

ROWING CLUB HOLDS INITIAL RACE MEET OF SEASON

MIXED SENIOR CREW—CONANT, STROKE; ALLEN, NO. 3; CAPTAIN McMICKEN, NO. 2; PANDER, BOW.

JUNIOR CREW—GLASS, STROKE; GORDON, NO. 3; TULLY, NO. 2; DENT, BOW.

For the purpose of selecting representative junior crews in the fours, doubles and singles, the Portland Rowing Club held the initial try-outs of the season yesterday afternoon over a mile course, starting off the head of Ross Island and finishing opposite the boat-house of the club. Owing to the fact that a stiff breeze was blowing against the oarsmen, no attempt at time-keeping was made, and if any records were broken the fact is not known to the club members. Conditions on the river were favorable, with the exception of the wind, and no current especially was noticeable.

Owing to the failure of certain can-

didates for the doubles to put in an appearance, the try-out for this event has been indefinitely postponed. According to A. C. McMicken, captain of the senior four, it is doubtful if an attempt will be made to select a representative crew in the doubles. If a crew is chosen from among the juniors in this class it is not probable that it will be sent to Seattle June 3, and in this event Portland will fail to have representation in the doubles at the annual regatta of the North Pacific Rowing Association.

The winning junior four of yesterday showed considerable speed while racing in their class, and it is believed that there will be no changes in the four between now and the time the

crews leave for the North. The following oarsmen compose the victorious juniors: E. Gloss, stroke; G. Sterling, No. 3; J. Tully, No. 2, and E. Dust, bow. Opposed to this four in yesterday's regatta were E. Hartley, stroke; J. Tuck, No. 3; W. E. Ball, No. 2, and H. G. Chickering, bow. At the start the two fours kept well together, and until half the course had been traversed it looked as if a close contest was on. Hardly had the first half of the course been run, however, when the victors began creeping ahead. They continued to gain steadily, and at the finish were eight lengths ahead of their opponents. The winners were in the new shell, while the vanquished had the old four-oared shell. Owing to the fact that the latter took water easily, it is the

general opinion that if the fours had reversed shells the finish would have undoubtedly been much closer.

In the singles there were only three starters. They were Arthur Allen, A. Ofaender and Charles Quitsow. The race was won handily by Allen, with Ofaender second. Quitsow's shell tipped with him, taking considerable water, and he failed to finish.

After the fours and the singles had been pulled off, a mixed senior four was picked to row the victorious juniors. This crew was composed of A. Ofaender, bow; A. C. McMicken, No. 2; A. Allen, No. 3, and Rex Conant, stroke. Ofaender, who came in second in the singles, was placed in the senior's bow to fill in, owing to B. E. Lummis' absence. Lummis is laid up with la-

grippe and has not been down on the river for several weeks. Putting in a new man made it necessary that the positions of the senior four be generally changed in yesterday's match. Captain McMicken was the only oarsman in his regular position of the four. The seniors had no difficulty in coming in ahead of the juniors. They finished at least 10 lengths ahead of their opponents, who had partially stopped in the middle of the course.

The big regatta to which all the Portland oarsmen are looking forward, is at Seattle, July 3 and 4, when the best rowing material in the Northwest will be brought together in competition. July 3 the junior events will be pulled off, the senior events to take place the following day.

BIG CROWD AT MEADOWS

SIX THOUSAND PEOPLE SEE OPENING DAY RACES.

Fast Track Permits New Record. Entree Noug, Owned by Matt Ries, Takes Handicap.

SEATTLE, Wash., June 20.—(Special.)—More than 6000 persons, the largest crowd that has ever attended on an opening day, witnessed the annual opening of the Summer racing season at the Meadows today. The track is faster and better this Summer than ever, as proved by the fact that today one record was broken, another equaled, and four others escaped being broken only by fractional parts of seconds. The new record was made in the fifth race, a mile and 70 yards, for three-year-olds and upwards. Willie Kelly rode out Miss Officialis, making the distance in 1:44 1/4, three-quarters of a second under the track record.

Kelly won twice, and took a second, and Walsh took a first, two seconds and a third. The weather threatened rain all the afternoon, but no rain fell. Entree Noug, owned by Matt Ries, of Seattle, won the opening handicap, the big race of the day, and Miss Officialis, of the same stable was also a winner. Fourteen books cut in, as against 26 at the opening last year. Although the favorites were not good to the better, the books were pretty hard hit, largely through the play that centered on Ries' two horses. Right Easy equaled the track record in the second race. Results:

Five and half furlongs, three-year-olds and upwards—Belle Kinney first, Aunt Polly second, Hidden Hand third; time, 1:07 1/2.

Four and a half furlongs, two-year-olds—Right Easy first, Horace H. second, Anderson third; time, 54.

One and a sixteenth mile, three-year-olds and upwards—Cadibus first, Lotus second, Brook Leaf third; time, 1:45 1/2.

Six furlongs, opening handicap, all ages—Entree Noug first, Security second, Lord of the Forest third; time, 1:27 1/2.

One mile and 70 yards, three-year-olds and upwards—Miss Officialis first, High Gun second, Black Mate third; time, 1:44 1/4.

Seven furlongs, three-year-olds and upwards—First Peep first, Pal second, Gargantuan third; time, 1:26 1/2.

WILL TEST BETTING LAW

Coney Island Jockey Club to Fight Gambler's Case.

NEW YORK, June 20.—The Coney Island Jockey Club is determined to bring about a judicial interpretation of the recently enacted anti-betting law. This was made apparent today when counsel for the Jockey Club obtained from Justice Bischoff, in the Supreme Court, a writ of habeas corpus directing the Sheriff of Kings County to produce before Justice Bischoff Melville E. Collins, who was yesterday arrested at the Sheepshead Bay course, charged with accepting a wager. When Collins was produced the hearing was set down for next Monday.

There was much discussion today of the restraining order against the police which was issued by Justice Bischoff yesterday. Assistant District Attorney Eider and Deputy Police Commissioner Baker both declared that the injunction prohibits no act which the police have thus far performed in their efforts to carry out the law. It merely prevents the police from becoming trespassers and interfering with patrons of the racetrack who are doing no wrong.

LETTER TOLD OF FORTUNE.

Recipient Who Can't Read German, About to Throw It Away.

SEATTLE, Wash., June 20.—(Special.)—Because he had been in the United States so long that he had forgotten how to read German, his native tongue, Gustave Tischler, a patrolman, carried in his pocket for four days a letter from a friend in the Fatherland. He thought of destroying the letter several times, because of his inability to read it. Finally a friend was found who understood German, and volunteered to read it. The letter then disclosed that the letter contained information that his aunt had died and left him \$20,000. Today, when he appeared at headquarters, Tischler presented to one of his brother officers a vest of many colors, to another half a dozen ties and to another some fancy socks. He explained that he did not believe in presents of cigars or liquor. He says he will give the best looking man on the force a suit of clothes. Tischler will not leave the force.

ANNA'S INCOME CUT DOWN.

Prince Says He May Have to Live on \$360,000 a Year.

PARIS, June 20.—The Matin says that Prince Heiric de Sagan made the statement that if nothing definite was signed in the United States with reference to the marriage arrangement, it was because a codicil in Jay Gould's will cut Anna Gould's annual income from \$600,000 to \$360,000. "But one can live well enough on the latter figure," added the Prince, describing his controversy with Mr. Gould's family. The Prince said: "It was a terrible struggle, which I gained by standing and doing nothing. I allow my adversaries to wear themselves out; they fall broken in the dust. Then my road is free; I pass on." George J. Gould arrived in Paris last night.

whose place was about four miles distant, became quite intimately acquainted with them. Last December Schleuter died and Nordahl was prominent in assisting the family in its distress. On the morning of January 14 last it was found that the Schleuter home had been burned to the ground. Investigation showed that the bodies of the mother and her four children had been murdered and the place set on fire. It was learned that the mother had asked the officers to protect her and the family from Nordahl, who, she said, had made improper advances to her and the eldest daughter, coupled with threats.

Footprints, blood on his clothing and other circumstantial evidence served to connect Nordahl with the crime and the state was able to make out a strong case.
