

ADDITIONS TO RELIEF FUND

Less Than Twenty-Five Hundred Will Make Up Quarter-Million Dollars.

DONATIONS NOW \$247,676.85

Within the Next Few Days It Is Deemed Certain Portland Will Have Subscribed Her Full Quota.

FUND IS NOW \$247,676.85. The general relief fund now aggregates \$247,676.85, as yesterday's donations amounting to \$730 were received by the finance committee and at The Oregonian and Telegram offices. Less than \$2500 remains to be subscribed to bring the total up to \$250,000. That this amount will be raised within the next several days is certain.

Contributions to the general relief fund for yesterday amounted to \$730, which brings the total up to \$247,676.85. Less than \$2500 remains to be raised to reach the \$250,000 mark, which was the goal first set by the members of the relief committee. It is a foregone conclusion that \$250,000 will be raised, but it will be a few days more before the fund aggregates this amount. On an average, more than \$500 is being received daily at the headquarters of the finance committee at the Chamber of Commerce and at The Oregonian and Telegram offices. The popular fund of The Oregonian and Telegram has been merged with the general relief fund, but many donations are still being received at both offices.

Number of Refugees.

The report of the local aid and transportation committee shows that from April 22 to 29, inclusive, there arrived in Portland 494 refugees from San Francisco. Of these 292 remained in Portland, and the others were provided with transportation to other points. Meal tickets to the number of 2000 were issued, and requisitions were issued to 1628 refugees for lodging.

The work of meeting the few refugees who are now arriving from San Francisco has been turned over to the travelers' aid department of the Y. W. C. A. Several dozen refugees arrive in Portland daily, and most of them are temporarily provided for. Taken as a whole, the refugees who are now arriving are of a much better class and in better circumstances than the first arrivals.

Among the pitiful cases that have come under the observation of Mrs. Lola G. Baldwin, of the Travelers' Aid, who has charge of the relief work at the Union Depot, is that of a middle-aged German by the name of Richard Knott, who arrived in Portland several days ago. Then he was in destitute circumstances, but he

NEED NO MORE OLD CLOTHING.

The women's relief committee, in thanking the people of Portland for their generous response to the appeal on behalf of the unfortunates of San Francisco, begs to say that no more old clothing is wanted. Gifts of new apparel for men, women and children would be gratefully received. As many poor people are coming to Portland to live, the committee asks for serviceable furniture. Those who have anything to give for the sufferers in San Francisco or for those who come here are asked to call by phone Mrs. Cartley, Main 2429.

was able to secure employment as a machinist, although three fingers were missing from his left hand. But yesterday one of the remaining fingers of his left hand became tangled in machinery and had to be amputated. It will be some time before he will be able to work, and the relief committee is now providing for him.

Donations for Firemen.

Fire Chief David Campbell yesterday received two donations from W. C. Moran, of Eugene, of \$10, and Chief C. M. Hansen, of North Yakima, of \$10, to be sent to the firemen of San Francisco, who did such gallant work during the terrible conflagration that followed the earthquake.

Word has been received by the finance committee that Morris County has donated 150 barrels of flour to the San Francisco sufferers through its County Court. The flour is valued at \$525.

The following is the list of donations received yesterday by the finance committee, which has headquarters at the Chamber of Commerce and by The Oregonian and Telegram:

Recommendations of Grand Jury.

In making its final report yesterday, the Federal grand jury called attention to certain changes which it regarded as necessary in the Federal building, and recommended that they be made. It was noted that there is at present no blueprint vault for the safekeeping of important documents, many of which are constantly on

hand in connection with the grand jury cases, and the construction of such a vault was recommended. Attention was also called to the improper ventilation of the third floor of the Federal building, in which are the offices of District Attorney Bristol and the grand jury room. The jury advised that some means of securing better ventilation should be provided, and that, if necessary, electric fans be put in.

WOULD FILL PRINCIPALSHIP

Applicants for Position With East Side High School.

The principalship of the new East Side High School is the absorbing topic in local educational circles at present, and at least a dozen applications have already been filed for the position with Superintendent Frank Rigler. While he is unwilling to give publicity to the names of the various candidates, for obvious reasons, it is known positively that Hugh H. Herdman, of the Portland Academy; R. R. Steele, assistant principal of the West Side High School; D. A. Groat, principal of the Ladd School; Hopkin Jenkins, principal of the Holman School, and L. A. Oatman, principal of a school at Logan, Utah, are among those who would be willing to accept the place.

It is reported that D. A. Groat is in the lead for the principalship, and may be selected at the special meeting of the School Board which is likely to take place tomorrow night. He has the endorsement of a large percentage of the grade principals, and it is rumored a ma-

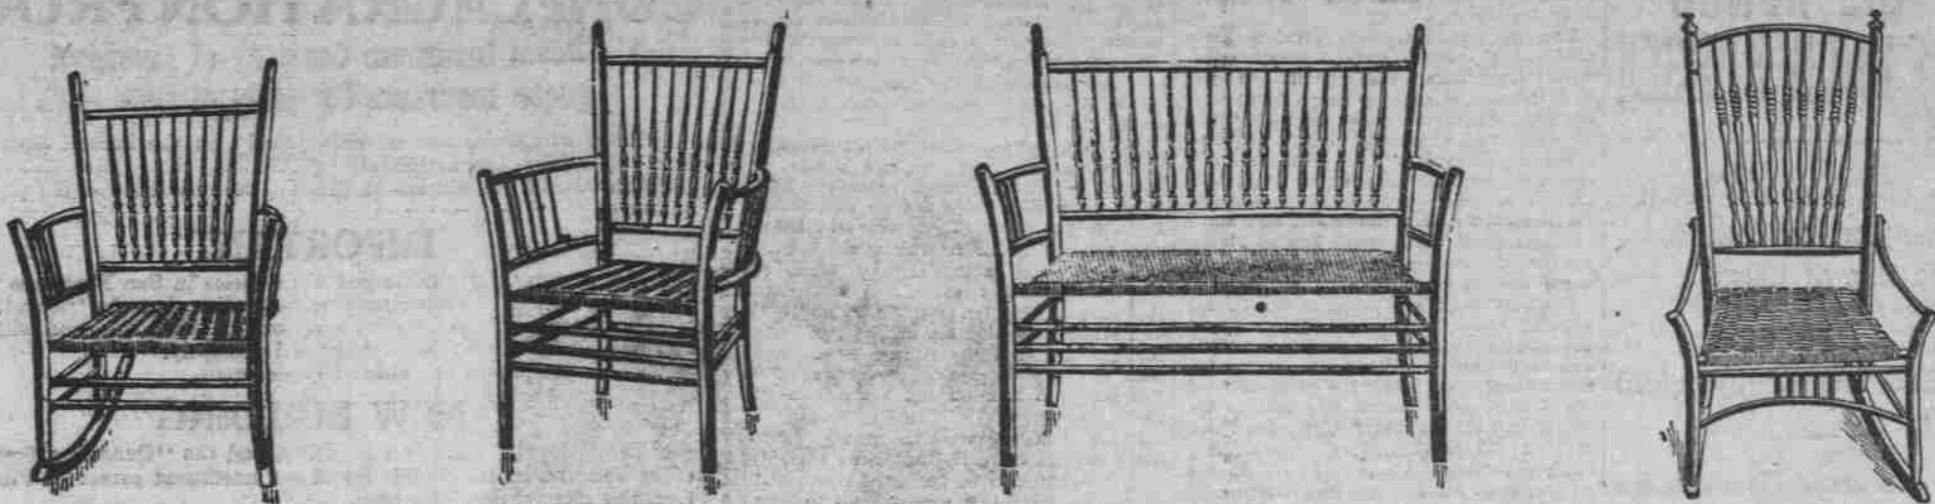

A TRIBUNE SUBSCRIBER

Editor Oakland Tribune:—I noted the article in the Tribune of recent date headed "A Grateful Woman," in which she states that efforts to express her appreciation of the results obtained in her case of Bright's Disease by Fulton's Compound would be a failure, as she, for words too meager to express my gratitude, has given me a new lease of life. I suffered great agony. I thought the fever, which would consume me, I drank nearly two gallons of water daily. I did not want to leave the hydrant. This thirst lasted six months. It was also impossible for me to lay down. I was in great agony the minute I laid on the bed. I was so desperately sick that I gave up all hope of recovering. I had a good physician but nothing could be done. This was last March. My friends expected to hear of my death any day. It was then that I heard of Fulton's Compound and my husband got a bottle. By the time I had taken one-half of it I could lay down on the bed, and Heaven what a relief after sitting six months in a chair. Since then I have taken fifteen and am on the road to recovery. The fever and thirst has decreased, the heavy dead sick feeling has gone, the swelling of the ankles has left me, and I am altogether a different woman. If you wish to express my gratitude to you in your valuable paper some one may benefit by it. Respectfully, MRS. M. HINNENBERG, 810 Forty-fifth street, Oakland, Cal., Jan. 1st, 1906.

The above letter to the Oakland Tribune from one of its subscribers was kindly handed to us by the business manager of the Tribune. We called on the lady and confirmed the facts. In fact, we do not hear of one in a hundred of the recoveries from Bright's Disease and Diabetes. But now and then, as in this case, people actuated by a desire to help others will voluntarily send in their statements.

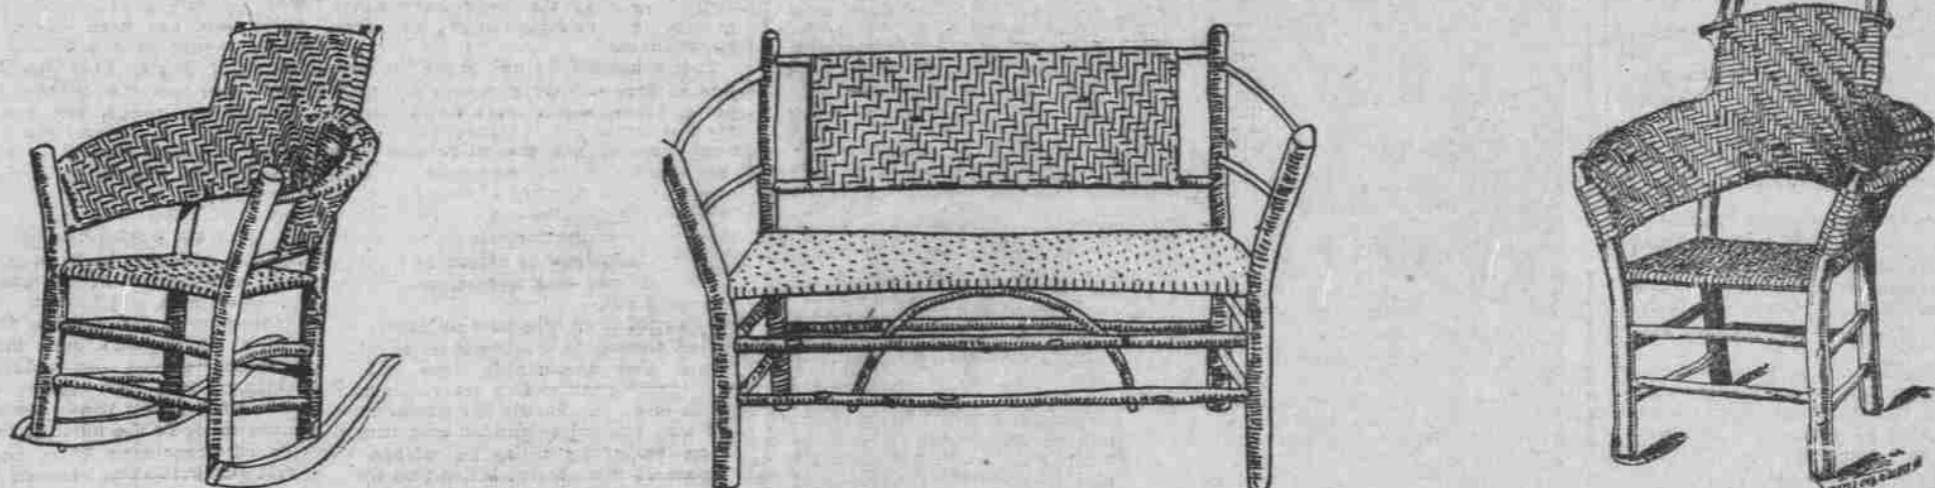

Another case in point is that of James Craig, who has the largest store in River-ton, Or. He has had so many friends recover whom he told about it that he is constantly on the lookout for sufferers.

Diabetes, Bright's Disease and heretofore incurable Kidney diseases are now positively curable in nearly nine-tenths of all cases. For Bright's and stubborn Kidney diseases ask for Fulton's Compound. For free pamphlet send to John J. Fulton Co., 405 Washington street, San Francisco, Calif. or to Woodard, Clarke & Co., Portland.

EVERYTHING FOR SUMMER COMFORT

Everything that combines for genuine comfort, pleasure and usefulness during the Summer months. Everything most desirable—such is our gathering of the various Summer requisites. Foremost of the many different articles, and that which appeals to all alike, is the furniture for porch, lawn and Summer cottage. In its entirety, our display of artistic outdoor furniture combines both comfort and durability. More popular than ever are the rustic "Old Hickory" designs. This appropriate furniture, everlasting and full of comfort, comprises a great variety of pieces for both young and old. Settees, arm chairs, arm rockers, Morris chairs, swinging settees, tables, stands, tabourettes and various novel pieces. We have "Old Hickory" chairs as low at \$1.75. Many other comfortable and appropriate porch and lawn pieces in the red, light green, dark green, weathered and natural finishes, seats of woven glazed reed.

"GLACIER" REFRIGERATORS

There are many superior features contained in the "Glacier" construction, among which may be particularly mentioned the scientific construction of walls, which consist of eight sections—two of wood, one of mineral wool, three of sheathing, one of zinc and one for free circulation of air. This latter has proven to be the most successful principle of refrigeration, as air, when confined, is the greatest barrier to heat. We carry the complete "Glacier" line—many styles and sizes to select from, ranging from \$8.00 up to \$60.00. Sold on liberal terms of \$1.00 down and \$1.00 per week.

HAMMOCKS

In an assortment of floral and stripe effects and attractive colors. These are complete with valance, head-rest and spreader. We sell them on the special terms of \$1.00 down and 50 cents per week.

SALE OF SAMPLE ROCKERS

Commencing tomorrow morning, this special lot is comprised of nine attractive designs in arm rockers, in hand-polished mahogany finish. The majority of these are the remaining samples of their stock, and to close them out we have marked them at extreme special values.

MANY STYLISH PATTERNS IN GO-CARTS

Of the latest and most approved reclining and folding construction, and in a variety of handsomely woven reed designs. There are many other exclusive features of the 1906 models, and we call attention particularly to the new double coil-spring gear and the enamelled handles and nickel trimmings. Our line embraces many styles and sizes, parasols and upholstery fabrics in a variety of pretty colorings. A wide range of prices—\$3.00 up to \$12.50. We have applied on these the special terms of \$1.00 down and 50 cents per week.

LAWN MOWERS

Of the simplest and most reliable ball-bearing mechanism. All working parts enclosed. Several different sizes to select from. We sell them on the special terms of \$1.00 down and 50 cents per week.

Jority of the school directors will vote for him.

E. D. Curtis, principal of the Sunnyside School, whom rumor connected with the place, last night denied that he was an applicant, as did also J. T. Gregg, principal of the Hawthorne School, with whose name gossip was also busy.

Thus far no opposition has developed against the candidacy of Mrs. L. W. O'Brien for school director. The election will take place June 11, one week following the general election.

Plead Guilty, Are Sentenced.

Emil M. Scharff and Julius L. Bechusen, of Grant County, and Frank Hilbert, of Unadilla County, pleaded guilty in the Federal court yesterday to fencing Government land illegally, and were sentenced to pay a fine of \$200 each and to imprisonment of one day.

All three men were indicted during the grand jury session just closed. The amount of land fenced by the men was: Hilbert, 2400 acres; Scharff, 2200 acres, and Bechusen, 1800 acres.

EQUAL SUFFRAGE CAMPAIGN

Work Outlined at Meeting Held at Mrs. Mallory's Home.

A meeting of the Oregon Equal Suffrage Association was held at Mrs. Mallory's on Saturday afternoon. Mrs. Abigail Scott Dunway called the meeting to order. There was an unusually large attendance. The secretary's report was read by Dr. Luema Johnson. Dr. Abbie C. French reported a long list of new members, and Mrs. Henry Waldo Coe the raising of a considerable sum of money for campaign expenses. Miss Kate M. Gordon announced that the advisory industrial committee of the General Federation of Women's Clubs had sent out to all the clubs a resolution advocating equal suffrage as a measure that would benefit the 5,000,000 wage-earning women of the United States. It was voted that the president of the Oregon Equal Suffrage Association, Mrs. Coe, should in-
