CLASH ON NORMALS IS BOUND TO COME

House Combine Is Certain to Meet With Opposition in the Senate.

Through His Efforts and Those of E. V. Carter, the Schools of the State Will Pool Their Re-

sources for Fight.

SALEM, Or., Feb. 2.—(Special.)—A normal school clash is promised in the Oregon Legislature, by odoption of a resolution by the Senate, instructing the ways and means committee to report appropriations for only two normals, and by rejection of the same resolution by the

But in the House, two days later, the old-time combine was made, largely through the efforts of E. V. Carter, banker, of Ashiand, and B. F. Mulkey, President of the Ashland school, who were summoned to the Capitol after the

were summoned to the Capitol after the scare in the Senute last Wednesday. Both are ex-Senators and "fixed" the deal in the old-time style. But now comes the question whether the normal combine can put its bills through the Senate, which has gone on record as demanding abolition of two normals. The cut-off schools would be Drain and probably Monmouth, and Westen and Ashland would remain to draw

ten and Ashland would remain to draw en the State Treasury.

It is not enough for the combine to win in the House; it must get appropriations through two legislative hodies. The Normal foes in the Senate need only to stand by their guns to stop appropriations in that body, and it matters not to them, if they be steadfast, whether the Normal combine rules the House or not. It is not yet rules the House or not. It is not yet certain that the vote in the House last Friday represents the full strength of the two-normal idea. Several members, favoring but two normals, have said they voted against the resolution because they did not believe the wars and means committee should designate what Normals should survive. It appears that the Weston and Ashland forces were afraid of the committee. The Normal combine controlled some

"The Chamber Over the Gate."

BY HENRY W. LONGFELLOW.

(Printed by request.)

(And the king was much moved and went up to the chamber over the gate and wep; and as he wept thus he said: "Oh, my son Absalom, my son, my son Absalom would God I had died for thee, oh, Absa lom, my son, my son:—11 Samuel, xviii:33,

Is it so far from thee Thou cans't no longer see In the Chamber over the Gate That old man, desolate, For his son, who is no more-Ob, Absalom, my son!

Is it so long ago
That cry of human woe
From the Walled City came, Calling on his dear name. That it has died away In the distance of today—

Oh, Absalom, my son! There is neither there nor here, There is neither soon nor late in that Chamber over the Gate, Nor any long ago

To that cry of human woe Oh, Absalom, my son! From the ages that are past The voice sounds like a blast Over seas that wreck and drown Over tumult of traffic and town; And from ages yet to be Come the echoes back to me-

Oh, Absalom, my son! The watchman on the tower Looks forth, and sees the fleet Approach of the hurrying feet Of messengers that bear The tldings of despair. Oh, Absalom, my son!

He goes forth from the door Who shall return no more. With him our joy departs; The light goes out of our hearts; In the Chamber over the Gate We sit disconsolate. Oh, Absalom, my son!

That is a common grief Bringeth but slight relief, Ours is the bitterest loss, Ours is the heaviest cross, And forever the cry will be Would God I had dled for the, Absalom, my son!

SCHEME TO DEFEAT DIVISION

Representative Knowles' Bill Would Kill Hope for Cascade County.

New County Must Have Limited Forest Reserve Area and Mother County Must Give Consent

to Separation.

CONDITIONS TOO SEVERE

SALEM, Or., Feb. 2.—(Special.)—Friends of the proposed new county of Cascade, to be created from the western part of Wasco County, declare that the bill of Representative Knowies of Wasco County has been framed for the sole purpose of making immersible the division of the of making impossible the division of the county proposed by the people of the Hood River section. Those who favor dividing Wasco County, as contemplated in Senator Smith's (Marion) bill, profess to recognize in the measure the handiwork of the opponents of Cascade County n seeking to secure a legislative enact-ment that will effectually render absoment that will effectually render absolutely impossible the proposed division of Wasco County as it is now framed. There are two conditions imposed by the Knowles bill doclare the Wasco County divisionists, which make if impossible to create from a portion of Wasco the new county of Cascade that is desired. Those conditions are the provisions which require that not to exceed 25 per cent of the territory to be included in a proposed new county shall be inin a proposed new county shall be in-cluded within a forest reserve and an Indian or other reservation, and that be-fore any new county can be created from the territory of any county now organized and existing there must be filed in a petiand existing there must be fined in a pection signed by 10 per cent of the legal voters of that portion of the old county not included within the territory of the proposed new county, requesting that the division of the county be made as pro-

The enactment of this bill into a law, with its provisions as they now stand, it is claimed, will in these two respects alone defeat any effort to create Cascade County or to effect a division of a majority of the other counties of the state. While the real intention of the Knowles bill is to eliminate from the Legislature county division fights and leave to the bill is to eliminate from the Legislature county division fights and leave to the residents of the interested county or counties the disposition of the subject, the advocates of the Cascade County move maintain that the bill is really designed to defeat the proposed division of Wasco County. These people contend that with the extensive acreage included in forest reserves, it will be possible to effect a division of but few counties in the state.

Another real objection urged by the opponents of the Knowles bill, as it has

ponents of the Knowles bill, as it has been drafted, is that it will be impossible for the friends of a proposed new county, ordinarily, to procure the signatures of 10 per cent or any other representation of the qualified voters of that part of the ald county from which the territory contained within the limits of the proposed

new county proposes to secede.

The effect of the appearance of this supposed compromise bill by Represent-ative Knowles, who represents Wasco County, and is understood to oppose any division of his county, has been to con-solidate into an organization the friends of several bills now pending in the Leg-islature for the creation of new counties, will now direct its effort to materially amend this bill or effect its defeat. At the same time they are strength ening their fences so us to insure favorable consideration of their resp tive measures when they shall come be

"Ton can say that the university has

no thought of entering into any combi-nation for its support. The point and whole point with us is. Shall the people support this State University properly? and this will be decided without injecting any irrelevant interest into the case am sure the assumption of combination

"I do not know of any attempted combinations in aid of the Normal School. No member of our delegation would approve it. The vote on the resolution yesterday was certainly mis-interpreted by The Oregonian, as friends and enemies of the Normals voted together to compel the house to Dr. J. F. A Reasonable Plea for the Stomach

If Your Stomach Is Lacking in Digestive Power, Why Not Help the Stomach Do Its Work-Especially When It Costs

Nothing to Try? Not with drugs, but with a reinforcement or digestive agents, such naturally at work in the stomach? Scien-tific analysis shows that digestion re-quires pepsin, nitrogenous ferments, and the secretion of hydrochloric acid. When your food falls to digest, it is proof posiyour digestive apparatus.

Stuart's Dyspepsia Tablets contain nothing but these natural elements necesnothing but these natural elements necessary to digestion and when placed at work in the weak stomach and small intestines supply what these organs need. They stimulate the gastric glands and gradually bring the digestive organs back to their normal condition. Stuart's Dyspepsia Tablets have been subjected to critical chemical tests at me and abroad and are found to contain nothing but natural digestives. Chemical Labaratory, Telegraphic ad-

dress, "Diffindo," London, Telephons No. 11029 Central. 39 Cullum St., Fen-I have analyzed most carefully a box of Stuart's Dyspepsia Tablets (which I bought myself at a city chemist's shop for the purpose), manufactured by the F. A. Stuart Co., Temple Chambers, London, E. C., and have to report that I cannot find any trace of vegetable or mineral poisons. Knowing the ingredients

of the tableis. I am of the opinion that they are admirably adaptable for the purpose for which they are intended. (Signed) John-R. Brooke, F. I. C., F. C. S. There is no secret in the preparation of Stuart's Dyspepsia Tablets. Their composition is commonly known among in the United States and Canada. are the most popular of all remedies for indigestion, dyspepsia, water brash, insomnia, loss of appetite, melancholia, constitution, dysentery and kindred dis-eases originating from improper disso-lution and assimilation of foods, because
