COAT CROGHT FIRE

Foreman Vincent Is Probably Fatally Injured.

MASS OF POWDER IGNITED

With Three Laborers, North-Bank Railroad Employee Was Emptying Thirty Kegs of Explosive Into Sacks.

HOOD RIVER, Or., May 5.—(Special).—V. E. Vincent was fatally injured and three foreign laborers seriously burned on the north bank railroad grade between Underwood and White Salmon this afternoon. Vincent was the foreman of the blasting gang. With the help of three laborers he was emptying 30 kegs of black powder into sacks, preparatory to putting in a blast.

From some unknown cause the powder was ignited, badly burning the men. Vincent had his back to it, and his coat caught fire. He was unable to put out the fire, and was badly burned and will probably die. He has a family in Portland. His wife came up to the hospital at Collins tonight.

FISCHER SERIOUSLY INJURED

Victim of Rainier Assault Sent to Portland for Treatment.

RAINIER, Or., May 5.—(Special).—W. C. Fischer, who was so brutally assaulted by a thug here Friday, was taken to Portland today for medical treatment. Two blows on the face, received while lying in a dazed condition from a blow from a slugshot delivered from behind, have proved to be serious. Internal bleeding cannot be checked, and Mr. Fischer's friends are very anxious about him. It is feared there is a fracture of the skull over one eye. A cut on the side of the head also needs special attention. It develops that when Brough, the bartender, left Mr. Fischer waltering in his blood, to secure a warrant for his arrest for using profane language, he took the Town Marshal with him to the office of Justice Brown, having overtaken the Marshal half way uptown from the scene of the assault. The Marshal waited around some time while the warrant was being made out, and then began a search for the wounded man, making no effort to capture the thug who had so cruelly beaten Fischer.

The "Cockeyed Kid," accused of the assault on Fischer, waited examination at St. Helens today, and was bound over to the Circuit Court, which meets here May 18. The hearing of the cases of W. C. Fischer, charged with using profane language, and Brough, for complicity in the assault on Fischer with intent to kill, will take place next Saturday.

CONFLICT ON FISHTRAPS

COLUMBIA RIVER GILLNETTERS ARE MUCH EXERCISED.

Legal Action Will Be Taken to Prevent Driving of Piles by Tacoma Men.

ASTORIA, Or., May 5.—(Special).—The driving of fishtraps along the gillnet drifting grounds on the Washington side of the river below Point Ellis and the North Shore cannery is now under way. This is the place where the trouble occurred between the gillnetters and the persons who were driving the traps, several shots being fired, although no one was injured. One trap was completed there yesterday and last evening the construction of another was commenced, while, according to information received this morning, three more are to be driven in that locality.

The traps are said to be driven by men employed by B. F. Heuston, of Tacoma, the man who recently tried to get control of Desdemona sands and the tidelands around Sand Island. In order to guard against possible interference, armed men are kept on the piles, and other men, armed with rifles are stationed in the brush along the bank of the river adjacent to where the driving is in progress.

TYPICAL TELEGRAPH ORDER FROM MARSHFIELD FOR HAZELWOOD ICE CREAM—THIRTY-SIX HOURS' TRIP BY STEAMSHIP

This map tells the story of a Hazelwood Ice Cream order received and filled last evening. On nearly every trip the Steamer Alliance takes a heavy packer of Hazelwood ice cream to Marshfield. The condition in which the cream arrives after its long voyage is so perfect that the repeated orders are growing larger and larger. Hazelwood ships ice cream from Portland to Northern California. Last year its North California business was heavier than that of any San Francisco competitor in the same field. Hazelwood ice cream is shipped east as far as Boise, and is competing successfully in Seattle with Puget Sound's best. Quality wins.

DRUNKENNESS IS A DISEASE

Remarkable Results Following the Orlin Treatment—Can be Given Secretly. Dr. Norman Kerr, an English authority on alcoholism, says, "No disease is more common than alcoholism and yet none is so seldom or so slowly recognized."

There are but few families who have not one or more members afflicted with this terrible disease, for such it is. Will power alone will not cure the drink habit, but the scientific Orlin treatment is a tested and absolute cure. This treatment destroys the desire for liquor, so that the drink is not missed. We seek the worst cases and cure them with Orlin.

Leading ministers and charity workers endorse Orlin in the highest terms, for they have seen the drunkard's home become happy and prosperous through the husband's cure by Orlin.

In one year a leading druggist sold 3750 boxes of Orlin without having a single complaint. It is no wonder that they and other leading druggists throughout the country guarantee Orlin as an absolute cure for the liquor habit or money will be refunded. There are two forms of Orlin. No. 1, the secret remedy, which can be given without the knowledge of the patient; No. 2, in pill form, for those who wish to be cured. The price of either form is \$1. Write for free pamphlet on the cure of alcoholism to the Orlin Co., Washington, D. C. It is the one guaranteed cure for the liquor habit, and in every box is a registered guarantee which entitles you to a refund of your money if Orlin fails to effect a cure. Orlin is for sale by Woodford, Clarke & Co., druggists, distributing agents, Portland, Or.
