Work for Unemployed.

The unly resolution discussed at length today was one introduced by Max Hayes, of the Typographical Union demanding that work be provided for the four million unemployed in the country. Objection was made to demanding assistance and to the stateemplayed. The resolution was adopted in an amended form, in which it is urged upon the Federal Government and the several state and municipal governments that work be provided for the streemployed on roadways and waterways, in the improvement of forests and in every other way possible.

Bullding Trade Disputes.

Building trades disputes were the first matters taken up in the convention toto which all resolutions relating to this subject were referred, reported, and in each case recommended these disputes be referred to the convention of the National Building Trades Council, which is affiliated with the Federation, for adjustment. This convention will be held in Denver next week.

In Denver next week.

A resolution was agreed to instructing the secretary of the convention to write to the officers of the Modern Woodmen, asking them to employ union instead of neuunion men in the construction of their home at Colorado Springs.

At the close of the report of the committee on building trades Vice-President James Duncan moved that, insemuch as

the charter issued to the Building Trades Council gave it no permission to issue state charters, the council be instructed to live up to its charter. This was car-ried after considerable discussion by a vote of 91 to 41.

Keefe Withdraws.

At this point Daniel J. Keefe, of the Longshoremen, arose to armounce the withdrawal of his candidacy for re-election to the Executive Committee,

election to the Executive Committee, giving his reasons for his action.

Mr. Keefe stated he had within the last 24 hours announced his intention not to be a member of the Executive Council owing to the recommendation of the committee of President's report. He said he had voted the Republican ticket for 25 years, and would continue to do so until his conscience dictated otherwise.

Mrs. Haas' Testimony at Inquest Is Favorable to Biggy.

HUSBAND KEPT HIS SECRET

Did Not Know Heney Had Exposed Haas, but Noticed He Became Excitable-Policeman's Experiment With Derringer.

SAN FRANCISCO, Nov. II.—Mrs. Belle Haas, the wife of Morris Haas, the self-destroyed assailant of Assistant District Attorney Francis J. Heney, was the principal witness today at the Coroner's inquest. She testified that her husband came home at 1 o'clock last Friday, the day of the shooting, and left the house at 3:20 o'clock, without telling her where he was going. She then told of how she was informed by a detective that her husband had shot Mr. Heney and of her visit to him at the County Jali.

MANILA CITIZENS WILL CANCEL INVITATION TO FLEET.

Kear-Admiral's Refusal to Allow Sailors to Land Causes Bitter Feeling.

MANILA, Nov. 21.—Rear-Admiral Sperry addressed a letter to Governor-General Smith today, saying that it had been decided not to grant the men of the Atlantic battleship fleet leave of absence during the stay of the ships in Manila Bay. This decision, the Rear-Admiral says, is based on the advice of the medical officers of the fleet, as well as his own convictions. The letter states Admiral says, is based on the advice of the medical officers of the fleet, as well as his own convictions. The letter states that the daily reports of the health department show the presence of cholera in Manila, and that during the progress of the epidemic a large percentage of the cases reported were dead or moribund, showing that they had been concealed. Rear-Admiral Sperry then states that the house-to-house inspection has been abandoned and claims that there is always danger of a renewal and extension of the infection from the provinces. The Rear-Admiral next cites the recent report on the cholera made by commissioner Worcester, condemning portions of the city of Manila as unsanitary. The letter closes by pointing out the necessity of forbidding the landing of the men, as the fleet is to make a long cruise in the tropics after leaving here en route home, besides the danger of its personnel being liable the danger of its personnel being liable to quarantine in the Mediterranean.

Government and State to Co-operate in Training Farmers in Irrigation-Dry Farming Experiments to Be Made Also.

OREGONIAN NEWS BUREAU, Washington, D. C., Nov. 21.—As a result of the personal appeals of President Will-iam J. Kerr, of the Oregon Agricultural College, the Departments of the In-terior and Agriculture have agreed to establish and equip an experiment farm on the Umatilla irrigation project, to assist farmers in properly developing their/land. Secretary Garfield today their land. Secretary Garden coapset aside sufficient money to erect the necessary buildings, construct laterals and purchase equipment. The Bureau of Plant Industry promised to co-operate with the state in the maintenance of the station, the cost to be equally divided.

Professor Keir said that, had not this step been taken, many farmers on the Umatilia project would lose their holdings through inability properly to use

their land and water.

Professor Kerr also secured from the
Agricultural Department a promise to
co-operate with the state in establishng an experiment station for dry land farming in Morrow, Gilliam or Sherman Counties, where experiments are to be conducted to ascertain what grains are hest adapted to regions where there is less than normal rainfall. Eastern Oregon farmers are much in need of assistance in development of the dry farming industry.

Through the effort of Professor Kerr the next convention of the Association of American Agricultural Colleges and Experiment Stations will be held in Portland next July, and the Farmers' Institute Convention will follow.

SAVANNAH, Ga., Nov. 21.—Turning sharply to avoid collision with a large dog that was crossing the course, Jean Juhasse, driving the French Spo car entered in the international light-car race, to be run here next Wednesday as a preliminary to the grand prize contest on Thursday, hurled his mechanician to almost instant death today, and is him-self lying in the Savannah hospital tonight with an injured spine. The rac-ing machine was crippled beyond hope

of repair.

The scene of today's fatality was on White Binff road, a stræght and level stretch. The turn made to avoid the dog was alight, but the speed of the little car caused it to jump sideways and it struck a tree a glancing blow. There was a richochet to a second tree and then to a telephone pole. Still plunging about after this third blow, the automobile turned completely around and again ran into the pole, which this time was broken off short.
