

PORTLAND TAKES DOUBLE-HEADER

Beavers' Hold on Pennant Gripped Harder When Angels Lose Two.

KRUGER REAL SLUGGER

First Game Goes to Victors by Score of 14 to 3, but Second Was More Like Baseball, Which Ended in Shutout to Los Angeles.

PACIFIC COAST LEAGUE

Table with columns for Club, W, L, P.C., and Standings for various teams like Portland, Oakland, Los Angeles, etc.

LOS ANGELES, Cal., Oct. 30.—(Special.)—The Beavers further clinched their hold on the pennant today by defeating the Angels twice, 14 to 3, in the morning game and 1 to 0 in the ten innings in the afternoon.

The afternoon battle was a good one throughout with clever pitching and clean fielding that brought the fans to their feet on numerous occasions and the applause was about evenly divided between the two teams.

Kruger Wins Game.

Teaser had a shade the better of Krupp, but the latter's support was far superior to that given the local pitcher. Kruger finally won the game in the tenth with a double past third base that scored only one that did not get away with a grounders that were juggled by Howard and Hallman.

The morning game was one loud, re-sounding scream; and the few fans who got out to see the game did their share of the screaming. Castleton started in to pitch for the locals and of the eight men to face him, Casey was the only one that did not get away with a run. He gave two passes and three singles and a double were made off him. In addition to this he made an error and a wild pitch. A double steal also helped the Beavers.

Finally, when every man in the grandstand and on the bleachers was yelling "get the book," Castleton was yanked back to the bench and Thorsen was tried out, but the first inning was not yet over.

Garrett hit the first ball for a double. Then in turn, Olson and Casey lined out singles and Kruger came in for a double.

Ten Runs Scored.

Ten runs had been scored before the third man was put out. After that the game was fairly interesting. The score:

Score by Innings table for Los Angeles and Portland, showing runs, hits, and errors per inning.

BERRY AFTER NEW MEN

ANGELS' MANAGER STRENGTHENING TEAM FOR 1911.

Pitching Staff to Remain Same, but Fielders Will Be Shaken Up.

New Catcher Wanted.

LOS ANGELES, Cal., Oct. 30.—(Special.)—Henry Berry, manager of the Angels, returned from the East today and said he would have a pennant winning combination in 1911. While both he and Captain Dillon are chary about giving out information until several deals are pending with Eastern magnates have been completed, they have given out enough to make sure that radical changes will be made in the team.

Berry has been in communication with big league managers and announces that several new infielders and outfielders will grace the Angels' roster when the Spring training season rolls around. He says he expects to secure an infielder a little above class A from Frank Chance.

The pitching staff of the season will be essentially the same next year. Dellie, Castleton, Criger, Teaser and Thorsen will do the bulk of the work, with young Klein to help them on occasion. This youngster is expected to develop and Dillon thinks enough of him to carry him along until he is ripe. Walter Nagle will be sold or traded to some big league club.

The catching department will be handled by Smith, Waring and a new man for whom the club is dickering. Orendorf will retire from the diamond. Dillon promises to be in shape to resume his old stand at the initial session and Howard and Delmas will be back in the infield. Metzger from the Waterbury, Conn. League Club, will have a chance on first. Daley and Bernard will be fixtures, and Delmas will be again. Kennedy is showing up well in the left garden and with a little more experience is expected to be a star. With these men and those for whom arrangements are being carried on, Berry declares that the local fans will have a team next season of which they may be proud.

OAKLAND FAILED TO GET BOTH

Wolverton Able to Land but One Game in Double-Header.

SAN FRANCISCO, Oct. 30.—Oakland fought hard to creep up another notch in the percentage column today, but the best that Captain Wolverton got was a division of the spoils. The morning encounter went to Vernon, 1 to 0,

SAN FRANCISCO CHRONICLE CARTOONIST'S IDEA OF COMMUTERS' FLIGHT.

PENNANT IN GRASP

Portland Has Small Chance to Lose Flag Now.

LAST WEEK OF SEASON ON

Fight of Oakland With San Francisco Will Be Watched as Closely as Portland's Contest With Vernon Villagers.

YOUNG BUSHY BEATS PAPE

Brigham Fielder Pitches Opponent to Standstill by 4 to 3 Score.

SACRAMENTO, Oct. 30.—Brigham Fielder, the Seal busher, pitched Larry Pape to a standstill in a 14-inning battle today, San Francisco winning, 4 to 3. The game was filled with spectacular plays, Boardman and Tennant making unassisted doubles, while the fielding was marvelous in spite of a high wind.

Sacramento tied the score in the eighth inning on errors by Tennant and Mohler, coupled with La Longe's double and Pape's single. In the 14th, Shaw beat out a bunt and went to third on a single by McArde, Melchior drove a fly to Perry in left, who, by a quick return to the plate, kept Shaw on third. Helster pegged to the plate and the ball took a bad-bound when La Longe endeavored to scoop the globe, Shaw racing home with the winning run.

How Standing May Be.

Figuring Portland to win but three out of seven this week, and Oakland capturing six out of the same number against San Francisco, the standing at the end of the season next Sunday night will be as follows:

Table showing standings for Portland, Oakland, and San Francisco with columns for W, L, P.C., and games played.

Chance to Win and Lose Seen.

There are numerous angles from which to figure the possible end of the Pacific Coast League race, but the figures cited above, giving Oakland the best of the figuring, seem to indicate beyond any question that Portland has clinched the flag. The only possible chance to lose will be a thorough defeat of the Beavers at the hands of Vernon, and, as Portland has held that club to nearly an even break thus far this season, it does not seem likely that the boys will falter at this stage of the game.

FANDOM AT RANDOM

LOOKS all to the good for that pennant now, for Harry Wolverton's favored Oakland bunch of "protesters" will have to travel some to displace Portland from the top of the heap in the few games remaining of play.

Claude Berry, the Seal catcher, is said to be dissatisfied with the reigns of Danny Long, and would like himself away from the Seal team. It is not altogether unlikely that Claude himself is very

ALL HANDS MAN THE PUMPS!

Mr. J. B. Purcell, 220 Drexel Building, Portland, Oregon.—Dear Sir: After I left you at Sandpoint, Idaho, on Oct. 5, I went across the lake to Lakeview and put up at the Swastika Hotel. As it rained all next day I remained indoors, but on the 7th went out to the mine with Mr. Ross, your superintendent, and a gentleman, whose name I have forgotten, who came with me from Sandpoint. I must say I never saw a better-looking ore body in all when I went to California in quest of gold. And I can further assure you that, in my opinion, the Swastika has the BEST visible show, and gives the best promise of becoming a great and productive mine of any I ever have seen in all my experience in the mining business.

I have been quite ill since my return home, or would have written you before, but if not too late, I wish to inform you I will now try to arrange to get more Swastika stock, as after thoroughly examining the property, I am satisfied that all you need is the machinery you are to install to put it in position to make plenty of money for its stockholders. With proper management, which I am sure it has, there is not the slightest doubt in my mind that your property will become a real bonanza.

Yours truly, H. B. KELLY, 2251 Welton Street, Denver, Colorado.

NOT ASKED TO WRITE

The foregoing letter from Mr. Kelly came absolutely unsolicited. It is appreciated, however, because written by one who has had years of mining experience, and DOES know what he is talking about. The gentleman owns a generous block of Swastika stock, and, as seen, will likely take more. Were it not that we do not desire to trespass upon the time of the old gentleman, we would ask our readers to communicate with him, and from his own hand find out his opinion of the Swastika. We would willingly abide by the reply he would make. He knows, and WE know, that it is one of the most promising properties in all that great mining region.

WE ARE SELLING SHARES AT 10 CENTS EACH ON INSTALLMENTS

Mr. Kelly paid in full for his when he secured them, but not every person can do this. It was the judgment, therefore, of our directors that we give persons of modest means an opportunity to get a foothold in the property. This was done, and as a result our shares will have wide distribution and, to quite an extent, come into the hands of those who really will appreciate them.

200 PER CENT WE ARE CONFIDENT THIS MINE WILL PAY

each year on every dollar placed in its development and mechanical equipment. How one could lose in a proposition of this kind we cannot understand. Before we began this sale of stock we did all things we could devise to assure ourselves we had a mine, and a GOOD one, too.

IT IS A DEVELOPED PROPERTY

and ready for the mill, for the purchase of which we are offering this stock, therefore, the danger of loss to our people is practically eliminated. The chance, almost entirely, in mining investments ends with the purchase of the stock, of ore, because how can there be a failure when the mine

WE HAVE 868 FEET OF TUNNELS

besides our drifts and upraises, and ore enough in plain view, if concentrated and smelted, to pay back to stockholders FIFTY times the cost of the property. Six hundred feet below we have found the same deposit. Near the base, yet another 800 feet below the middle tunnel, we are told, it again will be running 250, 340, 325, 150, 415, \$50 ore and a \$60-ton mill to enable us to pay 150 per cent per annum on the entire capitalization of the mine, and per annum on expectation that one-half of it will be issued. If only one-half, the mill and this quality of ore would mean 300 per cent, and this is the most likely. If we should double the capacity of the mill, which our stockholders will doubtless order us to do, within the next few years, after they have had all their money returned in dividends, this same brand of ore would give us 600 per cent per annum, on half our capitalization, and we are impressed with the belief we never shall sell more than that. But the conservative estimate we have been making of 200 per cent per annum will pay \$2 each year for every one dollar a stockholder invests in Swastika shares.

OUR LIME KILNS WILL PAY AT LEAST 25 PER CENT

We have a ledge of lime rock that will last a century. There is one big lime works already at Bayview, five miles from us, and another at Hope. They tell us these pay 25 per cent on their stock, but let us cut that down to 25 per cent in our case, as this money will come to our stockholders as a pure gift, because the mine will pay so handsomely on all cash put into it, and the stock covers not

THE SWASTIKA GOLD AND SILVER MINE IS A BONANZA

It requires no other industry or side business to bolster it up. It will need no other aid. Our most conservative estimate of 200 per cent per annum on all the money which will be invested in the property ought to be good enough for the most grasping investor, and what comes above that will be as velvet. We shall expect there will be a plenitude of the latter.

KETCHEL MONUMENT PLANNED

Society Formed to Honor Memory of Murdered Pugilist.

GRAND RAPIDS, Mich., Oct. 30.—(Special.)—The citizens of this city and of Belmont, the home of the late Stanley Ketchel, who held title of the middle-weight champion of the world, met today to discuss plans for erection of a monument here in memory of Ketchel.

An organization was formed named the Stanley Ketchel Memorial Society and Howard K. Pierce was elected temporary chairman. Subscriptions were taken and \$300 was raised. It is expected that the fund will be contributed to by the 150 inhabitants of Belmont.

A vaudeville benefit will be held here next week, plans being already made for the acquisition of a theater. Performers have already been asked to volunteer. The matter of the Ketchel memorial will be brought before the City Legislature, which it is already known is favorable to the project.

COUPLE ARRESTED ON SCOW

ASTORIA, Or., Oct. 30.—(Special.)—Nathan Lamb and Mrs. Nora Carl, a Portland woman, were arrested last night on a scow near Mill Creek, five miles east of this city. The woman said she left her husband several months ago because he abused her and said that

VIOLETS GATHERED AT HUSUM

HUSUM, Wash., Oct. 30.—(Special.)—Viola and wild strawberries gathered October 25 is the record for this river valley. Mrs. E. D. Osborne secured these rare specimens while out hunting mushrooms, another delicacy that abounds in great profusion in this because he abused her and said that

THE SAN FRANCISCO CLUB WILL BE ANXIOUS TO KEEP THIRD PLACE, AND WILL THEREFORE PLAY HARD AGAINST THE OAKS, AND FOR THAT REASON WE MAY ALSO EXPECT SOMETHING LIKE A DIFFERENT REPORT COMING FROM SAN FRANCISCO CONCERNING TOMORROW.

The tickets being sold for the big benefit game to be tendered the victorious Beavers next week, are selling rapidly and several fans have telephoned requesting seats sent them, and their requests will be heeded at an early date.

The poor old Hooglians finally managed to take a game from the Oaks, and this was due entirely to the fine pitch-

A LETTER FROM DENVER

Here is a letter from a man who KNOWS a mine when he sees it. His home is in Colorado—where mining is carried on on a scale as large as anywhere in this country. It is a state wherein is not found the fool who doubts the wisdom of investing in mining shares—because the mines of Colorado have turned out more millionaires than ALL the grainfields of North America. This is proven by Government statistics.

After visiting the Swastika mine in the State of Idaho—THIS mine we are advertising here in Portland—Mr. Kelly writes:

Mr. J. B. Purcell, 220 Drexel Building, Portland, Oregon.—Dear Sir: After I left you at Sandpoint, Idaho, on Oct. 5, I went across the lake to Lakeview and put up at the Swastika Hotel. As it rained all next day I remained indoors, but on the 7th went out to the mine with Mr. Ross, your superintendent, and a gentleman, whose name I have forgotten, who came with me from Sandpoint.
