Department - Store Drivers Overwhelmingly Vote to Continue Strike, and Woodworkers

Will Go Out.

CHICAGO, July 1 .- (Special.)-The department store drivers held a meeting tonight in their rooms, where they voted on the proposition as to whether they will return to work or remain "loyal" to their return to work or remain "loyal" to their leaders. There was called first an ayeand-no vote, which resulted so evenly that a ballot was called for. It was decided to call each name and let their votes go on record, which was done. The result was that only four men voted to return to work, while 340 voted to continue on strike.

strike,

There will be a special meeting of the
Joint Council Monday night to decide
whether to continue the strike or not.
The Amalgamated Woodworkers' Union decided to call a strike on July 14 against bar and office-fixture firms who refused their request for an increase of 2 cents The strike will affect 2000 men Among the most prominent firms affect-d are the Brunswick-Balke Company, feri-Heany Company, Chad Passow & Bon. T. A. Becker Company and the Chi cago Store & Office Fixture Company, The employers have decided on applying the open-shop principle to their factories and allege that the men are demanding too

### Unions' Treasuries Drained.

The teamsters on strike are rapidly becoming disheartened. For the first time since the men were called out on strike, they falled to get their weekly benefit of \$7. Instead, each man was supplied with \$10 worth of raffle tickets, and told that was the best their union could do, as the treasuries of the various locals were drained. President Reitz, and Business Agent Ryan, of the Department Store Drivers' Union, raised enough money by strenuous hustling to give each man applying for help \$1. No other local could

Charles Sagerstrom, chairman of the special finance committee of the Team-sters' Joint Council, issued a formal statement in which he explains why strike benefits are not being paid this week. "It is not up to me to make the explanation," "However, to save further confusion, I wish to state that the council has decided to save its \$22,000 in strike benefits this week, and in place of giving every man \$7 in cash, will furnish him with \$10 worth of raffle tickets on the \$400 piane that will be raffled off during the coming August.

ils all the tickets, he will be \$3 shead. If he wins the piano he will be decidedly ahead, and the union finances will be \$22,000 ahead."

The instrument was donated by a local plane-house. The tickets, of which 199,000 have been issued, sell for 25 cents each, and it is thought they will be readily disposed of. The raffle takes place on August 5, the last day of the international con-

LABOR LEADERS INDICTED.

## President Shea Charged With Inter-

fering With Workmen.

June grand jury presented its report to

Judge McEwen late this afternoon, The

Jury heard 3666 cases and returned 140

A liberal reward will be paid for his retrue bills. Among those indicted were turn to above number. Cornelius P. Shea and Edward Mullar intimidation and interfering with the employes of the George A Fuller Company, thereby injuring Fuller's business. Other labor leaders were indicted for receiving money from John C. Driscoll for settling strikes.

The indicted men are prominent in the local labor field, and while indictments were expected against the majority of them they came somewhat as a surprise. President Shea, of the International Teamsters Union, tonight said in regard to his indictment: "That is all hot air; nobody can prove one charge in the indictments. Why don't they get after the people that admit they perjured themselves on the stand? It is the most farcical thing for a bunch of sensible men to pull off I ever heard of. I will make somebody prove the charges before long, that's all."

## Engine Works Blown Up.

CHICAGO, July 1.—Striking machin-ists are suspected of having attempted to blow up the Hanna Engine Works, on Eiston avenue, tonight. A blast of dynamite was exploded, which tore out the corner of the building and shat tered many windows.

## TRAINS BY THE SCORE

Busy Month for Passenger Travel to Portland Promised

Busy days are in prospect for trainmen of transcontinental roads leading to the Pacific Northwest during the coming month. Special trains to the number score and special cars in greater numbers are scheduled over the different lines for the convention of the American Medical Association, which convenes July II, for a sension extending over ten days. Some of the visitors who will be in Portland during that period have been en route for from a few days to two weeks, engaged in touring Yellowstone National Park, Yosemite, the Rockies of Colorado, Utah and the Southwest, and sojourn-ing in resorts and cities of the West surely journeying across the

Among the first special trains to arrive will be that of the Missouri Valley Medical Association, starting from Kansas City via the Burlington-Northern Pacific Billings gateway. Wisconsin medical men to the number of about 100 will arrive in an excursion under direction of the Kinport Exeursion Company, over the Northern Pacific, July 9, coming through direct. On the same date the Minnesota party will come in, after having spent a week viewing the beauties and mar-vels of Yellowstone. July 10 there will be special trains from Pennsylvania, the American Medical Special No. 1, including a number of the officers, a train bringing the New England delegates, and one from the Southeastern States. Louisville, Ky., will be represented by two cars occupied districts and the mountains. A car party of 30 people from Warren, Pa., headed by Dr. McGowan, will also arrive on the 9th, after having completed an Alaska

There are a great many private car parties being handled to and through Portland these days, making stops of from a few days to two weeks in visiting the Fair. Professor Thornburg's party of Des Moines teachers, numbering \$6, occupying three Pullmans, departed last evening on the homeward trip. Tomor-

row the Grafton party from California, occupying two-cars, will arrive from the East, after having attended a convention held at Denvet, to spend a few days at Portland while on the way home.

LAD GETS TENYEARS THE SECRET OUT

EARLY PIONEER IS GONE

Biographic Sketch of the Late Thomas J. Powell.

Thomas J. Powell was born in Jackson County, Missouri, April 23, 1845. With his parents be came to Oregon in 1852. They, located in Linn County, near Scio, where he resided until he reached manhood. He was married to Mrs. Amanda J. Ritter July 24, 1879, and two years afterwards moved his family to Eastern Oregon and settled in what is now the eastern part of Crook, County. Here he lived for ten years. In 182 he moved to his farm on the McKay, four miles from Prineville, where for 2 years he continued to reside until death claimed him, April 21, 1905. His

Mr. Powell was a successful busines man, honorable and upright, and had the respect of all who knew him. He was ever ready to help the needy and always willing to forward the interest of the community in which he resided. He was man of progressive ideas and a great eader. He had been a subscriber to The Weekly, Oregonian for more than 25 years, Besides an invalid wife and three chil-dren, all of whom are grown, he leaves a host of relatives and friends to mourn

his loss, His children are R. M. Powell, of Prineville, and Fred A., of Paulina, and Mrs. Lettie Miller, of Prineville. Thomas Pow-ell was a son of one late John Powell and a grandson of the Rev. Joab Powell. Of the family of 11 there now, remains Mrs. Rebecca Lea, of Scio; Mark D. Powell, of Prineville, and Mrs. Emma Say-ers, of Moro. The remains of Mr. Powell were in-

terred in Union Cemetery April 23, 1905, his 60th birthday.

MINER MAD WITH THIRST

Runs From His Rescuers When Found in Arizona Desert. RIVERSIDE, Cal., July 1.-An overland

train on the Southern Pacific was stopped to miles east of Indio this morning by Frank Seman, a Bisbee, Ariz, miner, who had been lost three days on the desert without food or water. He had threwn all of his clothing, a gold watch and some money away and was stark naked. When the train stopped he tried to run back on the desert and fought his rescuers. His body was blistered from his head to his heels and his mind shattered. His eyes were sunken and his cheek bones almost protruded through the skin, Physicians on the train say he could not have survived the day, He is now at the County Hospital and

will recover. He lost his way while searching for water during a walk from Indio to Palm Springs. He was born in Syracuse, N. Y., and up to six months ago lived at Victor, Colo.

The Junior Auxiliary of St. Stephen's Church, composed of about 25 young ladies of that church, has just finished furnishing a room at the Good Samaritan Hospital in memory of the late Lottie M. Short, wife of Rev. William Seymore Short, of Astoria. Mrs. Short was for-merly vice-president of the Junior Auxillaries of the diocese of Oregon

The ladies of the auxiliary have been two years working on embroidery and raising money for the furnishings of the room, and have at last completed what will be one of the most attractive rooms

Concert for Umbria's Crew.

Andrew Yates Must Serve a Long Term.

KING OF BELLBOY ROBBERS

Judge Hopes to Give Warning to Other Malefactors by Glving Sentence Man Would Get in Same Circumstances.

SAN FRANCISCO, July 1.—(Special.)—Andrew Vates, king of the bellboy burgiars, must serve ten years in the penitentiary at San Quentla. Vates entered a plea of guilty to a charge of grand larceny in Judge Lawior's department of the Superior Court, hoping thereby to secure a light sentence, but the court advised him that there was £ growing tendency him that there was a growing tendency among the youth of the land to launch out on a life of crime, and it was as well to take steps to curb that tendency be-

fore it became too late.

Andrew Yates is the recognized head of a band of beliboy robbers who have op-erated extensively throughout the coun-try and who in the past few years have stolen hundreds of thousands of dollars' worth of diamonds and valuable jewelry from hotel guests. Their system of operation has been to secure employment at health resorts where the wealthy come to spend the Summer months and then oot their apartments.

Of this brand of thieves the police be-lieve there is a National organization, and Yates is said to be the bead of the gang.
What led to Yates' undoing in this city
was the larceny of \$7000 worth of diamonds from Mr. and Mrs. Gundelfinger,
an Eastern couple who pass every Winter on the Coast. He went to their apartments in the early morning of November 2, 1904, secured admission under some pretext, robbed the old couple under the muzzle of his revolver and made his es-cape. He was next heard of in connection with a big diamond robbery in South ern California, and while some of his fellow-bellhoys were captured for com-plicity in this offense, he managed to make his escape again.

After many months the police got track,

of Yates in Chicago. He had committed a crime there, and on account of his youth escaped with a short juli sentence. Captain of Detectives Burnett had Detec the Taylor waiting for Yates when he was released from jail, and he was brought back here on a requisition from the Governor. In passing sentence this morning, Judge Lawlor said:

"We find among our most desperate criminals of today men who have grad-uated from the ranks of bellboys and messenger boys. There seems to be a tendency on the part of the young to venture into the walks of highway robbers and burglary. It is time that something was done to put discouragement in the way of these youngsters, and they should be made an example of which will stand as a warning to others who contemplate leading criminal lives."

### Think They Are Petty Thieves.

In the arrest of Otto Yanch and Elme Bates, two young men 20 years old, De-tectives Kerrigan, Snow and Resing think they have broken up a gang of petty thieves who have been operating in the hotels and lodging-houses in the down-town district. The 'two men were arrested at the Grand Hotel last night and goods were recovered that had been re-ported missing from several places. A suit of clothes, several valuable clothes articles were found in the room occupied by the suspects. The two made a partial

# Truth is Unshackled

To refute the many false and malicious attacks, bogus formula and other untruthful statements published concerning Dr. Pierce's world-famed family medicines, the Doctor has decided to publish all the ingredients entering into his "Favorite Prescription" for women and his equally popular tonic alterative known as Dr. Pierce's Golden Medical Discovery. Hereafter every bottle of these medicines, leaving the great laboratory at Buffalo, will bear upon it a full list of all the ingredients entering into the compound. Both are made entirely from native roots, barks and herbs. The ingredients of the Golden Medical Discovery being Golden Seal, Queen's root, Stone root, Wild-cherry bark, Mandrake and Bloodroot. The "Favorite Prescription" is prepared in a similar manner from Blue Cohosh, Lady's Slipper, Unicorn root.

Golden Seal and Rattleweed root, these ingredients being macerated for a long time in a non-alcoholic menstruum. The exact working formula for making these medicines cost Dr. Pierce and his collaborating Chemist and Pharmacist many years of study and experiments, but as perfected they produce almost perfect pharmaceutical compounds embodying all the active, medicinal principles residing in the ingredients employed, and this, too, in such form and combination as to keep unchanged in any climate. Thus the use of alcohol is entirely avoided in their manufacture, and instead an agent is employed which possesses valuable medicinal properties, being a demulcent, anti-ferment and nutrient.

## PROOF POSITIVE.

Without solicitation, Mrs. H. Har-rison, of 112 West 2d St., Sioux City, Iowa, wrote us as follows:

"I suffered for more than seven years with a very complicated form of female trouble accompanied with nervous prostration, and after doctoring with six physicians (all bearing ex-cellent reputations) was informed that unless an operation was performed I would be an invalid all my life. Hearing of the wonderful cures effected by Dr. R. V. Pierce's remedies and be-lieving that there must be a cure for almost every ailment, I determined to almost every ailment, I determined to make one more effort. I wrote to Dr. Pierce, and I will never forget his kindly advice, telling me to follow his instructions faithfully and not to submit to an operation. I commenced to improve after six weeks' treatment, and in five months my improvement was so noticeable to friends that they began to inquire about my method of treatment. I was pleased to tell them of the wonderful means of cure that I had most fortunately found, and, as so had most fortunately found, and, as so many ladies applied to me for infor-mation regarding Dr. Pierce's world-famed medicines and his plans of treat-ment, I felt in duty bound to give them the benefit of my experience, so, told them the facts. The large number of positive cures effected by Dr. Pierce's remedies alone, used by my recommen dation, seemed, in one year's time, nothing short of a miracle. I couldn't have believed it had I not seen the parties and known the facts."

years with pelvic trouble, which developed into kidney and bladder disorder," writes Mr. Ernest Rappold, Chairman Executive Committee, ern Industrial League, of 230 West First Street, Los Angeles, California. "I could make water only with difficulty; water was dark and cloudy, my whole system out of order, and severe backache and headache was my daily portion. Finally, I was unable to conpretty dark in the home with me, without work and no money to fall back on. My employer, whom I had just left, called to see me while in bed, and he spoke so highly of Dr. Pierce's Golden Medical Discovery that I decided to try it. Within two weeks I felt much better, could begin to relish my food, and my aches and pains grew less. I kept up the medicine for ten weeks, when I was cured and again able to return to work. This was over seventeen months ago, and I have not

lost a day's work since.
"My wife had ovarian trouble and ulceration of the womb, and she was cured through the use of Dr. Pierce's Favorite Prescription, so you see, my home, which was once desolate and dark because of sickness, is to-day bright and cheery, and we both give thanks to your grand remedies, which brought us that grandest of all human blessings—health."

Dr. Pierce's Good temper is largely a matter of good health, and good health is largely a matter of healthy activity of the bowels. Dr. Pierce's Pleasant Pellets cure constipation. They are safe, sure and speedy, and once taken do not have to be taken always. One little "Pellet" is a gentle laxative, and two a mild cathartic. Pellets
They never gripe. By all druggists.

man, and there are two members from the reception will be held. There is quite a Portland in the afternoon or evening, even if the general reception be held in a hall or church, W. H. Hurlburt informed Adjutant-General J. L. Wells yesterday that the park would be lighted by electricity at once

coln-Garfield Hall, G. E. Caukin is chair- grounds last evening that James Thompeach Portland post. A preliminary meet-ing was held Priday evening, but no def-inite action was taken as to the place been an error. As soon as the officers the reception will be held. There is quite a sentiment favorable to Sellwood Park. At least is is desired that a campfire be held there while the National commander is in Portland in the afternoon or evening, even is alive and no accident had occurred there.

# Bright's Disease and **Diabetes News**

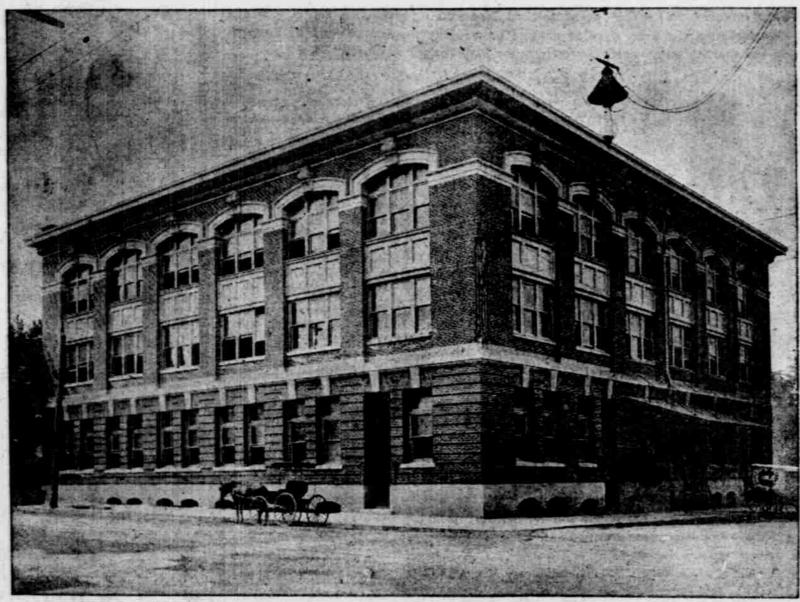

San Francisco, June 25, 1905.

Dear Sirs: The long-sought cure for Bright's Disease and Diabetes has undoubtedly been discovered in this city by John J. Fulton, a lineal descendant of Robert Fulton.

Although hundreds have recovered here, this is not easy of belief and it is the purpose of a number of business and professional men of this city (of whom I am one) to tell the people. You are hereby authorized to tell all those in your city who have either Bright's Disease or Diabetes that near-ly nine-tenths of them can recover. Among the business men who are giv-ing moral and financial support and who would give neither if the above was not strictly true, are Hon, D. M. Burns, president Candelaria Mining Company; Edward Mills, president Bullock & Jones Company; Captain Rob-erts, president Boca & Loyalton R. R. erts, president Boca & Loyalton R. R. Co.; Thomas Kirkpatrick, capitalist; D. E. Bender, capitalist; W. C. Price, capitalist; William Sharp, capitalist; C. W. Clark capitalist, and many others. The pamphiets herewith are to be given to all inquirers without charge. They give a complete history of our long and exhaustive investigation. Yours truly,

A. E. SHATTUCK. President Pacific States Type Foundry. When to suspect Brights Disease weakness without cause; puffy ankles, hands or cyclide, kidney trouble after the third month; urine may show sediment; failing vision; drowstness; one or more of these. Woodard, Clarke & Co., Agenta,

REAL ESTATE MOVES RAPIDLY AND BUILDING IS UNINTERRUPTED

The erection of buildings for manufacturing establishments is having a boom in Portland. There is nearing completion at Tenth and Glisan streets, the factory building and warehouse shown above, designed by E. M. Lagarus, owned by I. Lowengart, and other buildings of the same sort are in different stages of construction. The Columbia building, an office structure owned by Blazier Brothers, demonstrates the fact that building in that line is going forward rapidly. There are several large buildings contemplated, the erection of which will begin at an early date. Among these may be mentioned the building to be constructed at Seventh and Morriso streets by Charles Sweeny for the firm of Tull & Gibbs. The Knights of

Pythias will construct a model temple at Eleventh and Alder streets, and ans are being drawn for a building for the Woodmen of the World, on Eleventh street, between Morrison and Alder.

The transfers for last week amounted to \$336,886.55, while the permits inted to \$17,145. The demand for business property has not abated, and a number of heavy deals, all showing increasing value in uptown locations, are now at the point of consummation. Suburban property is also on the increase. Yesterday the Oak Park Land Company transferred to C. E. Bingham the northwest corner of block 7, and river lots 2 to 6 and a fraction of block 9, of J. Johns' addition to St. Johns for \$15,000. Other similar deals show the trend of suburban property.
