

### FEDERAL AID FOR OREGON ASSURED

J. N. Teal Says Co-operation in Irrigation Projects Promised by Fisher.

### NEWELL BACKS PROPOSAL

Portland Representative of Chamber of Commerce Finds Present Administration Willing to Act on Appropriation.

**GOVERNMENT ALLOTS \$50,000.**  
STATE CAPITOL, Salem, Or., March 1.—(Special.)—Governor West tonight received word from Secretary of the Interior, Fisher, that the Government has agreed to furnish the \$50,000 necessary as its share in carrying out the Deschutes survey, the following telegram being received:  
"Allotment of \$50,000 for Deschutes investigation by the Reclamation Service in co-operation with the state has been made by the President to carry out the co-operative contract with the State Engineer under the legislative act approved February 21, was executed by me February 27 and mailed to the State Engineer for execution by him."

Federal appropriations for both the Deschutes irrigation and power development project and the West Umatilla irrigation enterprise will be set aside for immediate use before the present Administration goes out of office on Tuesday in the opinion of Joseph N. Teal, attorney for the Chamber of Commerce, who returned yesterday from the National capital, where he conferred with Government officials on these subjects.

"I saw Secretary Fisher," said Mr. Teal, "as well as others in the Interior Department, including Mr. Newell, head of the Reclamation Service. They were much pleased over the passage by the Oregon Legislature of the bill providing for a joint survey with the Federal authorities of the headwaters of the Deschutes."

Mr. Fisher, in my presence, gave positive instructions to have funds made available for this purpose by the President so that we can proceed with the work. It is certain that unless something unforeseen prevents, the money will be appropriated before Mr. Taft goes out of office on March 4."

**Newell Makes Plea.**  
Upon Mr. Teal's return to his office yesterday he received the following letter from F. H. Newell, director of the Reclamation Service, relating to this subject:

"In accordance with our conversation on February 21 and 22, I have wired to Mr. Hopson to consult the state officials and submit at the earliest practicable date plans for taking up the work on the Deschutes Basin. I have also drafted a letter for the Secretary's signature asking the President to set aside \$50,000 to meet the co-operation with Oregon."

"I wish to express to you, and through you to others, the great satisfaction in the success of your efforts, as these will have value, not merely to Oregon, but as an extremely valuable precedent in co-operation with the other states. It is only through effective co-operation with state and National agencies that the largest development of the West is practicable. Up to the present time, these have tended to pull apart and there has been ignorance or misapprehension of the opportunities and duties, so that there is apparent neglect of these opportunities. By coming together in some practical form of co-operation, far larger results can be attained than by each acting alone."

**Commercial Representatives Coming.**  
"I also took up," said Mr. Teal, "the West Umatilla extension. I was assured that it will be pushed to early completion. The only thing now in the way is to check up the contracts made by the land holders. I would view with much apprehension any delay in having the order for this work made. It is almost certain, though, that it will be authorized before the present Administration ends."

Mr. Teal said that the directors of the Chambers of Commerce of the United States, of which he is one, will hold a series of meetings in Pacific Coast cities in July of this year. They will visit Portland.

### SERVICE BEGINS MARCH 9

Electric Trains on Mount Hood Division Are Announced.

Electric car service will be established on the Mount Hood division of the Portland Railway, Light & Power Company's system Sunday, March 9. The work of electrifying the ten miles between Montavilla and Gresham is almost complete. Nine trains will be run each way daily between Montavilla and Troutdale via Ruby Junction. Passengers leaving Troutdale upon three of the trains can make connections with Linnehan Junction and come to Portland over the Oregon Water Power Lines, thus giving the people of Troutdale the choice of two routes, either by way of Montavilla or by Linnehan Junction to Portland. With the change of train service passengers going to points beyond Ruby Junction and between that point and Bull Run must take the car at First and Alder in Portland at 11:45 A. M. and 4:15 P. M. week days and 7:45 and 11:45 A. M. and 3:45 P. M. on Sunday days, as there is no through service via Montavilla as heretofore.

Trains are to leave Montavilla at 8:30, 7:30, 8:50, 10:30 A. M. and 12:30, 4:30, 5:30 and 5:50 P. M. Trains will arrive at Troutdale via Ruby Junction at 7, 8, 9, 10, 11:20 A. M. and 1:20, 2:20, 3:20 and 7:20 P. M.

The territory served by the new line is a rapidly growing section. Gresham is only a mile from Ruby and Linnehan Junctions. Under the new schedule there will be no changes in the Oregon Water Power divisions, Portland passengers for points between Montavilla and Troutdale must leave Portland over the streetcars to Montavilla, allowing 50 minutes for the trip.

Speaks for Itself.

Lippincott's.  
When you see a man and a woman sitting together in the theater, solemnly reading the jokes on the programme between the acts, you don't have to be a mind-reader to know they are married.

# Frantic Appeal for Money!

## A Law Suit Forces Us to Raise Money—Thousands of Dollars' Worth of Shoes Must Be Sold

Squeezing Out the Money

From Our Immense Overstocks

**A Statement to the Public**  
I am forced by a combination of circumstances to raise money. I have been compelled by my landlord to give up my store in the Northwest Bldg., on Washington St., and this trouble has brought about a condition which compelled me to dispose of my other branch store locations. I am in the Shoe business in Portland to stay, however, and cannot be forced out or downed by anyone. From this time on I shall devote all my time to my new and beautiful store at 264 Washington St. My present troubles are severe, however, for the discontinuance of these branch locations leaves me with thousands of dollars' worth of Shoes more than we need, more than we have a place for, and above all, more than we can pay for. I am confronted by creditors clamoring for their money. This explains my position. This sale is my only salvation, for I must dispose of and turn into money thousands of dollars' worth of Shoes.  
(Signed) C. P. LONG, Prop. Long's Shoe Store, 264 Washington St., Near Third

Squeezing Out the Money

From Our Immense Overstocks

Only six days more of this Great Sale of Shoes—What has been done will fade into a mere significance, for goods will be Practically Thrown Away. ### CHECK IS DESIRED

Alleged Abuse of Speed Law Exemption Charged.

### SEVERAL OFFENDERS CITED

Ambulances Declared Frequent Violators When No Emergency Exist and Curb Has Been Put on Police Patrol Driver.

Some sort of check upon the speed of vehicles in public service is likely to be the outcome of protests coming from drivers of other vehicles and from pedestrians, as the result of an alleged abuse of the exemptions which they are granted. That fire, police and ambulance vehicles presume upon the latitude allowed them is a frequent charge and the protestors assert that many times the drivers go shrieking through the streets when there is no occasion for haste.

### PARK DATA SECURED

Statement Prepared Covering Proposed Bond Issue.

### MAP SHOWS LAND WANTED

So that the voters of Portland may know just what it is intended to do with the proposed bond issue of \$2,000,000 for park purposes, Superintendent Mische has prepared a statement, accompanied by a map, showing the districts in which it is proposed to make park extensions and improvements, and to what extent.

### OPPORTUNITY IS SEEN

TIME TO BID FOR TOURISTS IS NOW, SAYS J. C. FRIENDLY.

### HEAD OF WOMAN'S UNION ACTIVE IN CAMPAIGN FOR NEW BUILDING

Increasing present serviceability by locating sites closer to the more densely populated districts. Large areas further afield, also parkway connections, are presupposed a part of the plan to be carried out at some future time.

### YOUNG LAWYER NOW UNITED STATES ATTORNEY

That guide shoots nearly every hunter he takes out. "Accidentally?" "No, he always claims he does it in self-defense."—Houston Post.

### EVERETT A. JOHNSON

After a copy of Attorney-General Wickersham's acceptance of the resignation of United States Attorney McCourt had been placed in the hands of United States Judge Bean yesterday morning, the latter complimented Everett A. Johnson, one of the retiring officer's assistants, by appointing him to succeed to that office until such time as President Wilson shall have appointed a successor.

### TRAVELERS SOMEWHAT DISSATISFIED

With California Will See Good in Oregon, Is Assertion.

No better opportunity to make a strong and successful movement to attract tourists to Oregon has been offered than is afforded for the coming year, in the opinion of J. C. Friendly, who returned this week from a five weeks' trip in Southern California.

### STOMACH SOUR AND FULL OF GAS?

GOT INDIGESTION? HERE'S A CURE.

Time! In five minutes all stomach distress will go. No indigestion, heartburn, sourness or belching of gas, acid, or eruptions of undigested food, no dizziness, bloating, foul breath or headache.
