

San Francisco Citizens Wire Suggestions to Roosevelt. SEEK GOVERNMENT LOANS. WANT \$10,000,000 Given Red Cross to Aid Homeless and \$12,000,000 Put in Banks With City Bonds as Security.

Final Renitance From New York. NEW YORK, June 9.—The executive committee of the San Francisco relief committee of the Merchants' Association of New York met yesterday for the purpose of winding up its affairs. It was decided that the treasury should at once be forwarded to James D. Phelan a draft for the funds now on hand, which, with interest to date at 2 per cent, amounts to \$10,000,000.

FOUR STRUCK DEAD. Electrical Storm Claims Victims in Pennsylvania. HAIL DESTROYS CROPS. Destructive Wind and Hains Reported in New York and Ohio. Several Killed or Drowned in the Floods.

BOY MURDERER MARRIED. Antone Woode, Alias C. H. Howard, Wins Accomplished Bride. FINE TRIP ACROSS POND. Ambassador and Mrs. Reid Plan but One Week of Social Engagements—Go to Ascot Races, Then to Continent.

LONGWORTH ENGLAND. Longworths Look Forward to Enjoyable Stay Abroad. LONDON, June 9.—Mr. and Mrs. Nicholas Longworth arrived at Plymouth tonight on the American liner steamer St. Louis. Mr. Longworth refused to discuss political topics, and said that he and Mrs. Longworth had merely come on a holiday and looked forward to an enjoyable stay in Europe. He said they would spend a fortnight in London and then go to Germany, and perhaps to France, but that their itinerary had not been definitely fixed.

NATURE'S ESSENCE. Extracted from the Roots of Native, Forest Plants. Go Straight Back to Nature for Your Health. There is Your Strength. Consider your body as an engine which supplies you with all activity of mind and body. Keep the machinery well oiled and it runs smoothly. It does not groan in doing its work. But let the stomach, which is the fire-box to the human engine, get "out of kilter" and we soon meet with disaster. The products of undigested and decomposing food is poison to the system.

Dr. Pierce's Golden Medical Discovery. The "Golden Medical Discovery" is just the tissue builder and tonic you require when recovering from a hard cold, grip, pneumonia or a long illness of fever or other prostrating disease. No matter how strong the constitution, our stomach and liver are apt to be "out of kilter" occasionally. In consequence our blood is disordered, for the stomach and the laboratory for the constant manufacture of blood. It is a trite saying that no man is stronger than his stomach. Dr. Pierce's Golden Medical Discovery strengthens the stomach—puts it in shape to make rich, healthy blood. It purifies the liver and kidneys to expel the poisons from the body and thus cures both liver and kidney troubles. If you take this natural blood purifier and tonic, you will assist your system in manufacturing each day a pint of rich, red blood that is invigorating to the brain and nerves. The weak, nervous, run-down, debilitated condition which so many people suffer from, is usually the effect of poisons in the blood; it is often indicated by pimples or boils appearing on the skin, the face becoming thin and the feelings "blue." Dr. Pierce's "Discovery" cures all blood humors as well as being a tonic that makes one vigorous, strong and forceful. It is the only medicine put up for sale through druggists for liver purposes that contains neither alcohol nor harmful drugs, and the only one, every ingredient of which has the professional endorsement of the leading medical writers of this country. Some of these endorsements are published in a little book of extracts from standard medical works and will be sent to any address free, on receipt of request therefor by letter or postal card, addressed to Dr. R. V. Pierce, Buffalo, N. Y. It tells just what Dr. Pierce's medicines are made of. The "Words of Praise" for the scientific ingredients of which Dr. Pierce's medicines are composed, by leaders in all the several schools of medical practice, and recommending them for the cure of the diseases for which the "Golden Medical Discovery" is advised, should have far more weight with the sick and afflicted than any amount of the so-called "testimonials" so conspicuously flaunted before the public by those who are afraid to let the ingredients of their medicines be composed by known chemists. Bear in mind that the "Golden Medical Discovery" has the BADGE OF HONESTY on every bottle wrapper, in a full list of its ingredients. Dr. Pierce's Pleasant Pellets cure constipation, invigorate the liver and regulate stomach and bowels.

San Francisco, June 9.—A telegram was sent to President Roosevelt today setting forth the conditions existing in San Francisco and offering suggestions as to means by which aid may be obtained from the National Government, through action by Congress. It is pointed out that the disaster which has befallen the city is not purely local, as it involves a great number of persons related to interstate and foreign commerce, the regulation of which as well as all measures affecting the general welfare is entrusted by the constitution to Congress. Therefore it is asked that the precedents established in the cases of the Pacific Railroad, Cuba, National Emergency, and other precedents be followed. It is suggested that Congress authorize first a loan to the National Red Cross of \$10,000,000 to aid in the reconstruction of the homeless in houses before next winter; second, that the Secretary of the Treasury be authorized to accept \$12,000,000 of bonds now issued in the city as security for the deposit of National moneys with the banks, and, third, that such other measures be adopted as may be deemed appropriate. The President is informed that a committee has been appointed to confer with him and the Secretary of the Treasury on the subject with a view to expediting action.

All Ask for Agricultural Bank. MANILA, June 9.—At a mass meeting of the American, Spanish, Filipino and Chinese Chambers of Commerce, held yesterday afternoon, a resolution was adopted for the immediate passage of the agricultural bank bill was adopted and ordered, called to the Secretary of War at Washington. The meeting was addressed by Governor Ide and Commissioner Worster. Both speakers advised sending the cable as evidence of the feeling of the Filipino people, and expressed their confidence that Congress would pass the bill. Election Frauds by Governor Luna. MANILA, June 9.—Governor Ide today set aside the election of Luna as Governor of the Province of La Union. This resolution was passed after a long session of the Government's attorney. Evidence was taken to show that Luna had voters of the opposite party arrested on false charges of bribery, thus intimidating them into voting for him. Governor Ide finds that a majority of the charges have been proved. Therefore he has ordered another election. Ide Goes on Inspection Tour. MANILA, June 9.—Governor Ide, Commissioner Tavera and a special party started today on an inspection tour through the provinces of Cavite, Batangas, Bulacan, Pangasinan and Tanyag. The inspection party will visit a new high school at Lucena, Tanyag Province.

OHIO FARMS ARE FLOODED. Buildings Swept Away and Livestock Drowned. STEUBENVILLE, O., June 9.—In consequence of the heavy rain in the lower end of the county this afternoon, Rush Run, Deep River, Salt Run and Shannon Run overflowed over four miles of country near the Ohio River. Much farm property was damaged, many farm buildings were swept away and some livestock was destroyed. Many persons had narrow escapes from drowning, so quickly did the rush of water come. The Cleveland & Pittsburgh Railroad is washed out for three miles, and it will be several days before traffic can be resumed. The Wheeling & Lake Erie was also under water in many places. STORM WRECKS BUILDINGS. Peter Cook Fatally Injured in Gale at Marietta, O. MARIETTA, O., June 9.—A destructive storm passed over Marietta today, uprooting trees, unroofing houses and wrecking small buildings. Peter Cook, 54 years old, was fatally injured. Several other persons were hurt by shattered glass.

MURDER AT BALL GAME. Negroes Kill Spectator and Shoot Umpire in Delaware. DOVER, Del., June 9.—Luther Howell was shot through the heart tonight at Frederick and C. Cameron, of Philadelphia, a baseball umpire, was shot in the shoulder, as the result of a baseball game. The shooting was done by Juniper Benson and Beau Caudwell, negroes. They were captured and lodged in jail here. KILLED BY A FOUL TIP. Young Catcher Returns Ball to Pitcher and Falls Dead. MUSKOGEE, I. T., June 9.—Clay Camp, aged 21, while catching in a baseball game here today was struck over the heart by a foul tip. He picked up the ball, threw it to the pitcher and fell dead.

JOHN D. DENIED A BATH. ROCKEFELLER'S MILLIONS FAIL TO PROCURE BATH. Hotel at Cherbourg Without Running Water—Billionaire Merely Laughs. Leads Simple Life. CHERBOURG, I. T. (Special).—All John D. Rockefeller's millions could not procure a bath for him today. There is neither hot nor cold water in the Casino Hotel, where Rockefeller is staying. The proprietor announced the dire news to the richest man in the world, saying: "I am very sorry, monsieur, but the bath is quite impossible. The water has been shut off."

Dr. Goose—His Use and Mis-Use. The Hot Flat-Iron—Dr. Goose—is useful in restoring the finish to cloth and in smoothing it after the clothes are made. But—the mis-use of the Flat-Iron, sad to relate, can be detected in 80 per cent of all clothes. The defects in cutting or sewing are masked by shrinking or stretching, as the case may be. Hence the fact that so few clothes retain Character or Style. Flat-Iron work of this kind, is purely makeshift, because it is far cheaper and quicker than steam ironing. Naturally, it is only temporary, for Flat-Iron work wiles out under the influence of dampness and wear. SINCERITY CLOTHES are made under the most perfect sanitary and industrial conditions, and any defect found in any garment, is revised by steam ironing. Hand Needle-Work before we turn it over to the SINCERITY CLOTHING as a finished garment. To men who want assurance of quality as well as style, we offer our label as a safe guide. It's the clothes that make the label worth looking for. Find the label, and you will find satisfaction. It's in the garment, and reads like this: "SINCERITY CLOTHES" MADE AND GUARANTEED BY KUH, NATHAN AND FISCHER CO. CHICAGO

Scientific Cure for Fits. Science has at last discovered a cure for a disease which has always been incurable—epilepsy, or fits. Eliza Koenig, as its discoverer, has made it. This investigator, terms it, is for sale in this city by our progressive druggists, Woodard, Clarke & Co., and every one who has made it, has demonstrated its wonderful power to strengthen the nerves, and to give new force and strength and conquer epilepsy. Woodard, Clarke & Co. have so much faith in Eliza Koenig, both from what they have heard of the cure, it has made by other cities and the remarkable results following its use, and the fact that it is a true remedy, and once more be well and strong, free from all the fits, that they have secured it. Eliza Koenig's Mail order filled. The Koenig Co., Washington, D. C., or Woodard, Clarke & Co., Portland, Or.

Work of Art to Be Blessed Next Sunday. COPY OF "THE ARCHANGEL MICHAEL" BY GUIDO RENI, TO BE CONSECRATED AT ST. MICHAEL'S CHURCH, ROME. NEXT Sunday morning, June 17, at St. Michael's Church, on the occasion of the celebration of the Feast of St. Anthony, a notable work of art just completed for that church will be blessed. The picture is a fine copy of "The Archangel Michael" by the famous artist, Guido Reni, and the copy has been executed by George De Pyro, of Rome, and recently of San Francisco. Back of Mr. De Pyro's presence in Portland is the story of the San Francisco disaster, and to Father Costello, of St. Michael's Church, is due the credit of securing a specimen of the artist's work for Portland. Less than a year ago Mr. De Pyro took up his residence in San Francisco. While there he painted two large pictures for the churches of Sts. Peter and Paul and St. Ignatius. The morning of April 18 found him homeless; his art treasures, library—everything swept away. Joining the relief forces, he acted as interpreter, and by means of his knowledge of three languages, helped in sorting families who spoke no English, putting the right ones together. Two weeks after the earthquake he arrived in Portland and made himself known to Father Costello, who, immediately recognizing his ability, gave him an order for a copy of the "Archangel Michael." A room in the basement of the church was converted into a studio, where the artist has been busily occupied for the past six weeks. The copy is about the size of the original painting, the canvas measuring 7x12 feet. The figure of St. Michael stands out boldly from a rich, dark background. Mr. De Pyro being particularly successful in his handling of light and shade. He understands color, too—the deep, rich hues the old masters employed—and uses this knowledge with telling effect. His thorough familiarity with the original painting and with Guido Reni's style, together with his own mastery of technique, enables him to give more than a faithful reproduction of line and color, interpreting the spirit and sentiment of the master's idea in a way that denotes the highest artistic feeling as well as skill with the hands. The picture will be hung above the altar, which space affords a beautiful setting for it. Lovers of art in Portland will welcome Mr. De Pyro's work as an acquisition to the art of the city. The securing of the picture for the church will be among the last of the services rendered

CINCINNATI GOES DRY. Break in Water Mains Shuts Off City's Entire Supply. CINCINNATI, June 9.—The city of Cincinnati was tonight without a water supply and as a result the street car system and the city's entire supply of water, so that the hillsides were without water all night. At 4 o'clock this afternoon the entire water service was shut off. The intense heat added to the seriousness of the situation, but the possible danger from fire caused most alarm and the fire department set a watch on cisterns and reservoirs. At 6:45 o'clock tonight the water was partially turned on in the downtown district of the city, but the hillsides people were still without water. By the turning on of the water in the downtown district street and traction cars were able again to resume operation and business houses which depend on water for power continued as usual.

GUARD AGAINST CRANKS. ELABORATE PRECAUTIONS TAKEN TO PROTECT ROOSEVELT. Detectives and Secret Service Men Surround White House—His Movements Kept Secret. WASHINGTON, June 9.—(Special).—Extraordinary precautions are being taken in the vicinity of the White House to protect the President from any possibility of danger. Plain clothes men from the local detective force, secret service agents, and a score of uniformed policemen guard every entrance and exit to the executive mansion, and no one is permitted to loiter about the grounds or gateway on the north side of the enclosure, which is a public thoroughfare. All the gates at the east, south and west entrances to the grounds are

Heat Kills Eight in Chicago. CHICAGO, June 9.—Although yesterday was appreciably cooler than the preceding day, heat was given as contributing cause to eight deaths reported in Chicago. In addition, there were several prostrations. The temperature reached a maximum of 81 degrees, and there was a rainfall of .11 of an inch. The wind attained a velocity of 26 miles an hour from the southwest. The cumulative effect of the three days of warm weather was the chief element in the deaths. With little children this effect was more marked. Christian Scientists Reach Boston. BOSTON, June 9.—The vanguard of more than 10,000 Christian Scientists who will attend the dedication of the new Christian Science temple here tomorrow arrived in the city last night. They came on eight special trains from the West. A recent traveler in Poland writes that, in his view, Warsaw and London have the most beautiful women in the world. The Polish girl is said, as a rule, to have good taste, to know how to blend colors artistically, and make a graceful appearance.

W. G. Rockefeller's Daughter Arrives Under Assumed Name. NEW YORK, June 9.—(Special).—To escape detectives hired by unknown persons for the purpose of killing her father, Ethel G. Rockefeller, daughter of William Rockefeller, president of the Standard Oil Company, had to steal across the Atlantic under an assumed name and surreptitiously enter this city. Miss Rockefeller arrived here yesterday on the Kaiser Wilhelm der Grosse. She was accompanied by a German attendant, E. Rayner, and occupied an ordinary stateroom. The young woman said she left her father's home in Germany last night and went over 16 months ago, in the hope that Mr. Rockefeller might recover from a nervous disorder, and detectives followed her for day and night all over Europe. Not a person on the Kaiser Wilhelm knew that Miss Rockefeller was a passenger. Captain Cuppers, the commander of the vessel, was greatly surprised to learn it.

Democrats Open Campaign. NEW YORK, June 9.—Representative James W. Griggs, of Georgia, chairman of the Democratic Congressional Campaign Committee, engaged two rooms at the Hoffman House yesterday for the committee's headquarters. He announced last night that he would receive callers on Monday or Tuesday next. Blackburn Leads Senate Democrats. WASHINGTON, June 9.—At a meeting of the Democratic Senators today, Senator Blackburn, of Kentucky, was elected chairman of the Democratic conference committee to succeed Senator Gorman. WILL BUY ITS OWN BONDS. Steel Trust to Issue \$50,000,000 for Mammoth New Plant. NEW YORK, June 9.—(Special).—Within a short time the United States Steel Corporation will issue \$50,000,000 of bonds, the proceeds to be used in building the \$75,000,000 steel plant at the new city of Gary, Ind. The officials have decided that there is to be an issue of bonds, and, in fact, the Steel Corporation will buy the whole issue out of its large cash surplus, which now amounts to \$60,000,000. The yearly interest will be about \$2,600,000, which will go into the treasury, so that the issue is merely a matter of book-keeping.

Scientific Cure for Fits. Science has at last discovered a cure for a disease which has always been incurable—epilepsy, or fits. Eliza Koenig, as its discoverer, has made it. This investigator, terms it, is for sale in this city by our progressive druggists, Woodard, Clarke & Co., and every one who has made it, has demonstrated its wonderful power to strengthen the nerves, and to give new force and strength and conquer epilepsy. Woodard, Clarke & Co. have so much faith in Eliza Koenig, both from what they have heard of the cure, it has made by other cities and the remarkable results following its use, and the fact that it is a true remedy, and once more be well and strong, free from all the fits, that they have secured it. Eliza Koenig's Mail order filled. The Koenig Co., Washington, D. C., or Woodard, Clarke & Co., Portland, Or.

Bread Line Gradually Thinned, but Problem Continues Large. SAN FRANCISCO, June 9.—(Special).—Thursday's distribution of rations showed a continuation of the improvement in the bread line, which now numbers approximately 25,000. The exact number fed by the raw food distribution on Thursday was 23,488. The number of tickets sold had increased from 11,926 to 12,254. By the time the Army leaves the work is expected that the number will have been reduced to 25,000, and that many of that residue will have to be cared for an indefinite time. As long as any of the quarters in the barracks which have been built at the speedway in Golden Gate Park remain unoccupied, there will always be the proposition of relief in excess of the demand. There is still room for 700 or 800 more persons. How to manage the relief work after the Army withdraws at the end of the month is the problem. One plan contemplates the centralization of all the supply distribution in each neighborhood at the group kitchen, where hot meals and supplies of raw food could be distributed to families whose needs condition have been determined. The tickets for different supplies, including clothing, to be given out under the management of the Red Cross. The Associated Charities will do the work of investigation in whatever form of relief is determined upon after the Army leaves. Said General Greely yesterday, and, in fact, he has not yet seriously considered any of the plans for carrying on the work after the Army withdraws, and I shall not do so until it is determined who is to be in control.

MUST STILL FEED 25,000. Bread Line Gradually Thinned, but Problem Continues Large. SAN FRANCISCO, June 9.—(Special).—Thursday's distribution of rations showed a continuation of the improvement in the bread line, which now numbers approximately 25,000. The exact number fed by the raw food distribution on Thursday was 23,488. The number of tickets sold had increased from 11,926 to 12,254. By the time the Army leaves the work is expected that the number will have been reduced to 25,000, and that many of that residue will have to be cared for an indefinite time. Said General Greely yesterday, and, in fact, he has not yet seriously considered any of the plans for carrying on the work after the Army withdraws, and I shall not do so until it is determined who is to be in control.

ADJOURNS TUESDAY AT NOON. California Legislature Agrees to Prolong Its Session. SACRAMENTO, Cal., June 9.—At ten minutes before midnight, the Senate, by passing a concurrent resolution providing for adjournment on next Tuesday, decided

UNION LEADERS HELP BOOM (Continued From Page 1.) chairman of the Democratic National Convention, one of William J. Bryan's closest friends, called on the President today. Afterward he declared for Bryan's nomination by the Democracy for the Presidency. "I believe Bryan is the logical candidate for the Democratic party," said Senator Jones, "and my judgment is he will be the logical one to make the race under the Democratic standard for the third time. If he makes the race, I think he will be elected. I am inclined to doubt whether Bryan wants the nomination. Two races for the Presidency ought to be enough to satisfy any man, but if the convention should nominate him, I do not think he would refuse to run. I believe he would stand for any other candidate who espouses the same principles he espouses."

See Newcastle's Public Utilities. NEWCASTLE-ON-TYNE, June 9.—The members of the Newcastle ownership committee of the National Civic Federation of the United States yesterday continued their investigations of municipal and private enterprises, especially means of providing electricity. They visited various works in this city and on the Tyne. They will go to Manchester tomorrow. The committee is strictly adhering to the resolution adopted at the beginning of the investigation not to express any opinion formed from observations in the different cities of Great Britain until the close of the inquiry. Necessarily there will be a great diversity of opinion on details, and the commissioners are not willing to express themselves until they have fully digested all the information obtainable in this country. They speak enthusiastically of the royal treatment they are receiving on all hands. Bryan's Tour in Europe. CARLSBAD, June 9.—William Jennings Bryan, his wife, son and daughter arrived

CAUGHT IN OWN TRAP. Wisconsin Preacher Buys Beer on Sunday and Is Arrested. APPLETON, Wis., June 9.—Rev. W. A. Zechel, a representative of the Wisconsin Anti-Saloon League, today was found guilty of violating the Sunday labor law by purchasing beer on Sunday to secure evidence that a saloonkeeper had violated the Sunday-closing law. Judge Ransieur Breaks Down. ST. LOUIS, June 9.—Judge Leo Ransieur, ex-Commander-in-Chief of the G. A. R., fainted and fell from his chair today while presiding at a committee meeting in connection with the coming bond issue election. His condition is regarded as serious. Mexican Central Loses Heavily. EL PASO, Tex., June 9.—The Mexican Central freight-house and offices at Chihuahua, Mexico, together with 50 cars of merchandise, were destroyed by fire today. Loss, \$250,000.
