Fine Millinery for Present Wear

One hates to buy a velvet or felt hat as late in the winter as this, even if one does need it, and straw and lingerie models are a trifle advanced for January, but there are some charming millinery and lace models which would do very well for dress and evening purposes even in January, and some of the black and dark horsehair models trimmed in velvet and ostrich or Paradise feathers are not too summery for appropriate use now, though they will be satisfactory possessions in the spring.

SOCIALIST LOSS NINETEEN SEATS

Immense Vote by Stay-at-Homes Decides German Election.

VON BUELOW MAY RESIGN

Moment of Victory Auspicious Time to Yield to Wife's Pleadings. Government Apologizes for Attack on Loyal Crowd.

Many Second Ballots Asked.

Berlin, Jan. 26.—According to the latest returns of the Reichstag election held yesterday by the Imperial Bureau, the Socialists have gained one and lost 20 seats; the Conservative party have gained nine and lost six seats; the Clericals have gained two and lost four; the National Liberals have gained nine and lost nine; the Radical group have gained five and lost two; the Poles have gained two; the Guelphs have lost three and the Agrarians and Anti-Semite groups have gained two and lost five seats each. The Socialists have entered demands for 72 reballots. From these they are likely to elect 19 members, hence their strength in the new Reichstag will probably be below 50. The Clericals have demanded 40 reballots, the National Liberals more than 50, the radical groups 45 and the Anti-Semites, the Agrarians, the Poles, the Abstinents and others a total of 22. The Socialists probably have increased their total vote by from 10 to 15 per cent. Kaiser congratulates Chancellor. Emperor William today congratulated Chancellor von Buelow on the soundness of his judgment in dissolving the Reichstag and appealing to the country on an important question of national policy. The Emperor maintained throughout the electoral campaign a position of constitutional reserve. He did not attempt by word or act to influence the result, yet he was intensely interested, especially regarding the manner in which the country would treat the colonial question and how the Socialists would emerge from the conflict. After his visit to von Buelow his majesty took his usual walk in the Tiergarten, and then returned to the Chancellor's palace to discuss the latest returns. The Emperor was in excellent spirits, smiling and in the best of humor. Emperor William will be 48 years old tomorrow, and some one remarked that the country had gotten a fine birthday present "in checking the growth of Republican Socialism."

Von Buelow May Now Retire.

Von Buelow's personal position with the Emperor and the country is regarded as having been greatly fortified. The Chancellor will probably be able to go before Parliament with a degree of confidence he had not previously possessed. Although the Clerical Center party has gained as many seats as it lost, it will return to the Reichstag "unmolested," as one of the Chancellor's friends said, and willing to cooperate with the government. What the Socialists have lost has been largely regained by the National Liberals and Radical Liberals, thus giving the manufacturing and commercial interests increased representation in Parliament. Von Buelow may select this period of his career, when his position as Chancellor is secure and his reputation enhanced, to voluntarily retire. His health appears to be excellent, but he works with such arduousness in affairs of state that it is said the Princess von Buelow wishes him to give up his office and not invite another illness. A semi-official expression of regret at the threatening and dispersing of the peaceful crowds which gathered last night in front of the Crown Prince's palace singing national hymns in honor of the victory of the imperialists at the polls was published this afternoon. The Ministry of the Interior has ordered an investigation of this misapplied zeal on the part of the police, who have treated the jubilators as mobs threatening the safety of the imperial family.

Work of Stay-at-Home Voters.

Both the newspaper analysts and the party managers agree that the result of the election was brought about by the arousing of the stay-at-home voters. Three million electors did not vote in 1906, and it was to this class that the government made a special appeal. The King of Saxony, who arrived here today to congratulate the Emperor personally on his birthday, telegraphed Count von Hohenhausen, Saxon Minister of the Interior, his satisfaction at the result of the election, saying: "The old Saxon loyalty is still alive. I hope this will be a good omen for the future."

TURNING FROM SOCIALISM

French Papers Regard Election as Revulsion From Extremes. PARIS, Jan. 26.—The Waterloo of the German Socialists in the Reichstag election yesterday was a surprise to France, and, while Emperor William's victory was not particularly welcome, some of the serious French papers manifest gratification at the check administered to Socialism, to which their own government is proving more and more subservient. The semi-official Temps, while it considers that the question whence the government will obtain a parliamentary majority is still open, regards the election as evidence that the working classes of Germany are at last turning from the idealism of the Marxists and dogmatic collectivism, with the inevitable class war, toward the attainment of reasonable reforms through the Liberal parties. The Liberte takes a somewhat similar view, saying: "The defeat of the best organized Socialists in Europe marks an interesting step, the denouement of the extreme parties by the people, who are waking to their true interests."

Cause of Socialist Defeat.

LONDON, Jan. 26.—The Berlin correspondent of the Daily Mail, in discussing the German election, says that the revolt against Socialism can only be attributed to the tardy, doubtful realization that the party seeks with hypocrisy, while the industrial dislocation is maintained, at the annual congress has driven away thousands of voters who formerly supported the party as the best means of expressing their disapproval of the government. These voters seem to have gone to the Radical party now. PEASANTS GROW CONSERVATIVE But Russian Workmen Elect Deputies From Extreme Left. ST. PETERSBURG, Jan. 26.—The results of the elections for members of the lower house of Parliament, among the peasantry in its precincts show a strong conservative tendency, but this is not proof that the final results will not give predominance to the left party. In fact, this is the opinion held in political circles here, and it is confirmed by the result of the elections already completed among the working elements, who almost universally have voted the extreme left ticket. "First degree" elections held by workmen and small peasant landowners in 23 governments on Friday and Saturday resulted in the selection of 1231 delegates, of whom 500 belong to the Right party, 428 to the Moderates, 35 to the Constitutional Democrats and 238 to the Socialist party. The total of 852 members elected by the peasant landowners includes 352 Right, 200 Moderate, 100 Constitutional Democrat and 200 Socialist.

POPE FINDS CAUSE OF JOY

Fall of Spanish Cabinet and German Election Triumph for Him. ROME, Jan. 26.—Vatican authorities expressed the opinion today that the assumption of power in Spain by Premier Maura, the success of the Center party in Germany and the failure of the anticlerical movement in Italy were significant of the attitude in religious matters of the countries surrounding France, where the anti-clerical movement is triumphant. In this connection it is significant also that the Pope has ordered the celebration of a solemn feast in honor of the anniversary of the birthday of Emperor William of Germany. Such a solemnity is never celebrated without special devotion, it seems having been sung in the past only on the occasion of the birthdays of Catholic sovereigns.

VEILED REQUEST FROM JAPAN

Explains Russia's Hastening Recall of Troops From Manchuria. ST. PETERSBURG, Jan. 26.—The Associated Press learns that the decision of the Russian government to withdraw its troops from Manchuria immediately instead of waiting until April 15, the date fixed for this step in the Russo-Japanese Portsmouth treaty, was made at a veiled request from the Japanese government, which apparently foresees trouble in the matter of internal administration of certain provinces of China.

LIMIT TONNAGE OF WARSHIP

Italy Proposes Check to Armament at Hague Conference. BRUSSELS, Jan. 26.—A special dispatch from Rome says that the Italian Cabinet has decided to ask at the next peace conference at The Hague for a maximum tonnage for warships at 16,000 tons, this being the tonnage of the new battleships Italy is to lay down. This proposal, according to the special dispatch, is to be supported by Great Britain and the United States.

CHIEF OF MOROCCAN POLICE

Colonel Muller, of Swiss Artillery, Who Has American Wife. BERNE, Jan. 26.—Colonel Muller, of the Swiss Artillery, a cousin of the president of the Swiss Confederation, has been nominated Inspector-General of the International Moroccan Police. The wife of Colonel Muller is an American, formerly a Miss Otis.

PACKERS FACE A STRIKE

UNIONS DEMAND \$3 MINIMUM FOR NINE HOURS. Threatened Movement, First Since 1904, Centers Among Machinists, Who Claim Strength to Win.

CHICAGO, Jan. 26.—The labor unions have decided to demand recognition from the meat packers and, unless the packers make concessions, the workmen declare they will go on strike. An entering wedge is to be made to night that demands for a nine-hour day and a minimum wage scale of \$3 are to be presented to the big packing firms in Chicago and in all branches throughout the West by the International Association of Machinists.

Since the strike of butcher workmen in 1906 the packers have made no agreements with any of the labor organizations. Most of the unions which went on strike with the butchers were disrupted. The officers of the machinists' union now assert that they are in a position to call out every one of the 600 skilled machinists employed by the packers.

The movement is directed by the international organization, and local officers in St. Joseph, Kansas City, East St. Louis, Omaha and Sioux City have been called out their men in their respective localities, should it become necessary.

Weavers Demand More Wages.

PHILADELPHIA, Jan. 26.—Following the success of the upholstery weavers in obtaining a 15 per cent increase in pay, the Cloth and Dress Weavers' Union has decided to ask for a 15 per cent increase. Their union numbers about 10,000 men, who are employed in 50 mills. The Cotton and Woolen Goods Weavers, it is expected, will also make a demand upon the manufacturers for a 15 per cent increase. Other branches of the textile trade will also follow the lead of the Upholstery Weavers' Union.

Will Wed Nicaraguan Minister.

WASHINGTON, Jan. 26.—Mr. and Mrs. Robert J. Fleming, of this city, today announced the engagement of their daughter, Julia Marie, to Dr. Don Luis F. Corea, Minister of Nicaragua. The wedding will take place at noon, February 27.
