

CHAIN DWELLS ON WHITE SLAVE ISSUE

Prohibition Candidate Says His Party is Only One Daring to Take Stand.

SIX-YEAR TERM FAVORED

Notification Committee Told if Ten Million Consumers Will Become Producers, Cost of Living Will Be Solved.

WAUKESHA, Wis., Aug. 10.—This was a gala day for the many prohibitionists assembled for the formal nominating of Eugene W. Chafin, of Tucson, Ariz., of his nomination as prohibition candidate for President of the United States.

Dr. C. H. Mead, permanent chairman of the National Prohibition convention, in notifying Chafin said: "During the past few months, as a Nation we have been humiliated, and our people, regardless of political affiliations, have hung their heads with shame as they beheld the President of these United States, and the only living ex-President, out on the stump calling each other liars, and covering each other with political mud."

Taft and T. R. Called Unfit. "If what these two men have said about each other is true, neither is fit to be President; if what they said was not true, then, neither should enter the White House again. These men have been boomer officers and of the same political household, so it is fair to suppose they were telling the truth, while decent citizens were indignant over the public washing of soiled political linen."

Chafin, replying, said in part: "Amend the Constitution, making the Presidential term six years and one term only."

"Destroy the liquor traffic—let 10,000,000 of consumers become producers and the problem of the high cost of living is solved."

"The complete suppression of the traffic in girls is the language of our platform. We are the only political party this year, or any other year, which has dared to make such a declaration. Why? Because it is a part of the liquor traffic system."

Law Violated in Capitol. "Neither the present nor former President has in the past 10 years dared to enforce the law of Congress in the District of Columbia against this awful crime, though it has been carried on almost in sight of the White House and under the shadow of the Washington monument. Neither dares today to announce to the American people that if again entrusted with the office of President he will enforce this law, notwithstanding the President takes an oath of office and the Constitution says he shall take care that the laws be faithfully executed. It says nothing about making the law a dead letter in order to get the liquor vote. And one of these gentlemen pretends to be a progressive and a reformer."

"It is often asked: How will you run the Government when the rum revenue is abolished? Our platform answers the question in the following planks: 'Equitable graduated income and inheritance taxes.'"

RAINIER GIRL IS RUNAWAY

Parents Believe Maid of 16 Victim of White Slavers.

RAINIER, Or., Aug. 10.—Viva Shumway, aged 16 years, the daughter of a prosperous farmer near this place, ran away yesterday afternoon with a young man giving his name as O'Neil. They boarded a launch here and ostensibly started for Kelso, Wash. The father of the girl was away from home at the time and the mother and sisters did not know of the girl's going until after she had embarked in the launch.

The father of the runaway girl is making every effort to locate her today and every town in the Northwest has been notified to be on the lookout for the couple. Nothing is known of O'Neil except that he came here a short time ago and worked for a few days in a local sawmill. He is about 21 years old and gave the appearance of a respectable young fellow. It is feared by those here that the girl has fallen into the hands of white slave dealers.

INDIANS ON BERRYING TOUR

Lost Lake, Near Hood River, Grows Pie Material in Profusion.

HOOD RIVER, Or., Aug. 10.—(Special.)—The few Indians that reside in the Hood River Valley have closed the doors of their homes and are now away on the annual pilgrimage to the Lost Lake region in quest of huckleberries, the vines and fruit of which grow luxuriantly in that district. A number of Indian squaws visited the city yesterday and disposed of the harvest of the past several days. They will make trips to the city at intervals until the fruit is all gone, with loads of the delicious pie material.

The Indians are not alone in their quest for huckleberries. Many white people are spending their outings in this manner. The Lost Lake region berries are said to be finer than usual this year.

BECKER TO BE EXPOSED

(Continued From First Page.) has received absolute immunity. It became known that when Rose confessed before the grand jury a stipulation granting him his freedom as soon as he has completed his testimony at the trial of the case was signed by the District Attorney and Judge Mulqueen, with the approval of the grand jury. Rose is in a penitent mood, according to his lawyer, and is anxious to reform. He plans as soon as he is released to leave the country with his wife and their two children and begin life over.

Minority Defends Catlin's Title.

WASHINGTON, Aug. 10.—The minority members of the House elections committee, which investigated the contest between Representative Theron E. Catlin and Patrick F. Gill of St. Louis, filed a report today in Catlin's favor. The majority of the committee voted to unseat him because of the large sum of money shown to have been used in his election. The minority holds he had no knowledge of the expenditures made by his father.

AMERICAN-GERMAN PACT IS WELCOMED

Proposed Alliance for Mutual Protection in Far East Favored in Empire.

DIPLOMAT CITES REASONS

Two Countries May Stand Alone as Against England and Group. Panama Canal Issue Causes Division in Sentiment.

BERLIN, Aug. 10.—(Special.)—The New York Sun's editorial suggestion of an American-German alliance for the protection of their mutual interests in the Far East, against the special interests of England, Russia and Japan, meets with much favor in semi-official circles here. A high diplomat, who for obvious reasons is not named, said on that subject to the Sun's correspondent: "There already exists between the United States and Germany an agreement that is tantamount to an unwritten alliance for joint action and mutual interests in the Far East along the lines of which the two nations have been working since an exchange of diplomatic notes in Washington."

Closer Relations Invited. "There are many reasons why the United States and Germany should stand shoulder to shoulder in the Far East, and progressive Germans would welcome anything that would bring closer the political relations of the two countries, as they may stand alone in the Far East against the grouping of other interests."

Germany Shuns Canal Protest. "While the drumming up of colonies to come to the assistance of the mother country in the matter of her navy is ostensibly because of the German danger, England also has an eye on the American danger."

This official added that while England, under a special treaty, might have the right to protest as to Panama tolls, Germany would not enter into any such movement and, besides, America might properly resent any pressure that might be brought to bear. In German commercial circles there is an indication of a sentiment that is more in favor of England than America in the Panama Canal matter.

LEWIS COUNTY HOPEFUL

Coming Visit of Senator Jones to Be Made Gala Day.

CHEHALIS, Wash., Aug. 10.—(Special.)—Among a goodly number of persons from eastern Lewis County and the Big Bottom country, who were in Chehalis yesterday attending the Democratic love feast, was R. T. Siler, of Vance. One of the principal topics of conversation in Eastern Lewis County these days is the intended visit there of Senator Wesley L. Jones, as soon as Congress adjourns. The purpose of Senator Jones' visit is to see at first hand the Cowlitz River from the mouth of the Cispus River to Lewis.

Mr. Siler states this will be made a gala day in that section of the county; that all who can will be asked to visit there then. The river will be looked over between the two points in question, and if it receives his approval Senator Jones will advocate legislation for the project immediately.

In speaking of politics, Mr. Siler said that he knew of not more than four persons in his neighborhood who will support the Bull Moose. His neighbors, he says, are too near the forest reserves not to know something about the policy of the man who did the West more harm than can be undone in years. J. A. Uish, of Kosmos, was another visitor from east of Chehalis, who was in the city yesterday and today. He says that voters in Eastern Lewis County, regardless of party, are pulling strings for W. E. Arnold for Representative for the Twenty-seventh District. They feel that Eastern Lewis County is entitled to some representation and also that they could not put in a better man than Mr. Arnold. Mr. Uish was pleased to find the sentiment in his part of the county so favorable to his candidacy.

SCOTT QUITS PLACE

Resignation as Marshal Follows Withdrawal of Name.

OREGON MEN SURPRISED

No Explanation Is Given at White House of Action Following Previous Request That Confirmation Be Delayed.

WASHINGTON, Aug. 10.—President Taft has withdrawn from the Senate the appointment of Leslie M. Scott as United States Marshal for the District of Oregon. Mr. Scott has sent his resignation to the President. Mr. Scott's nomination was sent in several months ago, but opposition developed which for a time prevented its confirmation. Mr. Scott originally was nominated at the request of Representative Lafferty, Representative Hawley at first opposed confirmation but subsequently withdrew his objection in a letter to the President. Senator Chamberlain did not oppose confirmation. President Taft afterward requested the Senate to delay confirmation and has now withdrawn Mr. Scott's name from consideration of the Senate. The Oregon members today expressed surprise at the President's latest action. No explanation was made at the White House.

VARIOUS CAUSES CONTRIBUTE

Lafferty's Change and Offensive Letter by Bourne Probable Factors.

The nomination of Leslie M. Scott to the United States Marshalship was sent to the Senate by President Taft about a year ago. The tender of the appointment was originally made to Mr. Scott by Representative Lafferty, who recommended Mr. Scott to the President. He also had the support of Senator Chamberlain and Representative Haw-

Terrible Suffering

Eczema All Over Baby's Body. "When my baby was four months old his face broke out with eczema, and at sixteen months of age, his hands and arms were in a dreadful state. The eczema spread all over his body. We had to put a mask or cloth over his face and tie up his hands. I gave him Hood's Sarsaparilla and in a few months he was entirely cured. Today he is a healthy boy." Mrs. Inez Lewis, Baring, Maine.

EAGLES PLAN REFERENDUM

Disputed Question to Be Submitted to Aeries to Decide.

CLEVELAND, O., Aug. 10.—Administration plans to have future grand aerie conventions of the Fraternal Order of Eagles composed of delegates from state aeries only were defeated in the closing session late today of the grand aerie of the 1912 National convention. Eastern delegates who fought the measure asserted it would result in building up a political machine. It was decided to submit the question to a referendum of the aeries. Frank E. Hering, retiring grand worthy president, was selected managing editor of the new monthly publication, authorized at this grand aerie meeting.

TAFT WILL VETO MEASURE

Executive, Legislative and Judicial Bill Is Opposed.

WASHINGTON, Aug. 10.—President Taft has told friends he expected to veto the executive, legislative and judicial appropriation bill, which carried an amendment abolishing the Commerce Court. In addition to his objection to abolishing the Commerce Court, Mr. Taft is said to be opposed to the proposal to limit civil service employes to seven-year terms.

SCHEMING POLITICS BLAMED

Mr. Scott Says Man Who Eschews Bosses Has Odds Against Him.

EUGENE, Or., Aug. 10.—(Special.)—United States Marshal Scott, speaking on the subject of his resignation, said today: "I have wired to President Taft my resignation as Marshal, to be effective immediately. I give up this position willingly and gladly, and can now give my attention wholly to other matters of more profit to myself and of interest, perhaps, to the people of Oregon."

"I did not seek the place of Marshal. I was invited into it, and accepted because the President conferred it and because I supposed the office of Marshalship had been lifted above old-time petty politics that have been a by-word in Oregon since the memory of man runneth not to the contrary. I did not seek confirmation by the Senate committee on judiciary prepared last May. My experience is that a man who eschews bosses and machine politicians and attends to his duty with only a sincere and proud desire to serve the people among whom he was reared and expects to do his life work cannot meet, empty-handed, the scheming politicians who dictate Federal patronage."

"The Oregon system has gone far in abolishing bosses in our state, and I look forward to the time when this system will drive them out of their lair of Federal patronage. "Performance of the duties of Marshal has brought me into many pleasant associations and made me many valuable friendships. It has been a deep satisfaction to me to serve the public free from trammels of politics, and I have reason to believe that my conduct of the office was regarded as efficient and faithful."

WASHKIA, U.S., Wash., Aug. 10.—(Special.)—A. W. McIntire, ex-governor of Colorado, now a resident of Everett, Wash., has purchased a farm in Klickitat Valley.
