

# NOT A PATENT MEDICINE

BUT A  
Favorite Prescription of Dr. Pierce  
FOR THE  
DISEASES OF WOMEN ONLY.

FOR forty years Dr. Pierce's Favorite Prescription has been more generally sold than any other medicine prescribed for woman's ills. Dr. Pierce tells you just what is contained in this marvelous remedy for the diseases peculiar to women. There is not a particle of alcohol or injurious drug in this prescription. Pure, triple-refined glycerine is used for a solvent and preservative instead of alcohol. Ask your physician if any one of the following ingredients which are contained in this prescription are injurious. We guarantee that no harmful results can follow the use of this cure for those distressing and painful complaints from which women suffer at one time or another. The ingredients are: Golden Seal root, Lady's Slipper root, Black Cohosh root, Unicorn root, Blue Cohosh root, chemically pure Glycerine.

The active medicinal principles of the several ingredients, or native American roots employed, are extracted by the use of glycerine of proper strength and with the aid of special apparatus and appliances devised and built especially for carrying on the delicate and exact processes employed. These processes cost Dr. Pierce and his assistant chemists and pharmacists much study and a long series of tedious experiments, extending over a period of several years, and finally resulted in an almost perfect pharmaceutical compound—now known as Dr. Pierce's Favorite Prescription.

There are good and substantial reasons why intelligent people and physicians as well, employ Dr. Pierce's Favorite Prescription for the cure of diseases and weakness peculiar to women. In the first place, it is not a cure-all, serving only a singleness of purpose, being a specific for one class of diseases only—those peculiar weaknesses and maladies incident to women. Besides it is the only medicine put up for sale through druggists for the cure of such maladies, all the ingredients of which have the endorsement of leading medical practitioners and writers, as being the very best known remedies for the ailments for which "Favorite Prescription" is advised.

With other medicines the afflicted have only their makers' word for their efficacy. With Dr. Pierce's medicines they have the disinterested endorsement of scores of eminent medical practitioners and medical writers of wide renown. These numerous unqualified endorsements, from men whose writings are regarded as authorities in each of the several schools of medicine, are the more valuable because they were written without any knowledge on the part of the several writers that they were extolling the curative virtues of ingredients that go to make up Dr. Pierce's world-famed medicines. Dr. Pierce's Family Medicines, therefore STAND ALONE in respect to being the only ones professionally endorsed as remedies, or cures, for the several diseases for which they are recommended. A glance at the published ingredients will show that no narcotics or other harmful agents are employed; that no alcohol enters into their composition; that they are made of the roots of indigenous, or native, medicinal plants; that, instead of alcohol, chemically pure glycerine, of proper strength is used, both for extracting and preserving the medicinal principles residing in the several roots employed.

## WELCOME WORDS TO WOMEN.

From the view point of the average man housework is very easy. The wife is right at home. She is her own mistress. She can sit down and rest any time. She can even go to bed for a nap if she feels like it. She can order her household affairs just to suit her own convenience. If she doesn't feel equal to doing work to-day, she can do it to-morrow. That's the beautiful theory of the average man.

Just suppose the Egyptian task-masters, when they made the required daily tale of bricks tax the uttermost of human strength, had said to the tilling slaves, "Don't hurry, take a rest every now and then—only don't forget that your tale of bricks must be all right at night or else there'll be trouble."

There's the fact. There are the day's duties to be got through, and the women who rest may not. The woman, who, when she married, said, "Now, I'll be my own mistress," finds herself a slave to household cares and duties.

And oh! how much that woman needs rest sometimes. She bruises and scrapes, and rolls pastry, her temples throbbing, her back aching, her nerves quivering under the stress of pain. What she would give if she could just creep upstairs and throw herself on the bed in a darkened room and rest.

Rest would temporarily relieve the strain, doubtless, but it would be the same story over again to-morrow. The real need of weak, nervous women is strength, and that need is fully met and satisfied by Dr. Pierce's Favorite Prescription. It makes weak women strong and sick women well. It removes the causes of women's weakness, tranquilizes and invigorates the nerves, encourages the appetite and induces restful sleep. "Favorite Prescription" is a positive cure for the most complicated and obstinate cases of leucorrhoea, excessive flowing, painful menstruation, unnatural suppressions and irregularities, prolapsus or falling of the womb, weak back, "female weakness," anteversion, retroversion, bearing-down sensations, chronic congestion, inflammation and ulceration of the womb, inflammation, pain and tenderness of the ovaries, accompanied with "internal heat."

"I am pleased to add my testimony in behalf of Dr. Pierce's Favorite Prescription," writes Miss Earline Agard, Chaplin, Patriotic Daughters of America, of 413 1/2 Michigan Avenue, Lansing, Mich. "I cannot find language to express my gratitude and joy over the fact that I am well once more. Wearing my corsets too tight seemed to have brought on an extra abdominal pressure, weakening the ligaments and pushing the internal organs down. What to do I knew not, as no medicines I took seemed to help me.

"I had heard of Dr. Pierce's Favorite Prescription and determined to try it, as a last resort. Before the first bottle was used I began to feel better, but could hardly believe that this was permanent, but my improvement went steadily on, and within four months I was like a new woman. Now I have no more pains, am well and strong, and am extremely grateful to you."

There is nothing to conceal about the make-up of "FAVORITE PRESCRIPTION." It is an absolutely pure medicine—made of native roots—Nature's own restoratives, compounded after a formula concerning which there can be no question, by skilled chemists and by thoroughly scientific processes. Doctor Pierce is perfectly willing to let every one know that his "FAVORITE PRESCRIPTION" contains Blue Cohosh root, Lady's Slipper root, Unicorn root, Black Cohosh root and Golden Seal root. Every doctor knows that such a prescription is beneficial in the diseases of women and when properly compounded is certain to effect a cure in nearly all cases when given a fair trial. Every bottle of the "FAVORITE PRESCRIPTION" which leaves Dr. Pierce's immense laboratories in Buffalo, N. Y., has plainly printed upon its wrapper all the ingredients of which it is composed. Thus Dr. Pierce proves to the world his own confidence in the remedy which for forty years has borne his name and which is known all through the United States and Canada, England, Australia, and in parts of South America, Africa and Asia, as a sovereign cure for those diseases which, unchecked, make our women old before their time.

It will be noticed that there is no alcohol in the "FAVORITE PRESCRIPTION." Dr. Pierce never believed in using alcohol in the preparation of his famous household remedies. For it, he substitutes chemically pure glycerine, which has wonderful properties for extracting the medicinal principles of roots and preserving them at their full strength, without any deleterious effect whatever.

In favor of Dr. Pierce's medicines is the frank, confiding, open, honest statement of their full composition, giving every ingredient in plain English, without fear of successful criticism and with confidence that the good sense of the afflicted will lead them to appreciate this honorable manner of confiding to them what they are taking into their stomachs when making use of these medicines.

Dr. Pierce feels that he can afford to take the afflicted into his full confidence and lay all the ingredients of his medicines freely before them because these ingredients are such as are endorsed and most strongly praised by scores of the most eminent medical writers of all the several schools of practice as cures for the diseases for which these medicines are recommended.

Your druggist sells the "FAVORITE PRESCRIPTION" and also that famous alterative, blood purifier and stomach tonic, the "GOLDEN MEDICAL DISCOVERY." Write to Dr. Pierce about your case. He is an experienced physician and will treat your case as confidential and without charge for correspondence. Address him at the Invalids' Hotel and Surgical Institute, Buffalo, N. Y., of which he is chief consulting physician.

It is as easy to be well as ill—and much more comfortable. Constipation is the cause of many forms of illness. Dr. Pierce's Pleasant Pellets cure constipation. They are tiny, sugar-coated granules. One little "Pellet" is a gentle laxative, two a mild cathartic. All dealers in medicines sell them.

Send 31 one-cent stamps to cover cost of mailing and get a copy of Dr. Pierce's Common Sense Medical Adviser, over 1000 pages. Address Dr. R. V. Pierce, Buffalo, N. Y.

We have room to publish here only a few extracts from standard authorities, but a booklet of authorities of the several schools of medicines will be sent you free on request.

Prof. Ellingwood, M. D., of Bennett College, Chicago, says of Golden Seal: "In its therapeutic (remedial) influence its widest range of action is upon the stomach, in functional disorders of that organ, where the entire apparatus, including the liver is stagnant and inoperative. It is a most superior remedy in catarrhal gastritis (inflammation of the stomach), chronic constipation, general debility, in convalescence from protracted fevers, in prostrating night-sweats. It is an important remedy in disorders peculiar to women. In all catarrhal conditions, especially if there be muscular relaxation and general enfeeblement, it is useful."

Edwin M. Hale, M. D., Professor of Materia Medica, at Hahnemann Medical College, Chicago, states in regard to Golden Seal (Hydrastis): "In relation to its general effects on the system, there is no medicine in use about which there is such general unanimity of opinion. It is universally regarded as the tonic useful in all debilitated states."

From the foregoing extracts it will be seen that Golden Seal root is a very efficient curative agent in most of the weaknesses and ailments affecting the organs peculiarly feminine.

Prof. John M. Scudder says of Lady's Slipper root (Cypripedium Pubescens): "This root is valuable in all cases of nervous excitability or irritability unconnected with organic lesions, allaying the irritability, lessening any accompanying pain, producing a calm and cheerful condition of the body and mind, and consequently favoring mental tranquillity, or sleep. Hence it has been of service in hysteria, chorea, nervous headaches, wakefulness and prostration in low fevers, and, indeed, in all cases of morbid irritability of the nervous system, from functional derangement or reflex irritation. It will be found very efficient in the nervousness hypochondria, or mental depression accompanying certain forms of derangement of the digestive organs, which is more generally met with among females."

Prof. John King, in the American Dispensary says of Black Cohosh root (Cimicifuga Racemosa): "This is a very active, powerful and useful remedy, and appears to fulfill a great number of indications. It possesses an undoubted influence over the nervous system. In small doses the appetite and digestion are improved. Plays a very important part in the therapeutics of Gynecology (diseases of women). In the painful conditions, its remedial action is fully displayed. By its special affinity for the female organs, it is an efficient agent and is surpassed by no other drug, being of greatest utility in irritable and congestive conditions of the appendages, characterized by tensile, dragging pains, resembling the pains of rheumatism. It is a good remedy for the reflex 'sideache.'"

Dr. John E. Fyfe, of Saugateau, Conn., Editor Department of Therapeutics in The Eclectic Review says of Unicorn root (Hemionus Dioica) one of the chief ingredients of Dr. Pierce's Favorite Prescription: "A remedy which invariably acts as a uterine invigorator and always favors a condition which makes for normal activity of the entire reproductive system, cannot fall to be of great usefulness and of the utmost importance to the general practitioner of medicine."

"In Unicorn root we have a medication which more fully answers the above purposes than any other drug with which I am acquainted. In the treatment of diseases peculiar to women it is seldom that a case is seen which does not present some indication for this remedial agent."

# Weak Women Made Strong, Sick Women Made Well.

IN the above eight words is summed up the great work for women which is accomplished by Dr. Pierce's Favorite Prescription.

The record of cures effected by this remedy is without a parallel. Thousands of testimonials received from patients and from physicians who have tested it in the more aggravated and obstinate cases which had baffled their skill, prove it to be the most wonderful remedy ever devised for the relief and cure of suffering women.

It is composed wholly of medicinal principles extracted from the roots of native, American forest plants, pure triple-refined glycerine of proper strength, being used instead of harmful alcohol both in extracting and preserving these medicinal principles.

### IT IS A POWERFUL INVIGORATING TONIC,

imparting health and strength in particular to the organs distinctly feminine. For weak and sickly women, who are "worn-out," "run-down," or debilitated, especially for women who work in store, office, or school-room, who sit at the typewriter or sewing machine, or bear heavy household burdens, Dr. Pierce's Favorite Prescription will prove a priceless benefit because of its health-restoring and strength-giving power.

### AS A SOOTHING AND STRENGTHENING NERVINE,

"Favorite Prescription" is unequalled and is invaluable in allaying and subduing nervous excitability, irritability, nervous exhaustion, nervous prostration, neuralgia, hysteria, spasms, chorea, or St. Vitus's dance, and other distressing nervous symptoms commonly attendant upon functional and organic disease of the organs distinctly feminine. It induces refreshing sleep and relieves mental anxiety and despondency.

### CURES OBSTINATE CASES.

"Favorite Prescription" is a positive cure for the most complicated and obstinate cases of leucorrhoea, excessive flowing, painful periods, unnatural suppressions and irregularities, prolapsus or falling of the pelvic organs, weak back, "female weakness," anteversion, retroversion, bearing-down sensations, chronic congestion, inflammation and ulceration of the uterus, inflammation, pain and tenderness over the ovaries and kindred ailments.

### FREE CONSULTATION

An invitation is extended by Dr. Pierce to every sick and ailing woman to consult him by letter. There is absolutely no charge or fee for this consultation. Every letter is carefully considered, fully answered, and its statements held as strictly private and sacredly confidential. Address Dr. R. V. Pierce, Buffalo, N. Y.

### THE BADGE OF HONESTY.

Each bottle of the above medicine bears upon its wrapper a badge of honesty in the full list of ingredients composing it—printed in plain English. This frank and open publicity places this medicine in a class all by itself. It cannot be classed as a patent nor secret medicine for it is neither—being of known composition.

### DR. PIERCE'S PLEASANT PELLETS

cure biliousness, sick and bilious headache, dizziness, costiveness, or constipation of the bowels, loss of appetite, coated tongue, sour stomach, windy belchings, "heart-burn," pain and distress after eating, and kindred derangements of the liver, stomach and bowels.

One little "Pellet" is a laxative, two are cathartic. They regulate, invigorate and cleanse the liver, stomach and bowels. As a "dinner pill," to promote digestion, take one each day. To relieve the distress arising from over-eating, nothing equals one of these little "Pellets." They're tiny, sugar-coated, antibilious granules, scarcely larger than mustard seeds.

### HEALTH AND HAPPINESS.

How to live in health and happiness, is the general theme of Dr. Pierce's Common Sense Medical Adviser. This great work on medicine and hygiene, containing over 1000 pages and more than 700 illustrations, is sent free on receipt of stamps to pay expense of mailing only. Send 31 one-cent stamps for the cloth-bound volume, or only 21 stamps for the book in paper covers. Address Dr. R. V. Pierce, Buffalo, N. Y.

## TALK ON EDUCATION

United Evangelical Church Hears Reports.

### NEEDS OF DALLAS COLLEGE

It is the Purpose to Increase the Endowment Largely and Awaken General Interest in the Institution.

At the opening of the conference of the United Evangelical Church, in session at St. Johns, Bishop H. B. Hartzer, presiding, yesterday morning the visiting committee of the Dallas College reported that it had visited this college during commencement week of 1905, and the report was largely a record of that week. In conclusion this committee recommended Dallas College as one of the best schools on the coast for young people of the United Evangelical Church.

President C. C. Poling, of Dallas College, then presented his report. Dr. Poling had, during his year's absence in the East, worked as best he could to further the interest of the college. Although for various reasons his efforts were not so successful as expected still they had not been in vain, as further results are expected. Dr. Poling said that the lack of a field worker had shown itself in the number of students. The need is not more support from the town of Dallas, but from the United Evangelical people of the state. As a remedy President Poling asked that a man be put in the field during the coming summer to work both for finances and for students. The work of the school had been up to a high standard. Dr. C. A. Mack had been added to the faculty. Andrew Carnegie to Help Fund.

The conference committee on education recommended a complete canvass of the conference to increase the Dallas College endowment fund, and that the general conference be asked to arrange for a canvass of the whole church for an increase of \$25,000 to the present endowment, making it \$40,000.

The last \$5000 of this increase has been promised by Andrew Carnegie, when the rest of the sum has been raised.

The educational committee also recommended that the Ladies' Professors' Association of Dallas be organized on the various charges of the conference.

Opposes Local-Option Amendment. The conference signified its opposition to the proposed amendment to the present local-option law in the report of the committee on moral reform. It declared it the duty of the United Evangelical Church to do all in its power to break down the liquor traffic, and to oppose all legislation favoring the liquor traffic, and especially the proposed amendment to the present local-option law, that is proposed at the next Legislature.

In the afternoon, following the devotional services, Bishop Hartzer continued his lecture on "Satan and His Demons in the Light of Scripture." The Church Extension Society held a session. The treasurer reported \$51 on hand, which was applied on the Hillsboro debt. The Conference Aid Society then met. Its purpose is to aid young men who are preparing for the ministry. The treasurer reported \$125 on hand. Following came a session of the Conference Missionary Society. C. C. Poling was elected delegate to the church board of missions, with H. E. Pratt as alternate. F. A. Phelps was formally received into the conference and granted deacon's orders. The treasurer of charitable collections reported having received \$27. Today's Services. Committee on public worship arranged the following for today: Bishop Hartzer will preach in the St. Johns Church this morning at 10:30. Ordination services will take place this afternoon at 2:30, conducted by the bishop.

op. C. P. Gates, C. A. Burris and H. J. Holzapfel will be ordained as deacons, and L. J. Burns and F. E. Fisher as elders. The Keystone League of Christian Endeavor will meet in the evening at 8 o'clock and the bishop will preach a missionary sermon at 7:30.

F. A. Phelps, one of the ministers of the conference, will preach this morning in the St. Johns Methodist Church. Appointments will be announced tomorrow when conference will adjourn.

Castle Rock Property Booming. CASTLE ROCK, Wash., April 14.—(Special.)—There is considerable interest here over the report that the Southern Pacific will build from Portland to Tacoma. Real estate men have been kept busy selling property the last few days. 20 transfers being reported during the week.

## HOLD ROUSING MEETING

South Portland Republicans Listen to Speeches by Candidates.

A rousing meeting of the Fulton Republican Club was held at Webber Hall, South Portland, last night, at which several candidates for various offices made short addresses. Those appearing before the organization were: A. Walter Wolf, J. W. Bell and H. C. King, candidates for Justice of the Peace, West Side; R. R. Giltner and L. A. Lewis, candidates for County Judge; Ralph W. Hoyt, candidate for State Treasurer; H. M. Bush, candidate for representative, Eighteenth District; George A. Tilden, candidate for County Commissioner; Frank T. Rogers, candidate for Sheriff, and John L. Day, candidate for Constable. L. C. Garagus also delivered a few remarks in behalf of George A. Steel for State Treasurer.

## COLLINS PLAYS FOR TIME

Argues Violently Before Judge Graham at San Francisco.

SAN FRANCISCO, Cal., April 14.—(Special.)—George D. Collins sat before Judge Graham for an hour and a half this morning listening to the tales of little offenders who had been drawn into the net of the Juvenile Court. Then he arose to offer his last desperate defense against the return made by the District Attorney to his appeal for a writ of habeas corpus.

## REMEMBER JOE

JOSEPH A. RYAN Candidate for County Treasurer in the Republican Primaries

Mr. Ryan has been a resident of Portland for 20 years, and has been with the Portland General Electric Company for the past 14 years. Commencing at the bottom of the ladder by faithful attention to business he gradually climbed to a position of prominence and responsibility.

## WILL GO INTO SHIPBUILDING.

ABERDEEN, Wash., April 14.—(Special.)—J. H. Hood, Deputy Collector of Revenue for this district for a good many years, has resigned and will engage in shipbuilding in Wauquiam.

## Candidate for Republican Nomination for Constable, East Side District.

CHAS. H. CARTER Mr. Carter has been a resident of Portland for the past 28 years and his residence is situated at 167 Grand avenue north. For 23 years he was employed by the Southern Pacific railroad in the train service and as a conductor. His platform is short and to the point—"A Square Deal."

## W. B. STEELE

W. B. Steele, candidate for the nomination on the Republican ticket for County Commissioner, has a strong following because of his long residence in Multnomah County and his practical experience in the care of the roads and bridgebuilding. He is well and favorably known as the senior member of the W. B. Steele Construction Company.

Beginning at top and reading from left to right: Top row—Eaton, O. O. Arnold, M. B. Young, C. T. Hurd, H. J. Holzapfel, H. L. Pratt. Second row—A. W. Teats, F. E. Fisher, M. Storey, H. A. Dock, G. L. Lovell, T. P. Bevens, J. B. Abstadt, S. M. Young, Third row—R. S. E. Launer, Dr. F. S. Locke, A. A. Winter, D. M. Metzger, E. E. McVicker. Fourth row—J. Bowers, D. Gubser, A. W. Brickley, W. P. Flowers, W. L. Arnold, J. L. Burns. Lower row—C. P. Gates, C. A. Burris, C. C. Poling, Bishop H. B. Hartzer, John Bier, Professor, C. A. Mack, D. Hight, G. F. Phelps, M. F. Blandy.
