Mexican Revolution and Its Attendant Alarms Prevent Officers From Seeking Sweethearts in Conventional Way.

SAN FRANCISCO, May 25.—(Special.)

A modern parallel to Mahomet and the mountain is found in the application for marriage licenses made to the County Clerk's office this morning by Ensign Edwin Guthrie and Paymaster Arthur Middleton, both of the United States Navy and stationed on the gunboat Yorktown, which lies in San Francisco Harbor.

lands now extend six and a half miles east and west and for three and a half miles north and south and control many thousand acres of choicest range.

The land actually owned by Vest and Boswell totals 2320 acres. They have about 7400 sheep now, but will stock up to the capacity of their ranch at once.

Going eastward from the Cheatinus, the Vest and Boswell ranch includes scattered tracts on which is found the only water in the district between and around these watering places, which follow the canyons, the extensive pasture lands. Sheep can be wintered on the Innaba and then pastured gradually westward until the extreme west end of the holdings is reached, where they enter the forest reserved for Summer grazing.

445,000 MEN MAY QUIT

BRITISH STEVEDORES EXPECT TO CALL BIG STRIKE.

Unless Settlement Is Reached by Next Wednesday Drastic Action Will Be Taken Then.

LONDON, May 25.—A National strike by all transport workers early next week was threatened in labor circles this afternoon. Those in touch with the strike leaders say that unless a settlement be reached in the interim, next Wednesday will see the order issued for a general strike through the whole of the United Kingdom.

A great mass meeting of stevedores this afternoon, unanimously, a resolution for a National strike. The leaders say they will be able to call out 245,000 trade unionists without difficulty, and they expect to obtain the support of 200,000 non-unionists. The unrest among the railroad men is so great that it is thought they could easily be induced to participate in the dispute.

Large numbers of carmen augmented the ranks of the strike strikers for transport workers in the course of today and it was calculated that by tonight 120,000 men would have ceased work.

Mr. Webb, clothed with power to serve subpoenas, summoned George E. Fitzpatrick, a capitalist; President Thomas, of the Leigh Valley Railroad Company, and Edward H. Smith, a director in the company, to appear and testify.
