Scarcity Result of Great Decrease in Shipments to Market.

PRICES RISE ACCORDINGLY

Packers Recall Large Shipments From England to Supply Home Demand-High Prices Make

CHICAGO, June 6.—(Special.)—The farmer has decreed that the juley steak shall disappear, temporarily at least, from its time-honored place at the breakfast table. Roast beef also has come under the ban of the cattle-raiser, at whose door is laid the responsibility of

the pending "meat famine."
Packers declare the shortage of meat
In America, which is said to have
prompted a reshipment of 210,000 pounds prompted a reshipment of 210,000 pounds of meat from England, is due to the backward condition of the cattle market. Beef, in particular, is scarce, and consequently the prices of steaks and roasts are in the ascending scale. Chicago meat-dealers say the condition was brought about within the past week, when shipments of cuttle received at the stock-yards were less than one-half of those received in the same period last year. There is, however, an abundant supply of lumb and pork, and the packers are not alarmed over the possibility of a famine in the entire meat supply.

Exceptis Greatly Decrease.

Receipts Greatly Decrease.

The falling off of cattle shipments re-ceived at the stock-yards during the past week as compared with the same period in 1907 shows a decrease of 32,356 cattle. The following table indicates the comparative receipts:

Monday, June 1 11.567 Thereday, June 2 1.802 Wednesday, June 3 8.247 Thereday, June 4 4.748 Friday, June 5 4000	1907. 23,74 2,83 21,11 12,29 4,00

Grower Unwilling to Ship.

"There is a decided shortage in the beef market," said John Burke, of the Burke Bros. Packing Company, "and this is attributed to the cattle-raiser's reluctance to ship his product. This condition finds its reflection in higher prices. Of course, at this time of the year there always is more or less falling off in cattle shipments, but the decrease this year is so pronounced as to be regarded as almost startling. The prices of steaks and roasts have advanced during the past week and I expect to see a further advance within the next ten days."

House-wives now are paying from 22

House-wives now are paying from 22 to 24 cents for sirloin and parterhouse steaks and in the neighborhood of 20 cents for prime roast beef. Unless the fatmer relents and ships his cows to market, therefore, the prica of steaks and roasis may be beyond reach of the average householder.

CONTESTS IN COMMITTEE

(Continued From First Page.) one of the state delegations so seated would name a member of the credentials committee.

More Taft Delegates Win.

Sixteen more Taft delegates were added to the temporary rollcall of the National Convention today as the result of the determination of contests from Florida and Georgia. The opposition to Taft failed to score and the slate was wiped clean in favor of the delegates instructed for him. One Florida district, the third, and three Georgia districts, the first. second and third-were passed over until Monday because representatives of the anti-Taft delegations were not ready to proceed. Counsel for the delegations instructed for Secretary Taft moved the stponement and announced they did not desire to take snap judgment.

Almost Come to Blows.

Vigorous use of the gavel by Chairman New, and the interference of friends was all that prevented a personal encounter between principals in the Florida The proceedings were enlivened also by the assertion that Representative Butler Ames, of Massachusetts, who is said to have engineered the anti-Taft fight in Florida, was responsible for the use of alleged forged tickets of admission to the state convention hall. This charge was made in the form of an admission by ex-United States Dis-trict Attorney J. N. Stripling, one of the anti-Taft contestants who spoke in opposition to the seating of the Taft dele-gation. It created a distinct sensation. The charges that forged tickets had been used for the purpose of packing the convention hall had been made by Henry Chubb, state chairman, and one of delegates-at-large instructed to vote for the nomination of Secretary Taft, The alleged spurious tickets were not different from the genuine and the doorkeepers at the convention had no recourse but to admit any person possessing one. The members of the anti-Taft faction had the foresight to reach the hall first and they In control when the Chubb delegates arrived. The latter were compelled to go elsewhere to hold their convention. They said they were outwitted by "Yankee trickery."

Lie Passed by Floridans. The altercation between representatives of rival factions in the Florida contest threatened for a time to be the most serious incident of the day. It occurred while Mr. Stripling was addressing the committee. He was denouncing as "machine politics" the methods which he declared had been employed by J. N. Coombs, the National committeeman, and Mr. Chubb. tional committeeman, and Mr. Chubb, the state chairman. He said that, when he was appointed United States District Attorney in Florida a few years ago, he went to Mr. Chubb, who was one of witnesses and referces Federal patronage, and told him that he did not want his indorsement. He said that he told Mr. Chubb that he would repudiate such an idnorsement at the Department of Justice in Washington if it were made. Mr. Chubb was in the room when this statement was made and he promptly denied it. Facing Mr. Stripling, he said:

That is an absolute falsehood."

men were standing. They glared at each other and simultane-ously began to advance. Chairman New's gavel was digging dents in the table and his voice could be heard above the confusion, declaring: "Both gentlemen are out of order." In the meantime, friends of both men inter-posed and the trouble was over. The Coombs-Chubb delegates-at- | day by the score of Il to &.

large and the delegates of the same faction from the Second Congressional District were ordered seated.

Brother Against Brother.

Another amusing situation was created by the Georgia contests. The state case involving the delegates at large was called and it developed that the faction oppos-ing Mr. Taft had not put in an ap-pearance. The Taft "big four" from Georgia was then ordered seated. In the fifth district it was a case of Blodgett against Blodgett, two brothers being on opposite delegations. Thomas Blodgett, of Atlanta, was against the nomination of Mr. Taft, and E. F. Blodgett, the postor Atlanta, was against the nomination or Mr. Taft, and E. F. Blodgett, the post-master at Atlanta, was for the Secre-tary of War. The former charged his brother with being a subservient Fed-eral officeholder. The committee decided in favor of E. F. Blodgett.

In the eighth and lith districts also the Taft delegates were victorious. The lith went by default, the opposition to the Taft delegates falling to put in an appearance. An adjournment was then taken until Monday morning.

Insane German Creates Scene in Parisian Court.

PARIS, June 6.—(Special.)—An as-conishing scene occurred recently in the Paris Tribunal of Commerce. About a hundred and fifty persons were in court waiting for the proceedings to begin, when suddenly an eccentric-looking ndividual, wearing a gown and barrister's hat, took his seat on the presiding judge's chair. Speaking with a strong Teutonic accent he announced in a loud voice that the court was open. Then, without further ado, he proceeded to abuse the people present. "Get out, you parcel of scoundrels and ragmuffins! Hold your confounded row!" and so forth. Upon this he began to pitch books, pens, ink-pad and papers at the people in the court. One of the attendants managed to remove the would-be judge from the bench, and then hurried him unceremoniously out of the court. While the public and partles in the courtroom were excitedly discussing the scene, the man reappeared and again sat on the bench. This time it took four policemen to drag him out. At the central police depot, where he was deposited, his name was found to be Naftall Reidmann, a German subject, aged 40, who was known to be a

MARTYRS TO GOOD CAUSE

Temperance Agitators Fined by Calcutta Police Court in India.

CALCUTTA, June 6 .- (Special.) - The temperance crusade at Poona has brought some of its supporters into the police court. A number of Brahmin youths started the practice of picketing the shops trading in native liquors, in the hope of persuading intending customers to refrain from patronizing them. The movement excited great popular interest, and crowds gathered nightly to watch the proceedings. The result was a certain amount of disorder, and the traders, becoming alarmed, invoked the aid of the police.

Whenever a sore or ulcer refuses to heal it is because the blood is infected with poisonous germs or some old blood taint which corrupts and pollutes the circulation. Nothing is more trying than a non-healing, chronic old ulcer. The very fact that it resists all external applications, and ordinary treatments, is good reason for alarm, for the same germ which produces cancerous ulcers is back of every old sore, and especially is this true if the trouble be from any inherited taint. Surface treatment cannot reach the trouble—the blood is at fault and must be purified before a cure can be hoped for. In S. S. S. will be found a remedy for sores and ulcers of every kind. It is a perfect blood purifier-one that goes directly into the circulation and promptly cleanses it of all impurities, poisons and taints. The ulcer can never heal while the blood discharges into it the noxious matter with which it is infected, but when S. S. S. has rid the blood of this cause and freshened Monmouth Rolls Up Big Score.
