

THIRD CLARK FAIR MOST SUCCESSFUL

Grounds at Vancouver Will Be Open Today to Visitors With All Exhibits in Place.

HORSEMEN APPROVE TRACK

Louis W. Hill's Loving Cup for Best Individual Farm Display Won by Woman—District Prize Goes to Man Who Travels Far.

VANCOUVER, Wash., Sept. 14.—(Special.)—Greater than the dream of the most optimistic, was the success of the third annual Clark County Fair, which practically came to a close tonight after a six-day session.

It is expected that the crowd tomorrow will be as large as any day during the week. The racing programme held every afternoon proved a great drawing card, and was most successfully handled.

The Fair management has been complimented highly by the horsemen. The public has given liberally of its patronage, and has received in return excellent entertainment and amusements.

Yale District Prizewinner

E. C. Clark of Yale, who was awarded the first prize for the best district exhibits, went through many hardships to reach the Fair. He gathered the best specimens of grains, grasses, etc., products from his neighbors, and drove 40 miles to Woodland, his railroad point.

The prize of \$350 for the best grange exhibit brought out, no doubt, the best products in the contest. In addition to the general exhibits, six were made by granges and 14 by individuals.

The first prize for the best individual farm exhibit was won by a woman, Mrs. A. Farin, who with her husband, moved on a 10-acre tract of stumps about six years ago.

In addition to the large cash prize, she received a \$50 loving cup donated by Louis W. Hill of the Great Northern.

The first prize for the best grange exhibit was won by Washington Grange No. 52 of Orchard. All of the exhibits were good.

Baby Show is Attraction

The baby show was one of the greatest attractions this week. Next year this feature will be on a larger scale, and judging will be done by eugenics.

An appropriation will be made for handsome prizes. The live stock exhibits, though not as large as might have been, were all of high class.

The Clark County Poultry Association handled the poultry department. S. J. Miller, R. J. Kenney and J. W. Wolf had supervision of the exhibits.

Work will begin at once to prepare for a greater Fair next year.

MEDFORD IS READY FOR FAIR

Second Annual Exposition and Pear Show Will Open Tuesday.

MEDFORD, Or., Sept. 14.—(Special.)—Medford's second annual fair and pear show will open Tuesday, September 17, and extend through the week.

The horses that have taken part in most of the Oregon fairs will be on hand for the racing programme, and there will be several auto races, with entries restricted to Jackson County machines.

A specialty will be made of the pear exhibit and, as this year's crop has been the best on record as far as size and quality is concerned, an extended display of this fruit is looked for.

The programme will be opened by President W. J. Kerr, of the State Agricultural College at Medford, who will speak from the grandstand on Tuesday afternoon.

The programme follows: September 15.—Free-for-all trot or pace for Jackson County horses, one-half-mile heats, three in five; purse \$250.

September 16.—Free-for-all race, one-half-mile heats, three in five; purse \$300. Ladies' race, for saddle horses, one-half mile; purse \$50. Trotting race, one-half-mile heats, three in five; purse \$75.

September 17.—Medford day—2:28-class trot or pace, one-half-mile heats, three in five; for Jackson County horses; purse \$200. 2:30 trotting, mile heats, three in five; purse \$250. Trotting race, five-eighths mile, weight for age; purse \$100. Running race, one-half mile, for males owned in Jackson County, to be ridden by business men or ranchers; purse \$50.

September 18.—Free-for-all race, one-half mile, to be ridden by business men or ranchers; purse \$50. Exhibition by College Maid, the guinealess pacing mare.

September 19.—2:30 trot or pace, one-half mile heats, three in five; purse \$150. Limited to horses owned in Jackson County. Free-for-all race, mile heat, three in five; purse \$500. Three-fourths mile running race, weight for age; purse \$125. Exhibition by College Maid, the guinealess pacing mare.

September 20.—2:30 trot or pace, one-half mile heats, three in five; purse \$150. Limited to horses owned in Jackson County. Free-for-all race, mile heat, three in five; purse \$500. Three-fourths mile running race, weight for age; purse \$125. Exhibition by College Maid, the guinealess pacing mare.

September 21.—2:35 pacing, mile heats, three in five; purse \$250. 2:15 trotting, mile heats, three in five; purse \$400. Mile running, Medford Derby; purse \$100. Exhibition of College Maid, to beat the track record, Jackson County automobile race, 20 laps, mile track; purse \$150; cars to be owned and driven by citizens of Jackson County.

Medford people are jubilant over the showing made by the High School students at the Salem Fair. In competition with Portland, Albany, Eugene, Pendleton, Salem and Baker City, Miss Alice Smith won first prize in the domestic science department with a dress she made, and now Marc Leonard has given the first prize in the manual training department with a typewriter desk. A \$200 sewing machine was the prize awarded Miss Smith, and an improved turning saw was Mr. Leonard's reward for his industry and labor.

CLOVER GROWERS PROFIT

One Firm in McMinnville Pays Out \$27,000 in One Week.

McMINNVILLE, Or., Sept. 14.—(Special.)—Clover growers in this section of the valley have received from one firm in McMinnville \$27,000 in one week for part of this season's clover seed.

The same firm shipped five cars of clover seed, of which four were of the Alsike variety.

It is estimated that 50 carloads of clover seed will be the output of the country stretching from Forest Grove to Independence.

A record yield of Alsike clover seed is that of Charles Mitchell, near Perrydale, who harvested 11 bushels of fine quality clover seed to the acre. There is a large acreage of clover seed to be harvested yet, and it is all of a fine quality.

GRANDSTAND SCENE DURING RACES AT CLARK COUNTY FAIR AND WOMAN WHOSE GARDEN EXHIBIT WON FIRST PRIZE.

2 HAVE CLOSE CALL

Hurlbert Mill at Aberdeen Burns—Loss \$70,000.

MEN RUSH THROUGH FLAME

Millwright and Helper Save Selves by Wrapping Coats Over Heads.

Entire Plant Destroyed.

Wind Fans Blaze.

ABERDEEN, Wash., Sept. 14.—(Special.)—Two men narrowly escaped with their lives this afternoon when the Hurlbert mill, on the south side of the Chehalis River, this city, burned.

The men were working underneath the first floor when the helper smelled smoke and mentioned the fact. Nothing was thought of the matter until a red glare appeared at the east entrance to the mill. Because of the strong wind, the flames spread so rapidly that before the men could get out in the open the fire had surrounded them.

Both wrapped their heads in their coats and came through with slight injuries. The sawmill and dry kilns were burned. The loss is \$70,000, with about \$25,000 insurance.

The mill is owned by Edward and A. E. Hurlbert of this city, and there is little chance of saving any of the plant. The sawmill and dry kilns are gone. High winds made the work of the fire department extremely difficult.

MARION BANKS PROSPER

Gain in Deposits During Last 12 Months Aggregates \$750,000.

SALEM, Or., Sept. 14.—(Special.)—The September bank statement revealed a condition of remarkable prosperity in Marion County, as shown by the increase in bank deposits, the gain compared with the statement of one year ago being \$81,278.

The total deposits for Marion County banks September 4, 1912, were \$5,373,245, compared with \$5,396,967 September 1, 1911. Comparison of the statements of the 18 banks in Marion County published by the United States National, of Salem, shows that 14 banks reported gains, while only two reported decreased deposits. The four Salem banks showed total gains of \$762,940.

SPokane LIQUOR MEN ACT

Injunction Granted Against Putting Local Option Up to Voters.

SPokane, Wash., Sept. 14.—A temporary injunction was granted today by Judge J. Stanley Webster prohibiting City Clerk C. A. Fleming from authorizing the submission to voters at the regular election of the proposal to prohibit the sale of liquor in Spokane.

The writ was asked by Charles Theis on the ground that \$900 of the 11,000 names on the local option petition do not comply with the law. The hearing was set for September 19.

Water Plant Appraised.

CENTRALIA, Wash., Sept. 14.—(Special.)—City Engineer Stanley Macomber, a Centralia member of the board of appraisers placing a valuation on the local water plant of the Washington-Oregon Corporation preparatory to its purchase by the city, and State Engineer Gray, whose vote will be the deciding one in fixing the valuation, are in Portland securing data on the plant.

The work of the appraisers is completed and it is now up to Mr. Gray.

Will Soon Walk Again.

L. S. Winfrey, the Southern Pacific employe who through an injury some time ago lost his right leg below the knee, is in Portland to have a limb made by the Oregon Artificial Limb Company, Third and Yamhill streets.

Mr. Winfrey was supplied with a limb made by a San Francisco firm, but it proved unsatisfactory.

EUGENE-CORVALLIS

THE RAILWAY SOON

President Strahorn Predicts Service via Monroe by January 1.

ELECTRIC COST \$2,000,000

100 New Cars Ordered for West Side Lines of Southern Pacific—Work in Eugene is Progressing.

Hall is Appointed.

EUGENE, Or., Sept. 14.—(Special.)—Opening of a direct railway between Eugene and Corvallis by January 1, using steam until the line can be electrified, was the promise made here today by Robert E. Strahorn, president of the Portland, Eugene & Eastern, the name under which the Southern Pacific is operating its electric lines.

More than one-third of the grading between Eugene and Monroe is completed and the whole 24 miles are to be finished, ready for the steel, by October 1.

As a means of handling construction work more expeditiously, President Strahorn announces the appointment of J. W. Hall as assistant to Chief Engineer Guppy. Mr. Hall is to have charge of the work in Salem, Albany, Corvallis, Eugene and between Corvallis and Eugene. The appointment is effective at once.

Orders already have been placed for more than \$2,000,000 of steel and wire for the electrification of the West Side line, and 100 new motor cars will be required. Of these 15 are about ready for delivery. Five up to date city cars are now on the way, one to be added to the Eugene equipment this week, and the four others will be divided between Salem and Eugene, as the need arises.

President Strahorn and members of the City Council inspected streets on which carlines are being constructed, and these streets will be fully surfaced just as soon as the Council and the four others will be divided between Salem and Eugene, as the need arises.

President Strahorn would make no statement regarding the proposed line up the McKenzie Valley further than to say that engineers are now in the field checking over and correcting the preliminary surveys made by Portland, Eugene & Eastern when it was first projected.

SCIO Couple Marries.

SCIO, Or., Sept. 14.—(Special.)—One of the prominent weddings of the season occurred here yesterday, when Miss Birdelle Brenner was married to John S. Sticha. The bride is the daughter of Mr. and Mrs. William Brenner, and is a graduate of the local High School and a former O. A. C. student.

Mr. Sticha is one of the leading young business men of this place.

Tag Identifies Lost Child.

Christian Herald. As Policeman Comelli was passing the corner of Fifth avenue and One Hundred and Tenth street, New York City, a little girl about three years old walked up to him, and placing her hand in his said: "I am lost." The

Climate Failed; Medicine Effective

It has been absolutely shown that rest, fresh air and good food to be many persons suffering from Tuberculosis. But it must be admitted that the disease is seldom more than "arrested." Something more is needed.

Ekman's Alternative is a medicine made for the treatment of Tuberculosis. It has conquered this disease again and again. Often these benefits have been effected where the surroundings were not ideal—yet recoveries resulted. Now we argue that Ekman's Alternative should be used in every case of Tuberculosis, in addition to good nourishing food and fresh air, which we all need. A remarkable case follows:

Weldon, Ill. "Gentlemen: Through Ekman's Alternative I have been saved from a premature grave. On December 4, 1904, I was taken with Typhoid Pneumonia. My lungs became very much inflamed, my system was undermined and Tuberculosis Bacilli were found. On February 21, 1905, I was advised to go to Fort Worth, Texas. While there an abscess in my right lung broke and discharged. I grew worse and became very emaciated. My physician informed me that I must go to Colorado as quickly as possible. I left Texas June 1 and arrived in Canon City, June 8, very feeble. After being there two weeks my physician informed me that my case was hopeless. Three weeks later I returned home, weighing 105 pounds, the doctor having given me no assurance of reaching there alive.

"On July 1, 1905, I began taking Ekman's wonderful remedy for Consumption. Today I weigh 185 pounds, I am stout and well, and I can do any kind of work about my grain elevator. I have not an ache nor pain in my chest, my sleep is well, and I never feel better.

(Sworn affidavit) ARTHUR WEBB. Ekman's Alternative is effective in Bronchitis, Asthma, Hay Fever, Throat and Lung Troubles, and in upbuilding the system. Does not contain opium, opiates or habit-forming drugs. For sale by The Owl Drug Co. and other leading druggists. Ask for booklet telling of recoveries, and write to Ekman Laboratory, Philadelphia, Pa. for additional evidence.

EXTENSIVE OYSTER BEDS AND EQUIPMENT FOR SALE.

All the real personal and mixed property of the Toke Portland Oyster Company, including trade-marks, together with the good will of the going business; real estate consisting of 273 acres on which there are approximately \$50,000 worth of growing oysters. PARK SURVEYS BEING MADE

Road Will Be Built to Medford From Crater Lake in Spring.

KLAMATH FALLS, Or., Sept. 14.—(Special.)—Eleven surveyors in the Government employment arrived in Klamath Falls Wednesday, on their way to Crater Lake National Park, where they will survey the lines of road to be built next season.

They will first lay out a route toward the east, from the lake past the Pinnacles and a route to the west to connect with the road from Medford. They expect to work until snow falls.

The party of European and American geographers touring this country announce that they will visit the park next week, going in from Medford and returning by way of Klamath Falls. There are about 70 in
