coming from Japan. As a matter of fact the Russian officer was not guarding against torpedoboats coming thou-sands of miles from Japan, as that would have been manifestly absurd, but he was equipped in the vicinity of the North Sea. This is not a matter of speculation or im-agination, but it is a matter of fact upon which the Russian authorities have been furnished with precise details. This in-formation establishes that the Japanese fitted up craft as torpedobuts at certain Swedish ports, and that they also had a large number of Japanese officers at New castle-on-Tyne and other important Eng-

A second important point on which Mr. A second important point on which Balfour's statement creates an error impression is his saying that the Russian squadron on Dogger Bank was many miles away from the usual route. 9s a matter of fact, the Russian naval route through CADARS the North Sea is across Dogger Bank. The Clancys are counting upon Williams' election as Sheriff and delivering a good vote to Turner to re-establish them, as the first step toward a fight to control the city again. There is no doubt but that Ed Cudihee, the present Democratic Sheriff, would become a canduate for Mayor were Williams to be elected Sheriff. With both men successful the Clancys figure that the town can "be opened up" under their supervision.

It is probably true that there is no outright bargain to this effect. An absolute pledge is not needed by good political manipulators who know their men. There is no question of the Clancy programme and no doubt but that it would succeed if the two men taken under Clancy patronage should be elected.

Fight Fire With Fire. The Republican fight is a sort of backfire movement. It was not started until

Frank Clancy opened up in a new saloon and made it the Williams headquarters for the ward, announcing he would guarantee a Democratic majority
